MISSION STATEMENT

*We are Richland One, a leader in transforming lives through education,
empowering all students to achieve their potential and dreams.*

Dear Richland One Students and Families,

Welcome to the 2025-2026 school year! As we begin this new year, I am filled with excitement and optimism for the experiences and opportunities that await our students. It is my pleasure to welcome you and extend a warm greeting to the entire Richland One community.

Our goal is to provide a safe and supportive learning environment where every student can thrive. To achieve this, it is essential that we all understand and adhere to the Student Code of Conduct, which outlines the rights, rules, and responsibilities that govern our school community. I kindly request that all administrators, teachers, and parents read and review this document with students to ensure a clear understanding of the rules and responsibilities that students must follow.

Students, it is crucial that you understand the rules and responsibilities that apply to you, and the rights you have while at school. Equally important is your awareness of the rules and responsibilities of the administrators, teachers, and leaders who are here to support and guide you. By familiarizing yourself with these guidelines, you will be better prepared to contribute positively to our school environment.

Parents and Guardians, I cannot stress enough the importance of a collaborative effort between school and home. It is through our combined commitment and cooperation that we can ensure the success and well-being of our students. Please read all of the information provided, discuss it with your children, sign the acknowledgement form on page four, and return the form to your child's school. If you have any questions, please contact the principal at your child's school. Resources are available on the district's website resource center and additional information may also be found through the Office of Student Intervention Services.

The administration, faculty, and staff of Richland One acknowledge our role in helping each student succeed and are committed to improving student outcomes and promoting a positive and respectful environment. Let us work together to make this school year a rewarding and enriching experience for all.

Sincerely,

INTRODUCTION

The Richland One Board of School Commissioners believes that it is the responsibility of students, parents/guardians, and staff to see that students attend school and conduct themselves in an appropriate manner. Discipline is a shared responsibility, and student behavior is important to the entire education process. Without it, teachers cannot teach, and students cannot learn. All students are required to follow rules established by the district and each school.

Students, parents/guardians, and staff will be treated with consistency under the guidelines outlined in the Richland County School District One Student Code of Conduct.

The Student Code of Conduct is effective during the following times and in the following places:

- on the school grounds during and immediately before or immediately after school hours
- on the school grounds at any other time when the school is being used by a school group
- off the school grounds at a school-sponsored or district-sponsored activity, function, or event
- when being transported in vehicles dispatched by the district or one of its schools, including a school bus or other school vehicle
- at any time or place (including off school grounds and during non-school hours) where conduct directly interferes with the operations, discipline, or general welfare of the school, its students, or its staff (to include incidents where school computers or accounts are used)

When used in this handbook, the word “parents” will include either the parent or the student’s guardian, and the word “principal” will include any administrator or the principal’s designee (a certified administrator hired by the district as an administrator). When used in this handbook, staff includes, but is not limited to, employees, contract service providers, school volunteers, student teachers, and interns.

The District reserves the right to conduct canine searches on school properties and at school sponsored events during school and non-school hours. Individual students will not be personally searched by the canines.

Students, parents/guardians, and staff are encouraged to become familiar with the rules and regulations in this handbook. If you have any questions, please contact your school’s principal, followed by the appropriate Executive Director of Schools.

Acceptable Use Policy of Information Systems (Policy IJNDB-R)

STATEMENT OF INTENT

Richland County School District One provides an electronic network and Internet access to enhance your educational experiences. Access to electronic and web-based resources is available through classrooms, media centers, computer labs, and home computers. Through active learning experiences, students are expected to develop appropriate information literacy skills to ensure effective use of the wide variety of tools available through the network. As a network user, you are required to participate in Acceptable Use Policy training and always follow these important practices.

E-mail accounts are available to students in grades Pre-K -12, unless denied by parents/guardians. All e-mail messages and electronic files created or stored using district resources are property of the district. Policy IJNDB and its Administrative Rule fully outline the district's intent, expectations, users' responsibilities, and penalties regarding the network and its associated components.

Compliance with this policy is mandatory and includes access and use of the district information system and all peripheral devices for printing, storing, archiving, and duplicating information regardless of location.

Use of the system carries a limited privacy expectation for all activities and files by all users. Parents/Guardians have the right at any time to request in writing to see the contents of their child's e-mail and stored files.

Be aware that personal files are discoverable under the State of South Carolina's Freedom of Information Act (FOIA). Richland One has the right to place restrictions on the material accessed or posted through the system.

Access to and use of the district system is provided as a privilege, not a right. All violations of the Acceptable Use Policy and its associated Administrative Rule will be investigated and will result in one or more of the following consequences:

- Limiting, suspending, or canceling use and access to the system
- Applying penalties in accordance with the Student Code of Conduct
- Levying fines and payments for damages, repairs, and hardware replacement
- Application of civil or criminal liability under other applicable laws
- Expulsion

DISCLAIMER OF LIABILITY

The district makes no warranties of any kind, either expressed or implied, that the functions of the services provided by or through the district system will be error-free or without defect. The district will not be liable for the users' inappropriate use of the district's electronic communication resources or violations of copyright restrictions, users' mistakes or negligence, or costs incurred by users. The district will not be responsible for ensuring the accuracy or usability of any information found on the Internet.

ACCEPTABLE USES

Student e-mail is limited to use for educational purposes. The term "educational purpose" includes classroom activities, career development, completing applications to colleges and universities, and other high-quality discovery activities as determined by the school district. Non-classroom activities, such as using e-mail to communicate with prospective colleges or universities, will at no time take precedence over classwork. For school-related business, you may download text and other non-executable files attached to e-mail messages. You will check your e-mail frequently, delete unwanted messages promptly, and stay within your e-mail quota. Be aware that e-mail may be deleted by system administrators at any time. Your right to free speech, as set forth in the Student Code of Conduct applies also to using e-mail and any other form of online communication. This student e-mail system is considered a limited forum, similar to the school newspaper, and therefore the district may restrict your speech.

You will immediately notify a teacher or the system administrator if you have identified a possible security problem.

PROHIBITED USES

Students also should avoid posting confidential information. LEVEL III - MAJOR OFFENSES

Level III offenses are considered safety violations and/or criminal misconduct. In all cases, the principal or designee, will refer the student to the Hearing Office. Students found in violation of a Level III offense are subject to expulsion from Richland One schools. Restitution also may be required. The principal, or designee, will notify appropriate law enforcement officials when a student violates board policies concerning drugs, alcohol, weapons, physical harm to a person, and/or threats of physical harm to a person. The school district reserves the right to proceed with discipline for any student charged with a Level III offense regardless of whether the student is criminally charged.

Note: Possession of a firearm on school property or within 1,000 feet of school campus violates federal and state laws. Such laws apply to all persons while on school property. It is the school board's policy to require the expulsion from school for a period of not less than 1 calendar year for any student who is determined to have brought a firearm to school. See School Board Policy JICI and South Carolina Code of Laws Section 59-63-235.

Sexual harassment is prohibited against members of the same sex as well as against members of the opposite sex.

Sexual Harassment may include, but is not limited to, verbal harassment, offensive comments or slurs, physical harassment, and physical interference with movement or work.

This will apply to any group not officially sanctioned and/or authorized by the school system.

3.17 Trespassing – No student may come on any district property or to any district activities or functions on or off school grounds without the prior approval of the principal or for activities open to all students of the district. While under suspension or expulsion, a student may not come on the property of any school without prior approval of the principal. The first trespassing offense is a Level II offense. Any subsequent trespassing violation is a Level III offense.

3.18 Major Disruption of the Educational Environment – A student may not cause or participate in a major disruption that places students, staff, or the educational process at risk. This includes major disruptions which result in destruction or damage to public or private property or causes personal injury to participants or others. An example of such behavior includes, but is not limited to, a student’s involvement in criminal activity that occurred outside of school hours.

a. Inciting a major student disruption – Leading, encouraging or promoting a major disruption through:

- Words or actions
- Interfering in a fight
- Refusal to comply

INTERVENTIONS AND DISCIPLINARY RESPONSES – LEVEL III

PRE-KINDERGARTEN – GRADE 12

The disciplinary response for the commission of a Level III offense may be removal from school. This may include the remainder of the school year and/or the next school year, depending on the circumstances. This determination is made as a part of the student hearing process.

The principal/designee, after reviewing the allegations and evidence against a student and giving the student the opportunity to respond to the allegations, is initially responsible for deciding that a Level III offense has been committed. Once that determination has been made, the principal/designee will give the student a notice of expulsion containing a written statement of the charges (and a statement of mitigating or extenuating circumstances, if any) and will refer the student to a hearing officer. If the hearing officer determines, based on facts and evidence presented at the hearing, that the student committed a Level III offense, the student may be subject to expulsion.

If, however, there are mitigating or extenuating circumstances, the hearing officer will separately state those circumstances and may consider them in deciding appropriate disciplinary action. Mitigating or extenuating circumstances include, but are not limited to, the absence of severe personal injury, the absence of extensive property damage, identified disabilities, including lack of English proficiency, which may require the need to provide English as a Second Language services or interventions at the local school level, and no prior record of a Level III offense.

Students assigned to alternative programs as an alternative to expulsion are not eligible to participate/attend in any activities of any school other than their assigned school/program. Students who are candidates for promotion/graduation ceremonies who are found to have violated the student code of conduct of a Level III offense during their last grading period of study may be subject to exclusion from all promotion/senior activities including, but not limited to the prom, senior picnic, honors and awards day, and the graduation ceremony.

Students may be allowed to attend and be assigned to an alternative placement under the conditions set forth by the Board of School Commissioners. Should the parent or guardian be offered the opportunity for their child to attend the alternative school and decline, students under the age of 17 will be deemed truant and in violation of the South Carolina Compulsory School Attendance Law.

SUSPENSION PROCEDURES

PROCEDURES FOR SUSPENSIONS

A student accused of misconduct, which (in the opinion of the principal/designee) would require a suspension from school, will be afforded the procedure below. A student must be given an opportunity to complete assignments, take textbooks home and take major tests or exams missed during the period of suspension (within three days of returning from suspension). Detailed steps in the process are as follows:

1. The student must be told by the principal/designee the reason for the consideration of suspension.
2. The principal/designee should meet with the student to discuss the student's version of events and identify witnesses to the incident. The meeting may be delayed if the student's continued presence on the campus is a safety concern.
3. The principal/designee will make a determination as to whether the student violated the Student Code of Conduct and, if so, what disciplinary response will be imposed.
4. The principal/designee will report each suspension in writing to the student's parent/guardian providing notice of the reason for the suspension and an opportunity to have a conference with the principal/designee. This report will be provided to the parent/guardian by email, school notification system, hand delivery, or other reliable means by the end of the day of the suspension.
5. If requested, the conference with the parent/guardian will occur within three (3) calendar days of the date of suspension. The principal/designee will issue a written decision within three (3) school days of the conference. Parents/Guardians may appeal the suspension to the Director of Student Intervention Services.
6. At the discretion of the principal/designee, a written behavior contract may be required upon the return of the student to the school. Students and/or parent/guardian may be required to attend classes or workshops conducted by the district or partnering agency or entity as a means of preventing similar behavior in the future.

A student who is suspended out of school cannot attend school during the daytime or at night, cannot ride a school bus, cannot be present at any school district facility or activity and cannot participate in extracurricular activities. During the time of a school bus suspension, parents are responsible for transporting the student to and from school. Students are expected to attend school while on suspension from the bus.

LIMITS TO SUSPENSION

A student may not be suspended for more than ten (10) days for any occurrence and no more than a total of thirty (30) school days in one school year. A principal may not suspend a student from school during the last ten (10) days of the school year if the suspension would result in the loss of course credit, unless the appropriate executive director approves, if the student is an actual threat to the class or school, or a hearing (conducted by the Chief of Teaching and Learning, Executive Director of Schools, and Director of Student Intervention Services) is granted by the end of the next school day following the suspension.

Expulsion is the most severe punishment a school system may use. In certain cases, the Board may permanently expel a student. For example, a student who is determined to have brought a firearm to school, as defined in Section §59-63-235 of South Carolina's Code of Laws, will be expelled for a period of not less than one calendar year (365 days). Expelled students may not enroll in or attend any educational program operated by the school district.

SUSPENSION APPEALS

If, after a conference with the principal, the parent/guardian may appeal the suspension to the Director of Student Intervention Services. The parent/guardian must request the appeal in writing within three (3) school days after the date of the principal's written decision stating the reason for the appeal.

The Director of Student Intervention Services will hold a conference with the parent/guardian within five (5) school days and issue a written opinion within three (3) school days following the appeals conference. **The decision of the Director of Student Intervention Services is final.**

PROCEDURES FOR FORMAL DUE PROCESS HEARINGS

A principal/designee may recommend a student for expulsion for a Level III offense by notifying the parent/guardian that the student is recommended for expulsion and shall be suspended until the hearing with the Hearing Officer.

1. The Hearing Officer will conduct a hearing within fifteen (15) calendar days from the date of receipt of the suspension notice from the school. The Hearing Office will contact the parent/guardian to discuss the options for conducting the hearing. The parent/guardian will be given an option to have a virtual or in-person hearing.
2. If the parent/guardian chooses the virtual hearing, a hearing notification letter will be provided to the parent/guardian by email, school notification system, or other reliable means. The virtual hearing will be conducted via Microsoft Teams.
3. If the parent/guardian chooses the in-person hearing, the Hearing Office will notify the parent/guardian by email, school notification system, or other reliable means the scheduled time and date of the hearing.
4. The parent/guardian must appear with the student at the hearing. Rescheduling must be requested at least two (2) school days before the hearing time; otherwise, hearings will be

held as scheduled regardless of the attendance of the parent/guardian or student. Due to scheduling requirements, a delay of no more than fifteen (15) minutes can be allowed for a tardy parent/guardian or student.

5. A school hearing is an administrative proceeding. The parent/guardian should notify the Hearing Office within two (2) school days if they are bringing an attorney to the hearing.
6. The Hearing Officer reserves the right to admit or deny the presence of any person in the hearing conference, other than the student and the student's parent/guardian. Documentation of legal guardianship will be required.
7. At the hearing, the Hearing Officer will give the student an opportunity to admit or deny the offense or offenses.
8. If the student denies the offense or offenses, he/she will be given an explanation of the evidence on which the offenses are based and an opportunity to explain his/her version of the facts.
9. The Hearing Officer must allow all parties to call witnesses. The witnesses have a right to privacy.
10. Appropriate behavior by the student and the parent/guardian is expected during the hearing procedure. The Hearing Officer may, at his/her discretion, stop the hearing at any point or have any party removed for failure to comply with a directive of the Hearing Officer.
11. After following the above procedures, the Hearing Officer, based on all facts presented in writing and orally, will decide whether the student did or did not commit an offense, what offense, if any, was committed and the appropriate punishment. The Hearing Officer will prepare a written decision that will include the offenses against the student; the time, date and location of the hearing; a summary of the evidence presented at the hearing; the conclusions drawn from the evidence; and the disposition of the case.
12. The Hearing Officer may require restitution for damages to the school board for personal property.
13. A recording will be made of the hearing and will be kept in the Hearing Office for no less than one year from the date of the hearing. The parent/guardian may request a copy of the recorded hearing for a minimal fee from the Hearing Office. No other parties may record the hearings.
14. At the Hearing Officer's discretion, based upon the information presented at the hearing, one of the following district-level sanctions (listed from least to most severe) may be imposed (not an exhaustive list):
 - Written warning or probation contract and return to school
 - Probation contract and/or assignment to support program and return to school
 - Placement in an alternative program or intervention program (i.e. evening high) on probation contract
 - Expulsion (for the remainder of the school year or up to 365 days for a firearm)

Note: In cases where 3.01 Drugs and 3.02 Alcohol are involved, the following actions will be taken:

First Offenders who have completed an appropriate counseling program or enrolled in an appropriate counseling program at the time of the hearing may be returned to their home school.

EXPULSION HEARING APPEALS PROCESS

The decision of the hearing officer may be appealed if a written notice of appeal is made to the Superintendent within five (5) calendar days of notification of the hearing officer's decision. Failure to request an appeal within five days will result in a waiver of the right to appeal, and the hearing officer's decision will become final.

The Superintendent or his/her designee reserves the right to review the matter or send the appeal to the board for final consideration. If the Superintendent or his/her designee reviews the appeal, he/she reserves the right to review the record or meet with the parties. If a meeting is held, it will take place within five (5) school days of the written request. An appeal will be limited to the established record, and no new testimony will be allowed. The Superintendent or his/her designee will issue a written decision within five (5) school days of the appeals meeting. If the Superintendent or his/her designee does not meet with the parties, a written decision will be issued within five (5) school days of the written request.

The decision of the Superintendent or his/her designee may be appealed to the board. If a written appeal is properly requested within five (5) calendar days, the board will review the record concerning the expulsion and consider the appeal at the next regularly scheduled board meeting. The student may be represented by counsel at the appeal. Representatives of the district and the parent/legal guardian may make brief statements to the board, but no new evidence may be presented unless such evidence was not reasonably discoverable at the time of the hearing. Members of the board may ask questions for purposes of clarification of the record.

The board will make a final determination regarding the expulsion of the student and will provide written notification of its decision within five (5) days of hearing the appeal. The decision of the board may be appealed to the court.

Should the board reject an administrative recommendation for expulsion, or should a court reverse the expulsion action, the board will excuse all student absences resulting from said action.

If the student is expelled, the student may submit a request for readmission the following year, excluding expulsion for a firearm (up to 365 calendar days).

REQUEST FOR TRANSFER REVOCATION APPEAL

A student's transfer may be recommended for revocation by the principal for repeated consequential violations of the Student Code of Conduct, the submission of incorrect information and employee separation from the district See Board Policy JFABC and AR-JFABC-R. The principal will notify the parent/guardian of the recommendation and the right to appeal to the Director of Support Services. Students may not return to their zoned schools before the ten (10)-day appeal ends. The appeal must be made within ten (10) school days of written notice. During the appeal, the student is to remain at the school to which he/she was transferred. The effective date of the transfer should not result in a student losing credits toward graduation. The decision of the Director of Support Services or his/her designee is final.

ALTERNATIVE PLACEMENT AND EXPULSION

ALTERNATIVE PLACEMENT CONDITIONS

Students may be allowed to attend an alternative school as an alternative to expulsion under conditions in order to earn re-admittance to their zoned school. Should the parent/guardian be offered the opportunity for their child to attend the alternative setting and decline, students under the age of 17 will be deemed truant and in violation of the South Carolina Compulsory School Attendance Law.

1. A student may receive course credit while enrolled in an alternative school or program.
2. Students assigned to an alternative placement may be readmitted to a traditional Richland One school after the period of expulsion.
3. A student with a disabling condition may be expelled with an alternative for engaging in conduct that would warrant such action for a non-disabled student if the misconduct is not related to the disabling condition. The student, however, will continue to receive an appropriate part of his special education program in an alternative setting pursuant to federal and state laws.

EXPULSION CONDITIONS

1. A student may not receive course credit for the semester and/or year in which the expulsion occurs.
2. A student with a disabling condition may be expelled for engaging in conduct that would warrant such action for a non-disabled student if the misconduct is not related to the disabling condition. The student, however, will continue to receive an appropriate part of his/her special education program in an alternative setting.

PERMANENT EXPULSION

The school board may permanently expel any incorrigible student. The word “incorrigible” is given the broadest possible meaning and is not limited to violent behavior. The incorrigible misbehavior need not be a continual pattern of activity because one serious offense which threatens the safety and general order of the school, its students, and personnel will suffice.

Examples of incorrigible misbehavior include, but are not limited to, the following:

- Carrying a loaded gun or an unloaded gun
- Dealing drugs
- Committing a sexual assault on the school premises
- Assault on an employee of the district
- Severely or mortally wounding another student, employee or visitor

Due process proceedings will be provided for the student in determining if the misconduct has occurred (in accordance with procedures for expulsion), and the ultimate administrative decision regarding permanent expulsion will lie with the school board.

REINSTATEMENT PROCEDURES

1. Students Entering Richland One with a Record of Expulsions or Alternative School Placements in a Previous District and/or Students Returning from the Department of Juvenile Justice

All students returning or entering the district from the Department of Juvenile Justice (or any comparable correctional facility), OR all students requesting entry into Richland One from another district in which the student has a discipline record, must report to the Hearing Office for appropriate placement.

After reviewing the student's records and conferring with appropriate staff, the Director of Intervention Services or designee will make a decision from among the following options:

- Allow the student to return to the student's zoned school or appropriate placement
- Place the student in an alternative program
- Deny the student admission into the district
- Reinstatements are "conditional" pending receipt of all official student records

2. The Return to School of Students Expelled from Richland One Schools

- All students who have been expelled must submit a written request to the Hearing Office in order to return to school. This request must be made at least 30 school days before the beginning of the school year or the second semester, as the case may be. The request must state, in detail, why the student should be allowed to return to school.
- All students returning from expulsion will be placed on probation for a one-year period, the terms of which will be drawn up in a probation contract. Violations will be addressed in the contract.

3. The Return to School of Students from Alternative Placements in Richland One

- All students who have been placed in an alternative setting will be eligible to return to the school for which their residence is zoned at the successful conclusion of the alternative placement or the academic year in which the sanction was imposed by the Hearing Office.
- All students returning/entering schools in Richland One under the above procedures will be placed on probation for a period of at least the remainder of the current school year. Violations will be addressed in the contract.

4. Reinstatement Procedures for Students with an Identified Disability.

- All students with an identified disability returning or entering the district from (1.) the Department of Juvenile Justice (or any comparable correctional facility.) (2.) an alternative placement (mental health, alternative school or residential treatment facility) or (3.) students requesting entry into Richland One from another district in which the student has a discipline record are:
 - Required to obtain a Reinstatement Letter to acknowledge that the District Hearing Office has received the student's reinstatement application.
 - Reviewed by an IEP committee appointed by the Office of Special Services to determine the most appropriate placement for the student attempting to enroll in Richland One.
 - The IEP committee must include the appropriate team members. (LEA, special services consultant, school psychologist, special education teacher, general education teacher, parent of the student, and student when appropriate.)
 - The IEP committee can place a student with a disability in an alternative or temporary educational setting based on the educational, emotional, and functional needs of the student.

DISCIPLINE OF STUDENTS WITH DISABILITIES

Richland County School District One follows the provisions as outlined in the South Carolina Department of Education, Office of Exceptional Children's guide entitled Special Education Process Guide for South Carolina (Revised March 20, 2013) and according to any subsequent revisions. This guide is posted on the Special Education Department's page on the district's website.

The Individuals with Disabilities Education Act (IDEA) allows the parents of a child who has not been determined eligible for special education and related services to assert IDEA protections, including the use of due process, in circumstances when the LEA/District had knowledge that the child was a student with a disability before the occurrence of the behavior that caused the disciplinary action. (34 CFR § 300.534(a))

When a student with a disability violates the LEA/Student Code of Conduct, that behavior could result in suspension or expulsion. Such removals from school are subject to the disciplinary provisions of special education law. Therefore, the LEA/District officials must consider suspension and expulsion for children with disabilities very carefully.

A student defined under IDEA as having a disability or a student defined under Section 504 as having a handicap may not be suspended for more than ten (10) school days unless an IEP or a 504 school-based team of professionals who have knowledge of the student and the handicapping condition meets to first determine that the behavior is not a manifestation of the student's disability/handicap. In such cases, if suspension is imposed, the Individual Education Plan (IEP) team is obligated to provide an educational program for students with disabilities as defined in the Special Education Process Guide for South Carolina. A student with a disability may be removed by school/district administrators to an interim alternative education setting for 45 school days for drugs, weapons and serious bodily injury offenses. The district may not be obligated to provide services in an alternative setting for Section 504 students.

ATTENDANCE & TRUANCY

1. Attendance

Each student is expected to attend all scheduled classes and activities every day as outlined by the district, except when excused. A student who reports to his/her assigned school but fails to attend all scheduled classes and activities, except when excused by a teacher or administrator, is subject to discipline under Section IV, Level I-(1.04), "Class Cutting."

2. Responsibility After an Absence

Any time that a student is absent, the parent or guardian must provide a written note to school satisfactorily explaining the absence. A satisfactory note from a parent or guardian meets the following state guidelines for an excused and legal absence:

- Illness
- Death in the immediate family
- Inclement weather (as determined by the principal or designee) which would be dangerous to the life and health of the child
- Recognized religious holiday of the student's faith
- Legal quarantine
- Emergency conditions as determined by the principal; or
- Prior permission of the principal and consent of the parent or guardian

The note or doctor's excuse must be sent to school ***within two (2) days*** of the student's return to school to be counted as an excused absence.

3. Absences - Filing Truancy Petitions

A child, at least 6 years old but not yet 17, who has three (3) unexcused absences in a row or a total of five (5) unexcused absences at any point in the school year, is truant and in violation of the South Carolina Compulsory School Attendance Law.

The following steps will be taken by the principal or his/her designee:

- Notify the parents in writing to report to the school to complete an Attendance Intervention Plan as mandated by law. Failure to follow the Attendance Intervention Plan will result in the parent being notified via certified mail that a petition is being filed in Richland County Family Court.
- Complete all portions of the petition, obtain the principal's signature and have the document properly notarized.
- Attach a copy of the student's Attendance Intervention Plan, discipline records, grades, attendance record, staff affidavits and all court-mandated forms.
- Send the original petition, three copies and all attachments to the Office of the Solicitor of the Fifth Judicial Circuit Court.
- Keep a copy of the petition and all attachments in the school's attendance office and send a copy to the district's Office of Social Work Services.

4. Contempt of Court Affidavits

If it is determined that a student or his parent has violated a court order to attend school, the following steps will be taken by the principal:

- Complete the contempt affidavit charging the parents with contempt of court, signed by the principal and properly notarized
- Attach an up-to-date certified copy of the student's discipline records, grades, attendance record and all court-mandated forms
- Send the original contempt affidavit and three copies of all attachments to the Office of the Solicitor Fifth Judicial Circuit Court
- Keep a copy of the contempt affidavit and all attachments in the school's attendance office and send a copy to the district's Office of Social Work Services

5. Granting High School Credits

The school year consists of 180 school days. High school students or students in middle school taking courses for graduation credit can have only three unexcused absences during 45-day courses, five unexcused absences during 90-day courses and ten (10) unexcused absences during 180-day courses to earn course credit.

Excessive class absences should be noted on the student's interim report and followed up with additional communication during the year when students are in danger of not receiving credit due to excessive absences. A "failure/no credit notification" will be sent to parents/guardians for each course a student is failing or for which he/she is not receiving credit along with the reason(s) for failing or not receiving credit indicated. The correspondence also must inform the parent/guardian of attendance and credit recovery options that are available to the student through the school and district. This information will be mailed on the last day of classes for semester and year-long courses.

In cases where high school credit has been denied due to attendance regulations, students and their parent/guardian must be informed they may submit an appeal of the school's decision to the Executive Director of their school. A committee consisting of an Executive Director of Schools, the Executive Director of Curriculum and Instruction, and the Director of Support Services will review the appeal request. This appeal must be in writing and must be filed within four (4) working days after the last day of the semester/year. The appeal should be heard within ten (10) workdays of the end of the semester/year. The Executive Director of Schools will inform schools of the documents/procedures necessary to expedite such appeals. The Executive Director's decision will be final.
