

IEAC: Bus Scheduling & Routing

The Superintendent shall have prepared descriptions and maps of district school bus routes and schedules as fixed by the Board for distribution to parents of students eligible for school bus transportation.

Bus routes shall be established through the District to best accommodate the majority of eligible students. Bus routes shall be established to provide the most efficient routes that will accommodate all eligible students.

The Board may elect to pay family transportation to families who meet the bus at a scheduled bus stop in order to minimize the length of time all students are on the bus or to avoid running a bus on secondary roads.
