Art

- Sketchbooks & Pencils
- Grade 6,7 & 8- Students will be required to have a sketchbook every day in Art class this year. The sketchbook that you buy this year will carry on for the next years in Art class and will stay in the Art room the majority of time. The sketchbook needs to have at least 40 pages and have unlined pages. Beyond that it can be any kind of sketchbook that you want. We will be drawing daily and a sketchbook is a great place to store all your drawings in one place rather than using a lot of paper.

****If your student brought one in last year, it is still in the classroom and they do not need another one this year****
