Code of Conduct and Terrorist Threat and other First Day Presentations

Instructions for Principals August 2025

Campus Leaders:

1. The expectation is that every child enrolled on your campus on Monday, August 13, 2025, will view the video presentations over the Code of Conduct, Terrorist Threats, and Bullying. A Yondr Powerpoint should also be presented by the teachers.
2. Please be clear in your instructions to teachers about this event. You will have to give instructions about either projecting the presentations as a video or accessing through other means.
3. **It is recommended that teachers practice the actual viewing so that there are no issues on the first day.**
4. The viewing should be considered as a lesson for students, with opportunities for questions. Teachers will receive the "Briefing Points for Teachers" document to help guide them in any discussion. You may provide insight and enrichment to your teachers as well.
5. Each student is to sign the acknowledgment that they have viewed the videos/powerpoints. Teachers must assure that each student who is present signs the acknowledgment form and turns the forms into the front office.
6. You will want to have a procedure for students who are in waiting areas to view this presentation as well.
7. Please have a clear plan for teachers returning these acknowledgment forms. Please compare these against rolls to assure each student did indeed participate and sign as directed.
8. Maintain the acknowledgement forms on campus throughout the year. When working with a student and parent in a discipline situation, it may prove beneficial to be able to access the acknowledgment. The Central Office may request this documentation as well.
9. Please also read through the "Student Code of Conduct and Terrorist Threats and Education Plan". You have responsibilities as the school year develops to replicate this process for each newly enrolled student. Please work with your team to assure these expectations are met. This is especially critical as students continue to enroll during the first week.
