TAKING EDUCATION EVERYWHERE

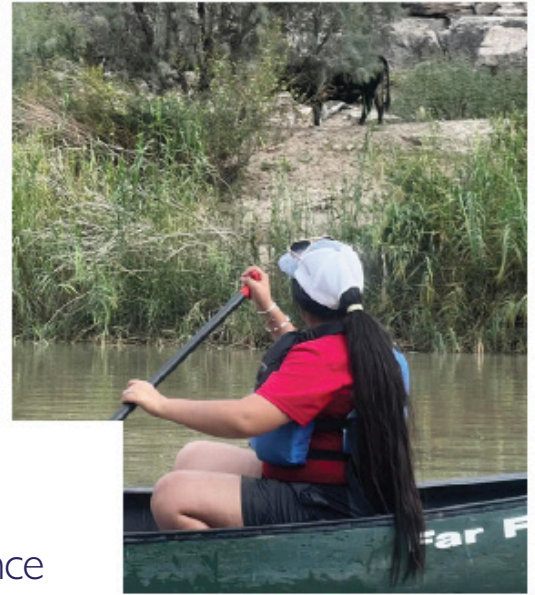

EXPLORE360[®] TAKES LEARNING TO ANOTHER LEVEL

Learn about plant and animal life while also studying geography, geology, astronomy, history, and more. You will gain more knowledge and learn more skills with each new experience.

Learn, grow, and prepare for life outside the classroom. Our program, only offered at Faith Family Academy, supports your academic, physical, mental, and social development. These experiences count as part of your grade, so attendance for every trip is expected, PK through senior year.

ARE YOU READY TO:

Improve academically, Build confidence and self-esteem,
Become a leader, And build strong relationships with
other students and teachers?

LEARNING OUTSIDE THE CLASSROOM AT EVERY AGE

PK students learn about animals and nature while they are on campus. Older students take day trips around Dallas-Fort Worth and overnight trips for extended learning.

We provide academic lessons, games, fun, and nutritious meals for an enjoyable and safe experience.

PK – Petting zoo on campus

Kindergarten – Day trip, Dallas Zoo

First grade – Day trip, Cedar Hill State Park, Cedar Hill, TX

Second grade – Day trip, Heard Museum, McKinney, TX

Third grade – Day trip, Texas Freshwater Fisheries, Athens, TX

Fourth grade – Day trip, 360 Ranch, Henrietta, TX

Fifth grade – Overnight, Dinosaur Valley State Park and Fossil Rim Wildlife Park, Glen Rose, TX (2 days, 1 night, bunk houses)

Sixth grade – Day trip, Lake Mineral Wells State Park (rock climbing), Mineral Wells, TX

Seventh grade – Day trip, 360 Ranch, Henrietta, TX

Eighth grade – Day trip, New York Texas Zipline Adventures, LaRue, TX

Ninth grade – Overnight, Enchanted Rock State Nature Area, Fredericksburg, TX (2 days, 1 night, tent camping)

10th grade – Overnight, Galveston Island State Park, Galveston, TX (4 days, 3 nights, tent camping)

12th grade – Overnight, Snow Mountain Ranch, Granby, CO (6 days, 5 nights, bunk houses)

EXPLORE360® TAKES EDUCATION EVERYWHERE

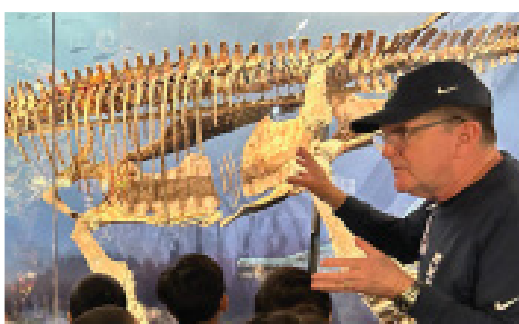

Connect with nature, challenge yourself, and put learning into action – in the most exciting and breathtaking locations in Texas and the U.S. Nature hikes, hayrides, fishing, camping, horseback riding, swimming, and even mountain climbing are part of being a student at Faith Family Academy. All students have an EXPLORE360® experience that is an extension of the classroom. All students are expected to participate.

These experiences are not field trips. You have lessons in class before each experience and you continue lessons during each experience.

SAFE EXPERIENCES WITH DEDICATED STAFF

Every EXPLORE360[®] experience is safe. Our Faith Family Academy team members are trained and certified in CPR and first aid; Wilderness First Responder, sponsored by National Outdoor Leadership School; outdoor education; and youth programming. You will be with qualified, responsible staff members you already know and trust, including your teachers, coaches, office staff, and principals and other administrators.

MEMORIES THAT LAST FOREVER

EXPLORE360® in Grandby, Colorado

Create a lifetime of memories, beginning in PK, to share with friends and family.

EXPLORE360® creates connections between students, staff, and administrators that go beyond the traditional classroom.

WHAT STUDENTS SAY

Once our students have one experience, they want more. Here is what students say about our program:

"I liked doing something I could never do without this trip."

"What I liked the most was seeing things outside that I don't usually see in Dallas."

"I enjoyed working with my friends to problem solve in our activities."

"I really liked spending time with my teachers."
