BUILDING PROJECT UPDATE

May 2025

Dani Mikula, Superintendent

THE DESIGN PROCESS

Since January, we have been working on the architectural design process. The District is working with HSR Architects (design) and Market & Johnson (construction) as partners. Together with a core team including school board members, and various school staff, we continue to work through the phases of design.

- **Schematic Design** – This is the first part of design which relies on significant District input to drive needs including definition of interior and exterior functions, space requirements, adjacencies, and overall design intent to serve our students. We have continued to make significant adjustments based on input from our staff.
- **Design Development** – During this phase, design concepts are advanced with precise details including structural design, specific mechanical, electrical, plumbing and fire protection systems, and cabinetry, fixtures, and material selections are finalized.

- **Construction Documents** – In the last phase of design, final drawings and specifications that are used to construct the building are produced. All building components and defined in significant detail. These documents are used in the competitive bid process.

Using a QR code is a quick way to “see” inside the future spaces!

1. Open the Camera on your smartphone. Most modern devices have built-in QR scanning.
2. Align the Code: Point at the QR code. It should be well-lit and within the frame.
3. Scan: A notification or link will appear. Tap it to proceed.
4. Access Information: The link takes you to the content encoded in the QR code.

TIMELINE

Design: Jan - August 2025
Project Bidding: Sept - Oct 2025
Project Start: May 2026
Project Finish: September 2027

Bidding

All components of our project will be competitively bid to ensure transparency and the best value for the district. Our partners will work closely with the district to identify and engage local subcontractors and suppliers whenever possible. Our goal is to maximize opportunities for community involvement and the local economy throughout the construction process.

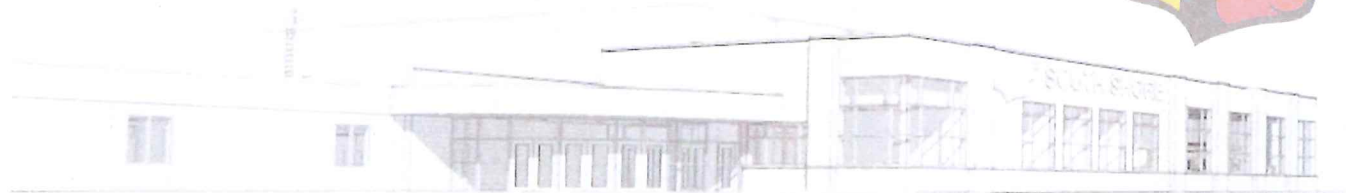

Student Involvement

Both HSR Architects and Market & Johnson are willing to involve South Shore students when it comes time for the project to begin. For students who are interested in the trades, there are potential Youth Apprenticeship opportunities in various aspects of building construction. While the construction process will involve short term sacrifices and relocation, it also comes with many opportunities for our students.

"I'm excited because I think our school is going to look like the future!"

-Carolyn Leslie, 1st Grade

Hot off the workbench!

Check out some fresh creations from our talented art students who have been learning metalsmithing! We're loving the creativity, craftsmanship, and attention to detail—way to go, artists!

WSMA State Soloists

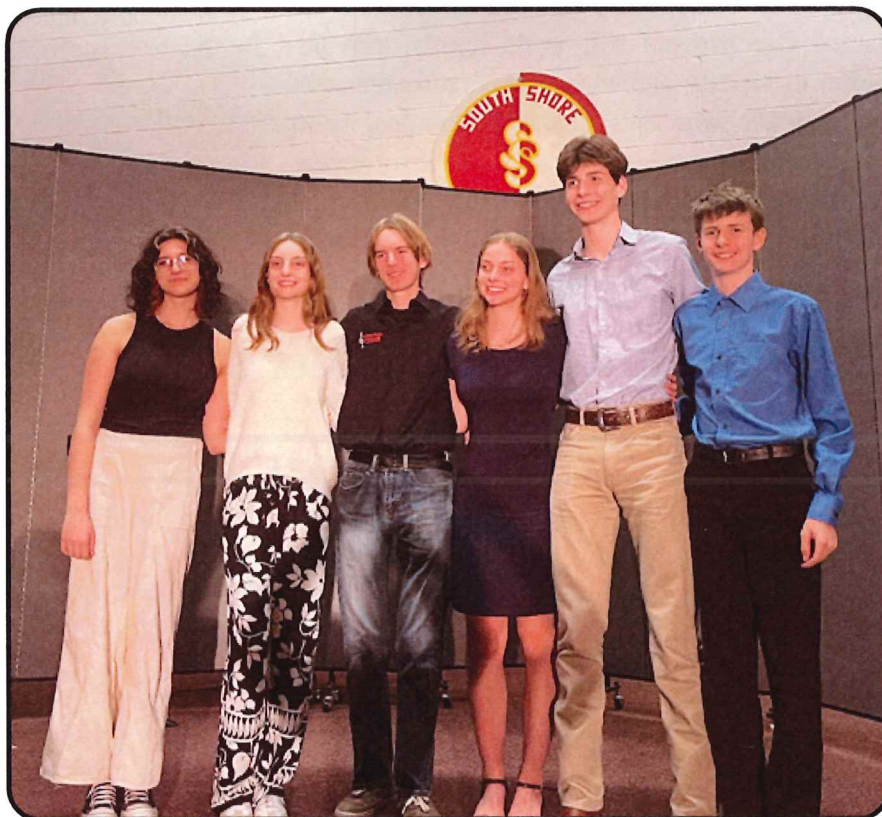

The musical Stars of South Shore WSMA State Soloists performed in an INCREDIBLE concert! Those that were able to make it performed with all the emotion that each of their selections required, and we are so proud of their dedication to nurturing their talents in music performance.

Thank you our talented accompanists, Mrs. Truchon and Mrs. Schwantes! Thank you to all the audience that attended!

Balance, Focus, and Fun!

Our K-2 students have been practicing their balance skills in the most graceful way—by balancing peacock feathers!

It's all about staying calm and focused—a powerful combo for both gym class and life.

State Solo & Ensemble Festival

10 of our advanced and talented music students traveled to UWEC to perform at the State Solo/Ensemble festival! We had a total of 17 events to perform at this festival, and each student represented our South Shore School with integrity. Beyond being excellent in each of their performances, they acted with respect throughout the trip.

In addition to our performance at state, we also were able to catch the UWEC Music and Theatre Department's production of 'Guys and Dolls' on stage at the Pablo Center RCU Theatre. It was incredible! To quote one of our musicians, "I had to keep reminding myself that it was live and not a recording it was SO GOOD!"

Mrs. Schwantes, Mrs. Truchon, McKenna Coy, Lillian Nollet, Sophia Nollet, Emmitt Peterson, Brooklyn Lehto, Sophia Truchon, Peyton Pearson, John Truchon, Daniel Truchon, Azure Grant, Mrs. Kavajecz

Special Shout-Outs:

- *Congratulations to each performer!
- *Way to go Lily, Emmitt, and Sophia N for making the quick trip in between performances of "Bye, Bye, Birdie"!
- *Way to Go McKenna for performing 5 events in 3.5 hours!
- *Thank you to all the people that made the trip to support your students!
- *Thank you to Ms. Mikula, Ms. Simpson, and the school board for the support!
- *Thank you to Mrs. Truchon and Mrs. Schwantes for accompanying us!

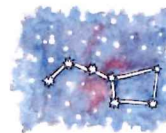

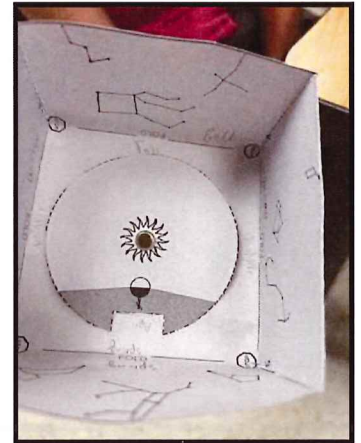

Totally Stellar!

5th grade scientists have been busy exploring how ancient people used the sun to track time and understand the sky!

Students learned how and why the day was divided into hours and created their own sundials to measure the sun's apparent movement. Then they took their shadow clocks outside to test them in real time—so cool!

In another hands-on lesson, they explored the Earth's orbit around the sun using the Universe-in-a-Box activity. With their paper models, students visualized how our position in space changes throughout the year—and why we see different constellations in different seasons.

We're loving their curiosity and astronomical thinking!

We always make time to share a song!

At South Shore, we have a special elective ensemble available for students in grades 3-6: Cardinal Choir. Students can choose to be a part of this special ensemble, and are engaged with vocal music in different ways than regular class. One of the many ways we share our music is by traveling to perform for those that cannot travel.

Members of the Cardinal Choir made a special stop at Willow Manor. We had finished our concert in Maple, and made time to take our songs 'on tour'! The residents welcomed us with smiles as we sang all the songs from our concert, as well as a version of 'Winter Wonderland'. . in spring. . because it had snowed on this particular April Morning.

We are so thankful for each and every member of our school and community.

Calling All Musicians!

The South Shore Community Band is celebrating its 21st season and we want you to be a part of it! We're a group of musicians of all ages and abilities playing a variety of band music and we're always looking for new members. Auditions are not required. Rehearsals are on Mondays from 6:30-7:30 pm at South Shore High School music room starting June 9th.

Concerts are planned for 7pm on July 7th and August 11th. Interested? Contact Jacob at (715) 969-4750 or kavaj006@alumni.umn.edu. We hope you'll join us this summer!

"Summer EBT: Summer EBT (Electronic Benefit Transfer) is a new program that helps families buy food for their children during the summer. Families will get \$120 in benefits for each eligible child to use to buy food. To be eligible for Summer EBT, in general, children must meet the requirements for receiving free and reduced-price meals at school during the 2025-2026 school year. Benefits will start to be sent to families of eligible children in late June.

To learn more about this program, to update your contact information, or to opt out of receiving these benefits visit [Summer EBT Benefit Management.](#)

To find meals for kids when schools are closed during the summer please go to <https://www.fns.usda.gov/meals4kids>. The Summer Meals for Kids site Finder will be available in early May 2025.

NWMA Youth Honors Choir!

The NWMA coordinated our annual Youth Honors Choir! 9 members from our South Shore Cardinal Choir (elective for grades 3-6) joined about 50 other students from Washburn and Maple Elementary Schools for the day. We rehearsed as small groups and a full combined choir, and performed a concert in the afternoon.

Days like these are unique in a few ways. First, the ensemble we create will never exist again! It is the only day for these exact combination of musicians to combine and perform. What a wonderful experience! It is also a beautiful way to get students from various schools to collaborate in a non-competitive way.

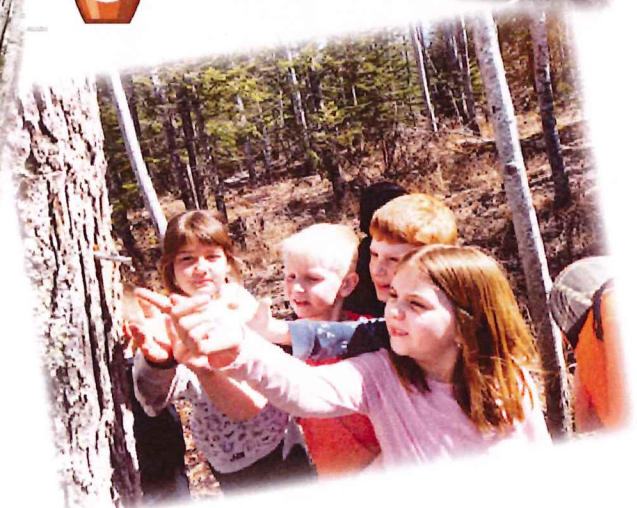

We are so impressed with this year's group! They each brought a special vocal ability to our ensemble, and the concert was absolutely lovely. Thank you to each and every performer and supporter for making this day happen!

The sap is flowing, and so is our excitement!

Our students collected gallons of sap from our woods, carrying on a tradition that connects us to nature, hard work, and the simple joys of the season. Soon, they'll be cooking it down into maple syrup—sweet memories in the making!

Learning and Creativity Come Together in 4th Grade!

At South Shore School, we love when classroom lessons are enhanced with hands-on art projects! This year, 4th graders have been exploring the 5 regions of the United States. To bring their learning to life, they crafted amazing salt dough maps of the US in art class.

This kinesthetic project not only helped them remember the names of the individual states within each region but also gave them a chance to showcase their creativity.

The students added unique touches to their maps, making each one a beautiful, personalized work of art.

Fractions + Fresh Air = A perfect math day!

Third graders took their learning outside to practice fractions on a number line using chalk. Nothing like sunshine and sidewalk math to make those concepts stick!

When School's Out, Summer EBT is Here to Help!

Summer EBT (Electronic Benefit Transfer) is an income-based program that helps families buy food for their children while school is out. Wisconsin will send \$120 for each child who qualifies. You can use these benefits anywhere that FoodShare benefits are accepted, like most grocery stores, many convenience stores, and some farmer's markets.

Your child should get benefits automatically if:

- Your child was approved to get free or reduced price meals at their National School Lunch Program school.
- You have given your child's school an alternate household income form that shows you meet the income requirements for Summer EBT.
- Your child is school-aged and your household is part of FoodShare, W-2, the Food Distribution Program on Indian Reservations, or an income-based Medicaid program; or if we know they are a migrant, in foster care, or experiencing homelessness.

Watch your mail towards the end of June! If your family qualifies, you'll get a letter about your child's benefits.

Getting Summer EBT will not affect your child's or family's immigration status.

Thanks to the Wisconsin Department of Public Instruction's School Nutrition Team for their guidance in promoting the Summer EBT program to schools.

Congratulations to our 2nd grade artists who placed in the Wildlife Forever National Fish Art Contest!

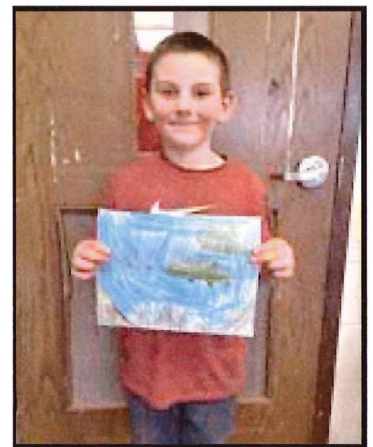

Tilia Pinter

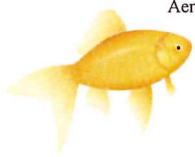

Aeratrea Peterson

Tilia earned 1st place, Aeratrea took 2nd, and Greyson claimed 3rd in the state of Wisconsin for their grade bracket — an amazing sweep by our talented young creatives!

This annual contest is a special collaboration between Mrs. McKnight's 2nd grade class and their art program. It's a beautiful blend of science and art!
