What do I Need to Create a Focus Parent Account?

To create a new Parent Portal account and then attach each of your students, you will need the following:

Parent Information	Student Information
• A valid email address associated on file with the school(s) for your student(s). • If you have multiple students, each student must have the same email address associated with you. • Your name must be an EXACT match to the name on file with the school(s) for your student(s). • FOR BCPS STAFF ONLY: You CANNOT use your @browardschools.com email address. If that is the email address you have on file for your student(s), please contact your student's school to update the email address on file to a non-BCPS email address.	• Student's full name (as it is on file at the school – no nicknames) • Student's ID number (begins with "06") • Student's date of birth

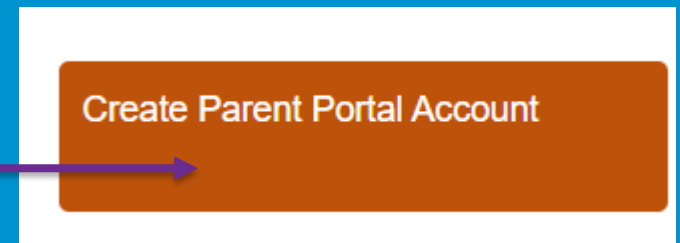

If you need assistance with creating an account or connecting your student to your Parent Portal account, please contact the Information Management Tech (IMT) at your student's school. You can also email focuscommunications@browardschools.com and provide all information above and your concern.

You can also email focuscommunications@browardschools.com with the information you are using to create the Parent Portal for assistance in determining the problem.

How do I Connect my Student to my Parent Portal Account?

Below these fields is a checkbox labeled 'I'm not a robot' (highlighted with a red box) and a reCAPTCHA logo. At the bottom, there is an 'Add Student' button (highlighted with a red box).

How do I Submit Back-to-School Forms?

- Back-to-School forms are completed in the Focus Parent Portal or on the BCPS Connect App for students in grades 1 through 12.
- The forms **WILL BE** required the first time a parent/guardian logs into the Focus Parent Portal before they have access to any student information.
- Parents can still fill out forms in paper format and the school's Information Management Tech (IMT) will go into Focus and indicate the forms have been processed.
- This removes the requirement for parent/guardian to fill out the forms online.
- Only the primary custodial parent/guardian has access to the forms and can only update their own information. They cannot update the secondary custodial parent/guardian's information.
- Parents will not be able to alter their address on the Back-to-School forms as that requires proof of residence and must be completed at the school site.
