DEVELOPING TOMORROW'S LEADERS TODAY.

OUR MISSION

Faith Family Academy proudly offers an award-winning leadership development program, the Navy Junior Reserve Officer Training Corps (NJROTC).

Students (cadets) become strong leaders by learning the values of citizenship, service to the United States, personal responsibility, and by participating in opportunities, experiences, and responsibilities that give them a sense of accomplishment.

TRAINED AND DEDICATED STAFF

NJROTC instructors are retired from the United States Navy or Marine Corps and are committed to supporting cadets' learning and growth. NJROTC promotes leadership skills and tools for making good decisions now and in the future.

Cadets learn good study habits, time management, communication skills, first aid, basic financial planning, and personal stress management.

The curriculum also includes military history and traditions, customs and courtesies, flag etiquette, instructions for marching in parades and ceremonies, rifle drill, and a review of exciting careers in and out of military service.
