

Spring Station Middle School 2025-26 Walker/ Bike Rider Permission Form

Walker/Bike Rider Permission Expectations

Student safety is a top priority at SSMS, and we support the experience and necessity of riding a bike or walking to and from school. However, parents need to assess a student to see if he/she possess the following characteristics in order to be considered a walker or bike rider:

- A child who is responsible enough to walk/bike independently without a parent.
- A child who is not aggressive towards others who would see this as an opportunity to harass others. If your child has a problem with another child on the way home, call the police.
- A child who can navigate directions to walk/bike independently to a destination.
- A child who will not deviate from the plan agreed upon with parent.
- A child who understands walker/bike safety and the need to respect drivers as well as walkers.
- A child who can problem solve issues that might arise on their walk or ride home or thereafter.

Walkers and bike riders are dismissed first to give them time to clear the traffic around the school property. Walkers are NOT to use this as an opportunity to get into a vehicle that is in the car rider line or waiting in a nearby neighborhood.

Walker / Bike Rider Permission: By checking yes, parents and students agree to all expectations listed above.

☐ Yes, my student is allowed to walk or ride a bike home.

☐ No, my student is NOT allowed to walk or ride a bike home.
