

National Technical Honor Society

National Technical Honor Society (NTHS) is the honor society for Career & Technical Education (CTE). As a national non-profit student organization, NTHS has been recognizing outstanding student achievement in CTE since 1984. Having served over 1.2 million members in secondary and postsecondary chapters across the country and beyond, NTHS continues to support the next generation of skilled workers and leaders through chapter activities built around our Core Four Objectives of career development, leadership development, service, and recognition.
