

Rockdale High School

HOSA

Health Occupations Students of America

Hosa is entirely a service organization committed to the principle of paying it forward. We focus on teaching our members the values of gratitude, appreciation, and putting others first. Our initiatives include fundraisers like "Happy Hosa Holidays," where we also support the nurses, doctors, and first responders in our community through donations and efforts to boost their spirits. Additionally, we express our gratitude to the teachers at our school by organizing a large Christmas party and providing small tokens of appreciation throughout the year. This year, we are hosting a Spring Fling party for the Life Skills program and will be supporting the 18-plus program. One of our favorite activities is donating gifts and prizes to Rockdale Estates for their events, including bingo.
