   A. Introduction to Community Schools Pilot

      Contact(s): Gil Alvarez and LaTonia Kennedy

      Purpose: The purpose of this report is to update the board on the Community Schools pilot that will launch during the 25-26 school year. The Community Schools pilot is a collaborative model that strengthens the connection between Wichita Public Schools and the communities we serve. This pilot will focus on six elementary schools (Adams, Anderson, Colvin, Dodge, Stanley and Washington) and aims to integrate academic, social, and health supports through strategic partnerships with families, local organizations, and service providers. By aligning with the district's strategic goals—particularly around student achievement, belonging, and community engagement—the pilot seeks to create welcoming, resource-rich environments where all students can thrive. This initiative builds on insights from the WPS Community Schools Advisory Committee emphasizing shared outcomes, measurable impact, and sustainable structures for collaboration. It also reflects the district's belief that student success is a shared responsibility among staff, families, and community partners.
