## New Metric

### Distance From Level 3 (Standard Met)

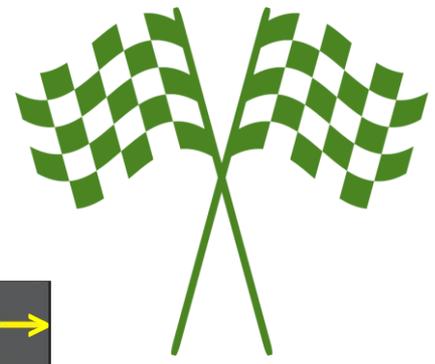

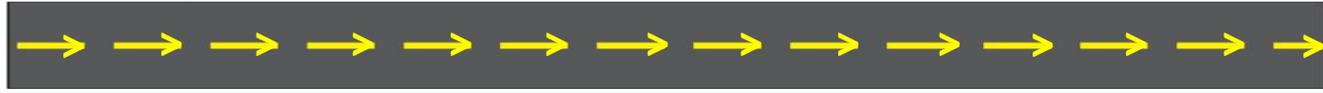

- Key metric on the new State Dashboard
- Used to measure growth toward standards mastery over time
- Determined as follows for both ELA and Math:
  - The average of all scaled scores for grades 3-8 is calculated
  - The average is then compared to the cutoff score for Level 3 or Standard Met
- Formula for both ELA and Math:
  - $(\text{Level 3 Cutoff Score}) - (\text{Average Score}) = \text{Distance from Level 3}$
