- More than 7 characters
- Less than 12 characters

Cancel Sign Up

To begin the online registration process, select the appropriate access point below:

- **For new families**, visit go.fresnou.org/register and proceed directly to Step 2.
- **For returning families** who already have a student enrolled in Fresno Unified, log in at parents.fresnou.org and continue to Step 2.
- Or Scan QR Code

Need to create an account?

If you need to create an Atlas Parent Portal account, refer to your student's report card—your ATLAS Parent ID and password are listed in the bottom left corner. For further assistance, contact your child's school office.

Step 2: Start a New Registration

Fresno Unified School District
Online Registration

Welcome to the online student registration form.

Our new student online registration system is made to streamline the registration process and save you time with enrollment.

Upon completion of this online application, a list of required documents will be provided to you to bring to the school for enrollment.

We are excited to welcome your child to Fresno Unified School District.

Getting Started

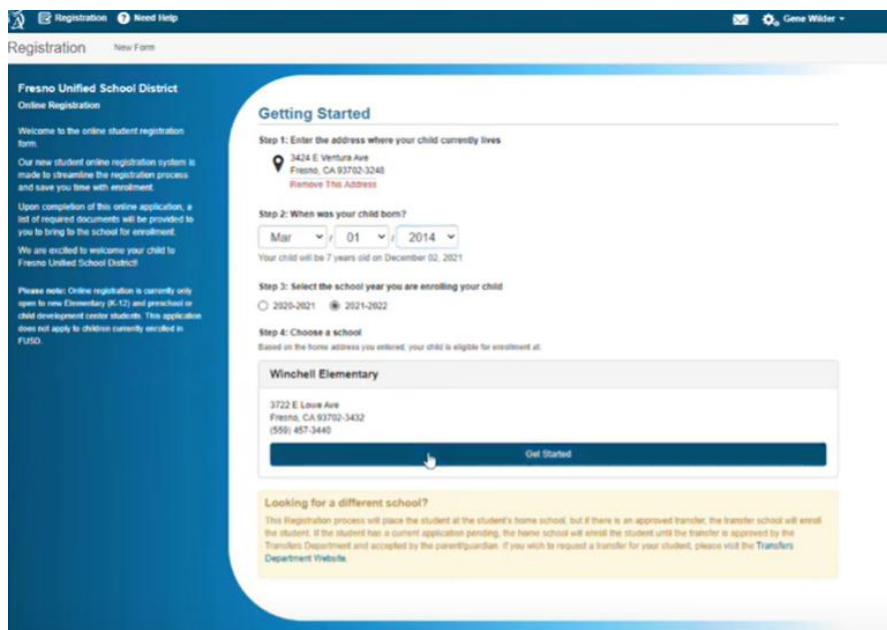

Step 1: Enter the address where your child currently lives.

Start typing an address

Please note: Online registration is currently only open to new Elementary (K-12) and preschool or child development center students. This application does not apply to children currently enrolled in FUSD.

Once logged in, select **“Registration”** to initiate the process.

- Enter your student’s **address, date of birth, and intended school year of enrollment.**
- Based on the residential address and student age, the system will prompt you to select the appropriate **school site within your boundary.**
- Click **“Get Started”** to proceed with registration at the designated school.

Looking for a different school?

This Registration process will place the student at the student's home school, but if there is an approved transfer, the transfer school will enroll the student. If the student has a current application pending, the home school will enroll the student until the transfer is approved by the Transfers Department and accepted by the parent/guardian. If you wish to request a transfer for your student, please visit the [Transfers Department Website](#).

You will be guided through the following required sections:

- **Student Information:** Name, birth information, ethnicity, and race.
- **Education History:** Previous school attended if any, special education, and/or special programs.
- **Parent/Guardian Details:** Be sure to provide a valid **mobile phone number** for communication purposes. **THIS IS VERY IMPORTANT.**
- **Family Information:** This includes additional contacts, siblings, and any other relevant household details.
- **Language Survey:** Indicate the primary language spoken at home and your preferred communication language.
- **Medical History:** Include your child's physician information, health insurance details, and provide medical authorization.
- **Document Upload:** Submit verification documents, including proof of age, residency, and immunization records.
 - You may choose to deliver any of the required documents to your child's school by clicking the name of document you will be submitting and select **"Bring Later"**

Step 3: Finalize Your Registration

- Upon successful completion, a **"Validation Complete"** message will appear.
- Click **"Continue"** to provide your digital signature.
- The completed registration will then be **submitted directly to your child's school** for processing.
