- Please note commendable progress over the last year.

The report shows that there are a number of successful efforts to keep the superintendent, staff and the Board in touch with the policy climate on a state level to ensure alignment with best practices.

Continued to stay up to date with essential and encouraged policies, with appropriate accompanying processes.

- Please note areas for additional improvement.

None.

- Comments on the report itself.

EL-1 makes reference to preserving and protecting the district's public image and credibility.

While the current report shows that the superintendent is clearly in compliance with the primary focus of this policy, there are many other efforts observed throughout the year which reinforce the district's positive public image and credibility that could also be included. It would be nice to see some of this evidence as well.

Really appreciate the spreadsheet presentation of policies – helps give a better big picture view of the scope of what it is to manage and monitor so many policies.
