Attendance Reports 2024-2025

EVERYBODY EVERY DAY

We Believe In E!

ATTENDANCE IS THE KEY

2024-2025 School Attendance End of Year Report
Departmental Goal Achievement and Attendance Initiatives

During the 2024-2025 school year, Volusia County Schools District launched the *All Day Every Day* initiative to proactively address the pressing issue of chronic absenteeism, which is defined as missing 10% or more of instructional days within an academic year, regardless of whether absences are excused or unexcused (Attendance Works, 2024). Chronic absenteeism is widely recognized as a critical early warning indicator of academic risk, linked to lower achievement, higher dropout rates, and reduced social-emotional development.

Volusia County Schools achieved a chronic absenteeism rate of 29.1%, marking a significant 5.1% decrease from the prior year. This progress is noteworthy given national trends: prior to the COVID-19 pandemic, approximately 8 million students were chronically absent each year; this number has since more than doubled, reflecting deepened disparities in student access to education (Attendance Works, 2024).

Addressing chronic absenteeism is a crucial, though often underemphasized, strategy for mitigating learning loss and supporting students' social-emotional recovery post-pandemic. Research indicates that multifaceted approaches—centered on data monitoring, cultivating a welcoming school climate, engaging families, and addressing barriers such as food insecurity, health needs, housing instability, and transportation—are most effective.

The *Everybody Every Day* Attendance Initiative funded by Advent Health continued this school year. The following schools were recognized for the highest rates in various categories:

- The **Excellence in Attendance Award** recognizes the schools with the highest attendance rate at the elementary, middle, high school, and alternative levels at the end of each semester. Winners for first semester of the 2024-2025 SY were: Sweetwater Elementary at 95.69%, Creekside Middle at 93.88%, Seabreeze High at 92.56%, and PACE Center for Girls, Inc. at 79.93%. Winners for the second semester of the 2024-2025 SY were: Sweetwater Elementary at 94.44%, Heritage Middle at 92.62%, Spruce Creek High at 90.96%, and Highbanks Learning Center at 78.82%.
- The **Superintendent's Attendance Challenge Award** recognizes the top schools at each level that achieved the greatest reduction in chronic absenteeism during the third quarter. Improvement was measured by comparing each school's chronic absenteeism rate at the end of the first semester to its rate at the end of the third nine weeks of the 2024–2025 school year. The winners were Elementary: Beachside Elementary-1st place with a reduction of 1.5%, Debary Elementary-2nd place with a reduction of 1.0%, and Coronado Beach Elementary- 3rd place with a reduction of 0.8%; Middle: Deland Middle-1st place with a reduction of 0.4%; At the middle school level, there were no 2nd and 3rd place winners. There were no winners for the high school level. For Alternative, PACE Center for Girls, Inc., was the 1st place winner with a reduction of 4.5% and Riverview Learning Center for 2nd place with a reduction of 1.8%. There was no 3rd place winner.
- The **James T. "Tom" Russell's Great Strides in Attendance Award** honors the schools who has the highest rate of reduction of chronic absenteeism for the 2024-2025 school year at the elementary, middle, and high school levels. Each winning schools' chronic absenteeism rate was compared from the end of last school year (2023-2024) to the end of the current school year (2024-2025). The James T. "Tom" Russell's Great Strides in Attendance Award Winners were: Edith I. Starke Elementary with a reduction of 14.6%; Heritage Middle with a reduction of 11.2%; and T. Dewitt Taylor High with a reduction of 10.1%.
- The **Shirley H. Lee Community Support for School Attendance Award**: This award is given to an individual who has exhibited an exemplary personal commitment to promoting regular school attendance. The 2024-2025 winner is Tina Howard, School Counselor, at Sweetwater Elementary.

2024–2025 School Social Work Services Attendance Goals and Outcomes

Goal 1: Reduce chronic absenteeism district-wide.
School Social Workers actively analyzed and disaggregated chronic absenteeism data and shared these findings with their assigned schools. They promoted attendance and engagement initiatives while providing direct support to students, families, and school staff to encourage consistent attendance.

At the end of the 2024–2025 school year, 17,816 students (29.1%) across the district were identified as chronically absent. Among homeless students, the chronic absenteeism rate was 6.2%, representing 1,107 students. For students receiving Exceptional Student Education (ESE) services, the rate was 27.7%, accounting for 4,937 students.

Goal 2: Decrease habitual truancy rates, with particular emphasis on the homeless student population (PETALS).
School Social Workers worked toward this goal by continuously monitoring attendance, analyzing data, implementing engagement strategies, and supporting intervention efforts. They assisted school staff in identifying students classified as habitually truant (defined as having 15 or more unexcused absences within a 90-calendar-day period) through the provision of monthly truancy reports and discussions on appropriate interventions. Multi-Tiered Systems of Support (MTSS) and Individualized Education Program (IEP) review meetings were recommended to help families develop effective problem-solving strategies for improving attendance.

For the 2024–2025 school year, the overall habitual truancy rate was 6.2%, affecting 3,774 students. Among homeless students, the habitual truancy rate was 9.9%, impacting 372 students. For ESE students, the rate was 26.4%, involving 998 students.

Support and Interventions Provided:

School Social Workers supported schools, students, and families through MTSS meetings, phone calls, home visits, and official attendance letters. They followed up on 1,532 referrals related to attendance issues, including cases involving terminated home education students, Learnfare students, and students in Hospital Homebound, Home Instruction, or Off-Campus Instruction programs.

Additionally, they assisted the district's State Reporting Department in contacting parents of 935 students with W02 withdrawal codes and 262 students with W24 withdrawal codes. When further intervention was needed, students and families were referred to community partners for additional support.

School Social Workers submitted 15 referrals to Teen Court, 44 CINS/FINS (Children in Need of Services/Families in Need of Services) referrals, 169 ASAP (Achieving School Attendance Program) referrals, and 34 parents were referred to adult court through the State Attorney's Office for violations of compulsory school attendance law, based on the non-attendance patterns of 37 students.

Additional Contributions:

School Social Workers played a critical role in resolving DNE (Did Not Enter) withdrawal codes to ensure accurate student counts for Florida Department of Education reporting (Survey 2-5). On Day 11 (August 26, 2024), there were 566 DNE students; by September 6, 2024, all were resolved to W02 codes.

Two School Social Workers assigned to alternative education supported transition services for students placed at Highbanks Learning Center and Riverview Learning Center through the District Student Placement Committee or respective IEP teams. As of June 5, 2025, 134 students were referred to Highbanks Learning Center and 184 to Riverview Learning Center.

Overall Impact:

Throughout the year, School Social Workers emphasized the strong connection between regular attendance and academic success. By engaging families in collaborative problem-solving, addressing barriers to attendance, and connecting them with community resources, students were empowered to remain engaged and reach their educational goals.

In October 2015, the Obama Administration launched ***Every Student, Every Day: A National Initiative to Address and Eliminate Chronic Absenteeism*** with a goal to decrease chronic absenteeism by at least 10 percent each school year. Research shows that missing at least 10 percent of school days in a year for any reason is a primary cause of low academic achievement and a powerful predictor that students will eventually drop out of school.

*Note: Calculations for Online Learning attendance data began in the 2013-2014 school year. For the 2016-2017 and 2017-2018 school years, Online Learning only included full-time Volusia Virtual School. Beginning the 2018-2019 school year, Online Learning attendance reporting was not available in the Student Information System from school years 2018-2019 through 2020-2021.

**Note: Beginning the 2019-2020 school year, a new Student Information System (FOCUS) was implemented. The habitual truancy report was not developed until mid-year and only includes students who are compulsory age whereas before included all students who were habitually truant regardless of age. The chronic absenteeism report was not developed until the summer of 2020. All Florida schools were closed due to COVID-19 on 3/23/20 and no attendance was taken during Phase 1 (3/30/20-4/15/20) of Distance Learning in Volusia County Schools. Attendance was captured during Phase 2 of Distance Learning in Volusia County Schools from 4/16/20-5/29/20.Absences were defined as no evidence of engagement in a digital platform and/or no response to contact attempts within a week. Through the end of the third quarter (3/12/20), the district wide truancy rate was 2.3% and the district wide chronic absenteeism rate was 21.2%.

***Note: In the 2020-2021 school year, all Florida schools reopened despite the COVID-19 pandemic. The rates were considerably higher because of the multiple positive cases and quarantines which required students to be absent at least 10 days at one time, difficulty with technology for students who were enrolled in one of two online learning options, and parents' fears of the pandemic.
