

We believe in choices because we believe in your student.

Starting middle school is a big deal. Let's chart an exciting path forward and show your child all of the opportunities they have to explore.

It's normal to be nervous about starting middle school. We'll ease the transition by helping your child find their place, build confidence and take on new challenges. In addition to fostering a welcoming and nurturing community, we offer all kinds of choices for all kinds of learners. In fact, **the selection of academic pathways and extracurricular activities that we offer at GCS is among the best in the nation.** Whether you choose advanced academics, science and technology, performing arts, global studies, International Baccalaureate, Spanish immersion or virtual school, you'll be part of a positive learning environment that will nurture your student during this important time of transition and growth.

A welcoming and active community preparing your child for the future with:

- Dedicated devices for every child as a one-to-one district as well as excellent instructional materials and library access.
- Caring, highly credentialed and professionally trained teachers rank GCS among the top districts for board-certified educators.
- Several of the highest performing schools in the state and nation.

**Learn more about what makes GCS
a proud state and national leader at
gcsnc.com/about.**

GCS opens up a world of opportunities to students.

Every school offers robust academic experiences in language arts, math, science and technology, character education, and health and physical education. We also offer an unparalleled number and variety of life-changing experiences outside the classroom such as **competitive athletics, performing and visual arts, service learning** and a wide variety of clubs and organizations.

Students can pursue a variety of opportunities that help form their development, including team-building, leadership development, service to our community, and the satisfaction of delving into an area that interests them to explore their potential.
