May 2019 Student of the Month

Brandan Langloss is an 8th grader at Vineland Middle School. He played football for the VMS Pirates. He loves Social Studies and after high school he plans on becoming an electrician.

Brandan's favorite movie is "Transformers: Revenge of the Fallen" and he has enjoyed reading "The Chow". His favorite food is macaroni and cheese while listening to rock music. A favorite hobby would be drawing.

Brandan says he has always lived in Pueblo, but he would love to visit California. He has a dog named Po. His hero is his mom because she has always supported him when others wouldn't.

Thank you for spending your middle school years at Vineland Middle school and good luck in high school. Remember, "Once a Pirate, always a Pirate!"

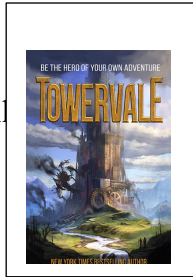

May Reviews

Towervale By Patrick Carman

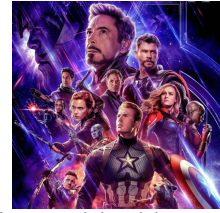

Towervale is a fantasy series for all ages where YOU are the hero of the adventure.

The story takes you through three realms where you encounter a dangerous villain.

Each section ends with a password you must enter in the game to unlock a level. The trick is... if you didn't read the previous section of the book, you have no idea how to clear the level in the game. (Game access is included with each book)

The Avengers- Endgame

One of the biggest blockbuster movies of all times is now in theaters!

As Tony Sparks floats out of control in outer space, he sends a message to Pepper Potts. The rest of the Avengers, which include Captain America, Bruce Banner, Black Widow, and Thor, try to bring back their missing allies for one last major battle against Thanos.

Music in May

During the month of May, several artists will be sending out new music.

- May 3- Ashley Tisdale *Symptoms*
- May 3- Vampire Weekend *Father of the Bride*
- May 10- Parachute *Parachute*
- May 17- Carly Rae Jepsen *Dedicated*
- Jimmy Allen *Make Me Want To*
- Dan + Shay *All to Myself*
- Blake Shelton *God's Country*

Video Game Review

Kart racing games are back. When the new video launched on May 21, it will have been almost seven years since the last game in the series, Sonic & All-Stars Racing Transformed, was played. Only one kart racing franchise of note has stuck around: Mario Kart.

The Sonic game is based on team play--even if you play alone, you're put into a team with two other Sonic heroes. This will help those players that are not as skilled as others.

Each team member adds to a shared ultimate meter, which when filled can be activated to accelerate your team and sharpen up their handling. You fill the ult meter by performing team-oriented actions, such as helping them up when they spin out--passing close to them will get them back in the race more quickly--or slipstreaming behind teammates to gain a small boost.
