MUST COMPLETE TODAY!

Roswell North has partnered with PickUp Patrol to help manage our DISMISSAL process! This is the only way for parents to communicate transportation changes with the school and your teacher. Your child's teacher will automatically receive a daily report with authorized plans and changes. The application reduces interruptions, speeds up dismissal time, and is administered by our front office staff (rne@fultonschools.org)

TODAY, BEFORE YOU LEAVE OPEN HOUSE, YOU WILL NEED TO SET UP YOUR CHILD'S PLAN!

PICK UP PATROL SET UP INSTRUCTIONS

You should have received a parent welcome email and directions to set up the parent account. Please check your spam/junk folder as this comes directly from pickuppatrol.net and is a SECURE LINK ONLY FOR ASSIGNED GUARDIANS. ONLY GUARDIANS WILL HAVE ACCESS TO THE APPLICATION.

Create the parent account via the secure link IN YOUR EMAIL (whatever email you used to register your child)

To set up your student's default dismissal plan:

1. Start by selecting Monday
2. Click "Select A Dismissal" to open the drop down menu
3. Choose your dismissal selection
4. It automatically selects all days of the week. To unselect a day click on it (the background of that day's abbreviation will become white)
5. Click Save
6. Repeat procedure until you have a dismissal plan for each day

To make a one time change:

1. Click "change" at the bottom of the screen
2. Select date
3. Click "change"
4. Make your new dismissal selection from the list and click submit

To make a permanent change to the default plan:

1. Click "default" at bottom of screen
2. Click on > under student's name
3. Select week day you need to change
4. Select new plan for that and choose dates that it applies to
5. Click "save"

****Make PickUp Patrol a shortcut on your home screen****

If you have an iPhone and want to save the webpage to your home screen:

Go to PickUpPatrol.net; click the send icon (square box with arrow pointing up) then select "add to home screen" and "add".
You will now see the PickUp Patrol icon on your screen like an app.
