TES Principal's Message

Greetings parents, guardians, family, and friends,

Welcome back to school for another awesome and historical year at Treutlen Elementary School! Here at T.E.S., we strive to prepare every student for success in life. Preparing students academically, socially, and mentally are among some of our top priorities as we approach the educational process with the whole child in mind. Our entire team strives daily to become a national school of excellence where our students are performing at high levels academically and behaviorally. We truly believe that it takes a village to raise a child and that all stakeholders involved are vital in the success of all students. You will often hear me say that "No one knows what we all know together". Healthy and successful collaboration is always key. At T.E.S., we are Wild (Winners Investing in Learning Daily) About Learning. We make learning a priority at T.E.S. and failure is not an option.

To say the least, parents are our most important partners. We look forward to working with you through the many TES parental involvement activities provided throughout the year. Thank you in advance for all you do on a daily basis and for trusting your children with us. You can contact me at dgeter@treutlen.k12.ga.us or 912-529-7162 should you have any questions. Lastly, "If no one has told you today, I love you, and there isn't a doggone thing you can do about it." Thanks, and we look forward to another great year of working with you and your child. Have a good one!

Dr. Dondrea L. Geter

This year our theme is "We Are Wild About Viking Pride! (Winners Investing in Learning Daily)"

Treutlen County Schools Alma Mater

On the pages history lends us,
Education shines;
Mid the volumes left for learning
Alma Mater mine.

We will stand for right and learning,
Cherish all the rest.
Hail to thee, dear Alma Mater
Hail to T.E.S.

Halls of love we'll walk forever,
In our minds we'll sing.
Of the days which brought our learning,
Mem'ries fond will cling.

We will stand for right and learning,
Cherish all the rest.
Hail to thee, dear Alma Mater
Hail to T.E.S.

Attendance Protocol

(State Board of Education Rule 160-5-1-.10 governs student attendance.)

Monitoring The Attendance Protocol

To ensure that these written protocol procedures are followed, the Protocol Committee will meet quarterly for a year, which will begin on the date of the protocol's adoption. The Protocol Committee will then meet semiannually, as required by law, unless the Committee determines more frequent meetings are required. The Committee's goal will be to improve communication between agencies, encourage interagency cooperation, and update the protocol as necessary. Each participating agency shall monitor and evaluate compliance with this protocol and, as needed, recommend protocol revision and implementation that best meets the needs of the community and complies with Federal, State, and local statutes, as well as agency policy. In accordance with this Protocol, the Treutlen County School District will provide this committee with necessary reports needed to determine compliance and progress.

DEFINITIONS:

Unexcused Absences: Occur when the student fails to attend school, with or without the knowledge of the parent/legal guardian, for reasons other than those specifically outlined as excused absences.

- The following, even with parental consent, are considered unexcused absences: Vacation, working, missing the bus, oversleeping, shopping, car not starting, getting senior pictures taken, personal appointments, visiting out of town (unless excused prior to absence), college visits (unless excused prior to absence), needed at home (unless excused prior to absence). If there is a doubt about whether an absence will be excused or unexcused, check in advance with the principal. Students may lose credit for missed work due to an unexcused absence and/or may be subject to disciplinary action, as determined by principal and/or designee.

Tuant: Any child who is subject to compulsory attendance and has 5 or more unexcused absences during a calendar school year. Criminal charges may be filed against the parent(s) or guardian if the child accrues 10 or more unexcused absences.

Compulsory Attendance: Attendance in a public school, private school, or home school program is required for children between their sixth and sixteenth birthdays. Every parent, guardian, or other person residing in this state having control or charge of any child between their sixth and sixteenth birthdays shall be responsible for enrolling and sending such child to a public school, private school, or home school program. Attendance in a public school, private school, or a home school program is required regardless of the fact that a child has been suspended or expelled from school by the local board of education. Official Code of Georgia (O.C.G.A.) 20-2-690.1

Excused Absences: May occur under the following circumstances:

- Personal illness or attendance in school that endangers a student's health or the health of others.
- A serious illness or death in the student's immediate family necessitating absence from school.
- Court order or an order by a governmental agency, including pre-induction physical examinations for service in the armed forces, mandating absence from school.

- The observance of religious holidays, necessitating absence from school.
- Conditions rendering attendance impossible or hazardous to student health or safety.
- A student whose parent/guardian is in military service in the U.S. armed forces or National Guard, and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting will be granted up to 5 days of excused absences per school year to visit with his/her parent prior to the parent's deployment or during the parent's leave.
- A student whose parent or legal guardian is currently serving or has previously served on active duty in the U.S. armed forces or in the Reserves or National Guard on extended active duty may be granted excused absences, up to a maximum of 5 school days per school year, not to exceed 2 school years, for the days missed from school to attend military sponsored events, provided the student provides documentation prior to the absence. The documentation must come from a care provider at or sponsored by a U.S. Veterans Affairs medical facility or from an official of an event sponsored by a veterans organization that qualifies as a 501 (c) (19) tax exempt corporation under the IRS Code. In determining whether to grant or deny a request for absence under this provision, the principal or designee may consider the student's attendance record.
- A foster care student who attends court proceedings relating to his or her foster care shall be counted present and shall not be counted absent, either excused or unexcused, for any day or portion of a day missed from school.
- Any emergency or set of circumstances which, in the judgment of a building administrator, constitutes just and sufficient case for an excused absence from school. An administrator or designee may require students to present appropriate medical or other documentation upon return to school for validating that absences are excused. School days missed as a result of out of school suspension shall not be counted as unexcused for the purpose of determining student truancy but shall be counted as unexcused for all other purposes

Required Documentation For Excusing Absences

Parents may submit written documentation to excuse a school absence for any of the reasons listed in this document as an "Excused" absence for up to **5 school days per school year**. Parent notes submitted for reasons not included in the list of "Excused" absences will NOT be accepted.

WRITTEN DOCUMENTATION FOR ALL ABSENCES MUST BE SUBMITTED TO THE CHILD'S SCHOOL WITHIN 5 SCHOOL DAYS AFTER THE CHILD'S ABSENCE. LATE NOTES WILL NOT BE ACCEPTED.

Once the school has excused 5 school days based upon a parent note, documentation from a medical provider must be submitted for any additional absences to be documented as excused due to the child's illness.

Tardy (Late Check-Ins): Occur when a student arrives late (tardy) for school/class. A student who arrives late for school/class without a valid reason may receive NO credit for work missed and/or may be subject to disciplinary action (as determined by principal and/or designee). Students who have been tardy, or checked out early from school more than five percent of the time may be required to attend Saturday School.

Early Checkouts: Occur when a student is removed from class and leaves school with a parent or guardian prior to the official end of the school day. **IDENTIFICATION IS REQUIRED FOR ALL CHECKOUTS.** Students who need to leave campus can only do so with an adult listed on their Emergency Contact List. It is the parent's responsibility to verify that this information is current and accurate.

Early checkouts and late check-ins without proper documentation count as absences from the classes missed and may result in the loss of credit for a course. An early checkout can be marked as excused if it is aligned to the excused absences guidelines. A student who leaves school early without a valid reason may receive NO credit for work missed and/or may be subject to disciplinary action (as determined by principal and/or designee). Students who have been tardy, or checked out early from school more than five percent of the time may be required to attend Saturday School.

In order to safely get students to their proper destinations, **all early checkouts must occur by 2:30 pm.**

Perfect Attendance Recognition: WILL NOT be given if the student is absent for any reason OR has any combination of more than 4 tardies or early checkouts.

Grades and Absences: Final course grades of students shall not be penalized because of absences if the following conditions are met:

- Absences are justified and validated for excusable reasons.
- Make up work for excused absences was completed satisfactorily.

Action Taken Due To Excessive Absences, Tardies Or Early Checkouts

- Referral to School Social Worker (or designee): When a student accumulates any combination of 10 unexcused Tardies OR Early Checkouts. Students who have been absent (excused or unexcused), tardy, or checked out early from school more than five percent of the time may be required to attend Saturday School or an after-school class.
- Students who have 18 or more unexcused absences or 25 or more total absences may be retained.

Make-Up Work After An Absence

Students with excused absences have 5 days to make-up work from the day of return unless the teacher grants an extension for extenuating circumstances. Students with unexcused absences can make up work up to the days the student is out (i.e. 2 days out, 2 days to makeup work) unless the teacher grants an extension for extenuating circumstances. Tests and quizzes will not be sent home for make-up. Students with missing work not completed in a timely manner will be required to make up work during rotation classes, after school or during Saturday School. Privileges and special activities such as field trips, assemblies, parties, field day, etc. may be withheld when the student has missing work. There may also be an after-school class required for students with missing work due to unexcused absences from 3:00-4:30 pm, or during Saturday School when the missing work is not completed in a timely manner. School transportation is not provided for pick-up from an after school work session or Saturday School.

Action Taken Due To Excessive Unexcused Absences

- At three (3) Unexcused Absences: Teachers will contact parents to inquire about the reason for the absences and offer support/encouragement as well as remind student/parent of possible consequences for excessive absences. All student/parent contact should be documented in the student's Infinite Campus contact log.
- At five (5) Unexcused Absences: Schools will call and send a letter. The school social worker will discuss the attendance and academic performance with the student and parent/guardian, identify problems that prevent the child from attending school, and offer support/encouragement to the student and parent/guardian. Staff will notify the parent/guardian of the consequences of more than 5 unexcused absences and that each subsequent absence shall constitute a separate offense. After 2 unsuccessful, reasonable attempts to notify the parent, including but not limited to telephone call, text, letter, or email, designated staff will send a written notice via first class mail.
- At seven (7) Unexcused Absences: A mandatory meeting will be held with the principal or his/her designee.
- At ten (10) Unexcused Absences: The school social worker will contact families to follow up in regards to the reason for the absences and will schedule a meeting as needed. District personnel and the sheriff's office will visit home when necessary.
- At fifteen (15) Unexcused Absences: Treutlen Co. Board of Education (TCSS) will send a US Certified Letter to the parent/guardian notifying them that a referral has been made to Treutlen County Dept. of Juvenile Justice (CHINS -Children in Need of Services). Students may also be referred to Treutlen County Department of Family & Children Services for violation of O.C.G.A.20-2-690.1.
- Pre-K attendance will be addressed as outlined in the TCSS Pre-K Handbook.

Children in Need of Services (C.H.I.N.S.) Program

C.H.I.N.S. is an approach to dealing with status offenses including truancy as created by the Juvenile Justice Reform Act (House Bill 242) and went into effect January 1st, 2014. It promotes early intervention and effective alternatives to low risk offenders and uses juvenile courts as a last resort for discipline.

School Referral Process

If the school brings a complaint, it must state and show that it has attempted to address the issue at the school level. This includes addressing any disabilities or suspected disabilities that may be contributing to the child's behavior and/or evaluating the child for additional services, when appropriate.

FAQ on the Attendance Policy

Do I have to take my child to the doctor if they are too sick to attend school?

The Treutlen County Schools attendance protocol does not require parents/guardians to take students to the doctor. The parent/guardian of a student must determine when to take their children to a healthcare

provider. In terms of the Treutlen County Schools attendance protocol, if a student does not attend school and does not have appropriate documentation from a healthcare professional, then the absence will be unexcused. If a student is seen by a healthcare professional, the parent/guardian has five school days after the student returns to school in order to turn in the medical documentation to excuse the absence(s).

How do I know if my child is too sick for school?

It is difficult to make those early morning decisions. Please use this to help when you are making the decision to stay home or not.

The main reasons for keeping your child at home are as follows:

- If he/she is too sick to be comfortable at school
- If he/she will spread a contagious illness/disease to another child

Are handwritten or typed notes signed by a parent/guardian going to be accepted at all to excuse absences under the new Treutlen County School Attendance Protocol?

Handwritten and typed notes signed by a parent/guardian will be accepted to excuse the first five absences which fall under the TCS guidelines. After 5 parent-excused days, only official documentation (i.e., healthcare provider notes, court papers, etc.) will be accepted to excuse an absence.

What options do I have, as a parent/guardian, if my child has concerns with attendance?

All Treutlen County Schools have Student Attendance Review Committees (SARC) that meet after a student has accumulated seven unexcused absences. The committees are composed of the parent/guardian, student, school counselor, and other personnel that are necessary, including but not limited to the teacher, school social worker, and school administrator. The purpose of the SARC is to examine individual student attendance data with parents/guardians to develop interventions and ensure that the proper supports are in place to support student achievement.

If a child is sent home by a school administrator or a school nurse, is the child marked with an excused or unexcused absence?

When a child is ill and sent home by a school administrator or a school nurse, the absence is considered excused for that day. If the child continues to be absent from school, the absences beyond the day sent home will be marked unexcused until a healthcare provider's documentation is received by the school if more than 5 days. The documentation from a healthcare provider must be submitted to the school within five school days from the student's return to school.

What if my child has regular healthcare appointments during school time and leaves school early multiple times a week?

The situation would be an early check out. Early checkouts occur when a student is removed from class and leaves school prior to the official end of the school day with a parent or legal guardian. An early checkout can be marked as excused if it is aligned to the excused absences guidelines.

What happens when my child is tardy to school?

Students who have been tardy, or checked out early from school more than five percent of the time may be required to attend Saturday School or after-school detention.

If my child has a disability under Section 504 or receives special education services, is he or she exempt from the Treutlen County Schools Attendance Protocol?

The Treutlen County Schools attendance protocol is in place for all students including students with disabilities. Many students with disabilities require frequent healthcare appointments for their disabling conditions. Healthcare provider notes will continue to be accepted to excuse absences from school if received by the school within five school days from the student's return to school.

Where can I go if I still have questions about the Treutlen County Schools attendance protocol?

School administrators, school counselors, and the school social worker are available to address questions related to the Treutlen County Schools attendance protocol.

Custodial/Guardianship Changes

If the status of a student's custody changes after the student's enrollment, the parent or guardian shall notify the local school of the student's new address and contact information. Changes to phone numbers, pick-up lists, etc., must be done in writing. The address change must include a new Proof of Residence.

Parents/guardians will be required to facilitate and obtain appropriate guardianship or custody of their child to avoid referral to an outside agency or withdrawal. State law generally prohibits attempts to make a change of custody of a minor child by removing the child from the premises of the school without permission of the person who enrolled the student. This prohibition applies even if there is a court order granting custody of the child to the person seeking to make the change.

Enrollment, Transfers & Withdrawals

Students who are residents of Treutlen County are eligible for enrollment in the schools of Treutlen County. Students must reside in Treutlen County with the parent(s) or legal guardian(s). The Treutlen County School System does not charge its students any fee for enrollment.

The following documents are required for registration:

- Proof of Residency
- Birth certificate
- Social Security Card or waiver
- Eye, Ear, Dental form
- Certificate of Immunization

Individual schools may have additional documents required for registration.

Upon enrollment, the school will request all educational documents from the previous school that the student attended.

Proof of residency is required. Students discovered to be ineligible for enrollment in Treutlen County Schools will be withdrawn immediately.

A child must have attained the **age of five (5) by September 1** of the fiscal year to be eligible for admission into kindergarten. A child is entitled to admission to the first grade if he or she will be six (6) years of age before September 1 of the school year. A birth certificate is required for a student to initially enter school. The student must also have a Social Security Card or waiver.

Students initially entering school or transferring from another state shall be given an eye, ear, and a dental examination by the local Board of Health or a private physician and a certificate provided pursuant to the rules promulgated by the State Department of Public Health and the State Board of Education. The statement must be on a Georgia Department of Human Resources form.

A certificate of immunization from a physician or a qualified employee of a county Board of Health shall be furnished by the child's parents to the school where attendance is sought. The statement of immunization must be on a Georgia Department of Human Resources Form 3231. The certificate shall be placed in the student's folder.

A student suspended or expelled from another school system will not be permitted to enroll in the Treutlen County School System. Students in grades K-12 must furnish a copy of their discipline record from the prior school.

To facilitate prompt, appropriate communication between the home and school, parents, guardians, or persons having charge or control of a student should notify the school immediately when there is a change in the student's address and/or phone number as listed in school records.

Transfers and Withdrawal Procedures

1. In order to prevent delay, a parent or guardian should notify the principal's office at least two days prior to the date of expected withdrawal.
2. Students who transfer to another educational institution will have their records sent to the new institution within 5 business days of the request by the receiving institution.
3. Students are expected to return all books and materials or reimburse the school system for the books and materials not returned.
4. Any student who fails to withdraw properly shall be considered a dropout and must go through the correct procedures before being readmitted.
5. No student who is serving a suspension or an expulsion from another school system shall be allowed to enroll in a Treutlen County school.

Homeless Children and Youth

The McKinney-Vento Education for Homeless Children and Youth Act ensures the educational rights and protections for children and youth experiencing homelessness. This law identifies any student who lacks a fixed, regular, and adequate nighttime residence as homeless. It provides legal protections for children and youth in homeless situations to immediately enroll in, attend, and succeed in school and qualifying public preschool programs. It further provides provisions for student records maintenance and transfer, school of origin transportation, and appropriate dispute resolutions for homeless students. In accordance with this law, Treutlen County Public Schools affords homeless children and youth equal access to the same free, appropriate public education, including comparable services, such as Title I support, special education, gifted, English Language Learners (ELL), vocational/technical, and public preschool education, as provided to other non-homeless students. Homeless children and youth will have access to the services needed to support their academic achievement as they work to meet the same challenging standards to which all students are held.

Behavior and Expectations

Purpose and Scope of the Behavior Code

Treutlen County Schools (“TCS” or “District”) is committed to creating a safe, positive environment for all of our students, staff, parents, stakeholders, and community partners. TCS will work to assure that all students and staff are well-motivated, fully aware of their potential, and dedicated to pursuing excellence in academic knowledge, skills and behavior. TCS believes that all children can thrive in a safe learning environment. The district utilizes a range of activities to recognize, celebrate, and reward positive behavior at the classroom, school and district levels.

TCS has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct of students. The Code also explains the consequences for not meeting these standards of conduct. This Code establishes a strict policy for behavior that endangers the safety of the schools and/or disrupts the educational experience for other students.

The Code also sets forth the disciplinary procedures for the students who have committed violations of the Code. This Code is not meant to be a contract between the district and the students and may be amended at any time. It is a place for TCS to explain certain guidelines applicable to students.

The rules in this Code are designed to notify students (grades K–12) as to the types of behaviors that are not acceptable; nevertheless, every specific situation may not have been included. Consequently, students should expect to be disciplined for misconduct that is obviously inappropriate. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school

Everyone is entitled to a safe, secure, and orderly environment in which to learn and work. The rules and regulations in this Code are designed toward that end and are effective during the following times and places:

- a) On school grounds at any time;

- b) Off school grounds at a bus stop, on a school bus, at a school activity, function, or event;
- c) Off school grounds when the behavior of a student could result in the student being criminally charged with a felony or which could result in a felony criminal charge if committed by an adult; and which makes the student's continued presence at school a potential danger to person or property at school or which disrupts the educational process. (O.C.G.A. 20-2-751.5(c)).
- d) Off school grounds while the student is participating in or attending school-sponsored or school-related activities such as field trips, conferences or athletic events, or is otherwise subject to the jurisdiction of school authorities;
- e) Off school grounds when the misconduct is directed at a school student or employee and is related to the victim's school affiliation, or when the off-campus conduct directly affects the safety and welfare of the school community or the orderly mission and function of the school; and
- f) Off school grounds and when a student leaves without permission of a school official, or anytime Rule 10 would apply.

The rules of this Code do not apply to:

Student speech that occurs off campus if the speech is at a non-school sponsored event and does not cause or is not likely to cause a material and substantial disruption to the school environment or a school activity.

Any person violating this code section shall be guilty of a misdemeanor of a high and aggravated nature.

Bus Disciplinary Procedures

The Treutlen County Board of Education recognizes the fact that riding a public-school bus is a privilege offered to its students. Safely transporting students is the primary objective. When students fail to follow guidelines in place to assure that all students are transported safely, bus privileges can be withheld.

Disciplinary action for misbehavior on school buses is administered by school administration. School buses and bus stops are considered extensions of the school. All rules that govern student conduct while on school property apply while students are on the school buses or at the bus stop.

School administration has the authority to impose immediate suspension as determined by the offense. School administrators may add any disciplinary action deemed necessary.

Violation of bus rules and regulations may cause suspension from any school bus for a period of time up to the remainder of the school year. Misbehavior may also result in the same range of consequences of violations as outlined in this Code of Conduct.

Bus Contract: School bus contracts may be developed for students who engage in serious bus misbehavior on the bus. Parents will be required to meet with school administration for the purpose of developing the school bus contract.

Elementary Bus Discipline Range of Possible Consequences:

- The designated school official will talk with a student or may reassign him/her to a new seat on the bus. If this does not correct the misbehavior, the school official will contact the parent. The school official will document these actions.
- School administration will counsel and submit a warning to the student. The student will be placed on probation. Driver will provide documentation of action taken during the first offense. The parent(s) or guardian(s) will be contacted.
- Student will be suspended from riding the bus for one (1) day.
- Student will be suspended from riding the bus for three (3) days.
- Student will be suspended from riding the bus for five (5) days.
- Student will be suspended from riding the bus for seven (7) days.
- Student will be suspended from riding the bus for ten (10) days or more.
- Subsequent offenses will warrant a 10 or more days' suspension from all school buses.

School and County Administration has the right to forego the Bus Discipline Guidelines if the conduct is deemed more severe than a minor misbehavior.

When suspended from any bus, the student may be suspended from all buses (including vehicles used for extra-curricular activities).

It is the goal of TCS to maximize all instructional time. The school asks for parent cooperation in this matter. Please refrain from allowing students to wear questionable garments.

General Discipline Information

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student, and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the positive character traits.

The following is general information regarding discipline

1. Students under short-term suspension (1–10 days), long-term suspension (10 or more days), or expulsion are not allowed on any Treutlen County school campus or to attend any school activity, function, or event. Students assigned to the opportunity room are not allowed to participate in extracurricular activities during the school hours while assigned to the opportunity room.
2. All weapons, dangerous instruments, or controlled substances confiscated by school authorities are to be turned in to school administration.
3. A student is considered to be in possession of an illegal and/or banned item(s) or substance(s) when such item(s) or substance(s) is found on the person of the student, in his/her possession, in his/her locker, in a student's vehicle on school property, or in any vehicle a student brought on school property, on property being used by the school, at any school function or activity, or any school event held away from the school.
4. Students are prohibited from engaging in gang/hate groups or hazing related activities in school.
5. School administrators and/or their designated representatives possess the authority to conduct a reasonable search of students, their possessions, their lockers, and their vehicles when on school property, on property being used by the school, at any school function or activity, or at any school event held away from the school if it is established there is reasonable suspicion that the search will reveal a violation of the law, the Student Conduct Behavior Code, or local school rules.

A student may be considered a party to a violation of the Student Conduct Behavior Code and disciplined for the underlying offense when the student:

- Directly violates the Student Conduct Behavior Code;
 - Intentionally causes another person to commit a violation of the Student Conduct Behavior Code;
 - Intentionally advises, encourages, hires, counsels, or procures another to commit a violation of the Student Conduct Behavior Code. A student may be considered a party to a violation of the Student Conduct Behavior Code even when the responsible persons are not students subject to the Code.
6. Certain violations of the Student Conduct Behavior Code may also be violations of state law and juvenile authorities. Other law enforcement agencies may address the student's misconduct in accordance with state laws, in addition to the school system's administrative procedures and regulations.
 7. Students are to notify an administrator or staff member when suspected illegal items, dangerous items, or other items banned from school are found in the school building, on the school campus, or on the school bus. Students are advised not to pick up or handle illegal, dangerous, banned, or unidentified items.
 8. Students who are under suspension (short or long term) or expulsion through the spring semester will not be allowed to participate in any school-sponsored activities, including the prom or graduation exercises.

9. Students should recognize their responsibility to know the contents of this student discipline handbook and to ask the local school administration or staff for any clarification. All students, regardless of age, are subject to the rules and regulations of the Treutlen County Board of Education. Parents will review the contents of this handbook with their students.
10. State law requires that certain criminal offenses committed by a student while on school property or at a school-sponsored activity, function, or event be reported to the principal, school superintendent, appropriate law enforcement authority, and the District Attorney. (O.C.G.A. § 20-2-1184).
11. Georgia law makes it unlawful for any person to manufacture, distribute, disperse, or possess with the intent to distribute a controlled substance or marijuana in, on, or within 1,000 feet of any real property owned by or leased to any public or private elementary school, secondary school, or school board used for elementary or secondary education. Any person who violates or conspires to violate this code section shall be guilty of a felony. (O.C.G.A. § 16-13-32.4)
12. Students coming from DJJ (Department of Juvenile Justice) placement, public or private residential treatment facility, or incarceration for longer than 30 school days will transition through the Treutlen County School Systems Alternative School.

16. Student codes of conduct shall be available in each school and classroom.
17. It is the preferred policy of the board that disruptive students are placed in alternative education settings in lieu of being suspended or expelled.
18. Each local board of education shall make available to all Qualified Student Discipline Hearing Officers and Disciplinary Tribunal or Panel Members the initial and ongoing tribunal training course prior to the individual(s) serving in such capacity. The local board of education shall ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity.
19. Each local board of education shall observe Georgia law in developing and implementing disciplinary hearings held by a disciplinary hearing officer, disciplinary panel, or disciplinary tribunal pursuant to O.C.G.A. 20-2-751 through 20-2-759 including the ability to honor disciplinary orders of private schools and other public schools/school systems pursuant to O.C.G.A. 20-2-751.2.

Disciplinary Programs

5 Step Discipline

This is a form to document level 1 infractions based on classroom rules, expectations, etc. Teachers keep up with the document and provide progressive consequences for each step. Parent contact is expected by step 3 and beyond. Teachers will update the contact log in Infinite Campus. Students who reach step 5 will receive a referral handled as a level 2 offense on the discipline chart.

Before or After School Detention

For students K-5, Before or After School Detention will be used as a method of dealing with disruptive behavior for level 2 offenses or multiple level 1 offenses. Students are assigned to Before or After School Detention by an administrator only. Students will work on classwork in a supervised setting.

Parents will be given the option of Before School Detention (7:00 a.m. to 7:30 a.m.) or After School Detention (3:15 p.m. to 3:45 p.m.) The school does not provide transportation. If a student misses a day of detention they will have to make it up. If a student continually misses detention, ISS or OSS may be assigned depending on grade level.

Opportunity Room

Opportunity Room will be used as one method of dealing with disruptive behavior for level 2 offenses or multiple level 1 offenses. Students are assigned by an administrator only. This disciplinary procedure allows students to be counted present in school, but isolates them from the regular classroom. Students follow a strict classroom work schedule in which they are required to complete assignments from their regular classroom teachers. Students must obey all opportunity room rules. If not, additional time, or Out-of-School Suspension may be assigned.

Out-Of-School Suspension (OSS)

A student is assigned OSS by an administrator for serious or frequent rule violations categorized in level 3 offenses or multiple level 2 infractions. Out-of-School-Suspension is the most serious punishment that can be assigned by the administration. It is our intention to use it with great caution. Students who involve themselves in activities considered to be willful disobedience, open defiance of authority, or of a profane or obscene nature, are subject to immediate suspension. Students whose misconduct has not been corrected by lesser means are subject to suspension. Students are NOT allowed to participate in any extracurricular activities on any day OSS is assigned. In addition, students are not allowed on campus during OSS.

Disciplinary Hearing

Treutlen County Board of Education will appoint a hearing officer for Level 4 offenses to determine all issues of fact and intent relative to incidents. A student found by the hearing officer to be guilty shall be disciplined by expulsion, long-term suspension, short-term suspension, or Alternative School. A parent or guardian may sign a waiver for their child to attend the Alternative School in lieu of going before a disciplinary hearing.

References to Title 16 of the Official Code of Georgia Annotated (O.C.G.A.) included in the Student Conduct Behavior Code do not require that the elements of the specific criminal code section referenced be proved beyond a reasonable doubt before schools may punish misconduct. Further, these code references do not impose any additional intent requirements upon schools pursuing discipline against students for the violation of this code.

Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

Health & Safety

Treutlen County School System Safety Plan

The Treutlen County School System has developed an Emergency Preparedness Plan for the school system and for each of the Treutlen County schools. A copy of each plan is on file in the Treutlen County Board of Education office. A copy of the individual school plan is on file in the principal's office. Safety drills are held at each school based on the school's approved plan. The schools and the central office monitor weather conditions on a continuous basis.

In compliance with Georgia law (HB 268 – “Ricky and Alyssa’s Law”), Treutlen County Schools has implemented a mobile panic alert system, known as Alyssa’s Alert, to enhance emergency response protocols. As of the 2025–2026 school year: All schools are equipped with a mobile panic alert system that allows authorized school personnel to quickly send an emergency alert during a threat or crisis. The alert system enables immediate notification of on-site personnel and emergency dispatch during an emergency event. This system is part of the district’s comprehensive school safety strategy.

Student Re-Entry Following a Behavioral Health Crisis

To prioritize the safety and well-being of all students and staff, any student who has exhibited behaviors or expressed intentions indicating a serious threat to their own safety or the safety of others will be required to undergo an evaluation by a licensed mental health professional before returning to school.

Requirements for Re-Entry

1. **Mental Health Clearance:**

A written statement from a licensed mental health professional (e.g., psychologist, psychiatrist, licensed clinical social worker, or licensed professional counselor) must be provided to the school. This statement must confirm:

- o The student has been evaluated.
- o The student is not currently a danger to self or others.
- o The student is cleared to return to the school setting.

2. **Re-Entry Meeting:**

A re-entry meeting will be convened, involving the student, parent/guardian, school administrator, and appropriate support staff (e.g., counselor, school social worker, or school psychologist) to:

- o Review the mental health professional's recommendations.
- o Develop a crisis intervention plan if applicable.
- o Establish any necessary support or accommodations to facilitate a successful transition back to school.

3. **Accessing Mental Health Resources:**

The school counselor or social worker is available to assist families in identifying and connecting with local licensed mental health providers. This support is offered to ensure that students receive timely and appropriate care in coordination with their return to school.

Child Abuse and/or Neglect

All Treutlen County School's faculty and staff are state mandated reporters and are required to report any suspected instances of child abuse or neglect to designated school officials, who then report to the appropriate authorities.

Emergency Contact Information

In the event of an emergency/illness at school, it is very important that the school has up-to-date contact information. It is the parent/guardian's responsibility to make transportation arrangements to pick up sick and/or injured students promptly from the school.

First Aid/Illness

If a student arrives at school or develops a fever (100.4 or higher) after arriving at school, parents will be called and expected to arrange to have them picked up immediately. Students who become ill during the school day or are in need of first aid must report to the principal's office or clinic. Arrangements are made for getting students to a doctor or home when an emergency arises. If a student is taken to a doctor or the hospital, the parent is notified immediately and is expected to pick up the student and assume responsibility for their well-being. **STUDENTS MAY RETURN TO SCHOOL WHEN THEIR TEMPERATURE HAS BEEN NORMAL FOR 24 HOURS (WITHOUT MEDICATION TO CONTROL**

TEMPERATURE). Please immediately notify the school principal and school nurse upon enrollment or subsequent diagnosis of any allergies a child has. In case of a serious emergency, a phone call by the nurse or school personnel will be made. Minor injuries (bumps, scrapes, bruises) will result in a note being sent home.

Head Lice

Schools will contact parents when their child is suspected of having head lice. Before your child can be admitted to school, he or she must be checked by the local school nurse. Unless proof of treatment is presented (box top, doctor's note, receipt for products) and all live lice are gone, your child will not be readmitted to school nor will he/she be allowed to ride the school bus until these procedures are followed. Please accompany your child for him/her to be rechecked by the school nurse. One day of excused absence will be granted to treat head lice.

Bedbugs

Schools will contact parents when their child is suspected of having bedbugs. Before your child can be admitted to school, he or she must be checked by the local school administrative designee. Your child will not be readmitted to school until they are bedbug and egg free. Please accompany your child for him/her to be rechecked by the local school administrative designee. One day of excused absence will be granted to treat bedbugs.

Hospital/Homebound Program

The Hospital/Homebound Program is available for students who have a serious illness necessitating an absence of ten (10) days or more or who have a documented chronic illness necessitating frequent, intermittent absences. The parent must obtain forms from the school and have a doctor complete a statement that the student is too sick to attend school. When this form is returned to the school, a meeting will be scheduled to develop an educational service plan. The student is counted present for the time of confinement as long as he or she is served three (3) hours or more per week by the Hospital/Homebound Teacher.

Students who miss more than four weeks of school due to an illness should be referred to the student support team at the school. Modifications and adaptations in the classroom; services of the school nurse, and/or counselor; modifications in the length of day; and other alternatives should be considered in an effort to enable the student to participate in the educational process on the actual school campus. Hospital/homebound services are not a substitution for the on-campus academic curriculum.

Medication

All medications, along with a completed Authorization for Administration of Medicine form, must be carried to the clinic by a parent/guardian in the original labeled bottle and logged in with the school nurse. **DO NOT SEND MEDICATION TO SCHOOL WITH YOUR CHILD.**

Medication brought in by students will not be given and will be held until logged in by a parent or guardian. While the student is at school, medication will be kept and administered by the school nurse or designee in the clinic or office, and the inventory will be updated as medication is taken.

The following information is needed for all prescriptions:

- A. Student Name
- B. Date/Time of Dosage
- C. Name of Medication/Expiration Date
- D. Generic Name (if applicable)
- E. Name of Doctor

Self-Administration of Medication

Senate Bill 472 authorizes student self-administration of prescription asthma medication at school, thus relieving the school district and its employees of any liability in connection with such self-administration. In order for a student to keep an asthma inhaler in his possession, the bill requires (1) written authorization from a parent or legal guardian; (2) a physician's written statement detailing the name and purpose of the medication, prescribed dosage, and time(s) or special circumstances for administration of the medication; and, (3) written authorization from the parent(s) or guardian(s) for the school to seek emergency medical treatment for the student when necessary and appropriate. The standards are based on the best national and international standards, giving our students a competitive advantage in the global economy.

Treutlen County Schools uses the Measures of Academic Progress (MAP) for academic universal screening K-12 in reading, language usage, and math. The computerized screeners are completed three times a year. The System, in collaboration with school leadership teams at the schools, uses MAP to predict student performance on the Georgia Milestones.

Requests for service for the student from the Student Support Team may include curriculum strategies and interventions, learning style assessment, behavior management techniques, achievement

assessment, home-school communication, or study skill assistance.

Prior to consideration of services under IDEA, various interventions should be used, documented, described, and discussed. These cases are those in which the necessity for services is so clear that use of other options would be non-productive or harmful to the child and are well documented.

Pursuant to Georgia Law, O.C.G.A 35-3-34.2, volunteers who may have unsupervised access to children, will submit to a fingerprint screening which includes a query through the Federal Bureau of Investigation (FBI) and the Georgia Bureau of Investigation (GBI) of their criminal history. The criminal history check is to "determine suitability (and fitness) of a potential child care provider," who may be responsible for the safety and wellbeing of children. (National Child Protection Act section 3(a) (1) Disqualifying criminal history information for volunteer services may include, but are not limited to, any convictions of child abuse crimes, exploitation, physical or mental abuse, negligent treatment or maltreatment of a child by any person. According to the National Child Protection Act (NCPA), an identifiable child abuse crime case may be "identified by the authorized criminal justice agency of the State as involving a child abuse crime by reference to the statutory citation of descriptive label of the crime."

The Treutlen County Sheriff's Department is the authorized agency for the Treutlen County Schools System to conduct all criminal history checks for employees, volunteers and chaperones within the system. The Treutlen County Sheriff's Department will make every reasonable effort to conduct background checks in a timely fashion. The fee for each background check is \$45.00 (cash, check or money order). The fees associated with the applicant's background check is submitted to the Treutlen County Schools System, which in turn is forwarded to the Federal Bureau of Investigation (FBI) and the Georgia Bureau of Investigation.

Title I, Parental Involvement Plan

The Treutlen County Board of Education recognizes that a child's education is a responsibility shared by the school and the family. To effectively educate students, the schools and parents must work as knowledgeable partners. Parent and family involvement is an ongoing process that assists the teachers in meeting their obligations to the child. As their child's first teacher, the parent helps to promote clear, two-way communication between the home and the school.

The Board and all Treutlen County public schools shall abide by and support all rules and regulations pertaining to Title I, Improving the Academic Achievement of the Disadvantaged, No Child Left Behind Act of 2001, Public Law 107-110, and

Georgia's ESEA Flexibility Waiver approved Feb. 9, 2012. A written plan for Title I parental involvement that establishes programs and practices to enhance parental involvement and reflects the needs of students and families will be jointly developed by parents and school staff. The plan will be unique to each school and will include a home/school compact. The plan will support the development, implementation, and regular evaluation of the parental involvement program.

The Superintendent or her designee shall supervise the development and annual review of the Treutlen County Public Schools Title I Parental Involvement Policy to be incorporated into the plan developed pursuant to 20

U.S.C.A. § 6312. The Title I Parental Involvement Policy shall be developed jointly with, approved by, and distributed to parents. The Title I Parental Involvement plan shall establish Treutlen County Public Schools expectations for parental involvement and shall describe how Treutlen County Public Schools will:

- Involve parents in development of the plan required under 20 U.S.C.A. § 6312 and the process of school review and improvement.
- Provide the coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
- Build the schools' and parents' capacity for strong parental involvement.
- Coordinate and integrate parental involvement strategies under Title I with parental involvement strategies under other instructional pre-K through 12 programs;
- Annually evaluate, with the involvement of parents, the content and effectiveness of the Title I Parental Involvement Plan in improving the academic quality of the schools, including identifying barriers to greater participation (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, limited literacy, or are of any minority background). The findings of said evaluation should assist in designing strategies for more effective parental involvement, and to revise, if necessary, the Title I Parental Involvement Plan.

Annual Notice of Nondiscrimination

As required by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990, the Treutlen County School System does not discriminate on the basis of race, color, national origin, sex, age, or disability in

admission to its programs, services, or activities; in access to them; in the treatment of individuals; or in any aspect of its operations and provides equal access to extracurricular activities. Program offerings vary by school location. The lack of English language skills shall not be a barrier to admission or participation in the district's activities and programs. The Treutlen County School System also does not discriminate in its hiring or employment practices.

Any student or employee who believes he or she has been subjected to harassment or discrimination by other students or employees of the school district based upon his or her race, color, religion, national origin, age, disability, or sex should promptly report the same to the school principal or directly to the contacts listed below.

Inquiries concerning the application of Title II, Title IX, Title VI, Section 504, or the Americans with Disabilities Act to the policies of the Treutlen County Board of Education may be addressed to the person listed above, who can assist with processing complaints, questions, or requests for additional information.

Treutlen County School System Complaint Procedure for Title II; Title IX; and Section 504

Any employee, applicant for employment, or other person who believes he or she has been discriminated against or harassed in violation of this policy must make a complaint in accordance with the procedures outlined below.

Complaints made to the School District regarding alleged discrimination or harassment on the basis of race, color or national origin in violation of Title VI; religion or sex in violation of Title VII; sex in violation of Title IX; disability in violation of Section 504 or the ADA, or on the basis of age in violation of the IDEA, will be processed in accordance with the following procedure:

Any employee, applicant for employment, or other person with a complaint alleging a violation as described above shall promptly notify, in writing or orally, either the principal for his/her school or the appropriate coordinator designated from time to time by the Board of Education. If the complaint is oral, either the coordinator or school principal to whom the complaint is made shall promptly prepare a memorandum or written statement of the complaint as made to him or her by the complainant and shall have the complainant read and sign the memorandum or statement if it accurately reflects the complaint made. If the complaint is made to a school principal, he or she shall be responsible for notifying the appropriate coordinator of the complaint.

If the alleged offending individual is the coordinator designated by the Board of Education, the complaint shall either be made by the complainant to the Superintendent or, if the complaint is initially made to the school principal, reported by the principal to the Superintendent. If the alleged offending individual is the Superintendent, the complaint shall be made to the designated coordinator, who shall, without further investigation, report the complaint to the Board chairperson.

The coordinator or his or her designee shall have fifteen workdays to gather all information relevant to the complaint made, review the information, determine the facts relating to the complaint, review the action requested by the complainant, and attempt to resolve the complaint with the complainant and any other persons involved. The coordinator or designee shall prepare a written response to the

complaint detailing any action to be taken in response to the complaint and the time frame in which such action will be taken and copies of this response shall be furnished to the complainant, the appropriate coordinator and the Superintendent or his or her designee.

If the complaint is not resolved at the conclusion of this fifteen-day period or if the complainant is not satisfied with the resolution of the complaint, the complainant shall have the right, within five workdays of receiving a copy of the written response, to have the complaint referred to the Superintendent of Schools. If the alleged offending individual is the Superintendent, the complainant may have the complaint referred to the Board of Education, rather than the Superintendent.

The Superintendent shall have fifteen work days to review the complaint and the response of the coordinator or designee and attempt to resolve the complaint. The Superintendent shall furnish to the complainant a written response setting forth either his or her approval of the action recommended by the coordinator or designee or the action to be taken by the School District in response to the complaint in lieu of that recommended by the coordinator or designee and the time frame in which such action shall be taken.

If the complainant is dissatisfied with the response of the Superintendent, then the complainant shall have the right, within fifteen workdays of the receipt of the written response of the Superintendent, to have the complaint referred to the Board of Education. In order to have the Board review the Superintendent's decision, the complainant must file with the Superintendent a written statement setting forth the reasons he or she disagrees with the response of the Superintendent and the action the complainant is requesting the School District to take. The complainant shall also include in the written response a request that his or her complaint be referred to the Board of Education.

Within thirty workdays of receipt of the written request of the complainant, the Superintendent shall present the matter to the Board of Education at its regular meeting or at a special meeting called for that purpose. The Board shall review the original complaint, the response of the coordinator or designee, the response of the Superintendent, and the response of the complainant. In addition, the Board may, but is not required to, hear directly from any individuals with knowledge of any relevant facts relating to the complaint.

The Board of Education will either uphold the recommendation of the Superintendent or require the School District to take some other action in response to the complaint. A copy of the action of the Board will be furnished to the complainant, either as a part of the minutes of the Board of Education or as a separate written statement. The Board shall be the final reviewing authority within the School District.

This policy is not intended to deprive any employee of any right they may have to file a grievance pursuant to any other policy of the local Board of Education, specifically the policy designed to implement Official Code of Georgia Annotated 20-2-989.5, where appropriate. This policy is not intended to provide an alternative process for resolving evaluation and employment disputes where there already exists a due process procedure mandated by state law or State Department of Education regulations, specifically including, but not limited to, hearings to be conducted pursuant to the Fair Dismissal Act of Georgia. The complainant retains at all times the right to contact the Office of Civil Rights, the Equal Employment Opportunity Commission or any other appropriate state or federal agency with regard to any allegations that the system has violated the statutes described above.

No reprisal shall occur as a result of reporting unlawful discrimination or harassment under this policy, and any attempt to retaliate against a complainant shall be disciplined as is appropriate.

The confidentiality of any individual making a complaint or report in accordance with this policy, to the extent it is reasonably possible and in compliance with law, shall be protected, although the discovery of the truth and the elimination of unlawful harassment shall be the overriding consideration.

The School District does not discriminate on the basis of race, color, national origin, religion, age, disability, or sex in its employment practices. It is the policy of the Board of Education to comply fully with the requirements of Title VI, Title VII, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA), the Age Discrimination in Employment Act (ADEA) and all accompanying regulations.

The following person has been designated as the employee responsible for coordinating the Board's efforts to implement this non-discrimination policy.

Family Educational Rights and Privacy Act (FERPA)

Parents have certain rights with respect to student educational records pursuant to the Family Educational Rights and Privacy Act (FERPA). These rights transfer to the student when the student becomes an "Eligible Student" upon reaching the age of 18 or attending a school beyond the high school level. The rights of Parents and/or Eligible Students are summarized as follows:

- The right to inspect and review student educational records maintained by the school. A Parent or Eligible Student seeking to inspect and review educational records should submit a written request to the Principal of the school in which the student is enrolled or last attended.
- Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write to the school principal or appropriate school official, clearly identify the part of the record they would like changed and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the

school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request.

- The right to notice of what information the school has designated as directory information and a reasonable time after such notice to inform the school that the designated information should not be released without prior consent. See the following section for information on the release of directory information.
- The right to consent to the disclosure of personally identifiable information contained in student educational records (other than directory information), except to the extent FERPA authorizes disclosure without consent. Disclosures for which the consent of the Parent or Eligible Student is not required include the following:
 - a) to school officials with a legitimate educational interest. A school official is any school employee or any contractor, consultant, volunteer, or other person who performs school system services or functions that would otherwise be completed by school employees. A legitimate educational interest is a need that arises out of a school official's role in providing educational services, including instruction, evaluation, therapy, etc., to a student, or out of the performance of administrative, supervisory, clerical, or other responsibilities prescribed by the school system;
 - b) to other school systems in which the student seeks or intends to enroll as long as the disclosure is for purposes related to the student's enrollment or transfer;
 - c) to specified officials for audit or evaluation purposes;
 - d) in connection with the student's application for financial aid;
 - e) to state and local officials pursuant to State law;
 - f) to organizations conducting studies on behalf of the school;
 - g) to accrediting organizations;
 - h) to parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
 - i) to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other persons; and
 - j) in compliance with judicial order or pursuant to any lawfully issued subpoena when the educational agency makes reasonable effort to notify the Parent or Eligible Student in advance of the compliance. In limited circumstances, an order or subpoena may require the District to disclose information without notifying the Parent or Eligible Student.

A Parent or Eligible Student who believes his or her rights under FERPA may have been violated may file a complaint by writing to the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA occurred.

Complaints should be sent to:

Georgia Parents' Bill of Rights (Policy JRB – HB 268)

Georgia law grants parents additional rights related to their child's public education. These include:

1. The right to review and inspect all instructional materials used in the classroom, including teacher manuals, films, and other supplementary materials.
2. The right to object to instructional content and request alternative assignments for their child.
3. The right to opt their child out of sex education and receive advance notice of when sex education will be taught.
4. The right to restrict the creation, publication, or use of their child's image, voice, or likeness in photographs, audio or video recordings, or other digital content.
5. The right to receive information about their child's education, behavior, and health, and to attend parent-teacher conferences and school board meetings.
The right to submit complaints or appeals related to these rights through the school's designated process.

Parents wishing to exercise these rights should contact the school principal in writing. The district will respond within a reasonable time.

Harassment Statement

It is the policy of the Treutlen County Board of Education not to discriminate on the basis of gender, age, race, ethnicity, color, disability, religious belief, or national origin in educational programs and activities, nor in admissions to facilities operated by the Treutlen County Board of Education, or in the employment practices of the school system. It is the express policy of the Treutlen County School Board to comply with all laws and regulations relating to discrimination now in effect or hereafter enacted.

The Treutlen County Board of Education does not and will not tolerate harassment of our students or employees. The term "harassment" includes, but is not limited to, slurs, jokes, and other verbal, graphic, or physical conduct relating to an individual's race, ethnicity, color, gender, religious belief, nationality, citizenship, age, or disability. "Harassment" also includes sexual advances, requests for sexual favors, unwelcome or offensive touching, and other verbal, graphic, or physical conduct of a sexual nature.

Violations of this policy will subject an employee to disciplinary action up to and including immediate employment termination. Students violating this policy may be disciplined up to and including expulsion from school.

Student Complaints and Grievances

The Treutlen County Board of Education is committed to providing an environment free of sexual harassment and all forms of harassment and discrimination on the basis of race, color, religion, gender, age, nationality, or disability. If a student believes he or she is being mistreated on account of race, color, religion, gender, nationality, or disability, the student may utilize the following three-step procedure.

Step I: If a student has a complaint of discrimination or unfair treatment, they should report their concern to the principal, the local school's Title IX coordinator, teachers, counselors, or other school administrators. If a student is not satisfied with the complaint's resolution, the student or their parent may request a meeting with the principal, following which, the principal will inform the parent in writing of their decision regarding the complaint.

Step II: If, after meeting with the school principal, the student is not satisfied with the principal's decision, a written appeal may be submitted to the Grievance Coordinator, Mr. Donald Reeves within 10 working days of the receipt of the principal's decision.

The appeal must cite specific reasons for reconsideration of the complaint, stating precisely the source of dissatisfaction, and be limited to the matter under review.

Step III: For assistance with the student complaint or grievance process, you may contact the district office for Treutlen County Schools.

Retaliation on account of filing a complaint at any level is strictly prohibited.

Parents and Protection of Pupil Rights Amendment (PPRA)

The Protection of Pupil Rights Amendment affords Parents and Eligible Students rights and protections regarding instructional materials used in educational programs, surveys administered to students, and the conduct of certain physical examinations. The rights and protections established by the PPRA include:

- Instructional Materials - The Parent or Eligible Student has the right to inspect any instructional material used as part of the educational curriculum for the student; and surveys. The Parent or Eligible Student has the right to inspect any survey created by a third party, prior to the administration or distribution of the survey and the right to opt the student out of participation in any such survey. In addition, before a student may be required to submit to a survey revealing "Protected Information," the written consent of the Parent or the consent of the Eligible Student is required. Finally, a minor student may not volunteer to submit to a survey revealing "Protected Information" without providing the Parent of the student with prior written notice of the administration of the survey and an opportunity to opt out of the survey. "Protected Information" falls into the following categories:
 - 1) Political affiliations or beliefs of the student or student's parent;
 - 2) Mental and psychological problems of the student or the student's family;
 - 3) Sexual behaviors and attitudes;
 - 4) Any self-incriminating behavior;
 - 5) Critical appraisals of other individuals with whom respondents have close family relationships;
 - 6) Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers;
 - 7) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program); or
 - 8) Religious practices, affiliations, or beliefs of the student or parents.

Physical Examinations - Parents have the right to notice of any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not

necessary to protect the immediate health and safety of a student. Exceptions include hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law.

The Treutlen County Board of Education has developed and adopted policies regarding these rights, as well as arrangements to protect students' privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution procedures.

The Treutlen County Board of Education will notify parents and eligible students of these policies at least annually and after any substantive changes. Individual schools will directly notify parents and students, at least annually, at the start of each school year of the specific or approximate dates of the collection, disclosure, or use of personal information for marketing, sales or other distribution and the opportunity to opt out of said services.

Release of Directory Information

FERPA permits the District to disclose information designated as Directory Information without the consent of the Parent or Eligible Student. Directory Information is data which is generally not considered harmful or an invasion of privacy when distributed.

Among the purposes that the Directory Information exception facilitates is the release of student information in athletic and extracurricular programs, yearbooks, honor roll and other recognition lists, graduation programs, media releases, etc.

Treutlen County Public Schools has designated the following information as "Directory Information": name, address, telephone number, date of birth, electronic mail (e-mail) address, photograph, audio recordings, video recordings, grade level, years of attendance, participation in officially recognized activities and sports, weight and height of members of athletic teams, and honors and awards received. Unless the Parent or Eligible Student decides to opt out of Directory Information disclosure, the items as indicated above may be distributed to appropriate legitimate agencies identified by the District, including, but not limited to, PTA, colleges, and military recruiters. You have the right to refuse this disclosure. In order to opt, you must notify your student's principal in writing within 10 days of receipt of this handbook.

The written notice must include:

1. the name of the student;
2. FERPA; and
3. signed and a statement that the parent/guardian or eligible student is opting out of the disclosure of Directory Information under dated by the parent, guardian, or eligible student. *

*Please note that your written notice will be effective for the current year only and must be renewed on an annual basis should you wish to continue to opt out of the release of directory information.

Section 504 of the Rehabilitation Act of 1973

Section 504 is a federal law designed to protect the rights of individuals with disabilities in programs and activities that receive Federal financial assistance from the U.S. Department of Education. Section 504 provides: "No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance"

To be protected under Section 504, a student must be determined to: (1) have a physical or mental impairment that substantially limits one or more major life activities; or (2) have a record of such an impairment; or (3) be regarded as having such an impairment. Section 504 requires that school districts provide a free appropriate public education (FAPE) to qualified students in their jurisdictions who have a physical or mental impairment that substantially limits one or more major life activities.

Child Find Responsibility:

Under Child Find for Section 504, a school district is obligated to identify students who are disabled and may need related services or accommodations because of their disability. Section 504 eligibility and the need for an accommodation plan are separate determinations. OCR (Office of Civil Rights) has indicated that a student does not have to demonstrate a need for related services or accommodations in order to be Section 504 eligible. Even if a student does not need a 504 Accommodation Plan, he/she can be determined eligible and receive procedural safeguards, periodic reevaluation, manifestation determination and the nondiscrimination protections of Section 504. Should the need for 504 Accommodation Plan develop, the team would reconvene and develop an appropriate plan.

Evaluation And Eligibility Determination:

An evaluation under Section 504 is not necessarily a comprehensive evaluation as required under Individuals with Disabilities Education Act (IDEA).

Section 504 evaluations draw upon a variety of sources and may include cumulative record and work sample review; observational data; interviews with student, parent and/or school personnel; and/or administration of formal assessment measures. A physician's medical diagnosis alone is insufficient to suffice as an evaluation. Although a medical diagnosis is one source of data to consider, it is neither required nor sufficient for establishing eligibility under Section 504. The Section 504 team may request medical documentation to assist in determining eligibility. The 504 team should always include persons knowledgeable about the student, interpretation of evaluation data, and the placement options available.

Section 504 Accommodation Plan (504 Plan):

A student who is eligible for Section 504 and requires related services or accommodations in order for his/her educational needs to be met as adequately as those of nondisabled peers will have a Section 504 Accommodation Plan developed. The goal of the plan is to provide

reasonable accommodations that ensure a student with a disability has the opportunity to participate and access the general education curriculum and extracurricular activities to the same extent as a nondisabled peer. This does not guarantee equal outcome, but provides equal opportunity, so that if appropriate effort is applied, a student will benefit the same as nondisabled peers. The 504 Plan will be developed by the Section 504 team and will be based upon the individual student's educational needs and least restrictive environment. For a diabetic student, whose endocrine system does not function properly and is at risk of serious health problems, and even death, if not properly treated, the 504 Plan may include, but is not limited to: monitoring of blood glucose levels, permission to carry and use blood glucose monitoring supplies, snacks, water, and insulin as per the student's Diabetes Medical Management Plan (DMMP), and frequent restroom breaks

Students With Diabetes

Students with school developed health plans may need to be referred for 504 evaluations. It is the responsibility of the school nurse or another TCS staff member to initiate the Section 504 referral; it is not the responsibility of the parent to do so, although they may also initiate the referral. After a 504 evaluation and eligibility determination, a 504 Accommodation Plan may be written to reflect needed accommodations, including those indicated in the student's Diabetes Medical Management Plan (DMMP). It is important to note that a diabetic student need not exhibit limitations in learning in order to be referred for a Section 504 evaluation.

Training To Address Medical Needs

Treutlen County Schools will provide training by qualified medical personnel to staff who educate, serve, supervise, or transport students. Training for staff (includes, but is not limited to, administrators, school nurses, teachers, paraprofessionals, bus drivers, cafeteria staff, substitute teachers, substitute paraprofessionals, substitute bus drivers, and staff supervising students on field trips or other off-campus locations), will address the needs of students with medical conditions requiring school-developed health plans and/or Section 504 Accommodation Plans. Detailed information will be provided with regard to addressing the needs of students with diabetes, including diabetic and emergency care and a review of a protocol reflecting required written notification by the school nurse to the parent/guardian one week in advance of a student needing medical and other related supplies. If supplies are not received within three calendar days, then the school nurse will follow-up with a phone call or email (parent-provided email address). All notifications must be documented by the school nurse.

If a parent, guardian, or adult student has a question about their rights under Section 504, they may contact the district's designated Section 504 representative at 912-529-7101.

Sexual Misconduct

“20-2-751.7(a) The Professional Standards Commission shall establish a state mandated process for students to follow in reporting instances of alleged inappropriate behavior by a teacher, administrator, or other school employee toward a student which shall not prohibit the ability of a student to report the incident to law enforcement authorities. Each local school system shall be required to implement and follow such a state mandated process and shall include the mandated process in the student handbooks and in employee handbooks or policies.”

- a) Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse of sexual misconduct by a teacher, administrator or other school system employee is urged to make a verbal report of the act to their teacher, counselor, or an administrator at their school.

The report should be made by telephone and followed by a written report, if requested, to a child welfare agency providing protective services, as designated by the Department of Human Resources, or, in the absence of such agency, to an appropriate police authority or district attorney.

Reports of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A. 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of the alleged sexual misconduct indicates a reasonable cause to believe that the report is valid, the school principal or principal’s designee shall make an immediate written report to the superintendent.

“Sexual Abuse” means a person’s employing, using, persuading, inducing, enticing or coercing any minor who is not that person’s spouse to engage in any sexual act as defined in O.C.G.A. 19- 7-5.

“Sexual Misconduct” includes behavior by an educator that is directed at a student and intended to sexually arouse the educator or the child. Sexual misconduct by an educator may include, but is not limited to, the following behavior:

Any user of TCS technology will accept personal responsibility for the appropriate use of all resources. The use of the Internet and the supporting software is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. TCS provides its students and authorized employees access and use of its technology consistent with the district's vision and strategic goals. Therefore, TCS and its System Administrators reserve the right to monitor, access, and disclose the contents of any user's files, activities, or communications to any appropriate authority, including law enforcement. Attempts to log on as a Systems Administrator will cancel user privileges. Users are not allowed to use others' email accounts or passwords. Any user identified using or sharing this information will lose their privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet as well as other services provided via the TCS network system. The Systems Administrators will deem appropriate use, and their decision is final. Also, the Systems Administrators may close any account anytime, as required, without notice. The School administration, faculty, and staff may request the Systems Administrators to deny, revoke, or suspend specific users, with no appeal process. The Systems Administrators reserve the right to set quotas for storage usage on any system. Any member who exceeds their quota will be advised to delete files to return to compliance. No software may be uploaded to the software libraries of the computer stations in school without prior permission from the Systems Administrators. Copyrighted material must not be placed on any computer in the Treutlen County School System unless an original copy or appropriate license is maintained at the school site.

However, public social media networks may not be used for classroom instruction or accessed on student-issued devices as stated in SB 351. No school-issued device may be used to download or access foreign social media apps, as stated in SB 93. The district may use publicly available social media to fulfill its responsibility for effectively communicating in a timely manner with the general public, through designated employees at the direction of the superintendent or designee. Privacy

Never give your full name, home address, phone number, or other personal information on the Internet or any other information service. Never give out this type of information to any other person. Never use anyone else's name, password, or account.

Internet Filtering

TCS uses an advanced content filtering solution to help protect users from inappropriate web content and ensure that TCS complies with CIPA rules and SB 351. The filtering software uses an extensive URL database that is classified into categories for efficient policy enforcement and helps monitor real-time threats against malware and other exploits. It is prohibited to use personally owned equipment, such as, but not limited to, smart cards, wireless cards, cellular hotspots, etc., to bypass the filtered internet provided by TCS.

TCS administrators have the authority to set forth rules pertaining to student possession and use of such devices at school or school-owned property. Failure to follow these guidelines can violate the Official Code of Georgia, O.C.G.A., Codes 16-990, 16-9-91, 16-9-93, and 16-9-93.1 as well as Title XVII of United States Public Law 106-554, known as the Children's Internet Protection Act. Such use can also lead to disciplinary actions, up to and including loss of access to the Treutlen County School System technology resources and further disciplinary actions as defined by existing Treutlen County School System policies. Such disciplinary actions may include confiscation of technology being used inappropriately if an incident occurs.

Google Apps for Education

TCS is a member institute of the Google Apps for Education program for faculty and students. With these initiatives, all elementary through high school Treutlen County students are enrolled in these programs, including third-party applications, which provide students and teachers with access to online tools such as digital storage, word processing, and a collaborative email system for classes. The overall goals of these programs are to provide digital educational resources that appropriately serve the students throughout their tenure in Treutlen County Schools. TCS provides these email and storage accounts; as a result, all students' accounts and all employees' accounts can be monitored by the school system administrators. By agreeing to the terms in this document, you agree that Treutlen County School will create/maintain a Google Workspace for Education account for my child and that Google will collect, use, and disclose information about my child only for academic purposes.

Security

Security is the highest priority on all networks. If you identify a security problem, notify a school administrator, Systems Administrator, or faculty member immediately. Never demonstrate a security flaw to other users, as this may compromise the integrity of the network. Do not attempt to bypass filters or monitoring software. Attempting to bypass the filters and monitoring software may result in losing privileges.

Vandalism

Causing damage to any equipment or the data of another person or agency, including uploading, creating, or distributing a computer virus, WILL result in the loss of ALL technology privileges, disciplinary action, and legal referral. A user of TCS technology is liable for up to and not exceeding the amount of monetary damages as determined by Georgia State Law for damage to technology equipment. This includes malicious damage to equipment or data, introduction of viruses or modifications to system settings, or any other acts that make the equipment inefficient or inoperable.

Liability

As the Systems Administrator, the Treutlen County School System makes no warranties of any kind, whether expressed or implied, for the service it provides. The Treutlen County School System will not be responsible for any damages suffered while on this system. These damages include data loss, misdeliveries, service interruptions, and/or exposure to offensive or threatening material. The Treutlen County School System specifically denies any responsibility for accurate information obtained through these services. Security for privately owned portable electronic devices are the sole responsibility of individual owners. Neither TCS, nor its staff or employees is liable for any device stolen or damaged, either physically or operationally, on school premises.

Digital Citizenship

Our school curriculum will integrate comprehensive digital citizenship lessons, utilizing state-provided resources, to ensure students develop responsible and safe technology usage habits. These lessons will address critical areas such as online safety, ethical digital behavior, and the impact of social media, empowering students to navigate the digital world effectively. This implementation will help to fulfill the

requirements of SB 351 regarding the promotion of responsible digital citizenship and the safe and appropriate use of technology.

Parental Notification In accordance with SB 351, Treutlen County Schools provides parents with access to information about the district's internet filtering software, acceptable use policy, and digital citizenship curriculum. Parents may contact school administration to request additional details or express concerns about student internet access, device usage, or social media restrictions.
