Driving to school in a personal vehicle is a privilege afforded to students at Sherando High School who demonstrate responsibility and adhere to proper safety protocols. Parking permits are issued on a first-come, first-served basis. Tenth-grade students are eligible for a parking permit after the first semester, provided they have approval from their principal based on passing grades in all classes & not having excessive tardiness to school. Ninth-grade students will not be issued parking permits.

All students receiving a parking permit must observe the following regulations:

1. Students may register all family-owned vehicles on one parking permit. Permits may not be transferred to vehicles owned by other students.
2. Students who need a temporary parking permit to use another vehicle may get one from the school security officer.

3. The parking permit must be displayed on the back left windshield of the vehicle.

4. All student vehicles must be parked in the student parking lot.
5. Students must obey all driving regulations while operating a vehicle on school property.

Pedestrians and school buses always have the right of way on school grounds.

6. Students are to come directly into the building after parking their vehicle in the student parking lot. Loitering in the parking lot before and after school hours is prohibited.
7. Students are not to return to their vehicles for any reason once they enter the building. In an emergency, a school administrator may permit a student to return to the parking lot.
