

Transportation

Use of Privately-Owned Vehicles in Pupil Transportation

The Somerset Hills Board of Education authorizes transportation by private vehicle of pupils of this district between the school and a school activity approved by this Board in accordance with this policy.

In recommending arrangements for pupil transportation to and from school-related activities, the Principal will consider the type of activity, the total number of pupils involved, and the availability of appropriate vehicles. Groups of pupils too small in number to make economical use of District-paid transportation may be transported in privately-owned passenger vehicles driven by parents/guardians.

Please review [these guidelines](#) to be approved as a parent/guardian driver.

Parent Pick Up from Events

Athletes are encouraged to ride the bus to and from all athletic contests for all of the obvious team building reasons. However, we realize that it may be more convenient for parents to drive them home on OCCASION. Please complete a [Parent Pick Up Form](#) and have the student athlete give it to his/her coach the day of the game. Be sure the coach knows who you are and sees that your son/daughter is with you at the conclusion of the contest. Remember that parents are ONLY allowed to transport their own children!

Bus Transportation to Polo Grounds

There will be two buses available after school to transport student athletes to the Polo Grounds for games and/or practices every day, *if there are seats available*. The buses will be the LAST TWO buses parked in the "bus line" in front of the school.
