Parking Permit# _____

MHS Student Parking Permit Form

Students who operate a vehicle on school grounds must purchase a parking permit AND turn in this form. Priority will go to Seniors, then Juniors and Sophomores. A new permit must be purchased each school year. To ensure you get a parking permit they should be purchased during MHS schedule pick up days.

By signing below the student and parent/guardian agree to the following:

1. The student must purchase a \$30 parking permit if operating any vehicle on school grounds. Replacement permits are \$5 and require a new form if the vehicle information has changed.
2. If the student drives a different car temporarily, they will need to obtain a temporary permit from the office. Vehicle information must be provided to obtain the temporary permit. To receive a temporary permit, students must have a current parking permit on file.
3. The student agrees to show a valid driver's license and current proof of insurance before being issued a parking permit.
4. The parking permit must be placed on the inside of the lower left corner of the windshield.
5. Parking permits are not transferable to other vehicles or students.
6. The student agrees to follow all traffic/parking laws while operating a vehicle on and around school grounds.
7. The student agrees to park only in the designated student parking areas and to not park in faculty parking at any time.
8. **Student and parent/guardian acknowledge that any violation of the above will result in one or more of the following disciplinary actions:** parking ticket fine of \$10, vehicle towing, ISI, temporary or permanent loss of driving privileges or other disciplinary actions decided by administration. Closed campus violations will result in a 2 week loss of parking privileges in addition to ISI.
