Jackson County Schools Standards and Instructional Resources

The mission of the Jackson County School System is to strive for continuous improvement and excellence in achievement, performance, and life preparation for all students.

Georgia's K-12 Academic Standards

The Georgia Department of Education is fully responsible for developing and maintaining academic standards for Georgia students. Georgia standards are fully implemented in Jackson County Schools to maximize student success. To see more detailed information about Georgia's academic standards and other instructional resources, please follow the link below.
