

## 7th Grade Science Classroom Expectations

### 1. Be Respectful

- Treat classmates, the teacher, and classroom materials with respect.
- Listen when others are speaking.
- Use appropriate language at all times.

### 2. Be Responsible

- Come to class on time and prepared (notebook, pencil, assignments, etc.).
- Take ownership of your learning and behavior.
- Follow safety rules during labs and activities.

### 3. Be Engaged

- Participate actively in discussions, labs, and group work.
- Stay on task and ask questions if you're unsure.
- Keep an open mind and be willing to learn from mistakes.

### 4. Follow Directions

- Follow instructions the first time they're given.
- Pay attention to written and spoken directions, especially during labs.

### 5. Complete Assignments On Time

- Turn in homework, classwork, and projects by the due date.
- Make up work promptly if you're absent.

### 6. Use Technology Wisely

- Use Chromebooks or tablets only when directed.
- Follow the school's digital citizenship guidelines.

## **7. Stay Safe in the Lab**

- Follow all lab safety procedures.
- Never touch equipment or materials without permission.
- Wear safety gear when required.
