

All students have a 5-digit student number which serves as their PIN number for meal and snack purchases. Each student has a meal account accessible to them through their student ID number. Students will need to enter their PIN number for all meal and snack purchases at lunch. Please be sure your student knows their student ID number.

Please contact our office at 610-853-5900 EXT 7142 if your child does not have a PIN number.

PIN PAD used at lunch for students to enter their number

The number entered will appear on this screen.

They should press enter after they enter their number
