## Sibling Care/Sibcare Policy

Sibling care gives parents the opportunity to spend individualized time with their child in an age specific class and to fully engage during parent discussion time. If a family is taking an age specific class (examples-infants, toddlers, 2s and 3s, etc) children who are not in the age group should register for sibling care. Our sibcare room is staffed by a qualified teacher who leads age appropriate exploration, activities and play. This service is available for siblings 4 months through age 5 as part of our ECFE program. Babies under 4 months may attend any class with their family. Classes that include sibcare, are designated in the description. Register at the same time you register for your ECFE class.

# EARLY CHILDHOOD SCREENING

## Screen at 3

Minnesota requires all children to be screened before entering public school kindergarten. The screening is most valuable soon after your child's third birthday and gives you and your child an early connection to PLSAS.

Screening is FREE and includes growth, development, and immunization checks. Your child will be assessed in preschool concepts, communication skills, motor skills and social-emotional skills.

If your child has already been screened through HeadStart, in another school district, or your own medical resource, please provide the screening report. Children only need to be screened one time. Children do not need to be screened if they have an active Individualized Education Program (IEP).

Parents can choose to conscientiously object to screening for their child. If you object, please provide a signed statement indicating your conscientious objection to screening.

PLSAS Early Childhood programs are thrilled to be engaged as a Unified Champion School for our youngest learners. Unified is a strategy to activate students, engage educators, and promote school communities of acceptance and inclusion where all young people are agents of change. Utilizing the sports and education initiatives of Special Olympics, students and faculty in Unified Champion Schools:

- Foster respect and dignity for people with intellectual disabilities
- Change actions and attitudes among their peers without intellectual disabilities

A few examples of Unified efforts in PLSAS Early Learning include Unified Buddy Time promoting positive peer engagement and interactions, building a Unified library, classroom activities to learn about different disabilities, school wide recognition of Inclusivity Week, Autism Awareness and World Down Syndrome day, PACER Puppet visits and a Unified Track and Field event. We are looking forward to building upon the success of these initiatives by adding the Young Athletes program through Community Education. - -Live Unified!

## Exciting opportunities are ahead for Community Education!

We know that change is never easy—especially when it involves the closing of a neighborhood school. The recent decision to restructure facilities within Prior Lake-Savage Area Schools, including the closure of WestWood Elementary in fall 2026, brings with it understandable emotions and challenges for many in our community. We recognize the special role schools like WestWood have played in the lives of students, staff and families over the years.

At the same time, this change opens the door to new possibilities, including Community Education. As part of the district's restructuring plan, Community Education will remain based at Grainwood. With expanded space, we'll be able to grow our offerings and provide even more classes, workshops and enrichment opportunities for learners of all ages.

In addition to expanding at Grainwood, Community Education will continue to offer programming at other school buildings throughout the district—ensuring we remain accessible and connected to families across our community.

Grainwood will also become the new home of the District Services Center. Staff who support enrollment, transportation, technology, human resources and more will be based there, making it a one-stop location for families, staff and community members seeking district services.

These changes are part of a broader effort to address financial challenges and make the most of our resources while continuing to provide high-quality education and support services. Starting in fall 2026:

- WestWood Elementary will close as a neighborhood school in fall 2026. WestWood students will attend nearby elementary schools, based on a future attendance boundary configuration that will be determined at a later date.
- La ola del lago at Grainwood will relocate to the WestWood building beginning in fall 2026.
- The District Services Center (DSC) will close and be sold. DSC staff will move into the current La ola del lago space at Grainwood. This plan provides the greatest cost efficiency and requires the least amount of remodeling.
- Community Education will remain at La ola del lago at Grainwood.

To learn more about the site consolidation and facility changes, please visit our website at [www.plsas.org](http://www.plsas.org).

While this is a time of change, it's also a time of opportunity. We're excited about what lies ahead for Community Education and how we can continue serving as a cornerstone for learning, connection and growth in our district.

Thank you for your continued support—and for being a vital part of our Community Education family.

Yours in partnership,

Dr. Michael J. Thomas  
Superintendent, Prior Lake-Savage Area Schools

Joel Dahl  
Director of Community Education Services
