The District's Policy Manual, developed with Erie 1 BOCES Policy Services, does not provide legal advice. Applying Board policies to specific situations may require consulting with school administrators/school attorney, or other professionals to address the particular circumstances.

FOREWORD

Here are the policy statements formulated by the Board of Education (Board) of the William Floyd Union Free School District (District).

Policy is defined as a basic plan of action. It establishes limits within which freedom of judgment can be exercised. Policy is also a governing principle of management. It is a statement that has an effect on the interests of those who come under its jurisdiction. A policy may originate from the constitution, from statute, from local determinations, or from customary patterns of formal behavior.

Policy should accomplish the following:

a) State a position taken by the District;

b) Grant the authority to act;

c) Be sufficiently detailed to give adequate direction;

d) Be achievable within the real environment of the school and community;

e) Provide for impartial procedures.

In addition to the adopted policies, the operation of the District is governed by and subject to all applicable laws, regulations of the Commissioner of Education, Civil Service requirements, Board Resolutions, School Administrative Regulations and Contracts of Agreement.

If any part of this manual is made invalid by judicial decision or legislative or administrative enactment, all other parts will remain in full effect unless and until they are amended or repealed by the Board of Education. The official record of the adoption, amendment, or repeal of the bylaws and policies of the William Floyd Union Free School District will be the minutes of the Board's meetings.

Education Law §§ 1528 and 1529
Election Law § 14-100(1)

Adoption Date: 5/9/23

SUBJECT: RESIGNATIONS AND VACANCIES ON THE BOARD

Board members may resign at a District meeting of residents (i.e., the annual meeting, not a regular Board meeting) or by filing a written resignation with the District Superintendent of the Supervisory District who must endorse his or her approval and file the resignation with the District Clerk.

Alternatively, a Board member may resign by filing a written resignation with the District Clerk. The Clerk must then notify the Board and the State Board of Elections.

A resignation may be withdrawn only with the consent of the person to whom the resignation was delivered (i.e., the District Clerk or BOCES District Superintendent). The Board has no authority to act upon a request to withdraw a resignation.

The resignation will take effect upon the date specified in the letter of resignation; however, if no effective date is specified, it will take effect on the date of delivery to or filing with the District Clerk. If an effective date is specified in the letter of resignation, the date must not be more than 30 days subsequent to the date of its delivery or filing.

It will be the duty of each member of the Board to attend all meetings of the Board and, if any member refuses to attend three consecutive meetings of the Board after having been regularly notified and a satisfactory cause for each non-attendance is not shown, the Board will proceed to declare that office vacant.

A Board member may be removed from office by the Commissioner of Education for willful violation of any provision of law, neglect of duty, or willfully disobeying any decision, order, or regulation of the Commissioner. The Board may also remove a Board member for misconduct relating to the exercise of authority as a Board member. A written copy of all misconduct charges must be served upon the Board member at least ten days before the time designated for a hearing on the charges; the Board member will be allowed a full and fair opportunity to refute the charges before removal.

In the event of death, resignation, removal from office or from the District, or refusal to serve as a Board member, the District has the power and duty to fill the vacancy. If the Board chooses to fill the vacancy by appointment, the appointment requires a majority vote of the full Board and will be only for a term ending with the next annual election of the District.

The Board, at its own option, may instead call a special election within 90 days to fill the unexpired term. If not filled by Board appointment or special election, the District Superintendent of the Supervisory District may appoint a competent person to fill the vacancy until the next annual election. Alternatively, the Commissioner of Education may order a special election for filling a vacancy. When a special election is ordered, the vacancy will not be otherwise filled.

A person elected or appointed to fill a vacancy will take office immediately upon filing the oath of office.

A Board member who has been removed from office will be ineligible to appointment or election to any office in the District for a period of one year from the date of such removal.

Adoption Date: 5/9/23

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR

The Board by law must obtain an annual audit of its records by an independent certified public accountant (CPA) or an independent public accountant (PA). The audit must also include all extraclassroom activity funds. The independent accountant will present the report of the annual audit to the Board. The Board will adopt a resolution accepting the audit report and file a copy of the resolution with the Commissioner. The District will also file the audit report with the Commissioner for a specific school year by October 15 of the following school year. In addition to the annual audit, the District is subject to state audits conducted by the State Comptroller.

The independence and objectivity of the auditor may be enhanced when the Board and Audit Committee perform an oversight role with respect to the hiring and performance of the auditor, as required by law. Similarly, no audit engagement will be for a term longer than five consecutive years. The District, may, however, permit an independent auditor engaged under an existing contract for those services to submit a proposal for those services in response to a request for competitive proposals or be awarded a contract to provide those services under a request for proposal process.

Duties and Responsibilities

The independent auditor must conduct the audit in accordance with Generally Accepted Government Auditing Standards (GAGAS) issued by the Comptroller General of the United States. Standards of GAGAS are organized as general, fieldwork, and reporting.

Below are some important considerations the District will expect of the auditor in preparing the audit; however, they should not be considered all-inclusive or a substitute for the auditor's professional judgment.

a) Independence: The auditor must document that he or she is independent of the District and free of personal and external impairments. The auditor must establish an internal quality control system to identify any personal and external impairment and assure compliance with GAGAS independence requirements.

b) Internal Quality Control System: The auditor must document that his or her internal quality control processes adequately demonstrate compliance with government auditing standards. He or she must establish an organizational structure, policies, and procedures to provide reasonable assurance of complying with applicable standards governing audits.

c) Internal Controls: The auditor must obtain a sufficient understanding of the District's internal controls and document such understanding covering the five interrelated components: the control environment, risk assessment, control activities, information and communication, and monitoring.

(Continued)

SUBJECT: DUTIES OF THE EXTERNAL (INDEPENDENT) AUDITOR (Cont'd.)

d) Planning and Supervision: The auditor's work is to be properly planned and supervised and will consider materiality and/or significance in order to provide reasonable assurance of detecting misstatements resulting from direct and illegal acts and irregularities to financial statements. The auditor should also be aware of the possibility that indirect illegal acts may have occurred.

e) Audit documentation: In order to meet the GAGAS requirements, the audit documentation should provide a clear understanding of its purpose, the source, and the conclusions the auditor reached. It should be organized to provide a clear link to the findings, conclusions, and recommendations contained in the audit report.

f) Reporting on Internal Controls and Compliance: The auditor must report on and present the results of his or her testing of the District's compliance with laws and regulations and its internal controls over financial reports in light of irregularities, illegal acts, other material noncompliance, significant deficiencies, and material weaknesses in internal controls.

Generally Accepted Government Auditing Standards (GAGAS) §§ 3.50-3.54, 4.03, 4.19-4.24, and 5.07-5.20

Adoption Date: 5/9/23

SUBJECT: APPOINTMENT AND DUTIES OF THE CLAIMS AUDITOR

Support may include itemized documentation, a thorough description of the goods or services, and detailed receipts and invoices. The Claims Auditor will ensure that each claim is legitimate, mathematically correct, does not exceed any available appropriation within the applicable budget code, and is made in accordance with District policy, purchasing order, or contract before authorizing payment. This auditor will certify that he or she audited each claim listed on the claims warrant to authorize the Treasurer to pay. The Treasurer should compare the signed checks to the certified warrant to verify accuracy and consistency before issuing payment.

The Claims Auditor will report directly to the Board on a monthly basis. The Board may require that the Claims Auditor report to the Clerk of the District, Clerk of the Board, or to the Superintendent for administrative matters such as workspace, time, and attendance.

The Board may adopt a resolution establishing the office of Deputy Claims Auditor to act as the Claims Auditor in the absence of the Claims Auditor. The Board may, by resolution, abolish the position of Deputy Claims Auditor at any time. The same eligibility requirements and qualifications that apply to a Claims Auditor apply to the Deputy Claims Auditor.

Delegation of the Claims Audit Function

The Board may delegate the claims audit function by using inter-municipal cooperative agreements, shared services through a Board of Cooperative Educational Services, or independent contractors, provided that the individual, organization, or entity:

a) Has no other responsibilities related to the business operations of the District;

b) Has no interest in any other contracts with, and does not provide any goods or services to, the District; and

c) Is not a close or immediate family member of anyone who has responsibilities related to District business operations, or has an interest in any other contracts with the District.

The Board remains ultimately responsible for auditing all claims.

SUBJECT: POLICY AND ADMINISTRATIVE REGULATIONS

The formulation and adoption of written policies will constitute the basic method by which the Board will exercise its leadership in the operation of the District. The Superintendent will act as an advisor to the Board in adopting and approving of written Board policies. The Board will seek input from staff and the community where appropriate. These written Board policies will govern the operation of the District.

The adoption of a written policy will occur only after the proposal has been moved, discussed, and voted on affirmatively at two separate meetings of the Board (i.e., the "first reading" and the "second reading"). The policy draft may be amended at the second meeting. By a majority vote, the Board may waive the "second reading" and complete the adoption of the proposed policy at its "first reading."

Board action is also necessary for revising policies that require amendment or rescinding policies that are no longer relevant or applicable to the District.

The formal adoption, amendment, or deletion of written Board policy will be recorded in the official minutes of the Board. This written Board policy will govern the conduct and affairs of the District and will be binding upon the members of the educational community in the District.

It will be the Board's responsibility to keep its written policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision. The Superintendent is given the continuing commission of calling to the Board's attention all policies that are out-of-date or for other reasons appear to need revision.

Execution of Policy: Administrative Regulations

The Board will delegate to the Superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated. These rules and detailed arrangements will constitute the administrative regulations governing the schools, and they will be consistent with the policies adopted by the Board. The Board will be kept informed periodically of changes in administrative regulations.

Adoption Date: 5/9/23

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE)

All Board meetings will be open to the public except those portions that are executive sessions. The Board will make reasonable efforts to ensure that all meetings are held in an appropriate facility that can adequately accommodate all members of the public who wish to attend. The Superintendent will attend all Board meetings. Members of the Superintendent's staff may attend Board meetings at the Superintendent's discretion. The Board may also request that additional people attend.

Regular Board meetings will take place on the day and time designated by the Board at the Annual Organizational Meeting, except as modified. Any Board meeting may be adjourned to a future date and time if approved by a majority of the Board present. Further, if a meeting date falls on a legal holiday, interferes with other area meetings, or Board member attendance will be less than a quorum, the Board will select a date for a postponed meeting at the prior regular meeting, and it will direct the District Clerk to notify all members. The District Clerk will provide the Board members written notice of the time of and agenda for each regular meeting before the meeting.

When the Board schedules a meeting on at least one week's notice, it will give or electronically transmit public notice of the time and place to the news media and conspicuously post the notice in one or more designated public locations at least 72 hours before the meeting. Notice of other meetings will be given or electronically transmitted, to the extent practicable, to the news media and conspicuously posted at one or more designated public locations at a reasonable time before the meeting. When the Board has the ability to do so, it will conspicuously post meeting notices on the District's website. If a meeting is streamed live over the Internet, the notice will inform the public of the website's Internet address.

The Superintendent will prepare the meeting agenda during the week before the meeting and review it with the Board President. The agenda will then be distributed to Board members no later than the Friday before the regular meeting. The President or other Board members will submit requests to place matters on the agenda to the Superintendent. Whenever individuals or groups wish to bring a matter to the attention of the Board, they will submit a written request to the Superintendent.

District records available to the public under the Freedom of Information Law, as well as any proposed resolution, rule, regulation, policy, or amendment scheduled to be discussed at a Board meeting will be made available upon request, to the extent practicable, at least 24 hours before the meeting. Copies of these records may be made available for a reasonable fee. These records will be posted on the District's website, to the extent practicable, at least 24 hours before the meeting.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)

Using Videoconferencing to Conduct Board Meetings

If videoconferencing is used to conduct a Board meeting:

a) The Board will provide an opportunity for the public to attend, listen, and observe the meeting at any location where a Board member is participating; and

b) The public notice for the meeting will inform the public that videoconferencing will be used, identify the locations for the meeting, and state that the public has the right to attend the meeting at any of the locations.

Voting may be done through videoconferencing provided that Board members can be both seen and heard voting and participating from remote locations.

Extraordinary Circumstances

In extraordinary circumstances, the Board may, in its discretion, permit Board members to participate in a Board meeting remotely by videoconference from locations that are not open to the public. For purposes of this policy, this is referred to as extraordinary circumstances videoconferencing.

However, in order for the Board to utilize extraordinary circumstances videoconferencing, the following conditions must be met:

a) The District must maintain an official website.

b) The Board must have adopted a resolution, following a public hearing, authorizing the use of extraordinary circumstances videoconferencing:

   1. For itself and its committees or subcommittees; or

   2. Specifying that each committee or subcommittee may make its own determination.

c) The Board must have established written procedures governing Board member and public attendance at meetings where extraordinary circumstances videoconferencing is being used that are consistent with law and those procedures must be conspicuously posted on the District's website.

(Continued)

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)

d) Board members must only participate in meetings remotely from locations that are not open to the public in an extraordinary circumstance. How the Board defines extraordinary circumstances must be set forth in the Board's resolution and written procedures related to extraordinary circumstances videoconferencing. Extraordinary circumstances may include disability, illness, caregiving responsibilities, or other significant or unexpected factor or event which precludes the Board member's physical attendance at a meeting. Except for an extraordinary circumstance, Board members must be physically present at meetings unless a state disaster emergency has been declared or a local state of emergency has been proclaimed and the Board has determined that the circumstances necessitating the emergency declaration would affect or impair the ability of the Board to hold an in-person meeting.

e) At the meeting where extraordinary circumstances videoconferencing is being used:

1. The public must be able to attend, listen, and observe the meeting in at least one physical location at which a Board member is participating.

2. A minimum number of Board members must be present to fulfill the quorum requirement in the same physical location or locations where the public can attend.

3. Except in the case of executive sessions, Board members must be able to be heard, seen, and identified while the meeting is being conducted, including, but not limited to, any motions, proposals, resolutions, and any other matter formally discussed or voted upon.

4. The minutes of the meeting must include which, if any, Board members participated remotely and must be made available in accordance with law.

5. The public notice must inform the public that: videoconferencing will be used; where the public can view and/or participate in the meeting; where required documents and records will be posted or available; and identify the physical location(s) for the meeting where the public can attend.

6. The meeting must be recorded. The recordings must be posted or linked on the District's website within five business days following the meeting, and must remain available for a minimum of five years thereafter. Upon request, these recordings must be transcribed.

7. The Board must provide the opportunity for the public to view the meeting via video, and to participate in proceedings via videoconference in real time where public comment or participation is authorized and must ensure that videoconferencing authorizes the same public participation or testimony as in person participation or testimony.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)

8. The Board must utilize technology to permit access by individuals with disabilities consistent with the 1990 Americans with Disabilities Act, as amended, and corresponding guidelines.

Recording Meetings

The Board allows public meetings to be photographed, broadcast, webcast, or otherwise recorded and/or transmitted by means of audio or video, in a non-disruptive manner, and it supports the use of this technology to facilitate the open communication of public business.

Quorum

The quorum for any Board meeting is five members. No formal action will be taken at any meeting where a quorum is not present. Unless otherwise required by law, official action will only be taken by approval of the majority of the full Board.

Use of Parliamentary Procedure

The Board will use pertinent portions of the latest edition of Robert's Rules of Order to conduct its business.

Public Comment

The Board encourages courteous and respectful public comment at Board meetings. All speakers must conduct themselves in a civil manner. Obscene language, harassing language, defamatory statements, and threats of violence are prohibited. All participants are required to comply with the District *Code of Conduct*.

The Board will designate a specific portion of its meeting agenda for public comment for a period of up to 30 minutes on agenda items only. The public is not permitted to discuss topics unrelated to the District, matters unrelated to the agenda, and/or matters involving specific individuals. Each speaker will be allowed up to three minutes. The Board may request, but will not require, speakers identify themselves. The Board is not required to allow speakers to cede their remaining time to other speakers. Written comments may be directed to the Board.

If there are a large number of individuals who want to address the Board, the Board President may limit the number of repetitive comments being made so that the time limit on public comment is not exceeded.

SUBJECT: REGULAR BOARD MEETINGS AND RULES (QUORUM AND PARLIAMENTARY PROCEDURE) (Cont'd.)

If individuals engage in disruptive or unruly behavior during the meeting, the Board President will remind the audience of this policy and the requirement to conduct themselves in a civil manner and comply with the District *Code of Conduct*. The Board President may call for the removal of disruptive or unruly individuals from the meeting. When appropriate, law enforcement may be called to remove disruptive or unruly individuals. In some instances, individuals engaging in disruptive or unruly behavior may be subject to criminal sanctions.

A voter's absentee ballot must reach the Office of the District Clerk not later than 5 p.m. on the day of the election/vote in order that his or her vote may be canvassed.

Qualified District voters who are unable to personally appear at the polling place because of a permanent illness or physical disability and whose registration record has been marked "permanently disabled" pursuant to law are entitled to receive an absentee ballot without application.

A list of all persons to whom absentee ballots have been issued will be maintained in the Office of the District Clerk and made available for public inspection during regular office hours until the day of the election/vote. Any qualified voter may, upon examination of this list, file a written challenge of the qualifications as a voter of any person whose name appears on this list, stating the reason for the challenge. The written challenge will be transmitted by the District Clerk to the election inspectors on the day of the District election/vote. Three days before the first day for distribution of military ballots, the names of all candidates duly nominated for public office and the amendments, referenda, propositions, and questions to be voted for on the ballots will be determined. If, at a later date, the nomination of any candidate named on a military ballot is found invalid, the ballot will still be valid, but no vote for the invalid candidate will be counted in the election/vote.

A voter's military ballot must be received by the Office of the District Clerk not later than 5 p.m. on the day of the election/vote in order that his or her vote may be canvassed at which point the military ballot will be processed in the same manner as absentee ballots.

These committees will be appointed by the Board. The Board has the right to accept, reject, or modify all or any part of a committee recommendation.

Audit Committee

The Board has established an audit committee to oversee the annual audit of the District and report on its findings to the Board.

Visitation Committees

The Board will appoint one or more committees to visit every school or department at least once annually and report on their conditions at the next regular meeting of the Board.

SUBJECT: ATTENDANCE BY BOARD MEMBERS AT CONFERENCES, CONVENTIONS, AND WORKSHOPS

The Board believes that continuing in-service training and development are important for its members. The Board, therefore, encourages the participation of all members at appropriate school board conferences, conventions, and workshops which are believed to be of benefit to the District. However, in order to control both the investment of time and funds necessary to implement this policy, the Board establishes the following guidelines:

a) The Board Clerk will inform the Board of upcoming conferences, conventions, and workshops. The Board will periodically decide which meetings appear to be most likely to produce direct and indirect benefits to the District. At least annually, the Board will identify those new ideas or procedures and/or cost benefits that can be ascribed to participation at these meetings.

b) Funds for participation at conferences, conventions, workshops and the like will be budgeted for on an annual basis. When funds are limited, the Board will designate which members are to participate at a given meeting.

c) Reimbursement to Board members for all actual and necessary registration fees, expenses of travel, meals and lodging, and all necessary tuition fees incurred in connection with attendance at conferences and the like will be in accordance with established regulations for expense reimbursement.

d) When a conference, convention, or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations, and materials acquired at the meeting.

The authorization for Board members to attend a conference, convention, or workshop will be by Board resolution adopted prior to attendance. However, the Board, in its discretion, may delegate the power to authorize attendance at conferences to the President of the Board.

Where authorization has been delegated to the President of the Board, no expense or claim form will be paid unless a travel order or similar document signed by the President is attached to the form, authorizing the claimant to attend the conference.

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING

General Criteria

The availability of Internet access in the District provides an opportunity for staff and students to access information and contribute to the District's online presence. The District/school/classroom websites must relate to curriculum or instructional matters, school authorized activities, or general information of interest to the public pertaining to the District or its schools. Staff and students are prohibited from publishing personal home pages or links to personal home pages as part of the District/school/classroom Web Page(s). Similarly, no individual or outside organization will be permitted to publish personal Web Pages as part of the District/school/classroom Web Page(s).

Internet access for the creation of Web Pages is provided by the District and all information must be reviewed by the Website Manager prior to publishing it on the Web. Personnel designing information for the Web Pages must familiarize themselves with and adhere to District standards and procedures. Failure to follow District standards or responsibilities may result in disciplinary sanctions in accordance with law and/or the applicable collective bargaining agreement.

The District will ensure that any and all notifications and documents required by law, regulation, or District policy to be posted on its website will be published.

Content Standards

a) Approval for posting a Web Page must be obtained from the Website Manager or his or her designee(s). If at any time, the Website Manager or designee(s) believes the proposed material does not meet the standards approved by the District, it will not be published on the Web. Decisions regarding access to active Web Pages for editing content or organization will be the responsibility of the Website Manager or designee(s).

b) A Web Page must be sponsored by a member of the District faculty, staff or administration who will be responsible for its content, design, currency and maintenance. The sponsor is responsible for ensuring that those constructing and maintaining the Web Page have the necessary technical training and that they fully understand and adhere to District policies and regulations. The Web Page must include the name of the sponsor.

c) Staff or student work should be published only as it relates to a school/classroom authorized project or other school-related activity, and in compliance with any and all relevant laws, rules, and regulations.

d) The review of a Student Web Page (if considered a school-sponsored student publication) will be subject to prior District review as would any other school-sponsored student publication.

(Continued)

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING (Cont'd.)

e) An authorized teacher who is publishing the final Web Page(s) for himself or herself or for a student will edit and test the Page(s) for accuracy of links and check for conformance with District standards and practices.

f) Commercial advertising or marketing on the District/school/classroom Web Page(s) (or the use of school-affiliated Web Pages for the pursuit of personal or financial gain) will be prohibited unless otherwise authorized in accordance with law and/or regulation. Decisions regarding website advertising must be consistent with existing District policies and practices on this matter. School-affiliated Web Pages may mention outside organizations only in the context of school programs that have a direct relationship to those organizations (e.g., sponsorship of an activity, student community service project).

g) Web Pages may include faculty or staff names; however, other personal information about employees including, but not limited to, home telephone numbers, addresses, email addresses, or other identifying information such as names of family members may be published only with the employee's written permission.

h) All Web Pages must conform to the standards for appropriate use found in the District's Acceptable Use Policy(ies) and accompanying regulations regarding standards of acceptable use; examples of inappropriate behavior; and compliance with applicable laws, privacy, and safety concerns.

i) All staff and/or students authorized to publish material on the District/school/classroom Web Page(s) must acknowledge receipt of the District's Web Page Standards and agree to comply with these standards prior to posting any material on the Web.

Release of Student Education Records/Directory Information

The District will not permit students' personally identifiable information to be posted on any District Web Pages unless the posting is consistent with the Family Educational Rights and Privacy Act (FERPA) and District policy.

Use of Copyrighted Materials and Fair Use Exceptions

Copyrighted Materials

All employees and students are prohibited from copying materials not specifically allowed by the copyright law, Fair Use guidelines, licenses, or contractual agreements, or the permission of the copyright proprietor. Web Page publications must include a statement of copyright when appropriate and indicate that permission has been secured when including copyrighted materials or notice that the publication is in accordance with the Fair Use provisions of the Copyright Law.

(Continued)

SUBJECT: DISTRICT STANDARDS AND GUIDELINES FOR WEB PAGE PUBLISHING (Cont'd.)

Consequences for Non-Compliance

Web Pages that do not comply with the above criteria are subject to revocation of approval and removal from the District/school/classroom websites.

Staff

Faculty or staff posting non-approved or inappropriate material on a school-affiliated website are subject to discipline, including possible suspension or revocation of access to the District's computer network, in accordance with law and applicable collective bargaining agreements. In the case that a violation may constitute a criminal offense, it will be reported to the appropriate authorities.

Students

Students posting non-approved or inappropriate material on a school-affiliated website are subject to discipline, including possible suspension or revocation of access to the District's computer network, in accordance with applicable due process procedures and the District *Code of Conduct*. In the case that a violation may constitute a criminal offense, it will be reported to the appropriate authorities.

SUBJECT: SCHOOL VOLUNTEERS

Volunteers are persons who are willing to donate their time and energies to assist building principals, teachers, and other school personnel in implementing various phases of school programs. Volunteers will serve in that capacity without compensation or employee benefits except for liability protection under the District's insurance program.

The Board has a school volunteer program to support District instructional programs and extracurricular activities. The purpose of the volunteer program is to:

a) Assist employees in providing more individualization and enrichment of instruction;

b) Build an understanding of school programs among interested citizens, thus stimulating widespread involvement in a total educational process;

c) Strengthen school/community relations through positive participation.

An application must be filled out by each prospective volunteer and forwarded to the District Office for evaluation. The building principal will forward his or her decisions concerning selection, placement and replacement of volunteers to the Superintendent for final evaluation. Following approval from the Superintendent, volunteers selected for work in the District will be placed on the list of approved volunteers. However, the Superintendent retains the right to approve or reject any volunteer applications submitted for consideration.

SUBJECT: VISITORS TO THE SCHOOL

All visitors will be required to report to the Main Office upon arrival at school and state their business. Visitations to classrooms for any purpose require permission in advance from the building principal in order to allow teachers the opportunity to arrange their schedules to accommodate these requests.

When individual Board members visit the schools, they must abide by the regulations and procedures developed by the administration regarding school visits.

All visitors must comply with the District's *Code of Conduct*.

Adoption Date: 5/9/23

SUBJECT: USE OF ASSISTANCE ANIMALS

The District recognizes the importance of service animals and affirms its commitment to allowing the use of these animals by individuals with disabilities on school grounds to facilitate their full participation in and equal access to District services, programs, and activities. Service animals are distinguished from emotional support, therapy comfort, or companion animals. The District will comply with all applicable federal and state laws and regulations related to service animals.

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

Where reasonable, the Board also allows the use of miniature horses on school grounds by individuals with disabilities. This use will only be permitted where a miniature horse has been individually trained to do work or perform tasks to benefit an individual with a disability. The use of miniature horses by individuals with disabilities is subject to the considerations and restrictions permitted by federal and/or state law.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals and miniature horses on school grounds by individuals with disabilities.

SUBJECT: PUBLIC COMPLAINTS

Complaints by citizens regarding any facet of the school operation often can be handled more satisfactorily by the administrative officer in charge of the unit closest to the source of the complaint. In most instances, therefore, complaints will be made to the building principal and/or his or her assistant if the matter cannot be resolved by the teacher, coach, or other school employee.

If the complaint and related concerns are not resolved at this level to the satisfaction of the complainant, the complaint may be carried to the Superintendent or their assistant. Unresolved complaints at the building level must be reported to the Superintendent by the building principal. The Superintendent may require the statement of the complainant in writing.

The Superintendent may, but is not required to, address anonymous complaints. All other complaints and related concerns that are not resolved at the Superintendent level to the satisfaction of the complainant may be carried to the Board. Unresolved complaints at the Superintendent level must be reported to the Board by the Superintendent. The Board reserves the right to require prior written reports from appropriate parties.

SUBJECT: SOLICITATION OF CHARITABLE DONATIONS

Students

Direct solicitation of charitable donations from District students on school property during regular school hours is prohibited. It is a violation of District policy to ask District students directly to contribute money or goods for the benefit of a charity during the hours in which they are compelled to be on school grounds.

However, this policy does not prevent the following types of fundraising activities:

a) Fundraising activities which take place off school grounds or outside of regular school hours during before-school or after-school extracurricular periods;

b) Arms-length transactions, where the purchaser receives consideration for his or her donation. For example, the sale of goods or tickets for concerts or social events, where the proceeds go to charity;

c) Indirect forms of charitable solicitation on school grounds that do not involve coercion, such as placing a bin or collection box in a hallway or other common area for the donation of food, clothing, other goods, or money.

The Board will ultimately decide which organizations, groups, etc. can solicit charitable donations and for what purposes, as long as the activities comply with the terms of this policy and the Rules of the Board of Regents.

Personnel

Soliciting of funds from school personnel by persons or organizations representing public or private organizations is prohibited. The Superintendent has the authority to make exceptions to this policy in cases where solicitation is considered to be in the District's best interest. The Board will be notified of these instances.

Distribution of information about worthwhile area charities may be made through the Office of the Superintendent as a service to District personnel.

SUBJECT: ADVERTISING IN THE SCHOOLS

District facilities, staff, and students will not be used or employed in any manner for advertising or otherwise promoting the interests of any commercial, political, or other non-school agency, individual, or organization, except that:

a) Schools may cooperate in furthering the work of any non-profit, community-wide, social service agency, provided that their cooperation does not restrict or impair the educational program of the schools or conflict with the Rules of the Board of Regents;

b) The schools may use films or other educational materials bearing only simple mention of the producing firm;

c) The Superintendent may, at his or her discretion, announce or authorize to be announced, any lecture or other community activity of particular educational merit;

d) The schools may, upon approval of the Superintendent, cooperate with any agency in promoting activities in the general public interest that are non-partisan and non-controversial, and that promote the education and other best interests of the students.

No materials of a commercial nature will be distributed through District students except as authorized by law or the Commissioner's regulations.

8 NYCRR § 19.6

SUBJECT: USE OF SCHOOL FACILITIES, MATERIALS, AND EQUIPMENT

School Facilities

It is the policy of the Board to encourage the greatest possible use of school facilities for community-wide activities including those uses permitted by New York law. Individuals or groups wishing to use the school facilities must secure written permission from the Board or its designee and abide by the rules and regulations established for use, including restrictions on alcohol, tobacco, and drug use. All visitors must comply with the District's *Code of Conduct.*

The District reserves the right to charge a fee for the use of its facilities in a manner consistent with law, and on terms specified in regulation or by agreement with these organizations.

Materials and Equipment

Except when used in connection with, or rented under provisions of Education Law Section 414, school-owned materials or equipment may be used for school-related purposes only. Private or personal use of school-owned materials and equipment is strictly prohibited. The loan of equipment and materials for public purposes that serve the welfare of the community is allowed, as long as the equipment is not needed at that time for school purposes and that the proposed use will not disrupt normal school operations.

The Board will permit school materials and equipment to be loaned to staff members when such use is directly or peripherally related to their employment, and to students when the material and equipment is to be used in connection with their studies or extracurricular activities. Community members will be allowed to use school-owned materials and equipment only for educational purposes that relate to school operations. The Board will also allow the loan of equipment to local governments and other entities that benefit the welfare of the surrounding community. The Board supports this inter-municipal cooperation as it saves taxpayer monies and is a more efficient use of scarce or costly equipment and resources.

To the extent the District receives funds made available through the United States Department of Education and maintains a "designated open forum" or a "limited public forum," as those terms are defined in federal regulation, it will not deny any group officially affiliated with the Boy Scouts of America or any other patriotic youth group listed in Title 36 of the United States Code equal access or a fair opportunity to meet. Likewise, the District will not discriminate against any group that requests to conduct a meeting within the District's designated open forum or limited public forum, including denying access or opportunity or discriminating for reasons based on the group's membership or leadership criteria or oath of allegiance to God and country.

The District will provide groups officially affiliated with the Boy Scouts of America or other Title 36 patriotic youth group access to facilities and the ability to communicate using school-related means of communication on terms that are no less favorable than the most favorable terms provided to other outside youth or community groups.

The District is not required to sponsor any group officially affiliated with Boy Scouts or any other Title 36 patriotic youth group.

The *Code* will govern the conduct of students, teachers, and other school personnel, as well as visitors and vendors. The Board will further provide for the enforcement of this *Code of Conduct*.

For purposes of this policy, and the *Code of Conduct*, school property means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of the District's elementary or secondary schools, or in or on a school bus; and a school function means a school-sponsored extracurricular event or activity regardless of where the event or activity takes place.

With the exception of law enforcement officers and licensed security guards who have been specifically authorized by the Board, as permitted by law, and individuals who have the express written permission of the Board or its designee, no person may have in his or her possession any weapon on school grounds, in any District building, on a school bus or District vehicle, or at any school-sponsored activity or setting under the control and supervision of the District. This prohibition includes, but is not limited to: any of the objects or instruments referred to in Section 265.01 of the New York State Penal Law; any air-gun, spring-gun, or other instrument or weapon in which the propelling force is a spring, air, piston or CO2 cartridge; and any object that could be considered a reasonable facsimile of a weapon.

SUBJECT: THREATS OF VIOLENCE IN SCHOOL

The District is committed to the prevention of violence against any individual or property in the schools, on school property, or at school activities whether such acts and/or threats of violence are made by students, staff, or others. Threats of violence against students, school personnel and/or school property will not be tolerated whether or not such threats occur on school grounds or during the school day.

Any person who commits an act or threatens an act of violence, including bomb threats, whether made orally, in writing, by email, or by any other electronic format, will be subject to appropriate discipline in accordance with applicable law, District policies and regulations, as well as the *Code of Conduct* and collective bargaining agreements, as necessary.

The District does not condone acts and/or threats of violence which threaten the safety and well-being of staff, students, visitors, and/or the school environment. Employees, students, agents, and invitees will refrain from engaging in threats or physical actions which create a safety hazard for others.

All staff who are made aware of physical acts and/or threats of violence directed to students or staff are to report these incidents to the building principal or designee, who will report these occurrences to the Superintendent. Additionally, the building principal or designee will also report occurrences of violence, whether involving an actual confrontation or threat of potential violence, to the school psychologist and/or Director of Special Education if applicable. Local law enforcement agencies may be called as necessary upon the determination of the Superintendent or designee.

Students should report all acts and/or threats of violence, including threats of suicide, of which they are aware to the school hotline, a faculty member, or the building principal.

The District reserves the right to seek restitution, in accordance with law, from the parent or guardian and/or student for any costs or damages which had been incurred by the District as a result of the threats or acts of violence in the schools.

This policy will be disseminated, as appropriate, to students, staff, and parents and will be available to the general public upon request. Appropriate sanctions for violations of this policy by students will be addressed in the *Code of Conduct*.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses complaints of discrimination and/or harassment made under applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

In accordance with applicable federal and state laws and regulations, the District does not discriminate on the basis of any legally protected class or category in its education programs and activities or when making employment decisions. Further, the District prohibits discrimination and harassment on school property and at school functions on the basis of any legally protected class including, but not limited to:

a) Race;

b) Color;

c) Religion;

d) Disability;

e) National origin;

f) Sexual orientation;

g) Gender identity or expression;

h) Military status;

i) Sex;

j) Age; and

k) Marital status.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination and/or harassment. The District will promptly respond to reports of discrimination and/or harassment, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT (Cont'd.)

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Scope and Application

This policy outlines the District's general approach to addressing complaints of discrimination and/or harassment. This policy applies to the dealings between or among the following parties on school property and at school functions:

a) Students;

b) Employees;

c) Applicants for employment;

d) Paid or unpaid interns;

e) Anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace;

f) Volunteers; and

g) Visitors or other third parties.

Further, discrimination and/or harassment that occurs off school property and somewhere other than a school function can disrupt the District's educational and work environment. This conduct can occur in-person or through phone calls, texts, emails, or social media. Accordingly, conduct or incidents of discrimination and/or harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to discrimination and/or harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved, where the alleged discrimination and/or harassment occurred, and the basis of the alleged discrimination and/or harassment. These documents must be read in conjunction with this policy.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

Definitions

For purposes of this policy, the following definitions apply:

a) "School property" means in or within any building, structure, athletic playing field, playground, parking lot, or land contained within the real property boundary line of any District elementary or secondary school, or in or on a school bus or District vehicle.

b) "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

What Constitutes Discrimination and Harassment

Determinations as to whether conduct or an incident constitutes discrimination and/or harassment will be made consistent with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. These determinations may depend upon a number of factors, including, but not limited to: the particular conduct or incident at issue; the ages of the parties involved; the context in which the conduct or incident took place; the relationship of the parties to one another; the relationship of the parties to the District; and the protected class or characteristic that is alleged to have been the basis for the conduct or incident. The examples below are intended to serve as a general guide for individuals in determining what may constitute discrimination and/or harassment. These examples should not be construed to add or limit the rights that individuals and entities possess as a matter of law.

Generally stated, discrimination consists of the differential treatment of a person or group of people on the basis of their membership in a legally protected class. Discriminatory actions may include, but are not limited to: refusing to promote or hire an individual on the basis of his or her membership in a protected class; denying an individual access to facilities or educational benefits on the basis of his or her membership in a protected class; or impermissibly instituting policies or practices that disproportionately and adversely impact members of a protected class.

Generally stated, harassment consists of subjecting an individual, on the basis of his or her membership in a legally protected class, to unwelcome verbal, written, or physical conduct which may include, but is not limited to: derogatory remarks, signs, jokes, or pranks; demeaning comments or behavior; slurs; mimicking; name calling; graffiti; innuendo; gestures; physical contact; stalking; threatening; bullying; extorting; or the display or circulation of written materials or pictures.

(Continued)

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT (Cont'd.)

This conduct may, among other things, have the purpose or effect of: subjecting the individual to inferior terms, conditions, or privileges of employment; creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with an individual's work or a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting an individual's employment or educational opportunities. Petty slights or trivial inconveniences generally do not constitute harassing conduct.

Civil Rights Compliance Officer

The District has designated the following District employee to serve as its CRCO:

The Assistant Superintendent for Human Resources

The CRCO(s) will coordinate the District's efforts to comply with its responsibilities under applicable non-discrimination and anti-harassment laws and regulations including, but not limited to: the Americans with Disabilities Act of 1990, Section 504 of the Rehabilitation Act of 1973, Title VI of the Civil Rights Act of 1964, and the Age Discrimination Act of 1975.

Where appropriate, the CRCO(s) may seek the assistance of other District employees, such as the District's Title IX Coordinator(s) or Dignity Act Coordinator(s) (DAC(s)), or third parties in investigating, responding to, and remedying complaints of discrimination and/or harassment.

Reporting Allegations of Discrimination and/or Harassment

Any person may report discrimination and/or harassment regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the CRCO, or by any other means that results in the CRCO receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the CRCO.

Reports of discrimination and/or harassment may also be made to any other District employee including a supervisor or building principal. All reports of discrimination and/or harassment will be immediately forwarded to the CRCO. Reports may also be forwarded to other District employees depending on the allegations.

All District employees who witness or receive an oral or written report of discrimination and/or harassment must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination.

(Continued)

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT (Cont'd.)

In addition to complying with this policy, District employees must comply with any other applicable District policy, regulation, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. Applicable documents include, but are not limited to, the District's policies, regulations, and procedures related to Title IX, sexual harassment in the workplace, and the Dignity for All Students Act (DASA).

If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Grievance Process for Complaints of Discrimination and/or Harassment

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of discrimination and/or harassment based on any legally protected class and will promptly take appropriate action to protect individuals from further discrimination and/or harassment. The CRCO will oversee the District's investigation of all complaints of discrimination and/or harassment. In the event an anonymous complaint is filed, the District will respond to the extent possible.

If an investigation reveals that discrimination and/or harassment based on a legally protected class has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable federal and state laws and regulations, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Knowingly Makes False Accusations

Any employee or student who knowingly makes false accusations against another individual as to allegations of discrimination and/or harassment will face appropriate disciplinary action.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of discrimination and/or harassment.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

(Continued)

SUBJECT: NON-DISCRIMINATION AND ANTI-HARASSMENT IN THE DISTRICT (Cont'd.)

Where appropriate, follow-up inquiries will be made to ensure that the discrimination and/or harassment has not resumed and that those involved in the investigation have not suffered retaliation.

Confidentiality

To the extent possible, all complaints will be treated as confidential. Disclosure may be necessary in certain circumstances such as to complete a thorough investigation and/or notify law enforcement officials. All disclosures will be in accordance with law and regulation.

Training

In order to promote familiarity with issues pertaining to discrimination and harassment in the District, and to help reduce incidents of prohibited conduct, the District will provide appropriate information and/or training to employees and students. As may be necessary, special training will be provided for individuals involved in the handling of discrimination and/or harassment complaints.

Notification

Prior to the beginning of each school year, the District will issue an appropriate public announcement or publication which advises students, parents or legal guardians, employees, and other relevant individuals of the District's established grievance process for resolving complaints of discrimination and/or harassment. This announcement or publication will include the name, office address, telephone number, and email address of the CRCO(s). The District's website will reflect current and complete contact information for the CRCO(s).

A copy of this policy and its corresponding regulations and/or procedures will be available upon request and will be posted and/or published in appropriate locations and/or District publications.

Regulations and/or procedures will be developed for reporting, investigating, and remedying allegations of discrimination and/or harassment.

SUBJECT: TITLE IX AND SEX DISCRIMINATION

Overview

The District is committed to creating and maintaining education programs and activities which are free from discrimination and harassment. This policy addresses complaints of sex discrimination, including sexual harassment, made under Title IX of the Education Amendments Act of 1972 and its implementing regulations (Title IX). It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Title IX prohibits discrimination on the basis of sex in any education program or activity operated by a district that receives federal financial assistance. As required by Title IX, the District does not discriminate on the basis of sex in its education programs and activities or when making employment decisions.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sex discrimination, including sexual harassment. The District will promptly respond to reports of sex discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections to complainants and respondents, and impose sanctions and implement remedies when warranted.

Inquiries about this policy or the application of Title IX may be directed to the District's Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Scope and Application of Policy

This policy is limited to addressing complaints of sex discrimination, including sexual harassment, that fall within the scope of Title IX which, among other things, has a specific definition of sexual harassment and applies only to sex discrimination occurring against a person in the United States. This policy applies to any individual participating in or attempting to participate in the District's education programs or activities including students and employees.

Other District policies and documents address sex-based misconduct and may have different definitions, standards of review, and grievance procedures. These documents must be read in conjunction with this policy as they may cover incidents of sex-based misconduct not addressed by Title IX.

If the allegations forming the basis of a formal complaint of sexual harassment, if proven, would constitute prohibited conduct under Title IX, then the grievance process outlined in this policy would be applied to the investigation and adjudication of all the allegations. Depending on the allegations, additional grievance procedures may apply.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The dismissal of a formal complaint of sexual harassment under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

What Constitutes Sex Discrimination Including Sexual Harassment

Title IX prohibits various types of sex discrimination including, but not limited to: sexual harassment; the failure to provide equal athletic opportunity; sex-based discrimination in a District's science, technology, engineering, and math (STEM) courses and programs; and discrimination based on pregnancy.

Under Title IX, sexual harassment includes conduct on the basis of sex that satisfies one or more of the following:

a) An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;

b) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity;

c) Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;

d) Dating violence, meaning violence committed by a person:

1. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

2. Where the existence of such a relationship will be determined based on a consideration of the following factors:

(a) The length of the relationship;

(b) The type of relationship;

(c) The frequency of interaction between the persons involved in the relationship;

e) Domestic violence, meaning felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

f) Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

1. Fear for his or her safety or the safety of others; or

2. Suffer substantial emotional distress.

Title IX Coordinator

The District has designated and authorized the following District employee(s) to serve as its Title IX Coordinator(s):

Assistant Superintendent for Human Resources

The Title IX Coordinator(s), who must be referred to as such, will coordinate the District's efforts to comply with its responsibilities under Title IX. However, the responsibilities of the Title IX Coordinator(s) may be delegated to other personnel.

Where appropriate, the Title IX Coordinator(s) may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Dignity Act Coordinator(s) (DAC(s)) in investigating, responding to, and remedying complaints of sex discrimination, including sexual harassment.

Reporting Allegations of Sex Discrimination

Any person may report sex discrimination, including sexual harassment, regardless of whether they are the alleged victim or not. Reports may be made in person, by using the contact information for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. This report may be made at any time (including during non-business hours) by using the telephone number or email address, or by mail to the office address, listed for the Title IX Coordinator.

Reports of sex discrimination may also be made to any other District employee including a supervisor, building principal, or the District's CRCO. All reports of sex discrimination, including sexual harassment, will be forwarded to the District's Title IX Coordinator. Reports may also be forwarded to other District employees depending on the allegations.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

All District employees who witness or receive an oral or written report of sex discrimination must immediately inform the Title IX Coordinator. Failure to immediately inform the Title IX Coordinator may subject the employee to discipline up to and including termination.

Making a report of sexual harassment is not the same as filing a formal complaint of sexual harassment. A formal complaint is a document either filed by a complainant or a parent or legal guardian who has a right to act on behalf of the complainant or signed by the Title IX Coordinator which alleges sexual harassment against a respondent and requests that the District investigate the allegations. While the District must respond to all reports it receives of sexual harassment, the Title IX grievance process is only initiated with the filing of a formal complaint.

In addition to complying with this policy, District employees must comply with any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*. This includes, but is not limited to, Policy #7550 -- Dignity for All Students (DASA) which requires District employees to make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination of a student. Two days after making the oral report, DASA further requires that the District employee file a written report with the Superintendent or principal, their designee, or the DAC.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Grievance Process for Complaints of Sex Discrimination Other than Sexual Harassment

The District will provide for the prompt and equitable resolution of reports of sex discrimination other than sexual harassment. In responding to these reports, the Title IX Coordinator will utilize, as applicable, the grievance process set forth in Policy #3420 -- Non-Discrimination and Anti-Harassment in the District and any other applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Grievance Process for Formal Complaints of Sexual Harassment

The District will respond to allegations of sexual harassment in a manner that is not deliberately indifferent whenever it has actual knowledge of sexual harassment in an education program or activity of the District. The District is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances. For purposes of reports and formal complaints of sexual harassment under Title IX, education program or activity includes locations, events, or circumstances over which the District exercised substantial control over both the respondent(s) and the context in which the sexual harassment occurred.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District will follow a grievance process that complies with law and regulation before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.

The District will conduct the grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is anticipated that, in most cases, the grievance process will be conducted within a reasonably prompt manner and follow the time frames established in this policy.

Definitions

a) "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a District's Title IX Coordinator or any official of the District who has authority to institute corrective measures on behalf of the District, or to any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the District with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator as described in this policy.

b) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

c) "Days" means business days, but excludes any weekday during which the school is closed.

d) "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the District investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the District with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the District. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by email or through an online portal provided for this purpose by the District) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party, and must comply with the requirements of law and regulation.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

e) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

f) "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. These measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The District must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the District to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

General Requirements for the Investigative and Grievance Process

During the investigation of a formal complaint and throughout the grievance process, the District will ensure that:

a) Complainants and respondents are treated equitably. This includes applying any provisions, rules, or practices incorporated into the District's grievance process, other than those required by law or regulation, equally to both parties.

b) All relevant evidence is objectively evaluated, including both inculpatory and exculpatory evidence. Inculpatory evidence implicates or tends to implicate an individual in a crime or wrongdoing. Exculpatory evidence frees or tends to free an individual from blame or accusation.

c) The Title IX Coordinator, investigator, decision-maker involved in the grievance process, or any person designated by the District to facilitate any informal resolution process does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

d) Respondents are presumed not to be responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

e) The grievance process, including any appeals or informal resolutions, is concluded within a reasonably prompt time frame and that the process is only temporarily delayed or extended for good cause. Good cause includes, but is not limited to, considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities. Whenever the time frame is temporarily delayed or extended, written notice will be provided to all complainants and respondents of the delay or extension and the reasons for the action.

f) The range of possible disciplinary sanctions and remedies that may be implemented by the District following any determination regarding responsibility are described to any known party.

g) The same standard of evidence is used to determine responsibility in all formal complaints.

h) The procedures and permissible bases for an appeal are known to all complainants and respondents.

i) The range of supportive measures available are known to all complainants and respondents.

j) There is no requirement, allowance of, reliance on, or otherwise use of questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding the privilege has waived the privilege.

k) The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on the parties.

l) The Title IX Coordinator, the investigator, any decision-maker, or any other person participating on behalf of the District does not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the District obtains that party's voluntary, written consent to do so for the grievance process. If the party is not an eligible student, as defined in FERPA as a student who has reached 18 years of age or is attending a post-secondary institution, the District will obtain the voluntary, written consent of a parent.

m) The parties have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

n) Credibility determinations are not based on a person's status as a complainant, respondent, or witness.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

o) The ability of either party to discuss the allegations under investigation or to gather and present relevant evidence is not restricted.

p) The parties are provided with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for any complainant or respondent in any meeting or grievance proceeding. However, the District may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

q) Written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, is provided to any party whose participation is invited or expected with sufficient time for the party to prepare to participate.

r) The parties are provided with equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the District does not intend to rely on in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.

s) Any document sent to a minor or legally incompetent person is also sent to the party's parent or legal guardian.

t) Any document sent to a party is also sent to the party's advisor, if known.

<u>After a Report of Sexual Harassment Has Been Made</u>

After receiving a report of sexual harassment, the Title IX Coordinator will:

a) Promptly contact the complainant to discuss and offer supportive measures;

b) Inform the complainant both of the range of supportive measures available and that these measures are available regardless of whether a formal complaint is filed;

c) Consider the complainant's wishes with respect to supportive measures; and

d) Explain to the complainant the process for filing a formal complaint.

The Title IX Coordinator may also contact the respondent to discuss and/or impose supportive measures.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Requests for confidentiality or use of anonymous reporting may limit how the District is able to respond to a report of sexual harassment.

Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the District may immediately remove a respondent from the District's education program or activity on an emergency basis, provided that the District:

a) Undertakes an individualized safety and risk analysis;

b) Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and

c) Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

The District should coordinate their Title IX compliance efforts with special education staff when initiating an emergency removal of a student with a disability from an education program or activity as the removal could constitute a change of placement under the IDEA or Section 504.

The District may place a non-student employee respondent on administrative leave with or without pay during the pendency of the grievance process in accordance with law and regulation and any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

Filing a Formal Complaint

A complainant may file a formal complaint with the Title IX Coordinator in person or by mail, email, or other method made available by the District. The complainant must be participating in or attempting to participate in the education program or activity of the District at the time of filing the complaint. The filing of a formal complaint initiates the grievance process.

A formal complaint must be signed by the complainant, the complainant's parent or legal guardian as appropriate, or the Title IX Coordinator. Where a parent or legal guardian signs the complaint, the parent or legal guardian does not become the complainant; rather the parent or legal guardian acts on behalf of the complainant. The Title IX Coordinator may sign the formal complaint, but his or her signature does not make him or her a complainant or a party to the complaint. If the formal complaint is signed by the Title IX Coordinator, the Title IX Coordinator is still obligated to comply with the grievance process outlined in this policy.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The complainant, or the complainant's parent or legal guardian, must physically or digitally sign the formal complaint, or otherwise indicate that the complainant is the person filing the formal complaint. When a formal complaint is filed, the Title IX Coordinator must send a written notice of allegations to all parties which includes the identities of all known parties.

The District will not discriminate on the basis of sex in its treatment of a complainant or a respondent in responding to a formal complaint of sexual harassment.

The formal complaint form may be obtained from the District's Title IX Coordinator or found on the District's website.

Consolidation of Formal Complaints

The District may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Written Notice of Allegations

Upon receipt of a formal complaint, the District will send all known parties written notice of:

a) The District's grievance process, including any informal resolution process; and

b) The allegations of sexual harassment which will:

1. Provide sufficient details known at the time and sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;

2. State that the respondent is presumed not to be responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;

3. Inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney;

4. Inform the parties that they may inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint; and

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

5. Include notice of any provision in any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about any complainant or respondent that were not included in the initial notice, the District will provide another notice of the additional allegations to the parties whose identities are known.

Investigation of a Formal Complaint

The Title IX Coordinator will oversee the District's investigation of all formal complaints. During the investigation of a formal complaint, the Title IX Coordinator or another District employee may serve as the District's investigator. The District may also outsource all or part of an investigation to appropriate third parties. The outsourcing of all or part of an investigation does not relieve the District from its obligation to comply with law and regulation.

It is anticipated that most investigations will be completed within 60 days after receiving a formal complaint.

During the investigation of a formal complaint, the investigator will, as appropriate:

a) Collect, review, and preserve all evidence including, but not limited to, any relevant documents, videos, electronic communications, and phone records.

b) Interview all relevant persons including, but not limited to, any complainants, respondents, and witnesses. Interviews of complainants and respondents will be conducted separately. If a student is involved, the District will follow any applicable District policy, procedure, or other document such as the District's *Code of Conduct* regarding the questioning of students.

c) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:

   1. A list of all documents reviewed, along with a detailed summary of relevant documents;

   2. A list of names of those interviewed, along with a detailed summary of their statements;

   3. A timeline of events; and

   4. A summary of prior relevant incidents, reported or unreported.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

d) Keep any written documentation and associated documents in a secure and confidential location.

Prior to completion of the investigative report, the District will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties will have at least ten days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the end of the investigation, an investigative report will be created that fairly summarizes all relevant evidence.

At least ten days prior to a hearing or other determination regarding responsibility, the investigative report will be sent to each party and the party's advisor, if any, in an electronic format or a hard copy, for their review and written response.

Dismissal of a Formal Complaint

The District must investigate the allegations in a formal complaint. The District must dismiss a formal complaint under Title IX if the conduct alleged:

a) Would not constitute sexual harassment even if proven;

b) Did not occur in the District's education program or activity; or

c) Did not occur against a person in the United States.

Further, the District may dismiss a formal complaint or any of its allegations under Title IX, if at any time during the investigation or hearing:

a) A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any of its allegations;

b) The respondent is no longer enrolled or employed by the District; or

c) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or any of its allegations.

Upon a dismissal of a formal complaint, the District must promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude action under another related District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Informal Resolutions

Before reaching a determination regarding responsibility, but only after a formal complaint is filed, the District may offer and facilitate the use of an informal resolution process, such as mediation, that does not involve a full investigation and adjudication of the formal complaint.

It is anticipated that most informal resolutions will be completed within 45 days.

The District will not require that parties participate in an informal resolution process. The District will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student. Further, the District will not require the waiver of the right to an investigation and adjudication of formal complaints of sexual harassment as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right.

If the District offers and facilitates the use of an informal resolution process, it will:

a) Provide written notice to all known parties which details:

   1. The allegations in the formal complaint;

   2. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint;

   3. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared; and

b) Obtain the parties' voluntary, written consent to the informal resolution process.

Hearings and Determination Regarding Responsibility

The District will designate an individual decision-maker or a panel of decision-makers to issue a written determination regarding responsibility. A decision-maker can either be a District employee or, where appropriate, a third-party. They cannot be the same individual as either the Title IX Coordinator or the investigator(s).

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

The District's grievance process may, but is not required to, provide for a hearing. The determination as to whether a hearing will be provided will be made on a case-by-case basis. If a hearing is provided, the District will make all evidence subject to the parties' inspection and review available to give each party equal opportunity to refer to this evidence during the hearing, including for purposes of cross-examination.

With or without a hearing, before reaching a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to:

a) Submit written, relevant questions that a party wants asked of any party or witness within 10 days after the parties have received the investigative report;

b) Provide each party with the answers given by any party or witness within 3 days of receiving the questions; and

c) Allow for additional, limited follow-up questions and responses from each party to occur within 5 days after the parties have received responses to their initial questions.

Questions and evidence about a complainant's sexual predisposition or prior sexual behavior will not be considered, unless the questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) will explain to the party proposing the questions any decision to exclude a question as not relevant.

The decision-maker(s) will issue a written determination regarding responsibility to the Title IX Coordinator, the Superintendent, and all parties simultaneously within 20 days after all follow-up questions have been responded to or after the hearing, if one has been provided.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

To reach this determination, the decision-maker(s) will use the preponderance of the evidence standard which is the standard of evidence that will be applied in all formal complaints of sexual harassment. This standard is understood to mean that the party with the burden of persuasion must prove that a proposition is more probably true than false meaning a probability of truth greater than 50 %.

The written notice of the determination regarding responsibility will include:

a) Identification of the allegations potentially constituting sexual harassment;

b) A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

c) Findings of fact supporting the determination;

d) Conclusions regarding the application of any applicable District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct* to the facts;

e) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the District is imposing on the respondent, and whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and

f) The District's procedures and permissible bases for the complainant and respondent to appeal.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Finality of Determination Regarding Responsibility

The determination regarding responsibility becomes final either on the date that the District provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Where a determination regarding responsibility for sexual harassment has been made against the respondent, remedies will be provided to a complainant and disciplinary sanctions may be imposed on a respondent. Remedies will be designed to restore or preserve equal access to the District's education program or activity. Remedies and disciplinary sanctions will be implemented in accordance with applicable laws and regulations, as well as any District policy, procedure, collective bargaining agreement, or other document such as the District's *Code of Conduct*.

The Title IX Coordinator is responsible for the effective implementation of any remedies and/or disciplinary sanctions. The Title IX Coordinator will work with other individuals as necessary to effectively implement remedies and/or disciplinary sanctions.

Appeals

Either party may file an appeal from a determination regarding responsibility or from the District's dismissal of a formal complaint or any of its allegations. Appeals must be submitted in writing to the Title IX Coordinator within 7 days of the written notice of the determination regarding responsibility or dismissal of the formal complaint or any of its allegations.

An appeal may only be based upon one or more of the following bases:

a) Procedural irregularity that affected the outcome of the matter;

b) New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

c) The Title IX Coordinator, investigator, or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The bases on which a party is seeking an appeal should be specifically stated in the party's written appeal.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

Upon receipt of an appeal, the District will:

a) Notify the other party in writing that an appeal has been filed and implement appeal procedures equally for both parties;

b) Ensure that any decision-maker for the appeal:

1. Is not the same person as any decision-maker that reached the initial determination regarding responsibility or dismissal, investigator, or Title IX Coordinator;

2. Does not have any conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;

c) Give all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. Parties will have to submit these written statements within 7 days after the parties have been notified of the appeal;

d) Issue a written decision describing the result of the appeal and the rationale for the result; and

e) Provide the written decision simultaneously to the Title IX Coordinator, the Superintendent, and all parties within 20 days after receiving the parties written statements in support of, or challenging, the outcome.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual for the purpose of interfering with his or her Title IX rights or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing under Title IX.

Charging an individual with *Code of Conduct* or other applicable violations that do not involve sex discrimination, including sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation. Charging an individual with a *Code of Conduct* or other applicable violation for making a materially false statement in bad faith during a grievance proceeding does not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

All complaints alleging retaliation will be handled in a manner consistent with the District's policies and procedures regarding the investigation of discrimination and harassment complaints, including Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

If the Title IX Coordinator is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another Title IX Coordinator, if the District has designated another individual to serve in that capacity. If the District has not designated another Title IX Coordinator, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the Title IX Coordinator.

Confidentiality

Except where disclosure may be permitted or required by law or regulation, the District will keep confidential the identity of any:

a) Individual who has made a report or complaint of sex discrimination;

b) Individual who has made a report or filed a formal complaint of sexual harassment;

c) Complainant;

d) Individual who has been reported to be the perpetrator of sex discrimination;

e) Respondent; and

f) Witness.

Training

The District will ensure that:

a) All Title IX Coordinators, investigators, decision-makers, or persons who facilitate an informal resolution process receive training on:

1. The definition of sexual harassment as defined in Title IX;

2. The scope of the District's education program or activity;

3. How to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, as applicable; and

4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

b) All decision-makers receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions and evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant.

c) All investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

d) All District employees receive training on mandatory reporting obligations and any other responsibilities that they may have relative to Title IX.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process will not rely on sex stereotypes and will promote impartial investigations and adjudications of formal complaints of sexual harassment. Training materials will be made publicly available on the District's website.

Notification

The District will notify students, parents or legal guardians of students, employees, applicants for employment, and all unions or professional organizations holding collective bargaining or professional agreements with the District of this policy.

Further, the District will prominently publish this policy and the contact information for the Title IX Coordinator(s) on its website and in other publications, including in each handbook or catalog that it makes available to the individuals and entities referenced above.

Recordkeeping

For a period of seven years, the District will retain the following:

a) Records of each sexual harassment investigation including any:

1. Determination regarding responsibility;

2. Audio or audiovisual recording or transcript required under law or regulation;

3. Disciplinary sanctions imposed on the respondent; and

4. Remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity.

b) Any appeal and its result.

(Continued)

SUBJECT: TITLE IX AND SEX DISCRIMINATION (Cont'd.)

c) Any informal resolution and its result.

d) All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.

e) For each response to sexual harassment where the District had actual knowledge of sexual harassment in its education program or activity against a person in the United States, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the District must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a complainant with supportive measures, then the District must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

SUBJECT: EXTRAORDINARY CIRCUMSTANCES

The District considers the safety of its students and staff to be of the utmost importance and is acutely aware that extraordinary circumstances such as widespread illness, natural disaster, or other emergency situation may make District premises unsafe or otherwise interrupt the District's ability to effectively operate.

In these circumstances, the District will follow its previously developed policies, procedures, and plans including, but not limited to, the District-wide school safety plan and building-level emergency response plan(s). To the extent that any District policy, procedure, or plan is in any way inconsistent with or conflicts with federal, state, or county law, regulation, or executive order released for the purpose of addressing the extraordinary circumstance, the federal, state, or county law, regulation, or executive order will govern. Additionally, the Board may adopt resolutions or take other actions as needed to respond to changes in federal, state, or county law, regulation, or executive order to provide further direction during an extraordinary circumstance.

Evaluation of Administrative Staff

The Board will direct the Superintendent to conduct an evaluation of all administrative personnel.

The purposes of this evaluation are:

SUBJECT: BUDGET PLANNING AND DEVELOPMENT

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

Principals will develop and submit budget requests for their particular schools in conjunction with the advice and suggestions of staff members and their own professional judgment. Each school's budget request will be the principal's recommendation as to the most effective way to use available resources in achieving progress toward the approved educational objectives of the school. Program budgets and school budgets will reflect state and/or federal requirements, special sources of funding, and District objectives and priorities.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;

b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance section that

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

c) An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;

b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;

c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);

d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and

e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

School District Report Card

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the state. The School District Report Cards consist of three parts:

a) Accountability and Overview Report - shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.

b) Comprehensive Information Report - shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.

c) Fiscal Accountability Supplement - shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

Property Tax Report Card

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and

b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and

d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and

e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, SED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on SED's official website.

Tax Exemption Report

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;

b) Every type of exemption granted as identified by statutory authority;

(Continued)

SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)

c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;

d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and

e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

SUBJECT: BUDGET ADOPTION

The Board will review the recommended budget of the Superintendent and seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven nor more than 14 days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

The District budget for any school year, or any part of the budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

Contingency Budget

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy (i.e., 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or

b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

c) Keeping the various operational units informed through periodic reports as to the status of their individual budgets.

Whenever changes are made, they are to be incorporated in the next Board agenda for informational purposes only.

SUBJECT: ACCEPTANCE OF GIFTS, GRANTS, AND BEQUESTS TO THE DISTRICT

The Board may accept gifts, donations, grants, or bequests (collectively "gifts") of money, real property, or personal property, as well as other merchandise, that add to the overall welfare of the District provided that acceptance is in accordance with existing laws and regulations. Donations to the District are fully tax deductible so long as the gift is used exclusively for public purposes. The Board may refuse any gift that constitutes a conflict of interest, gives an appearance of impropriety, or is not in its best interests. The Board will safeguard the District, the staff, and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities, or any item that requires upkeep and maintenance include funds to carry out maintenance for the foreseeable life of the donation.

The Board will not formally consider the acceptance of gifts until and unless it receives the offer in writing from the donor or grantor or their attorney or financial advisor. Any gifts donated to the Board and accepted on behalf of the District must be by official action and resolution passed by Board majority. The Board suggests that donors or grantors work first with school administrators in determining the nature of their gift prior to formal consideration for acceptance by the Board.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts or charitable contributions with District funds.

Gifts to the District will be annually accounted for as required by Generally Accepted Accounting Principles (GAAP).

All gifts become District property. A letter of appreciation, signed by the President of the Board and the Superintendent, will be sent to donors or grantors in recognition of their contribution to the District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

SUBJECT: SCHOOL TAX ASSESSMENT AND COLLECTION/PROPERTY TAX EXEMPTIONS

A tax collection plan giving dates of warrant and other pertinent data will be prepared annually and submitted for review and consideration by the School Business Official to the Board. Tax collection will occur by mail or by direct payment to the place designated by the Board.

Senior Citizens

Unless specifically exempted by law, real property used exclusively for residential purposes and owned by one or more persons, each of whom is 65 years of age or over, or real property owned by husband and wife or by siblings, one of whom is 65 years of age or over, will be exempt from taxation to the extent of percentum of the assessed valuation determined by the Board if the owners meet the criteria established annually by the Board.

The real property tax exemption of real property owned by husband and wife, when one of them is 65 years of age or over, once granted, will not be rescinded solely because of the death of the older spouse so long as the surviving spouse is at least 62 years of age.

The District may permit a property tax exemption to an otherwise eligible senior citizen even if a child who attends a public school resides at that address, provided that its resolution conditions the exemption upon satisfactory proof that the child was not brought into the residence in whole or in substantial part to attend a particular school within the District. The Board must adopt a resolution allowing this exemption following a public hearing on this specific issue.

Disabled Citizens

Unless specifically exempted by law, real property used exclusively for residential purposes and owned by one or more persons with disabilities; or owned by a husband, wife or both, or siblings, at least one of whom has a disability; and whose income, as defined pursuant to law, is limited by reason of such disability will be exempt from taxation to the extent of percentum of the assessed valuation determined by the Board if the owners meet the criteria established annually by the Board. The Board must adopt a resolution allowing this exemption following a public hearing on this specific issue.

No exemption will be granted unless the real property is the legal residence of and is occupied in whole or in part by the disabled person; except where the disabled person is absent from the residence while receiving health-related care as an in-patient of a residential health care facility as defined in Public Health Law.

(Continued)

SUBJECT: SCHOOL TAX ASSESSMENT AND COLLECTION/PROPERTY TAX EXEMPTIONS (Cont'd.)

The District may permit a property tax exemption to an otherwise eligible disabled citizen even if a child who attends a public school resides at that address, provided that any such resolution will condition this exemption upon satisfactory proof that the child was not brought into the residence in whole or in substantial part for the purpose of attending a particular school within the District. The Board must adopt a resolution allowing this exemption following a public hearing on this specific issue.

For purposes of this policy, and in accordance with law, a person with a disability is one who has a physical or mental impairment, not due to current use of alcohol or illegal drug use, which substantially limits such person's ability to engage in one or more major life activities, such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; and who is certified to receive Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits under the federal Social Security Act or is certified to receive Railroad Retirement Disability benefits under the federal Railroad Retirement Act, or has received a certificate from the State Commission for the Blind and Visually Handicapped stating that such person is legally blind.

Volunteer Firefighters and Ambulance Workers

In accordance with law, the District, after a public hearing, may adopt a resolution allowing the full benefits of the real property tax law exemptions for enrolled members of an incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service.

Enrolled members will be exempt from real property and school taxation to the extent of 10% not to exceed $3,000 multiplied by the latest state equalization rate for the assessing unit in which the property is located.

These tax exemptions will not be granted to enrolled members unless:

a) They reside in the city, town, or village which is served by the incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service; and

b) The property is their primary residence, used exclusively for residential purposes; however, if any portion of the property is used otherwise, that portion is subject to regular taxation.

Members must be certified by the jurisdiction as having been an enrolled member of the incorporated volunteer fire company, fire department, or incorporated voluntary ambulance service for at least five years. An enrolled member who is certified as having accrued more than 20 years of active service will be granted the exemption for the remainder of his or her life provided his or her residence is located within a county providing this exemption.

(Continued)

SUBJECT: SCHOOL TAX ASSESSMENT AND COLLECTION/PROPERTY TAX EXEMPTIONS (Cont'd.)

Any volunteer firefighter or volunteer ambulance worker already receiving benefits under the existing real property tax law will not have their benefits diminished.

Alternative Veterans' Exemption

The Board held a public hearing and passed a resolution, in accordance with the Real Property Tax Law, that provides a property tax exemption to eligible veterans. The District will grant this exemption in a manner consistent with the Real Property Tax Law and at levels set forth by the Board. Should the District wish to reduce or increase the ceilings on eligible veterans' exemptions, it must hold a separate hearing and pass a separate resolution.

District equipment that is obsolete, surplus, or unusable by the District will be disposed of in such a manner that is advantageous to the District.

The Superintendent will be responsible for selling the equipment in such a way so as to maximize the net proceeds of sale which may include a bona fide public sale preceded by adequate public notice. If it is determined that reasonable attempts to dispose of the equipment have been made and those attempts have not produced an adequate return, the Superintendent or designee may dispose of the equipment in any manner which he or she deems appropriate.

Textbooks

Textbooks may lose their value to the educational program because of changes in the curriculum or because they contain outdated material or are in poor condition. If textbooks are no longer useful or usable, the procedures for disposal will adhere to the following order of preference:

a) Sale of textbooks. If reasonable attempts to dispose of surplus textbooks fail to produce monetary return to the District; then

b) Donation to charitable organizations; or

c) Recycle through appropriate means.

SUBJECT: CELLULAR TELEPHONES

It is recognized that specific District employees will be required to carry cellular telephones to meet their job responsibilities. Job titles requiring cellular telephones shall be listed in Regulation and reported to the Board of Education each year, along with a report of usage and cost, at the District's organizational meeting in July.

The District shall establish the level of the cellular service contract for each specific employee, with the contract for same subject to review and approval by the Board of Education. While employees shall make every attempt to use the District's cellular phone for District-related purposes only, in the event an employee uses a District cellular phone for other than District related purposes, he or she shall reimburse the District for such usage that results in costs to the District above the usage allocated by the cellular phone contract, e.g., where additional costs to the monthly District cellular plan are the result of the employee's personal use. Payment for such usage shall be made within 45 days of the date that such charges are incurred and billed. Individuals authorized to use District cellular telephones shall agree in writing to accept financial responsibility for any such additional usage by that individual. Failure to follow these guidelines may result in the revocation of use of the cellular phone and discipline of the employee.

Further, since employees are issued District-owned cellular phones in connection with their work responsibilities, employees shall not have an expectation of privacy with respect to information contained on the device, e.g., text messages, records of phone calls, etc.

As with any District owned equipment, employees must take proper care of cell phones and take all reasonable precautions against damage, loss, or theft. Any damage, loss, or theft must be reported immediately to the Business Office. Since employees are responsible for the safe return of District-owned cell phones, employees who use District-owned cell phones may be liable for damages or loss which occur during the period of its use.

At least once per year, the Business Office shall evaluate the effectiveness of the cellular telephone plan.

SUBJECT: REIMBURSEMENT FOR MEALS/REFRESHMENTS

Travel Outside of District/Emergency Meetings

District officials and employees are entitled to reimbursement for necessary expenses incurred in the performance of their official duties. However, meals of public officers and employees generally should not be reimbursed or paid by the District unless the officer or employee is traveling outside his or her regular work area on official business for an extended period of time, or where events prevent them from taking off during mealtime for food consumption because of a pressing need to complete business. All requests for reimbursement must document who attended the meetings and how the meetings fit these conditions.

Staff or Board Meetings and District Events

The Board recognizes that at certain times it may be appropriate to provide meals and/or refreshments at District meetings and/or events which are being held for an educational purpose. Prior approval of the Superintendent or designee must be obtained for food and beverages provided at meetings or activities which will be charged to the District.

Any such expenditures must be appropriately documented with an itemized receipt and information showing the date and purpose of the meeting, food served, who attended the meetings and why the attendees needed food and/or refreshments to conduct District business. These requirements must be met for meals/refreshments provided by the school lunch fund or local vendors, charged to District credit cards, and/or reimbursed to a District official.

In no case will the costs for meals exceed the current federal per diem meal rates for the geographic area.

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING

Except as otherwise provided by law, all contracts for public work involving an expenditure of more than $35,000 and all purchase contracts involving an expenditure of more than $20,000 will be awarded by the District to the lowest responsible bidder furnishing the required security after advertisement for sealed bids. However, the District may, in its discretion, award purchase contracts on the basis of "best value" to a responsive and responsible bidder or offerer, provided the Board has authorized this action by rule, regulation, or resolution adopted at a public meeting.

No bid or offer will be accepted that does not conform to specifications furnished unless those specifications are waived by Board action. The District may, in its discretion, reject all bids or offers and readvertise for new bids or offers in a manner consistent with New York State law.

All contracts requiring public advertising and competitive bidding or offering will be awarded by resolution of the Board.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

Standardization

Upon the adoption of a standardization resolution by a vote of at least 3/5 of all Board members, purchase contracts for a particular type or kind of equipment, materials, or supplies of more than $20,000 may be awarded by the Board to the lowest responsible bidder or offerer furnishing the required security after advertisement for sealed bids in the manner provided in law. This resolution must state that, for reasons of efficiency or economy, there is a need for standardization and must contain a full explanation of those reasons. Upon the adoption of a valid standardization resolution, the District may provide in its specifications for a particular make or brand to the exclusion of others.

"Piggybacking" Exception to Competitive Bidding

The District may, in its discretion, purchase certain goods and services (apparatus, materials, equipment, and supplies) at costs beyond the above-referenced thresholds through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision, or district of any state.

This method of procurement is permitted on contracts issued by other governmental entities, provided that the original contract:

a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district;

(Continued)

SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING (Cont'd.)

b) Was made available for use by other governmental entities and agreeable with the contract holder; and

c) Was let in a manner that constitutes competitive bidding consistent with New York State law, or was awarded on the basis of best value, and is not in conflict with other New York State laws.

Annual Review

Periodically, comments concerning the District's bidding and purchasing policies and procedures will be solicited from those District employees involved in the procurement process.

The Board will annually review its bidding and purchasing policies and procedures. The School Business Official will be responsible for conducting an annual review of such policies and for an evaluation of the internal control structure established to ensure compliance with the procurement policy.

Purchasing Authority

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board. The Purchasing Agent is authorized to enter into cooperative bidding and cooperative purchasing arrangements to meet the various needs of the District. No contracts for goods and services will be made by individuals or organizations in the school that involve expenditures without first securing approval for the contract from the Purchasing Agent.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

Purchasing Process

The Board recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services will be procured in a manner so as to:

a) Assure the prudent and economical use of public moneys in the best interests of the taxpayer;

b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and

c) Guard against favoritism, improvidence, extravagance, fraud, and corruption.

These procedures will contain, at a minimum, provisions which:

a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;

b) With certain exceptions, provide that alternative proposals or quotations for goods and services will be secured by use of written request for proposals, written quotations, verbal quotations, or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;

c) Set forth when each method of procurement will be utilized;

d) Require adequate documentation of actions taken with each method of procurement;

e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;

(Continued)

SUBJECT: PROCUREMENT OF GOODS AND SERVICES (Cont'd.)

f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and

g) Identify the individual or individuals responsible for purchasing and their respective titles. This information will be updated biennially.

Any unintentional failure to fully comply with these provisions will not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The District will develop administrative regulations to establish procedures for the procurement of goods and services.

Professional Services

Professional services are generally those services that require specialized skills, training, professional judgment, expertise, and creativity. Examples include attorneys, architects, and engineers. The procurement of professional services falls within an exception to competitive bidding. In order to procure professional services, the District will use the request for proposals (RFP) process as set forth in General Municipal Law in order to protect the District's interests and to avoid the appearance of favoritism or impropriety. Although not necessarily bound to select the lowest bidder in response to its RFP, the District will adequately document its selection process to demonstrate its economical and prudent use of public monies and to ensure fair competition.

SUBJECT: ALTERNATIVE FORMATS FOR INSTRUCTIONAL MATERIALS

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's regulations.

The District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. The District will ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards.

The District will establish a plan to ensure that instructional materials in a usable alternative format for each student with a disability (including students requiring Section 504 Accommodation Plans) are based upon the student's educational needs and course selections, and will be available at the same time as those instructional materials are available to non-disabled students.

The Plan will:

a) Specify that the District gives a preference in the purchase of instructional materials it has selected for its students to those vendors who agree to provide such instructional materials in alternative formats;

b) Specify when an electronic file is provided, how the format will be accessed by students and/or how the District will convert to an accessible format;

c) Specify the process to be used when ordering materials to identify the needs of students with disabilities residing in the District for alternative format materials;

d) Specify ordering timelines to ensure that alternative format materials are available at the same time as regular format materials are available; and

e) Include procedures so that when students with disabilities move into the District during the school year, the process to obtain needed materials in alternative formats for those students is initiated without delay.

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS

2 CFR Part 200, Subparts A-F (Uniform Administrative Requirements, Cost Principals and Audit Requirements for Federal Awards) (hereinafter "Uniform Guidance") requires organizations receiving Federal awards to establish and maintain effective internal controls when procuring goods and services needed to carry out such Federal awards.

General Policy Statement

The requirements for procurements using Federal awards are contained in the Uniform Guidance, program legislation, Federal awarding agency regulations, and the terms and conditions of the award.

To comply with Uniform Guidance, the District implements policies and procedures, including, but not limited to:

a) The District will use its own documented procurement procedures which reflect applicable State, local and tribal laws and regulations, provided that the procurements conform to applicable Federal law and Uniform Guidance. As such, the District procurements related to Federal grants will be subject to New York State General Municipal Law, this policy, and Uniform Guidance Requirements.

b) Contract files will document the significant history of the procurement, including the rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis of contract price.

c) The District will utilize one of the five acceptable procurement methodologies detailed in § 200.320 which include:

   1. Micro purchases

   2. Small purchase procedures;

   3. Sealed bids;

   4. Competitive proposals; and

   5. Non-competitive proposals (sole source).

d) Procurements will provide for full and open competition as set forth in the Uniform Guidance and State and local procurement thresholds.

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

e) Conflict of Interest Provisions:

1. No Board member, employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the Board member, employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The Board member, officers, employees, and agents can neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. If the financial interest is not substantial or the gift is an unsolicited item of nominal value, no further action will be taken. However, disciplinary actions will be applied for violations of such standards otherwise.

2. The district, under the direction of the Superintendent, shall disclose in writing any and all potential conflicts of interest to the relevant Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy.

3. The Superintendent shall maintain all necessary and relevant documentation to comply with the provisions of this section.

4. If the district has, or in the future should have, a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the district shall implement and maintain written standards of conduct covering organizational conflicts of interest. "Organizational conflicts of interest means" that because of relationships with a parent company, affiliate, or subsidiary organization, the district is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

f) The District will avoid acquisition of unnecessary or duplicative items. Consideration will be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical procurement approach. The District will also analyze other means, as described in § 200.318 of the Uniform Guidance, to ensure appropriate and economical acquisitions.

g) The District will enter into State and local intergovernmental agreements or inter-entity agreements, where appropriate.

(Continued)

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

h) The District will utilize Time and Materials contracts only when it has been determined, in writing, that no other contract type is suitable, and the contract includes a ceiling price that the contractor exceeds at its own risk.

i) Vendors/Contractors that develop or draft specifications, requirements, statements of work, or invitation to bids or requests for proposals must be excluded from competing for such procurements.

j) The District will make available, upon request of the Federal awarding agency or passthrough entity, technical specifications on proposed procurements where the Federal awarding agency or pass-through entity believes such review is needed to ensure that the item or service specified is the one being proposed for acquisition.

k) The District is prohibited from contracting with or making sub-awards under covered transactions to parties that are suspended, debarred or otherwise excluded from or ineligible for participation in federal assistance programs or activities, or whose principals are suspended or debarred. "Covered Transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed $25,000. All non-procurement transactions, irrespective of award amount, are considered covered transactions, except for those transactions identified in 2 CFR § 180.215.

l) The District will include a suspension/debarment clause in all written contracts in which the vendor/contractor will certify that it is not suspended or debarred. The contract will also contain language requiring the vendor/contractor to notify the District immediately upon becoming suspended or debarred. This will serve as adequate documentation as long as the contract remains in effect.

m) The District's departments will be required to notify the Assistant Superintendent for Business and/or the School Purchasing Agent that Federal funding will be used for a certain procurement/contract. When requesting a written contract and prior to the issuance of a purchase order using federal funds, the Assistant Superintendent for Business or his/her designee (under the supervision of the Assistant Superintendent for Business) will be responsible for running the name of the vendor/contractor through the System for Award Management (SAM) to determine any exclusions. A copy of the SAM search will be included with the contract request. If a vendor/contractor is found to be suspended or debarred, the District will immediately cease to do business with the vendor/contractor.

n) The District will not use statutorily or administratively imposed State, local or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable Federal statutes expressly mandate or encourage geographical preference.

(Continued)

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

o) The District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor area surplus firms are used when possible. Affirmative steps must include: (1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists; (2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources; (3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises; (4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises; (5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and (6) Requiring the prime contractor, if subcontracts are to be let, to take affirmative steps listed (1) through (5).

p) The District will procure recovered materials in compliance with § 200.322.

q) The District will perform a cost or price analysis relating to every procurement more than the Simplified Acquisition Threshold as defined in § 200.88 and will otherwise comply with § 200.323 as necessary.

r) The District will require appropriate bonding requirements as per § 200.325.

s) The District will only award contracts to Responsible Vendors/Contractors capable of performing successfully under the terms and conditions of a proposed procurement and will document, in writing, such determination.

t) The District contracts will contain the applicable provisions described in Appendix II to Part 200 – Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.

u) The District will maintain oversight to ensure that contractors perform in accordance with the contract terms, conditions, and specifications, as well as applicable federal requirements and performance expectations under the federal award for each program, function or activity.

v) Copies of executed contracts will be maintained in the Purchasing Department and purchase orders will be maintained in the District's financial management system.

w) The District's financial management system will provide for the following, in accordance with § 200.302: (1) Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received, and, as applicable, the CFDA title and number, Federal award identification number and year, name of the Federal

agency, and name of the pass-through entity, if any; (2) accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in § 200.327 (Financial reporting) and § 200.328 (Monitoring and reporting program performance); (3)

x) Records that identify adequately the source and application of funds for federally-funded activities, which will contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation; (4) Effective control over, and accountability for, all funds, property, and other assets and that the District will adequately safeguard all assets and assure that they are used solely for authorized purposes; (5) Comparison of expenditures with budget amounts for each Federal award; (6) Written procedures to implement the requirements of § 200.305 (Payment); and (7) Written procedures for determining the allowability of costs in accordance with Subpart E—Cost Principles of this part and the terms and conditions of the Federal award.

y) In order to implement the requirements of § 200.305 "Payments", the District adopts the following written procedures:

1. The District's payment method will minimize the time elapsing between the transfer of funds from the United States Treasury or the pass-through entity and the disbursement by the District whether the payment is made by electronic funds transfer, or issuance or redemption of checks, warrants, or payment by other means.

2. The District will require recipients to use only OMB–approved standard governmentwide information collection requests to request payment. The District will be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that: (i) minimize the time elapsing between the transfer of funds and disbursement by the District; (ii) financial management systems that meet the standards for fund control and accountability as established in this part, advanced payments will be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the District in carrying out the purpose of the approved program or project; (iii) The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the District for direct program or project costs and the proportionate share of any allowable indirect costs; and (iv) The District must make timely payment to contractors in accordance with the contract provisions.

3. Whenever possible, advance payments will be consolidated to cover anticipated cash needs for all Federal awards made by the District to recipients.

(Continued)

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

4. To the extent available, the District will disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments.

5. Pursuant to § 200.305(b)(6), unless otherwise required by Federal statutes, payments for allowable costs by the District will not be withheld at any time during the period of performance unless the conditions of § 200.207, § 200.338, or one or more of the following applies: (i) The District has failed to comply with the project objectives, Federal statutes, regulations, or the terms and conditions of the Federal award; (ii) The District is delinquent in a debt to the United States as defined in OMB Guidance A–129, "Policies for Federal Credit Programs and Non–Tax Receivables" (under such conditions, the Federal awarding agency or pass-through entity may, upon reasonable notice, inform the District that payments must not be made for obligations incurred after a specified date until the conditions are corrected or the indebtedness to the Federal government is liquidated); (iii) A payment withheld for failure to comply with Federal award conditions, but without suspension of the Federal award, must be released to the District upon subsequent compliance (when a Federal award is suspended, payment adjustments will be made in accordance with § 200.342);(iv) A payment will not be made to the District for amounts that are withheld by the District from payment to contractors to assure satisfactory completion of work. A payment must be made when the District actually disburses the withheld funds to the contractors or to escrow accounts established to assure satisfactory completion of work.

6. Pursuant to § 200.305(7), the District will not maintain separate depository accounts for funds provided to the District or establish any eligibility requirements for depositories for funds provided to the District. However, the District will account for the receipt, obligation and expenditure of funds. Advance payments of Federal funds will be deposited and maintained in insured accounts whenever possible.

7. The District will maintain advance payments of Federal awards in interest-bearing accounts, unless the following apply: (i) The District receives less than $120,000 in Federal awards per year; (ii) The best reasonably available interest-bearing account would not be expected to earn interest in excess of $500 per year on Federal cash balances; (iii) The depository would require an average or minimum balance so high that it would not be feasible within the expected Federal and non–Federal cash resources; (iv) A foreign government or banking system prohibits or precludes interest bearing accounts.

(Continued)

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

8. Interest earned amounts up to $500 per year may be retained by the District for administrative expense. Any additional interest earned on Federal advance payments deposited in interest-bearing accounts must be remitted annually to the Department of Health and Human Services Payment Management System (PMS) through an electronic medium using either Automated Clearing House (ACH) network or a Fedwire Funds Service payment in accordance with § 200.305(b)(9).

z) In order to implement the requirements of § 200.302(b)(7), the District adopts the following written procedures to determine the allowability of costs in accordance with 2 CFR Part 200, Subpart E Cost Principle:

1. Except where otherwise authorized by statute, costs must meet the following general criteria in order to be allowable under a Federal award: (i) Be necessary and reasonable for the performance of the Federal award and be allocable thereto under these principles; (ii) Conform to any limitations or exclusions set forth in these principles or in the Federal award as to types or amount of cost items; (iii) Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the District; (iv) Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost; (v) Be determined in accordance with generally accepted accounting principles (GAAP); (vi) Not be included as a cost or used to meet cost sharing or matching requirements of any other federally-financed program in either the current or a prior period; (vii) Be adequately documented.

2. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost. In determining reasonableness of a given cost, consideration must be given to: (i) Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the District or the proper and efficient performance of the Federal award; (ii) The restraints or requirements imposed by such factors as: sound business practices; arm's-length bargaining; Federal, state, local, tribal, and other laws and regulations; and terms and conditions of the Federal award; (iii) Market prices for comparable goods or services for the geographic area; (iv) Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities to the District, its employees, where applicable its students or membership, the public at large, and the Federal government; (v) Whether the District significantly deviates from its established practices and policies regarding the incurrence of costs, which may unjustifiably increase the Federal award's cost.

(Continued)

SUBJECT: PROCUREMENT: UNIFORM GRANT GUIDANCE FOR FEDERAL AWARDS (Cont'd.)

3. A cost is allocable to a particular Federal award or other cost objective if the goods or services involved are chargeable or assignable to that Federal award or cost objective in accordance with relative benefits received. This standard is met if the cost: (i) Is incurred specifically for the Federal award; (ii) Benefits both the Federal award and other work of the District and can be distributed in proportions that may be approximated using reasonable methods; and (iii) Is necessary to the overall operation of the District and is assignable in part to the Federal award.

aa) Compensation for personal services includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under a Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in § 200.431. Costs of compensation are allowable to the extent that they satisfy the specific requirements of 2 CFR Part 200, including but not limited to § 200.430.

General Municipal Law §§ 5, 5-a, 5-b, and 99-b
N.Y. UCC § 4-A-201

Adoption Date: 5/9/23

SUBJECT: MAINTENANCE OF FUND BALANCE

General Provisions

The Board recognizes that the maintenance of a fund balance is essential to the financial integrity of the District insofar as it helps mitigate current and future risks and assists in ensuring stable tax rates. Consistent with this understanding, the Board adopts the following standards and practices.

Classification of Funds

The District will ensure that funds are classified consistent with Governmental Accounting Standards Board (GASB) Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions.* Consequently, fund balance amounts will be categorized as non-spendable, restricted, committed, assigned, or unassigned.

Unassigned Fund Balance

Minimum Unassigned Fund Balance

In order to maintain financial stability and protect against cash flow shortfalls, the Board will strive to maintain an unassigned fund balance of at least 2% of the current year's budgeted expenses. In the event such balance falls below the 2% floor, the District will seek to replenish deficiencies through reducing expenses and/or increasing revenue.

Maximum Unassigned Fund Balance

In order to support normal operating costs and provide fiscal stability for the District, the Board will also strive to ensure that the unassigned fund balance does not exceed 4% of the current year's budgeted expenditures. If it is anticipated that such balance will exceed the 4% ceiling, the Board will evaluate current commitments and assignments in order to determine the final distribution of fund balance in any fiscal year. The District will ensure unexpended surplus funds are used to reduce taxpayer liability in conformance with Real Property Tax Law Section 1318.

Fund Balance and Budget Development

The District's ability to maintain its unassigned fund balance within the limits articulated above is contingent upon the development of a reasonable budget. Consequently, the District will develop and adopt budgets that, to the extent possible, reflect the anticipated revenues and expenditures.

Likewise, the District will ensure that appropriate reserve funds are established and utilized, consistent with applicable law and District policy, to ensure the fund balance is sufficient to meet District needs.

SUBJECT: MAINTENANCE OF FUND BALANCE (Cont'd.)

Compliance

The District will adhere to the reporting requirements of Article 3 of the General Municipal Law of the State of New York, and the practices set forth in GASB Statement Number 54.

NOTE: Refer also to Policies #5110 -- Budget Planning and Development
#5512 -- Reserve Funds

Adoption Date: 5/9/23

SUBJECT: RESERVE FUNDS

Reserve funds (essentially a legally authorized savings account designated for a specific purpose) are an important component in the District's financial planning for future projects, acquisitions, and other lawful purposes. The District may establish and maintain reserve funds in accordance with New York State laws, Commissioner's regulations, and the rules or opinions issued by the Office of the New York State Comptroller. The District will comply with the reporting requirements of Article 3 of the General Municipal Law of the State of New York and the Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions.*

Any and all District reserve funds will be properly established and maintained to promote the goals of creating an open, transparent, and accountable use of public funds. The District will authorize all payments or transfers into a reserve fund by express resolution. The District may engage independent experts and professionals, including, but not limited to, auditors, accountants, and other financial and legal counsel to monitor all reserve fund activity and prepare any and all reports that the Board may require.

Periodic Review and Annual Report

The Board will periodically review all reserve funds. The District will also prepare and submit an annual report of all reserve funds to the Board. The annual report will include the following information for each reserve fund:

a) The type and description of the reserve fund;

b) The date the reserve fund was established and the amount of each sum paid into the fund;

c) The interest earned by the reserve fund;

d) Capital gains or losses resulting from the sale of investments of the reserve fund;

e) The total amount and date of each withdrawal from the reserve fund;

f) The total assets of the reserve fund showing cash balance and a schedule of investments; and

g) An analysis of the projected needs for the reserve fund in the upcoming fiscal year and a recommendation regarding funding those projected needs.

The Board will utilize the information in the annual report to make necessary decisions to adequately maintain and manage the District's reserve fund balances while mindful of its role and responsibility as a fiduciary of public funds.

Education Law § 3653

Adoption Date: 5/9/23

SUBJECT: EXTRACLASSROOM ACTIVITY FUND

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extraclassroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint an ECA Central Treasurer, a Faculty Auditor, and a chief faculty counselor (appointed for each building in the District, typically the building principal). Each ECA will have a faculty advisor appointed by the chief faculty counselor. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will generally be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extraclassroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. On a quarterly basis, the ECA Central Treasurer will submit to the Board a financial report relating to the receipts and expenditures for all ECA accounts. The authority to expend moneys will be distinct and separate from the custody of these moneys. The District will invest ECA funds in accordance with its investment policy.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

All commitments and contracts will be the sole responsibility of the ECA incurring the transaction, regardless of a change in faculty advisors, membership, or officers.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of inactive or discontinued ECAs and of graduating classes will automatically revert to the account of the general student organization or student council. To reactivate, inactive or discontinued ECAs must follow the start-up procedures for new ECAs.

SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)

As a Local Educational Agency (LEA), the District may receive its full allocation of Title I funds if its combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the District for the preceding fiscal year was not less than 90% of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

The SEA will not consider the following expenditures in determining the District's compliance with the maintenance of effort requirements:

a) Any expenditures for community services, capital outlay, and debt service;

b) Any expenditures made from funds provided by the federal government for which the District is required to account to the federal government directly or through the SEA.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;

b) Children in local institutions for neglected children; and

c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

Funds Will Supplement Not Supplant

SUBJECT: ALLEGATIONS OF FRAUD

Reporting and Investigations of Allegations of Fraud

All Board members and officers, District employees, and third party consultants are required to abide by the District's policies, administrative regulations, and procedures in the course of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the District should disclose this information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as described in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the External (Independent) Auditor, or the School Attorney, or the Board. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate the conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated confidentially and privately. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. SUBJECT: INSURANCE

The objective of the Board is to obtain the best possible insurance at the lowest possible cost, and to seek advice from an Insurance Appraisal Service to determine that adequate coverage is being provided regarding fire, boiler, general liability, bus, and student accident insurance.

The Board will carry insurance to protect the District's real and personal property against loss or damage. This property includes school buildings, the contents of such buildings, school grounds, and vehicles.

The Board may also purchase liability insurance to pay damages assessed against Board members and District employees acting in the discharge of their respective duties, within the scope of their employment and/or under the direction of the Board.

All insurance policies, along with an inventory of the contents of the building, should be kept in a fireproof depository or with the appropriate insurance agent for safekeeping and referral purposes. The Superintendent will review the District's insurance program annually and make recommendations to the Board if more suitable coverage is required.

Non-Instructional/Business Operations

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING

The Superintendent or designee will maintain a continuous and accurate inventory of fixed assets owned by the District in accordance with applicable rules, standards, procedures, and best practices. Fixed assets are, generally, long-term, tangible resources intended to be continuously held or used, and may include land, buildings, improvements, machinery, and equipment.

All fixed assets purchased and received by the District will be checked, logged, and stored through an established procedure.

The School Business Official will account for assets on an annual basis according to applicable rules, standards, procedures, and best practices. These accounts will serve to:

a) Maintain an inventory of assets;

b) Establish accountability;

c) Determine replacement costs; and

d) Determine and provide appropriate insurance coverage.

The Board will establish a dollar threshold as a basis for considering which fixed assets are to be depreciated. This threshold will ensure that at least 80% of the value of these assets is reported. The threshold will not be greater than $5,000. Standard methods and averaging conventions will be used in assessing, capitalizing, and depreciating fixed assets.

Fixed assets will be recorded at initial cost or, if not available, at estimated initial cost; gifts of fixed assets will be recorded at estimated fair value at the time of the gift. A property record will be maintained for each fixed asset and will contain, where possible, the following information:

a) Date of acquisition;

b) Description;

c) Serial or other identification number;

d) Any funding source and percentage contributed by the source;

e) Vendor;

f) Cost or value;

g) Location and use;

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

h) Asset type;

i) Condition and estimated useful life;

j) Replacement cost;

k) Current value;

l) Salvage value;

m) Sale price and date and method of disposition; and

n) Responsible official.

All fixed assets will be labeled. Any discrepancies between an inventory and the District's property records should be traced, explained, and documented.

Management of Assets Acquired Under a Federal Government Grant or Subgrant

Inventories will be maintained for assets acquired with funds obtained through federal grant programs. A separate inventory will be maintained for each program. Each inventory will record assets in the same manner as the District's fixed asset inventory. Assets will be labeled to specify the source of funds used to purchase the item. All Title I assets will include "Title I" on the label. These inventories will track assets for at least five years from the date of receipt.

When original or replacement assets acquired under a federal grant or subgrant are no longer needed for the original project or for other activities currently or previously supported by a federal agency, the District will dispose of the assets as follows:

a) Assets with a current per-unit fair market value of less than $5,000 may be retained, sold, or otherwise disposed of with no further obligation to the awarding agency.

b) Assets with a current per-unit fair market value of greater than $5,000 may be retained or sold and the awarding agency will have a right to an amount calculated by multiplying the current market value or proceeds from sale by the awarding agency's share of the assets.

c) No federal approval is necessary to dispose of an asset costing over $5,000 but approval from the New York State Education Department (SED) is necessary. Once SED has determined that it has no other need for the use of the asset, the District may proceed with selling it.

(Continued)

SUBJECT: FIXED ASSET INVENTORIES, ACCOUNTING, AND TRACKING (Cont'd.)

The District will comply with the U.S. Department of Education regulations governing the use, management, and disposition of all equipment acquired through a federal government grant.

Equipment Purchased with Extraclassroom Funds

Title to all equipment acquired with extraclassroom activity funds will reside with the District and be carried as an insurable asset on its list of insurable values. This equipment will be tagged as District property but is available for exclusive use by the extraclassroom activity club acquiring it.

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE

Operation and Maintenance

The Board, through the Superintendent and his or her staff, has the responsibility of protecting the District's facilities through a systematic maintenance program. The program will include periodic preventive maintenance activities, long-range maintenance schedules, and emergency repair procedures. The District will make reasonable attempts to ensure that all maintenance work will be carried out in the least intrusive manner.

Construction and Remodeling of School Facilities

The District will ensure all capital projects and maintenance comply with the requirements of the New York State Uniform Fire Prevention and Building Code, the Manual of Planning Standards, and the Commissioner's regulations. Relevant documentation regarding all new buildings must be formally submitted to the State Education Department (SED) no matter the size or cost. The SED Office of Facilities Planning has provided an Instruction Guide on its official website.

Plans and specifications for the erection, enlargement, repair, or remodeling of facilities of the District will be submitted to the Commissioner consistent with applicable law.

Plans and specifications submitted to the Commissioner will bear the signature and seal of an architect or engineer licensed to practice in the State of New York. The architect or engineer who sealed the plans and specifications must also certify that the plans and specifications conform to the standards set forth in the State Uniform Fire Prevention and Building Code and the State Energy Conservation Construction Code.

For remodeling or construction projects, the District will ensure compliance with the requirements of the State Uniform Fire Prevention and Building Code and Commissioner's regulations. The District will also retain the services of an architect or engineer licensed to practice in New York State as required by law or regulation, or as necessary given the scope and cost of the project.

Carbon Monoxide Detection Requirements

All new and existing District buildings that have appliances, devices, or systems that may emit carbon monoxide, and all attached garages, must have a means to detect carbon monoxide. Buildings include school buildings, administrative buildings, bus maintenance facilities, concession stands, and field houses. Carbon monoxide may be produced by fuel-fired heating systems (boilers, HVAC units, and makeup air units), emergency or standby electric generation within a building, fuel-fired kitchen equipment (ranges, ovens, steamers, dishwashers, and makeup air units serving hoods), fuel-fired domestic hot water heaters, laboratory/shop equipment (gas outlets, torches, gas-fired kilns, and stationary or portable engines), maintenance and storage areas with fuel-fired equipment, and in garages.

(Continued)

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE (Cont'd.)

The District may use a self-contained carbon monoxide alarm, a carbon monoxide detection system, or both. The District will comply with all laws and regulations regarding alarms or detectors, including where they must be located, their power sources, and labeling requirements. The District should develop written standard operating procedures to follow when a carbon monoxide detector is activated.

Inspections

The District is mindful of the health and safety of its students, staff, and visitors and, as such, the District administration will cooperate with appropriate officials conducting health, fire, asbestos, bus, and boiler inspections. In addition, the administration will keep the Board informed of the results of these inspections in a timely fashion.

In accordance with the Asbestos Hazard Emergency Response Act (AHERA), the District will inform all employees and building occupants (or their legal guardians) at least once each school year about all asbestos inspections, response actions, post-response action activities, as well as triennial re-inspection activities and surveillance activities that are either planned or in progress. The District will provide yearly notification to parent, teacher, and employee organizations on the availability of the District's asbestos management plan and any asbestos-related actions taken or planned in the school.

The District will test potable water for lead contamination from all outlets as required by law. If an outlet exceeds the action level for lead content, the District will prohibit use of the outlet for drinking and cooking purposes, and it will remediate the outlet before allowing these uses. The District will make all required notifications and issue all mandated reports to the public, local health department, or the SED. For ten years following creation, the District will retain all records of test results, lead remediation plans, lead-free building determinations, and waiver requests. The District may seek a waiver from testing requirements from the local health department by demonstrating prior substantial compliance with testing requirements.

To help protect staff, students, and visitors from contracting Legionnaires' disease from Legionella bacteria, the District will register any cooling towers it owns with the New York State Department of Health (DOH), providing the information in any form that the DOH requires. The District will also adhere to the inspection, annual certification, and maintenance program and planning requirements mandated by the DOH. Further, the District will maintain records regarding all inspection results, corrective action, cleaning and disinfection, tests, and certifications for at least three years. The District will keep a copy of its required maintenance program and plan on the premises where the cooling tower is located.

Comprehensive Public School Building Safety Program (RESCUE)

To ensure that all District facilities are properly maintained and preserved and provide suitable educational settings, the Board requires that all occupied school facilities which are owned, operated or leased by the District comply with the provisions of the Comprehensive Public School Building Safety Program, the Uniform Code of Public School Building Inspections, and the Safety Rating and Monitoring as prescribed in Commissioner's regulations. For this reason, the District will develop a Comprehensive Public School Building Safety Program in accordance with Commissioner's regulations.

The program will be reevaluated and made current at least annually, and will include, at a minimum, the following:

a) A five year capital facilities plan which will include an appraisal of the following: the educational philosophy of the District, with resulting administrative organization and program requirements; present and projected student enrollments; space use and state-rated student capacity of existing facilities; the allocation of instructional space to meet the current and future education program and service needs, and to serve students with disabilities in settings with nondisabled peers; priority of need of maintenance, repair or modernization of existing facilities, including consideration of the obsolescence and retirement of certain facilities; and the provision of additional facilities.

b) A District-wide building inventory, which will include information pertaining to each building including, but not limited to:

   1. Type of building, age of building, size of building;

   2. Rated capacity, current enrollment;

   3. List of energy sources and major systems (lighting, plumbing, electrical, heating); and

   4. Summary of triennial Asbestos Inspection reports.

c) A building condition survey will be conducted for all occupied school buildings once every five years by a team that includes at least one licensed architect or engineer.

d) A District-wide monitoring system which includes:

   1. Establishing a Health and Safety Committee;

   2. Development of detailed plans and a review process of all inspections;

(Continued)

SUBJECT: FACILITIES: INSPECTION, OPERATION, AND MAINTENANCE (Cont'd.)

3. Procedures for a response in writing to all inquiries about building health and safety concerns, a copy of which will be sent to the District's Health and Safety Committee for oversight, and a copy kept on permanent file.

e) Procedures to ensure the safety of the building occupants while a construction or renovation project is taking place. These procedures will include:

1. Notification to parents, staff, and the community at least two months in advance of a construction project of $10,000 or more to be conducted in a school building while the building is occupied; provided, however, that in the case of emergency construction projects, notice will be provided as far in advance of the start of construction as is practicable;

2. A plan to ensure that all contractors comply with all health and safety issues and regulations, and wear photo identification badges;

3. An opportunity for the District's Health and Safety Committee to conduct a walk-through inspection of newly renovated or constructed areas to confirm that the area is ready to be reopened for use; and

4. An emergency plan which will address potential concerns with the capital project including, but not limited to, evacuation procedures, fire drills, and structural failures.

All personnel will be provided with applicable training to comply with the New York State "Right-to-Know" Law and the Hazard Communication Standard. Both the "Right to Know" poster and the "Labor Law Information Relating to Public Employees" poster must be posted in common areas informing workers of relevant work hazards and associated rights.

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE

The Board is committed to maintaining the integrity of school buildings and grounds while protecting the health and safety of students and staff and maintaining a productive learning environment.

Structural and landscape pests can pose significant problems for people and property. Weeds and infestations can destroy playing fields and playgrounds and more importantly, cause severe allergic reactions. Pesticides can pose risks to people, property, and the environment. It is therefore the policy of the District to incorporate Integrated Pest Management (IPM) procedures for control of weeds, structural, and landscape pests. The objective of this program is to provide necessary pest control while using the least toxic approach to all pests, weeds, and infestations.

Pest/Pesticide Management Plan

The District will manage weeds and pests to:

a) Reduce any potential human health hazard or threat to public safety;

b) Prevent loss or damage to school structures or property;

c) Prevent pests from spreading into the community, or to plant and animal populations beyond the site; and

d) Enhance the quality of life for students, staff, and others.

Integrated Pest Management (IPM) Coordinator

An IPM Coordinator will be appointed by the Superintendent. The Coordinator will be responsible for implementing the IPM policy and plan. The coordinator's responsibilities will include, but are not limited to, the following:

a) Recording all pest sightings by school staff and students;

b) Recording all pesticide use and utilizing the least toxic approach;

c) Meeting with a local pest control expert, such as a pesticide contractor to share information on what pest problems are present in the school;

d) Ensuring that all of the expert's recommendations on maintenance and sanitation are carried out where feasible;

e) Ensuring that pesticide use is done when school is not in session or when the area can be completely secured against access by school staff and students for a standard 72 hours, or as required by the pesticide being used;

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

f) Evaluating the school's progress in the IPM plan; and

g) Notifying parents, staff and neighbors of any applications of pesticides 48 hours before they occur. The IPM Coordinator will serve as the District's Pesticide Representative.

Pesticide Use on Common Areas

Pesticides will not be used on playgrounds, turf, athletic or playing fields, in effect, all lawn areas of the school. In these common areas where children gather and play, pesticide alternatives will be used whenever possible and effective. The prohibition does not apply to indoor use or the application to building structures.

An exception may be made for emergency applications of pesticide only when approved in advance by the Board. The Board may consult with the local Health Department on public health related emergency determinations. They may also consult with the Department of Environmental Conservation (DEC) for environmental emergency determinations. Emergency determinations should only be sought for one-time pesticide application in a specific situation, which presents a true emergency. The guidance document from DEC provides clarification on emergency determinations and can be found on the official website of the DEC.

Some types of pesticides and alternatives, those deemed safe in federal regulation, may be allowable on playing fields and playgrounds in certain circumstances. The District will develop regulations governing the use of pesticides and their alternatives on school grounds.

Fertilizer Use

Phosphorous fertilizers will only be used on school grounds in compliance with the following requirements:

a) Fertilizer use is prohibited between December 1 and April 1 annually.

b) The use of fertilizers is prohibited within 20 feet of any surface water except:

1. Where a continuous natural vegetation buffer, at least ten feet wide, separates lawn and water.

2. Where a spreader guard, deflector shield or drop spreader is used, then the application may not occur within three feet of any surface water.

(Continued)

SUBJECT: PEST MANAGEMENT AND PESTICIDE USE (Cont'd.)

c) The use of phosphorus fertilizers is prohibited on lawns or other non-agricultural turf with the following exceptions:

1. The use of phosphorus fertilizers is needed to establish a new lawn; or

2. A soil test shows that phosphorus fertilizers are needed for growth.

d) Fertilizer cannot be used on any impervious surfaces and if such an application occurs, it must be cleaned immediately and legally applied or placed in an appropriate container.

Notification

The District's IPM Coordinator or designated Pesticide Representative will give prior written notice of all pesticide applications to anyone who has asked to receive this notice. The District will also notify parents, students, and staff of periodic pesticide applications. The District will maintain a list of those people who wish to receive 48-hour notice before pesticide applications and will ensure that a system is developed to deliver such notice in a timely fashion to all affected. The notification system may be by mail or email, and will ensure that a back-up method is available to notify those for whom the regular system is unworkable. The name and contact information for the District Pesticide Representative will be made available to all requesting it.

The District must also provide additional written notification to all parents and staff three times per year to inform them of any pesticide applications that have occurred: within ten days of the end of the school year, within two school days of the end of winter recess and within two days of the end of spring recess.

Recordkeeping

Records of pesticide use will be maintained on-site for three years and will be completed on the day of pesticide use. In addition, pest surveillance records will be maintained to help verify the need for pesticide treatments. Annual reports of any applications must be sent to DEC.

SUBJECT: ENERGY CONSERVATION AND RECYCLING IN THE SCHOOLS

The Board recognizes the importance of energy conservation and is committed to the analysis, development, and initiation of conservation measures throughout the District for the purpose of reducing energy consumption, particularly in these times of declining levels of natural energy resources and increasing cost of these resources. The Board maintains an aggressive and responsible program to reduce consumption of energy by its facilities and to provide education to both staff and students on the conservation of energy.

The District is committed to an energy conservation program that addresses not only capital-related energy projects but ongoing, day-to-day energy related issues as well. All staff are urged to participate actively in a program of energy conservation by assisting in the efforts to eliminate the wasteful use of energy in the operation of the District's buildings. Cooperation will be required of each employee and each student to achieve a meaningful energy conservation program that results in a more efficient use of energy resources. Involvement of staff and students is essential to a successful program of energy conservation.

The Board is further committed to protecting and improving the environment by recycling commonly used materials, waste prevention strategies, and purchasing recycled products when feasible.

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING

Purpose

The goal of the *William Floyd UFSD* is to provide student access to nutritious no-or low-cost meals each school day and to ensure that a pupil whose parent/guardian has unpaid school meal fees is not shamed or treated differently than a pupil whose parent/guardian does not have unpaid meal fees.

Unpaid charges place a large financial burden on our school. The purpose of this policy is to insure compliance with federal requirements for the USDA Child Nutrition Program and, and to provide oversight and accountability for the collection of outstanding student meal balances to ensure that the student is not stigmatized, distressed or embarrassed.

The intent of this policy is to establish procedures to address unpaid meal charges throughout the *William Floyd UFSD* in a way that does not stigmatize, distress or embarrass students. The provisions of this policy pertain to regular priced reimbursable school breakfast, lunch and snack meals only. The *William Floyd UFSD* provides this policy as a courtesy to those students in the event that they forget or lose their money. Charging of items outside of the reimbursable meals (a la carte items, adult meals, etc.) is expressly prohibited.

Policy

a) Free Meal Benefit - Free eligible students will be allowed to receive a free breakfast and lunch meal of their choice each day. A la carte items or other similar items must be paid/prepaid.

b) Reduced Meal Benefit - Reduced eligible students will be allowed to receive a breakfast of their choice for *$.25* and lunch of their choice for *$.25* each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the school to withhold a meal. A la carte items or other similar items must be paid/prepaid.

c) Full Pay Students - Students will pay for meals at the school's published paid meal rate each day. The charge meals offered to students will be reimbursable meals available to all students, unless the student's parent or guardian has specifically provided written permission to the school to withhold a meal. A la carte items or other similar items must be paid/prepaid.

Ongoing Staff Training

a) Staff will be trained annually and throughout the year as needed on the procedures for managing meal charges using the NYSED Webinar or the school's training program.

b) Staff training includes ongoing eligibility certification for free or reduced price meals.

(Continued)

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING (Cont'd.)

Parent Notification

Although William Floyd UFSD does not impose a limit on the number of charges made to a student account, parents/guardians will be notified that a student's meal card or account balance is exhausted and has accrued meal charges within 1 week of the charge and then every week thereafter. Parents are notified through automated phone messages and by school staff.

Parent Outreach

a) Staff will communicate with parents/guardians when student accounts are in the negative to determine eligibility for free or reduced price meals.

b) School staff will make two documented attempts to reach out to parents/guardians to complete a meal application in addition to the application and instructions provided in the school enrollment packet.

c) School staff will contact the parent/guardian to offer assistance with completion of meal application to determine if there are other issues within the household causing the child to have insufficient funds, offering any other assistance that is appropriate. If there is no response the District will have a social worker reach out the parent as well.

Minimizing Student Distress

a) School will not publicly identify or stigmatize any student on the line or discuss any outstanding meal debt in the presence of any other students.

b) Students who incur meal charges will not be required to wear a wristband or handstamp, or to do chores or work to pay for meals.

c) Schools will not throw away a meal after it has been served because of the student's inability to pay for the meal or because of previous meal charges.

d) Schools will not take any action directed at a pupil to collect unpaid school meal fees.

e) Schools will deal directly with parents/guardians regarding unpaid school meal fees.

Ongoing Eligibility Certification

a) School staff will conduct direct certification with NYSSIS or using NYSED Roster Upload to maximize free eligibility. NYSED provides updated direct certification data monthly.

(Continued)

SUBJECT: MEAL CHARGING AND PROHIBITION AGAINST MEAL SHAMING (Cont'd.)

b) School staff will provide parents/guardians with free and reduced price application and instructions at the beginning of each school year in school enrollment packet.

c) Schools using electronic meal application will provide an explanation of the process in the school enrollment packet and instructions on how to request a paper application at no cost.

d) Schools will provide at least two additional free and reduced price applications throughout the school year to families identified as owing meal charges.

e) Schools will use administrative prerogative judiciously, only after using exhaustive efforts to obtain a completed application from the parent/guardian only with available information on family size and income that falls within approvable guidelines.

f) Schools will coordinate with the foster, homeless, migrant, runaway coordinators at least monthly to certify eligible students.

Students/Parents/Guardians may pay for meals in advance via *www.myschoolbucks.com* or with a cash or check/money order payable to *William Floyd School Lunch Fund*. Further details are available on our webpage at *www.wfsd.k12.ny.us*. Funds should be maintained in accounts to minimize the possibility that a child may be without meal money on any given day. Any remaining funds for a particular student may/will be carried over to the next school year.

k) Encouraging District staff to model healthy eating, drinking, and physical activity behaviors for students.

Physical Activity and Education

Physical Activity

Since physical activity affects students' emotional and physical well-being, as well as their cognitive development, the District is committed to ensuring that all students, including students with disabilities requiring adaptations or modifications, are provided the opportunity to participate in physical activity before, during, and after school. Physical activity opportunities will be in addition to, not in lieu of, physical education.

Recess, physical education, or other physical activity time will not be cancelled for instructional make-up time, nor will it be withheld for disciplinary action unless the student is a danger to himself, herself or others. This does not include participation on sport teams that may have specific academic requirements. Classroom teachers will be provided with a list of ideas for alternative ways to discipline students.

The District is committed to encouraging physical activity through the following:

a) Classroom Physical Activity Breaks (Elementary and Secondary)

This requirement will not apply on days where students arrive late, leave early, or are otherwise on campus for less than a full day. Outdoor recess will be offered when weather permits. In the event that indoor recess is necessary, it will be offered in a place that accommodates moderate to vigorous physical activity.

(Continued)

SUBJECT: WELLNESS (Cont'd.)

c) Active Academics

Teachers are encouraged to incorporate kinesthetic learning approaches into core learning subjects when possible to limit sedentary behavior during the school day.

d) Before and After School Activities

The District will offer opportunities for all students to participate in physical activity before and/or after the school day through various methods, such as physical activity clubs, intramurals, and interscholastic sports.

e) Active Transport

The District supports active transport to and from school, i.e. walking or biking. The District will encourage this behavior by securing storage facilities for bicycles and equipment and instructing students on walking and bicycling safety. The District strongly encourages the use of appropriate protective wear, such as helmets.

Physical Education

The District will have a Board-approved Physical Education Plan on file with the New York State Education Department that meets or exceeds the requirements set forth in the Commissioner's regulations. All students will be required to fulfill the physical education requirements set forth in the Commissioner's regulations as a condition of graduating from the District's schools.

The District recognizes the importance of physical education classes in providing students with meaningful opportunities for physical exercise and development. Consequently, the District will ensure that:

a) All physical education classes are taught or supervised by a certified physical education teacher;

b) All physical education staff receive professional development relevant to physical education on an annual basis;

c) Interscholastic sports, intramural sports, and recess do not serve as substitutes for a quality physical education program;

d) Students are afforded the opportunity to participate in moderate to vigorous activity for at least 50% of physical education class time;

(Continued)

SUBJECT: WELLNESS (Cont'd.)

e) It provides adequate space and equipment for physical education and conforms to all applicable safety standards;

f) An age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education is implemented, with a focus on students' development of motor skills, movement forms, and health-related fitness;

g) A physical and social environment is provided that encourages safe and enjoyable activity for all students; and

h) Activities or equipment are adapted or modified to meet the needs of students who are temporarily or permanently unable to participate in the regular program of physical education. In doing so, the District will abide by specific provisions in 504 Plans and/or individualized education programs (IEP). To that end, the Committee on Special Education (CSE) will ensure that a certified physical education teacher participates in the development of a student's IEP, if the student may be eligible for adapted physical education.

SUBJECT: WELLNESS (Cont'd.)

Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing District reform or academic improvement plans/efforts.

Retention and Disposition of Records

The District will retain records and dispose of them in accordance with the Retention and Disposition Schedule for New York Local Government Records (LGS-1) or as otherwise approved by the Commissioner of Education. Retention and Preservation of Electronic Records

SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS

In accordance with the Federal Trade Commission's (FTC) "Disposal Rule," and in an effort to protect the privacy of consumer information, reduce the risk of fraud and identity theft, and guard against unauthorized access to or use of the information, the District will take appropriate measures to properly dispose of sensitive information (i.e., personal identifiers) contained in or derived from consumer reports and records. The District may determine what measures are reasonable based on the sensitivity of the information, the costs and benefits of different disposal methods, and changes in technology.

The term "consumer report" includes information obtained from a consumer reporting company that is used—or expected to be used—in establishing a consumer's eligibility for employment or insurance, among other purposes. The term "employment purposes" when used in connection with a consumer report means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

The FTC Disposal Rule defines "consumer information" as "any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report. Consumer information also means a compilation of these records. Consumer information does not include information that does not identify individuals, such as aggregate information or blind data."

Information Covered by the Disposal Rule

There are a variety of personal identifiers beyond simply a person's name that would bring information within the scope of the Disposal Rule, including, but not limited to, a social security number, driver's license number, phone number, physical address, and email address. Depending upon the circumstances, data elements that are not inherently identifying can, in combination, identify particular individuals.

Proper Disposal

The District will utilize disposal practices that are reasonable and appropriate to prevent the unauthorized access to—or use of—information contained in or derived from consumer reports and records. Reasonable measures to protect against unauthorized access to or use of consumer information in connection with District disposal include the following examples.

a) Burning, pulverizing, or shredding of papers containing consumer information so that the information cannot practicably be read or reconstructed;

b) Destroying or erasing electronic media containing consumer information so that the information cannot practicably be read or reconstructed;

(Continued)

SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS (Cont'd.)

c) After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of material, specifically identified as consumer information, in a manner consistent with the Disposal Rule. In this context, due diligence could include:

1. Reviewing an independent audit of the disposal company's operations and/or its compliance with the Disposal Rule;

2. Obtaining information about the disposal company from several references or other reliable sources;

3. Requiring that the disposal company be certified by a recognized trade association or similar third party;

4. Reviewing and evaluating the disposal company's information security policies or procedures;

5. Taking other appropriate measures to determine the competency and integrity of the potential disposal company; or

6. Requiring that the disposal company have a certificate of registration from the New York Department of State issued on or after October 1, 2008.

d) For persons (as defined in accordance with the Fair Credit Reporting Act) or entities who maintain or otherwise possess consumer information through their provision of services directly to a person subject to the Disposal Rule, monitoring compliance with policies and procedures that protect against unauthorized or unintentional disposal of consumer information, and disposing of this information in accordance with examples a) and b) above.

Implementation of Practices and Procedures

The Board delegates to the Superintendent or designee the authority and responsibility to review current practices regarding the disposal of consumer information; and to implement such further reasonable and appropriate procedures, including staff training as necessary, to ensure compliance with the FTC's Disposal Rule.

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION

The District values the protection of private information of individuals in accordance with applicable law and regulations. The District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's private information in compliance with the Information Security Breach and Notification Act and Board policy.

a) "Personal information" means any information concerning a person which, because of name, number, symbol, mark, or other identifier, can be used to identify that person.

b) "Private information" means either:

1. Personal information consisting of any information in combination with any one or more of the following data elements, when either the data element or the combination of personal information plus the data element is not encrypted or encrypted with an encryption key that has also been accessed or acquired:

   (a) Social security number;

   (b) Driver's license number or non-driver identification card number;

   (c) Account number, credit or debit card number, in combination with any required security code, access code, password, or other information which would permit access to an individual's financial account;

   (d) Account number, or credit or debit card number, if circumstances exist where the number could be used to access an individual's financial account without additional identifying information, security code, access code, or password; or

   (e) Biometric information, meaning data generated by electronic measurements of an individual's unique physical characteristics, such as fingerprint, voice print, retina or iris image, or other unique physical representation or digital representation which are used to authenticate or ascertain the individual's identity;

2. A username or email address in combination with a password or security question and answer that would permit access to an online account.

Private information does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

c) "Breach of the security of the system" means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

Determining if a Breach Has Occurred

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

a) Indications that the information is in the physical possession or control of an unauthorized person, such as a lost or stolen computer or other device containing information;

b) Indications that the information has been downloaded or copied;

c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported; or

d) System failures.

Notification Requirements

a) For any computerized data owned or licensed by the District that includes private information, the District will disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization. The disclosure to affected individuals will be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the integrity of the data system. The District will consult with the New York State Office of Information Technology Services to determine the scope of the breach and restoration measures. Within 90 days of the notice of the breach, the New York State Office of Information Technology Services will deliver a report to the District on the scope of the breach and recommendations to restore and improve the security of the system.

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

b) Notice to affected persons under State Technology Law is not required if the exposure of private information was an inadvertent disclosure by persons authorized to access private information, and the District reasonably determines the exposure will not likely result in the misuse of the information, or financial or emotional harm to the affected persons. This determination must be documented in writing and maintained for at least five years. If the incident affected over 500 New York State residents, the District will provide the written determination to the New York State Attorney General within ten days after the determination.

c) If notice of the breach of the security of the system is made to affected persons pursuant to the breach notification requirements under certain laws and regulations, the District is not required to provide additional notice to those affected persons under State Technology Law. However, the District will still provide notice to the New York State Attorney General, the New York State Department of State, the New York State Office of Information Technology Services, and to consumer reporting agencies.

d) For any computerized data maintained by the District that includes private information which the District does not own, the District will notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. The required notification will be made after the law enforcement agency determines that the notification does not compromise the investigation.

If the District is required to provide notification of a breach, including breach of information that is not private information, to the United States Secretary of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 or the Health Information Technology for Economic and Clinical Health Act, it will provide notification to the New York State Attorney General within five business days of notifying the United States Secretary of Health and Human Services.

Methods of Notification

The required notice will be directly provided to the affected persons by one of the following methods:

a) Written notice;

b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form and a log of each notification is kept by the District when notifying affected persons in electronic form. However, in no case will the District require a person to consent to accepting the notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;

(Continued)

SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)

c) Telephone notification, provided that a log of each notification is kept by the District when notifying affected persons by phone; or

d) Substitute notice, if the District demonstrates to the New York State Attorney General that the cost of providing notice would exceed $250,000, or that the affected class of subject persons to be notified exceeds 500,000, or that the District does not have sufficient contact information. Substitute notice will consist of all of the following:

1. Email notice when the District has an email address for the subject persons;

2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and

3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include:

a) Contact information for the notifying District;

b) The telephone numbers and websites of the relevant state and federal agencies that provide information regarding security breach response and identity theft prevention and protection information; and

c) A description of the categories of information that were, or are reasonably believed to have been, accessed or acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, accessed or acquired.

In the event that any New York State residents are to be notified, the District will notify the New York State Attorney General, New York State Department of State, and New York State Office of Information Technology Services as to the timing, content, and distribution of the notices and approximate number of affected persons and provide a copy of the template of the notice sent to affected persons. This notice will be made without delaying notice to affected New York State residents.

In the event that more than 5,000 New York State residents are to be notified at one time, the District will also notify consumer reporting agencies as to the timing, content, and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents.

A list of consumer reporting agencies will be compiled by the New York State Attorney General and furnished upon request to any district required to make a notification in accordance with State Technology Law.

SUBJECT: DATA NETWORKS AND SECURITY ACCESS

The District values the protection of private information of individuals in accordance with applicable law, regulations, and best practice. Accordingly, District officials and Information Technology (IT) staff will plan, implement, and monitor IT security mechanisms, procedures, and technologies necessary to prevent improper or illegal disclosure, modification, or denial of sensitive information in the District Computer System (DCS). Similarly, IT mechanisms and procedures will also be implemented in order to safeguard District technology resources, including computer hardware and software. District network administrators may review District computers to maintain system integrity and to ensure that individuals are using the system responsibly. Users should not expect that anything stored on school computers or networks will be private.

In order to achieve the objectives of this policy, the Board entrusts the Superintendent or designee to:

a) Inventory and classify personal, private, and sensitive information on the DCS to protect the confidentiality, integrity, and availability of information;

b) Develop password standards for all users including, but not limited to, how to create passwords and how often passwords should be changed by users to ensure security of the DCS;

c) Ensure that the "audit trail" function is enabled within the District's network operating system, which will allow the District to determine on a constant basis who is accessing the DCS, and establish procedures for periodically reviewing audit trails;

d) Develop procedures to control physical access to computer facilities, data rooms, systems, networks, and data to only authorized individuals; these procedures may include ensuring that server rooms remain locked at all times and the recording of arrival and departure dates and times of employees and visitors to and from the server room;

e) Establish procedures for tagging new purchases as they occur, relocating assets, updating the inventory list, performing periodic physical inventories, and investigating any differences in an effort to prevent unauthorized and/or malicious access to these assets;

f) Periodically grant, change, and terminate user access rights to the overall networked computer system and to specific software applications and ensure that users are given access based on, and necessary for, their job duties;

g) Limit user access to the vendor master file, which contains a list of vendors from which District employees are permitted to purchase goods and services, to only the individual who is responsible for making changes to this list, and ensure that all former employees' access rights to the vendor master list are promptly removed;

(Continued)

SUBJECT: DATA NETWORKS AND SECURITY ACCESS (Cont'd.)

h) Determine how, and to whom, remote access should be granted, obtain written agreements with remote access users to establish the District's needs and expectations, as appropriate, and monitor and control remote access;

i) Verify that laptop computer systems assigned to teachers and administrators use full-disk encryption software to protect against loss of sensitive data;

j) Deploy software to servers and workstations to identify and eradicate malicious software attacks such as viruses and malware;

k) Develop a disaster recovery plan appropriate for the size and complexity of District IT operations to ensure continuous critical IT services in the event of any sudden, catastrophic event, including, but not limited to fire, computer virus, or deliberate or inadvertent employee action.

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

The System

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

System Access

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view or modify grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. As appropriate, the District will develop further IT controls that protect against improper access and promote data security. Further, the District recognizes that system access is most secure when District-owned devices are used. Accordingly, staff should only use District-owned devices to view, enter, or modify student grades and comments.

Grade Changes

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the next marking period closes or before the end of the school year, whichever is earlier.

(Continued)

SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form and all other documents supporting a grade modification will be electronically filed in the grading system or filed in a non-electronic system—if electronic filing is impossible or impractical—and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

a) Data entry error;

b) Computational error;

c) A modification based on work submitted or considered after the lockout date;

d) Changing an incomplete grade to a regular grade because a student completed course requirements;

e) Credit recovery coursework;

f) Administrative change; or

g) Other acceptable justifications.

Audit Log and Monitoring

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

Student Transcripts

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

a) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

b) Ensure that it has provisions in its contracts with third-party contractors or in separate data sharing and confidentiality agreements that require the confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

Except as required by law or in the case of educational enrollment data, the District will not report to NYSED the following student data elements:

a) Juvenile delinquency records;

b) Criminal records;

c) Medical and health records; and

d) Student biometric information.

Nothing in Education Law Section 2-d or this policy should be construed as limiting the administrative use of student data or teacher or principal data by a person acting exclusively in the person's capacity as an employee of the District.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

The Commissioner of Education has appointed a Chief Privacy Officer who will report to the Commissioner on matters affecting privacy and the security of student data and teacher and principal data. Among other functions, the Chief Privacy Officer is authorized to provide assistance to educational agencies within the state on minimum standards and best practices associated with privacy and the security of student data and teacher and principal data.

The District will comply with its obligation to report breaches or unauthorized releases of student data or teacher or principal data to the Chief Privacy Officer in accordance with Education Law Section 2-d, its implementing regulations, and this policy.

The Chief Privacy Officer has the power, among others, to:

a) Access all records, reports, audits, reviews, documents, papers, recommendations, and other materials maintained by the District that relate to student data or teacher or principal data, which includes, but is not limited to, records related to any technology product or service that will be utilized to store and/or process PII; and

b) Based upon a review of these records, require the District to act to ensure that PII is protected in accordance with laws and regulations, including but not limited to requiring the District to perform a privacy impact and security risk assessment.

District Data Privacy and Security Standards

The District will use the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1) (Framework) as the standard for its data privacy and security program. The Framework is a risk-based approach to managing cybersecurity risk and is composed of three parts: the Framework Core, the Framework Implementation Tiers, and the Framework Profiles. The Framework provides a common taxonomy and mechanism for organizations to:

a) Describe their current cybersecurity posture;

b) Describe their target state for cybersecurity;

c) Identify and prioritize opportunities for improvement within the context of a continuous and repeatable process;

d) Assess progress toward the target state; and

e) Communicate among internal and external stakeholders about cybersecurity risk.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

The District will protect the privacy of PII by:

a) Ensuring that every use and disclosure of PII by the District benefits students and the District by considering, among other criteria, whether the use and/or disclosure will:

1. Improve academic achievement;

2. Empower parents and students with information; and/or

3. Advance efficient and effective school operations.

b) Not including PII in public reports or other public documents.

The District affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students, where applicable.

Third-Party Contractors

District Responsibilities

The District will ensure that whenever it enters into a contract or other written agreement with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

In addition, the District will ensure that the contract or written agreement includes the third-party contractor's data privacy and security plan that has been accepted by the District.

The third-party contractor's data privacy and security plan must, at a minimum:

a) Outline how the third-party contractor will implement all state, federal, and local data privacy and security contract requirements over the life of the contract, consistent with District policy;

b) Specify the administrative, operational, and technical safeguards and practices the third-party contractor has in place to protect PII that it will receive under the contract;

c) Demonstrate that the third-party contractor complies with the requirements of 8 NYCRR Section 121.3(c);

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

d) Specify how officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data receive or will receive training on the laws governing confidentiality of this data prior to receiving access;

e) Specify if the third-party contractor will utilize subcontractors and how it will manage those relationships and contracts to ensure PII is protected;

f) Specify how the third-party contractor will manage data privacy and security incidents that implicate PII including specifying any plans to identify breaches and unauthorized disclosures, and to promptly notify the District;

g) Describe whether, how, and when data will be returned to the District, transitioned to a successor contractor, at the District's option and direction, deleted or destroyed by the third-party contractor when the contract is terminated or expires; and

h) Include a signed copy of the Parents' Bill of Rights for Data Privacy and Security.

Third-Party Contractor Responsibilities

Each third-party contractor, that enters into a contract or other written agreement with the District under which the third-party contractor will receive student data or teacher or principal data from the District, is required to:

a) Adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework;

b) Comply with District policy and Education Law Section 2-d and its implementing regulations;

c) Limit internal access to PII to only those employees or subcontractors that have legitimate educational interests (i.e., they need access to provide the contracted services);

d) Not use the PII for any purpose not explicitly authorized in its contract;

e) Not disclose any PII to any other party without the prior written consent of the parent or eligible student:

1. Except for authorized representatives of the third-party contractor such as a subcontractor or assignee to the extent they are carrying out the contract and in compliance with law, regulation, and its contract with the District; or

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

2. Unless required by law or court order and the third-party contractor provides a notice of the disclosure to NYSED, the Board, or the institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by law or court order;

f) Maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of PII in its custody;

g) Use encryption to protect PII in its custody while in motion or at rest; and

h) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

Cooperative Educational Services through a BOCES

The District may not be required to enter into a separate contract or data sharing and confidentiality agreement with a third-party contractor that will receive student data or teacher or principal data from the District under all circumstances.

For example, the District may not need its own contract or agreement where:

a) It has entered into a cooperative educational service agreement (CoSer) with a BOCES that includes use of a third-party contractor's product or service; and

b) That BOCES has entered into a contract or data sharing and confidentiality agreement with the third-party contractor, pursuant to Education Law Section 2-d and its implementing regulations, that is applicable to the District's use of the product or service under that CoSer.

To meet its obligations whenever student data or teacher or principal data from the District is received by a third-party contractor pursuant to a CoSer, the District will consult with the BOCES to, among other things:

a) Ensure there is a contract or data sharing and confidentiality agreement pursuant to Education Law Section 2-d and its implementing regulations in place that would specifically govern the District's use of a third-party contractor's product or service under a particular CoSer;

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

b) Determine procedures for including supplemental information about any applicable contracts or data sharing and confidentiality agreements that a BOCES has entered into with a third-party contractor in its Parents' Bill of Rights for Data Privacy and Security;

c) Ensure appropriate notification is provided to affected parents, eligible students, teachers, and/or principals about any breach or unauthorized release of PII that a third-party contractor has received from the District pursuant to a BOCES contract; and

d) Coordinate reporting to the Chief Privacy Officer to avoid duplication in the event the District receives information directly from a third-party contractor about a breach or unauthorized release of PII that the third-party contractor received from the District pursuant to a BOCES contract.

Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Privacy Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

Parents' Bill of Rights for Data Privacy and Security

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The Bill of Rights will contain all required elements including supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District. The supplemental information must be developed by the District and include the following information:

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

a) The exclusive purposes for which the student data or teacher or principal data will be used by the third-party contractor, as defined in the contract;

b) How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or principal data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);

c) The duration of the contract, including the contract's expiration date, and a description of what will happen to the student data or teacher or principal data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the District, and/or whether, when, and how the data will be destroyed);

d) If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher or principal data that is collected;

e) Where the student data or teacher or principal data will be stored, described in a manner as to protect data security, and the security protections taken to ensure the data will be protected and data privacy and security risks mitigated; and

f) Address how the data will be protected using encryption while in motion and at rest.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

Right of Parents and Eligible Students to Inspect and Review Students' Education Records

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separate from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

a) All complaints must be submitted to the District's Data Protection Officer in writing.

b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.

c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.

d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies.

Reporting a Breach or Unauthorized Release

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

a) Order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;

b) Order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or principal data from any educational agency in the state for a fixed period of up to five years;

c) Order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offeror on any contract with an educational agency that involves the sharing of student data or teacher or principal data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or

d) Require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or principal data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

Notification of a Breach or Unauthorized Release

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would

(Continued)

SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND PRINCIPAL DATA (Cont'd.)

interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;

b) A description of the types of PII affected;

c) An estimate of the number of records affected;

d) A brief description of the District's investigation or plan to investigate; and

e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

Annual Data Privacy and Security Training

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

Notification of Policy

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

Education Law § 2-d
8 NYCRR Part 121

Adopted: 12/8/20

SUBJECT: SCHOOL SAFETY PLANS

The District considers the safety of its students and staff to be of the utmost importance and is keenly aware of the evolving nature of threats to schools. As such, it will address those threats accordingly through appropriate emergency response planning. The District-wide school safety plan and the building-level emergency response plan(s) will be designed to prevent or minimize the effects of violent incidents and emergencies and to facilitate the coordination of schools and the District with local and county resources in the event of these incidents or emergencies. These plans will be reviewed and updated by the appropriate team on at least an annual basis and adopted by the Board by September 1 of each school year.

The Board will make the District-wide school safety plan available for public comment at least 30 days prior to its adoption. SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN PUBLIC SCHOOL FACILITIES

The District will provide and maintain on-site in each instructional school facility functional cardiac automated external defibrillator (AED) equipment as defined in Public Health Law Section 3000-b for use during emergencies. Each facility will have sufficient AED equipment available to ensure ready and appropriate access for use during emergencies in quantities and types as deemed by the Commissioner of Education, in consultation with the Commissioner of Health. Determination of the quantity and placement of AEDs must be made with consideration of at least the factors described in Commissioner's regulations. An instructional school facility means a building or other facility maintained by the District where instruction is provided to students in accordance with its curriculum.

Whenever an instructional school facility is used for a school-sponsored or school-approved curricular or extracurricular event or activity, and whenever a school-sponsored athletic contest is held at any location, the public school officials and administrators responsible for the school facility or athletic contest will ensure that AED equipment is provided on-site and that there is present during that event, activity, or contest at least one staff person who is trained in accordance with Public Health Law in the operation and use of an AED. School-sponsored or school-approved curricular or extracurricular events or activities mean events or activities of the District that are, respectively, associated with its instructional curriculum or otherwise offered to its students. A school-sponsored athletic contest means an extraclass intramural athletic activity of instruction, practice, and competition for students in grades 4 through 12 consistent with Commissioner's regulations.

Where a school-sponsored competitive athletic event is held at a site other than a District facility, District officials will ensure that AED equipment is provided on-site by the sponsoring or host district and that at least one staff person who is trained in the operation and use of the AED, in accordance with Public Health Law, is present during the athletic event. A school-sponsored competitive athletic event means an extraclass interscholastic athletic activity of instruction, practice, and competition for students in grades 7 through 12 consistent with Commissioner's regulations.

The District will provide proper training requirements for District AED users to ensure the immediate calling of 911 or the community equivalent ambulance dispatch entity whenever the AED is used, to ensure ready identification of the location of the AED units as set forth in the District's Public Access Defibrillation Collaborative Agreement.

The District will provide for regular maintenance and checkout procedures of the AED unit(s) which meet or exceed manufacturer's recommendations. Appropriate documentation will be maintained in accordance with law and/or regulation. Further, the District will participate in the required Quality Improvement Program as determined by the Regional Emergency Medical Services Council.

The District will post a sign or notice at the main entrance to the facility or building in which the AED unit(s) is stored, indicating the exact location where the unit(s) is stored or maintained on a regular basis.

SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS EMERGENCY DRILLS

Fire and Emergency Drills

The administration of each school building will instruct and train students on appropriate emergency responses, through fire and emergency drills, in the event of a sudden emergency.

Fire and emergency drills will be held at least 12 times in each school year; eight of these will be completed by December 31. Eight of all drills will be evacuation drills, four will be through use of the fire escapes on buildings where fire escapes are provided or identified secondary exits. The other four drills will be lock-down drills. Drills will be conducted at different times of the school day. Students will also be instructed in the procedures to be followed in the event that a fire occurs during the regular school lunch period or assembly, however, this additional instruction may be waived if a drill is held during the regular lunch period or assembly.

Summer School

At least two additional drills will be held during summer school in buildings where summer school is held, and one of these drills will be held during the first week of summer school.

After-School Programs, Events, or Performances

The building principal or designee will require those in charge of after-school programs, events, or performances attended by any individuals unfamiliar with that school building, to announce at the beginning of these programs the procedures to be followed in the event of an emergency.

Bomb Threats

School Bomb Threats

A bomb threat, even if later determined to be a hoax, is a criminal act. No bomb threat should be treated as a hoax when it is first received. Upon receiving any bomb threat, the school has an obligation and responsibility to ensure the safety and protection of the students and other occupants of the school. This obligation takes precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat-location, if any; time of detonation; etc. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

(Continued)

SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS EMERGENCY DRILLS (Cont'd.)

Police Notification and Investigation

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

Implementation

The Superintendent or designee will develop written procedures to implement the terms of this policy. Additionally, these procedures will be incorporated in the District-wide school safety plan and the building-level emergency response plan, with provisions to provide written information to all staff and students regarding emergency procedures by October 1 of each school year, an annual drill to test the emergency response procedures under each of its building-level emergency response plans; and the annual review of the District-wide and building-level emergency response plans, along with updates as necessary, by September 1, as mandated by law or regulation.

Bus Emergency Drills

The administration will conduct a minimum of three emergency drills to be held on each school bus during the school year. The first drill will be conducted during the first seven days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills will be conducted when buses are on routes.

Students who ordinarily walk to school will also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills will also be provided drills on school buses, or as an alternative, will be provided classroom instruction covering the content of these drills.

Each drill will include practice and instruction in the location, use, and operation of the emergency exits, fire extinguishers, first-aid equipment, and windows as a means of escape in the event of fire or accident. Similarly, students will be instructed on all topics mandated by relevant sections of the Education Law and Commissioner's regulations, including, but not limited to, the following:

a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;

b) Advancing at least 15 feet in front of the bus before crossing the highway after disembarking;

(Continued)

SUBJECT: FIRE AND EMERGENCY DRILLS, BOMB THREATS, AND BUS EMERGENCY DRILLS (Cont'd.)

c) Specific hazards encountered during snow, ice, rain, and other inclement weather, including, but not necessarily limited to, poor driver visibility, reduced vehicular control, and reduced hearing; and

d) Orderly conduct as bus passengers.

The administration of the drills will be in accordance with the New York State Education Department's Bus Safety Drill Guide and Compliance Form.

Instruction on Use of Seat Belts

When students are transported on school buses, the District will ensure that all students who are transported on any school bus owned, leased, or contracted for by the District will receive instruction on the use of seat safety belts. This instruction will be provided at least three times each year to both public and nonpublic school students who are so transported and will include, but not be limited to:

a) Proper fastening and release of seat safety belts;

b) Acceptable adjustment and placement of seat safety belts on students;

c) Times at which the seat safety belts should be fastened and released; and

d) Acceptable placement of the seat safety belts when not in use.

SUBJECT: USE OF SURVEILLANCE CAMERAS IN THE DISTRICT AND ON SCHOOL BUSES

It is the Board's responsibility to ensure the safety of the District's students, staff, facilities, and property. While the Board recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property including in school buildings, school facilities, as well as on school buses, when necessary. These surveillance cameras will help to assist the Board in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.

Further, surveillance cameras will only be placed in public or common areas, such as stairwells, hallways, cafeterias, parking lots, or playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

Disciplinary Proceedings

Video recordings or footage from District surveillance cameras may be used in student or employee (as permitted by any applicable collective bargaining agreement) disciplinary proceedings, as appropriate.

Signage/Notification

The District will place signage at entrances to the school campus or at major entrances into school buildings notifying students, staff, as well as any visitors of the District's use of surveillance cameras. Students and staff will also receive additional notification, as deemed appropriate by the Superintendent, regarding the use of its surveillance cameras through means such as publication in the District calendar, employee handbook, and/or the student handbook.

Maintenance of Video Recordings

Any video surveillance recording in the schools, on school buses, or on school property, on tape, CD, or digitally, will be the sole property of the District and stored in its original form and in a secure location to avoid tampering and also to ensure its confidentiality in accordance with relevant law and regulations.

In addition, to the extent that any video images create student or personnel records, the District will comply with all applicable state and federal laws related to record retention, record maintenance, and record disclosure, including the Family Educational Rights and Privacy Act ("FERPA").

SUBJECT: COMMUNICABLE DISEASES

Whenever, upon investigation and evaluation by the Director of School Health Services or other health professionals acting upon his or her direction or referral, a student in the public schools shows symptoms of any communicable or infectious disease reportable under the public health law that imposes a significant risk of infection of others in the school, that student will be excluded from the school and sent home immediately. The Director of School Health Services will immediately notify a local public health agency of the disease.

Following absence on account of illness or from unknown cause, the Director of School Health Services may examine each student returning to a school without a certificate from a local public Health Officer, a duly licensed physician, physician assistant, or nurse practitioner.

The Director of School Health Services, or other health professionals acting upon his or her direction or referral, may make evaluations of teachers and any other school employees, school buildings and premises as, in their discretion, they may deem necessary to protect the health of the students and staff.

Bus routes are authorized by the Board and any requests for a change must be submitted to the Superintendent or designee.

Transportation services will be provided to meet the needs of the students of the District within specified limits and areas established by the Board.

SUBJECT: TRANSPORTATION OF STUDENTS

Requests for Transportation to and from Nonpublic Schools

The parent or person in parental relation of a parochial or private school child residing in the District who desires his or her child to be transported to a parochial, private, or charter school within or outside the District during the next school year, must submit a written request to the Board no later than April 1 of the preceding year, or within 30 days of moving into the District. The District will publish the April 1 date in its school calendar and/or local newspaper as a reminder to parents of this deadline. Late requests will not be denied where a reasonable explanation is provided for the delay.

Transportation to Nonpublic Schools on Holidays

The District will share its calendar and start and dismissal times with nonpublic schools before the start of the school year. The District is not required to provide transportation to nonpublic schools on days on which the District's schools are not in session.

Transportation for Nonpublic School Students with Disabilities who are Parentally Placed

For students with disabilities, ages 5 through 21, who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services.

The district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

Transportation of Students with Disabilities

Transportation of students with disabilities in the District may not exceed 50 miles one way from the student's home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within 50 miles. In that event the Commissioner may then establish transportation arrangements.

Student Information

Upon written consent of the parent or person in parental relation, every school bus which is used to regularly transport students with disabilities will maintain the following information about each student with a disability being transported:

(Continued)

SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)

This information will be used solely for the purpose of contacting the student's parent, guardian, person in parental relation, or designee in the event of an emergency involving the student, will be kept in a manner which retains the privacy of the student, and will not be accessible to any person other than the driver or a teacher acting in a supervisory capacity. In the event that the driver or teacher is incapacitated, this information may be accessed by any emergency service provider.

This information will be updated as needed, but at least once each school year and will be destroyed if parental consent is revoked, the student no longer attends the school, or the disability no longer exists.

Transportation of Non-Resident Students

Non-resident families must provide their own transportation.

Transportation to School-Sponsored Events

Where the District has provided transportation to students enrolled in the District to a school-sponsored field trip, extracurricular activity, or any other similar event, it will also provide transportation back to either the point of departure or to the appropriate school in the District unless a student's parent or legal guardian has provided the District with written notice, consistent with District policy, authorizing an alternative form of return transportation for the student. In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, and the parent has not authorized alternative return transportation, a representative of the District will remain with the student until the student's parent or legal guardian has been contacted and informed of the intervening circumstances and the student has been delivered to his or her parent.

Use of Portable Electronic Devices Prohibited

For purposes of this policy, and in accordance with applicable law, the terms below will be defined as follows:

a) "Portable electronic device" means any mobile telephone (hand-held or "hands-free"), personal digital assistant (PDA), portable device with mobile data access, laptop computer, pager, broadband personal communication device, two-way messaging device, electronic game, portable computing device, or any other electronic device when used to input, write, send, receive, or read text for present or future communication.

b) "Using" means holding a portable electronic device while viewing, taking or transmitting images, playing games, or for the purpose of present or future communication: performing a command or request to access a world wide web page, composing, sending, reading, viewing, accessing, browsing, transmitting, saving, or retrieving email, text messages, instant messages, or other electronic data.

c) "In operation" means that the bus engine is running, whether in motion or not.

The use of portable electronic devices by a school bus driver at times the vehicle is in operation on the roadway poses a potential safety risk. All school bus drivers are prohibited from using portable electronic devices while the bus is in operation.

All school bus drivers' personal portable electronic devices must be placed in the "off" position when in the possession of the school bus driver while the bus is in operation. Portable electronic devices, including cell phones, may be used in case of emergency.

Safety Rules and Inspections

The Transportation Supervisor, in cooperation with the principals, has the responsibility of developing and publishing safety rules to be followed by drivers and passengers, including rules of student conduct. In order to ensure maximum safety to those riding school buses, it is necessary that students and drivers cooperate in this effort.

(Continued)

SUBJECT: SCHOOL BUS SAFETY (Cont'd.)

All buses and other vehicles owned by vendors/contract bus companies with whom the District contracts will have frequent safety inspections and be serviced regularly. The Transportation Supervisor will maintain a comprehensive record of all maintenance performed on each vehicle.

Every bus driver is required to report promptly to the Transportation Supervisor any school bus accident, regardless of the severity, involving death, injury, or property damage.

SUBJECT: IDLING SCHOOL BUSES ON SCHOOL GROUNDS

The District recognizes the need to promote the health and safety of District students and staff and to protect the environment from harmful emissions found in bus and vehicle exhaust. Unless otherwise required by state or local law, the idling of a school bus or vehicle engine may be permitted to the extent necessary to achieve the following purposes:

a) For mechanical work;

b) To maintain an appropriate temperature for passenger comfort and/or safety; or

c) In emergency evacuations and/or where necessary to operate wheelchair lifts.

f) Require that newly hired bus drivers take and pass the physical performance test, as mandated by Commissioner's regulations, before they transport students.

Occasional Drivers

Under Commissioner's regulations, an occasional driver is defined as a certified teacher who is employed by a school district or Board of Cooperative Educational Services (BOCES) whose employment does not include serving as either a regular or substitute school bus driver. Occasional drivers used for other than regular routes are not required to fulfill the training required for regular school bus drivers.

Adoption Date: 5/9/23

Non-Instructional/Business Operations

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS

In order to help prevent accidents and injuries resulting from the misuse of drugs and/or alcohol by school bus drivers, the Board adopts this policy in compliance with federal and state law and regulation.

The District has designated the following individual to answer driver questions about this policy and related materials:

Assistant Superintendent for Business

Drug and Alcohol Testing Program

School bus drivers are subject to drug and/or alcohol testing in a variety of circumstances. The District will comply with all federal and state law and regulation regarding the implementation of a drug and alcohol testing program for school bus drivers.

If District contracts out for buses (use the paragraph below):

The District will ensure that vendors or contract bus companies either establish and manage their own drug and alcohol testing program or by contract have a consortium/third-party administrator manage all, or part of, their drug and alcohol testing program for school bus drivers.

Under federal law and regulation, individuals who operate a Commercial Motor Vehicle (CMV) designed to transport 16 or more occupants (including the driver) and are subject to commercial driver's license (CDL) requirements established by the United States Department of Transportation are safety-sensitive employees and are subject to the following drug and/or alcohol testing:

a) **Pre-employment drug testing** which will be conducted after a conditional offer to hire has been extended, but before the actual performance of safety-sensitive functions for the first time. This pre-employment testing will also be required when employees transfer to a safety-sensitive position.

b) **Random drug and/or alcohol testing** which will be conducted on an unannounced basis.

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

c) **Reasonable suspicion drug and/or alcohol testing** which will be conducted when reasonable suspicion exists that a driver has engaged in prohibited use of drugs and/or alcohol. The required observation for reasonable suspicion drug and/or alcohol testing must be made by a supervisor or official who has been trained in accordance with federal law and regulation.

d) **Post-accident drug and/or alcohol testing** which will be conducted as soon as practicable following certain occurrences involving a CMV operating on a public road.

e) **Return-to-duty drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct before the driver returns to perform a safety-sensitive function.

f) **Follow-up drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct and has returned to performing a safety-sensitive function. This testing will be conducted on an unannounced basis in accordance with a written follow-up testing plan developed by a substance abuse professional (SAP).

All procedures used to test for the presence of drugs and/or alcohol will conform to the requirements outlined in federal law and regulation for protecting the driver and the integrity of the testing process, safeguarding the validity of the test results, and ensuring that all test results are attributed to the correct driver.

Under New York State law and regulation, all school bus drivers are subject to pre-employment and random drug and alcohol testing in accordance with the provisions and requirements of federal regulations, regardless of CDL endorsement. Every school bus driver will be included in the random testing pool and must submit to testing when selected.

Prohibitions and Consequences for School Bus Drivers

Under federal law and regulation, individuals who operate a CMV designed to transport 16 or more occupants (including the driver) and are subject to CDL requirements established by the United States Department of Transportation are prohibited from:

a) Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive functions for not less than 24 hours, but no punitive action will be taken by the employer;

b) Using alcohol while performing safety-sensitive functions;

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

c) Performing safety-sensitive functions within four hours after using alcohol;

d) When required to take a post-accident alcohol test, using alcohol within eight hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first;

e) Refusing to submit to a drug or alcohol test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements;

f) Refusing to submit to a pre-employment drug test;

g) Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the driver uses any drugs, as defined by federal law and regulation. This prohibition does not apply when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a CMV; or

h) Reporting for duty, remaining on duty, or performing a safety-sensitive function, if the driver tests positive for drugs.

Additionally, under New York State law, all school bus drivers are prohibited from:

a) Consuming a drug or intoxicating liquor, regardless of its alcoholic content, or be under the influence of a drug or intoxicating liquor, within six hours before going on duty or operating, or having physical control of a bus;

b) Consuming a drug or intoxicating liquor, regardless of its alcoholic content while on duty, or operating, or in physical control of a bus; or

c) Possessing a drug or intoxicating liquor, regardless of its alcoholic content while on duty, operating or in physical control of a bus. However, this paragraph does not apply to the possession of a drug or intoxicating liquor which is transported as part of a shipment or personal effects of a passenger or to alcoholic beverages which are in sealed containers.

It is the employer's responsibility to ensure that no school bus driver:

a) Violates any of the above listed provisions of New York State law; or

b) Be on duty or operate a school bus if, by a person's general appearance or by a person's conduct or by other substantiating evidence, a person appears to have consumed a drug or intoxicating liquor within the preceding eight hours.

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

Any violation of this policy, District procedures, and/or applicable federal and state law and regulation by a school bus driver will be grounds for disciplinary action and penalties including, but not limited to, fines, suspension, and/or discharge in accordance with the District's and/or the vendors' or contract bus companies' policies, collective bargaining agreements, and applicable law.

Drivers who are found to have engaged in prohibited conduct under federal law and regulation will be removed immediately from safety-sensitive functions and will not be allowed to return to perform safety-sensitive functions until they:

a) Are evaluated by a SAP;

b) Complete any requirements for rehabilitation as set by the employer and the SAP; and

c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drug use.

The Drug and Alcohol Clearinghouse

The Drug and Alcohol Clearinghouse ("Clearinghouse") is a secure online database that provides real-time information about CDL and commercial learner's permit holder's drug and alcohol program violations. The District will comply with all federal law and regulation regarding the Clearinghouse.

In accordance with 49 CFR Part 382, the following personal information will be collected, maintained, and reported to the Clearinghouse:

a) A verified positive, adulterated, or substituted drug test result;

b) An alcohol confirmation test with a concentration of 0.04 or higher;

c) A refusal to submit to any required test;

d) An employer's report of actual knowledge of:

1. On duty alcohol use;

2. Pre-duty alcohol use;

3. Alcohol use following an accident; and

4. Drug use;

e) A SAP's report of the successful completion of the return-to-duty process;

(Continued)

SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)

f) A negative return-to-duty test; and

g) An employer's report of completion of follow-up testing.

Any significant violation of this policy or District procedures, and applicable federal and state law and regulation by a vendor or contract bus company and its employees will result in revocation of its contract for the transportation of students.

Employee Notification

The Superintendent or designee will ensure that vendors or contract bus companies receive a copy of educational materials that explain the requirements of drug and alcohol testing law and regulation and any policies, regulations, and/or procedures developed by the District with respect to meeting those requirements. The Superintendent or designee will ensure that a copy of these materials is distributed to vendors or contract bus companies, who will sign for receipt of all of the above documents, as well as other appropriate personnel, prior to the start of any drug and/or alcohol testing as well as at the beginning of each school year or at the time of hire for any school bus driver.

The Superintendent or designee will further ensure that vendors or contract bus companies receive a copy of the District's educational materials concerning: the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program, and/or referral to management.

The Superintendent or designee can assist vendors or contract bus companies with arrangements for training of all supervisors who may be utilized to determine whether reasonable suspicion exists to test a driver for prohibited conduct involving the drugs and/or alcohol.

Records Management and Retention

Employee records relating to drug and/or alcohol testing, as well as to substance abuse and/or alcohol prevention programs, will be maintained in accordance with law and regulation. All employee drug and/or alcohol testing will be kept confidential and will only be revealed as required or authorized by law or regulation.

SUBJECT: CODE OF ETHICS FOR BOARD MEMBERS AND ALL DISTRICT PERSONNEL

General Provisions

Officers and employees of the District hold their positions to serve and benefit the public, and not to obtain unwarranted personal or private gain in the exercise of their official powers and duties. The Board recognizes that, in furtherance of this fundamental principle, there is a need for clear and reasonable standards of ethical conduct.

The provisions of this policy are intended to supplement Article 18 of the General Municipal Law and any other law relating to ethical conduct of District officers and employees, and should not be construed to conflict with those authorities.

Standards of Conduct

The following rules and standards of conduct apply to all officers, including Board members, and employees of the District.

Gifts

No person may directly or indirectly solicit, accept, or receive any gift in which it could reasonably be inferred that the gift was intended or expected to influence the individual in the performance of his or her official duties or was intended as a reward for any official action on the part of the individual. This prohibition applies to any gift, including money, services, loan, travel, entertainment, hospitality, thing or promise, or any other form.

Confidential Information

No person may disclose confidential information acquired by him or her in the course of his or her official duties or use this information to further his or her personal interests.

Conflicts of Interest

Except as permitted by law, no person may have an interest in any contract with the District when he or she, individually, or as a member of the Board, has the power or duty to: negotiate, prepare, authorize, or approve the contract or authorize or approve payment under the contract; audit bills or claims under the contract; or appoint an officer or employee who has any of these powers or duties.

Likewise, unless permitted by law, no chief fiscal officer, treasurer, or his or her deputy or employee, may have an interest in a bank or trust company designated as a depository, paying agent, registration agent, or for investment of funds of the District.

(Continued)

SUBJECT: CODE OF ETHICS FOR BOARD MEMBERS AND ALL DISTRICT PERSONNEL (Cont'd.)

No employee, officer, or agent will participate in selecting, awarding, or administering a contract supported by a federal award if he or she has a real or apparent conflict of interest. These conflicts could arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of these parties has a financial or other interest in or a tangible personal interest benefit from a firm considered for a contract. Employees, officers, and agents will not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. The District may, however, set standards for situations where the financial interest is not substantial or the gift is an unsolicited item of nominal value.

"Interest," as used in this policy, means a direct or indirect pecuniary or material benefit accruing to a District officer or employee as the result of a contract with the District. A District officer or employee will be considered to have an interest in the contract of: his or her spouse, minor children and dependents, except a contract of employment with the District; a firm, partnership or association of which he or she is a member or employee; a corporation of which he or she is an officer, director or employee; and a corporation any stock of which is owned or controlled directly or indirectly by him or her.

The provisions of the preceding four paragraphs should not be construed to preclude the payment of lawful compensation and necessary expenses of any District officer or employee in one or more positions of public employment, not prohibited by law.

Representing Others in Matters Before the District

No person may receive, or enter into any agreement, express or implied, for compensation for services rendered in relation to any matter before the District. Likewise, no one may receive, or enter into any agreement, express or implied, for compensation for services rendered in relation to any matter before the District, where the individual's compensation is contingent upon any action by the District with respect to the matter.

Disclosure of Interest in Contracts and Resolutions

Any District officer or employee who has, will have, or later acquires an interest in or whose spouse has, will have or later acquires an interest in any actual or proposed contract, purchase agreement, lease agreement, or other agreement, including oral agreements, with the District must publicly disclose the nature and extent of that interest in writing. The disclosure must be made when the officer or employee first acquires knowledge of the actual or prospective interest, and must be filed with the person's immediate supervisor and the Board. Any written disclosure will be made part of and included in the official minutes of the relevant Board meeting.

(Continued)

SUBJECT: CODE OF ETHICS FOR BOARD MEMBERS AND ALL DISTRICT PERSONNEL (Cont'd.)

Investments in Conflict with Official Duties

No person may invest or hold any investment directly or indirectly in any financial, business, commercial, or other private transaction, that creates a conflict with his or her official duties, or that would otherwise impair his or her independence of judgment in the exercise or performance of his or her official powers or duties.

Private Employment

No person may engage in, solicit, negotiate for, or promise to accept private employment or render services for private interests when that employment or service creates a conflict with or impairs the proper discharge of his or her official duties.

Future Employment

No person may, after the termination of service or employment with the District, appear before the District on behalf of his or her employer in relation to any case, proceeding, or application in which he or she personally participated during the period of his or her service or employment with the District or which was under his or her active consideration while he or she was with the District.

Notice of Code of Ethics and General Municipal Law Sections 800-809

The Superintendent will ensure that a copy of this code of ethics is distributed to every District officer and employee, and that a copy of General Municipal Law Sections 800-809 is posted conspicuously in each District building. The failure to distribute this code of ethics or to post General Municipal Law Sections 800-809 will have no effect on either the duty of District officers and employees to comply with their provisions, or the ability of the District or other relevant authorities to enforce them.

Penalties

Any person who knowingly or intentionally violates any of the provisions of this policy may be fined, suspended, removed from office or employment, or subject to additional or other penalties as provided by law.

SUBJECT: TESTING MISCONDUCT AND MANDATORY REPORTING REQUIREMENTS

District employees are expressly prohibited from: engaging in testing misconduct, as that term is described in the Commissioner's regulations; assisting in the engagement of, or soliciting another to engage in testing misconduct; and/or the knowing failure to report testing misconduct. When committed by an employee of the District in a position for which a teaching or school leader certificate is required, these actions or inactions will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations. A District employee in a position for which a teaching or school leader certificate is not required, who commits an unlawful act in respect to examination and records, will be subject to disciplinary action by the Board in a manner consistent with New York State law and regulation and any applicable collective bargaining agreement.

District employees will report to the State Education Department (SED) any known incident of testing misconduct by a certified educator or any known conduct by a non-certified individual involved in the handling, administration, or scoring of state assessments in violation of New York State law. This report will be made in accordance with directions and procedures established by the Commissioner for the purpose of maintaining the security and confidential integrity of state assessments.

The District will not dismiss or take other disciplinary or adverse action against an employee because he or she submitted a report regarding testing misconduct to the SED. Any adverse action by an individual holding a teaching or school leader certificate will be deemed to raise a reasonable question of moral character under Part 83 of the Commissioner's regulations and may be referred to the Office of School Personnel Review and Accountability at the SED.

8 NYCRR § 102.4

Adoption Date: 5/9/23

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses employment discrimination. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District is an equal opportunity employer that does not discriminate against any employee or applicant for employment in its programs and activities on the basis of any legally protected class or category including, but not limited to: age; race; creed; religion; color; national origin; sexual orientation; gender identity or expression; military status; sex; disability; predisposing genetic characteristics; familial status; marital status; status as a victim of domestic violence; and criminal arrest or conviction record.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of employment discrimination. The District will promptly respond to reports of employment discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Reporting Allegations of Employment Discrimination

Any person may report employment discrimination regardless of whether they are the alleged victim or not. Reports of employment discrimination may be made orally or in writing to the District's CRCO or any other District employee including, but not limited to, a supervisor or building principal.

All District employees who witness or receive an oral or written report of employment discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District.

SUBJECT: EQUAL EMPLOYMENT OPPORTUNITY (Cont'd.)

Grievance Process for Complaints of Employment Discrimination

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of employment discrimination and will promptly take appropriate action to protect individuals from further discrimination.

Various District policies and documents address employment discrimination. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff to determine which District policies and/or documents are applicable to the specific facts of the complaint.

If an investigation reveals that employment discrimination has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of employment discrimination.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the discrimination has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. Sexual harassment is one form of workplace discrimination. This policy addresses sexual harassment in the workplace. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Sexual harassment is a form of employee misconduct, a violation of District policy, and unlawful. Employees of every level who engage in sexual harassment, including supervisory personnel who engage in sexual harassment, who knowingly allow such behavior to continue, or fail to report suspected sexual harassment will be subject to remedial and/or disciplinary action by the District. Sexual harassment may also subject the District to liability for harm to targets of sexual harassment. Harassers may also be individually subject to liability.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment in the workplace. The District will promptly respond to reports of sexual harassment in the workplace, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s).

Scope and Application

This policy applies to all instances of sexual harassment perpetrated against a "covered person," regardless of immigration status, by anyone in the workplace, including a co-worker, supervisor, or third-party such as a non-employee, paid or unpaid intern, vendor, building security, visitor, volunteer, parent, or student. For purposes of this policy, a "covered person" includes:

a) Employees;

b) Applicants for employment;

c) Paid or unpaid interns; and

d) Non-employees, which include anyone who is (or is employed by) a contractor, subcontractor, vendor, consultant, or other person providing services pursuant to a contract in the workplace.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

Sexual harassment in the workplace can occur between any individuals, regardless of their sex or gender. Unlawful sexual harassment is not limited to the physical workplace itself. Sexual harassment can occur on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state. It can also occur while employees are traveling for District business. Calls, texts, emails, and social media usage can constitute unlawful workplace harassment, even if they occur away from school property, on personal devices, or during non-work hours. Accordingly, conduct or incidents of sexual harassment that create or foreseeably create a disruption within the District may be subject to this policy in certain circumstances.

Other District policies and documents such as regulations, procedures, collective bargaining agreements, and the District's *Code of Conduct* may address misconduct related to sexual harassment and may provide for additional, different, or more specific grievance procedures depending on a number of factors including, but not limited to, who is involved and where the alleged sexual harassment occurred. These documents must be read in conjunction with this policy. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; and Policy #3421 -- Title IX and Sex Discrimination.

The dismissal of a complaint under one policy or document does not preclude action under another related District policy or document.

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful under federal, state, and (where applicable) local law. Sexual harassment includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender.

Under New York State Human Rights Law, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment. Harassment need not be severe or pervasive to be unlawful, and can be any harassing conduct that consists of more than petty slights or trivial inconveniences.

Sexual harassment includes unwelcome conduct which is either of a sexual nature, or which is directed at an individual because of that individual's sex when:

a) Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment, even if the reporting individual is not the intended target of the sexual harassment;

b) Such conduct is made either explicitly or implicitly a term or condition of employment; or

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

c) Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual's employment.

A sexually harassing hostile work environment includes, but is not limited to, words, signs, jokes, pranks, intimidation or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex. Sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory statements or sexually discriminatory remarks made by someone which are offensive or objectionable to the recipient, which cause the recipient discomfort or humiliation, which interfere with the recipient's job performance.

Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment. This is also called "quid pro quo" harassment.

Any covered person who feels harassed should report the conduct so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be addressed under this policy.

Examples of Sexual Harassment

The following describes some actions that may constitute unlawful sexual harassment and that are strictly prohibited:

a) Physical acts of a sexual nature, such as:

1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body or poking another person's body; and

2. Rape, sexual battery, molestation or attempts to commit these assaults.

b) Unwanted sexual advances or propositions, such as:

1. Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion or other job benefits or detriments; and

2. Subtle or obvious pressure for unwelcome sexual activities.

c) Sexually oriented gestures, noises, remarks or jokes, or comments about a person's sexuality or sexual experience, which create a hostile work environment.

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

d) Sex stereotyping, which occurs when conduct or personality traits are considered inappropriate simply because they may not conform to other people's ideas or perceptions about how individuals of a particular sex should act or look.

e) Sexual or discriminatory displays or publications anywhere in the workplace, such as pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace.

f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender, such as:

1. Interfering with, destroying or damaging a person's workstation, tools or equipment, or otherwise interfering with the individual's ability to perform the job;

2. Sabotaging an individual's work; and

3. Bullying, yelling, or name-calling.

Prohibition of Retaliatory Behavior (Whistle-Blower Protection)

Unlawful retaliation can be any action that could discourage a covered person from coming forward to make or support a sexual harassment claim. Adverse action need not be job-related or occur in the workplace to constitute unlawful retaliation (e.g., threats of physical violence outside of work hours).

The District prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of a complaint of sexual harassment. Such retaliation is unlawful under federal, state, and (where applicable) local law. The New York State Human Rights Law protects any individual who has engaged in "protected activity." Protected activity occurs when a person has:

a) Made a complaint of sexual harassment, either internally or with any anti-discrimination agency;

b) Testified or assisted in a proceeding involving sexual harassment under the Human Rights Law or other anti-discrimination law;

c) Opposed sexual harassment by making an oral or informal complaint of harassment to a supervisor, building principal, other administrator, or the CRCO;

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

d) Reported that another employee has been sexually harassed; or

e) Encouraged a fellow employee to report harassment.

Even if the alleged harassment does not turn out to rise to the level of a violation of law, the individual is protected from retaliation if the person had a good faith belief that the practices were unlawful. However, the retaliation provision is not intended to protect persons making intentionally false charges of harassment.

Reporting Allegations of Sexual Harassment

Preventing sexual harassment is everyone's responsibility. The District cannot prevent or remedy sexual harassment unless it knows about it. Any covered person who has been subjected to behavior that may constitute sexual harassment is encouraged to report such behavior to a supervisor, building principal, other administrator, or the CRCO. Anyone who witnesses or becomes aware of potential instances of sexual harassment should report such behavior.

Reports of sexual harassment may be made orally or in writing. A form for submission of a written complaint is posted on the District website, and all covered persons are encouraged to use this complaint form. Persons who are reporting sexual harassment on behalf of another person should use the complaint form and note that it is being submitted on another person's behalf.

District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; and Policy #3421 -- Title IX and Sex Discrimination.

Any person who believes they have been a target of sexual harassment may also seek assistance in other available forums, as explained in this policy.

Supervisory Responsibilities

All supervisors, building principals, and other administrators who receive a complaint or information about suspected sexual harassment, observe what may be sexually harassing behavior or for any reason suspect that sexual harassment is occurring, are required to report such suspected sexual harassment to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

In addition to being subject to discipline if they engaged in sexually harassing conduct themselves, supervisors, building principals, and other administrators will be subject to discipline for failing to report suspected sexual harassment or otherwise knowingly allowing sexual harassment to continue.

Supervisors, building principals, and other administrators will also be subject to discipline for engaging in any retaliation.

Investigating Complaints of Sexual Harassment

All complaints or information about sexual harassment will be investigated, whether that information was reported in oral or written form. Investigations will be conducted in a timely manner, and will be confidential to the extent possible.

An investigation of any complaint, information or knowledge of suspected sexual harassment will be prompt and thorough, commenced immediately and completed as soon as possible. The investigation will be kept confidential to the extent possible. Disclosure may, however, be necessary to complete a thorough investigation of the charges and/or notify law enforcement officials. All persons involved, including complainants, witnesses, and alleged harassers will be accorded due process, as outlined below, and in accordance with any applicable collective bargaining agreements to protect their rights to a fair and impartial investigation.

The District will not tolerate retaliation against anyone who files complaints, supports another's complaint, or participates in an investigation regarding a violation of this policy.

While the process may vary from case to case, investigations should be done in accordance with the following steps:

a) Upon receipt of a complaint, the CRCO will conduct an immediate review of the allegations, and take any interim actions (e.g., instructing the respondent to refrain from communications with the complainant), as appropriate.

   If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

b) All complaints of sexual harassment will be investigated regardless of the form in which those complaints are made. For oral complaints, the individual will be encouraged to complete the complaint form, which is available on the District website, in writing. If he or she refuses, a complaint form based on the oral report will be prepared. The complainant will be provided a copy of the completed complaint form.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

c) If documents, emails, or phone records are relevant to the investigation, take steps to obtain and preserve them.

d) Request and review all relevant documents, including all electronic communications.

e) Interview all parties involved, including any relevant witnesses. If a student is involved, the District will follow all applicable District policies and procedures regarding questioning students.

f) Create written documentation of the investigation (such as a letter, memo, or email), which contains the following:

1. A list of all documents reviewed, along with a detailed summary of relevant documents;

2. A list of names of those interviewed, along with a detailed summary of their statements;

3. A timeline of events;

4. A summary of prior relevant incidents, reported or unreported; and

5. The basis for the decision and final resolution of the complaint, together with any corrective action(s).

g) Keep the written documentation and associated documents in a secure and confidential location.

h) Promptly notify the individual who reported and the individual(s) about whom the complaint was made of the final determination and implement any corrective actions identified in the written document.

i) Inform the individual who reported of the right to file a complaint or charge externally as outlined in this policy.

Additionally, other District policies and documents address sexual harassment. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; and Policy #3421 -- Title IX and Sex Discrimination. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

(Continued)

SUBJECT: SEXUAL HARASSMENT IN THE WORKPLACE (Cont'd.)

If an investigation reveals that sexual harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Annual Training

The District will provide a sexual harassment prevention training program to all employees on an annual basis. The training will be interactive and will include:

a) An explanation of sexual harassment consistent with guidance issued by the Department of Labor in consultation with the Division of Human Rights;

b) Examples of conduct that would constitute unlawful sexual harassment;

c) Information concerning the federal and state statutory provisions concerning sexual harassment and remedies available to victims of sexual harassment;

d) Information concerning employees' rights of redress and all available forums for adjudicating complaints; and

e) Information addressing conduct by supervisors and any additional responsibilities for such supervisors.

Notification

The District will provide this policy to all employees in writing. The District will post this policy prominently throughout the District to the extent practicable.

At the time of hiring and at every annual sexual harassment prevention training program, the District will provide each employee a notice containing this policy and the information presented at the District's sexual harassment prevention training program.

This notice will be provided in English and in the language identified by the employee as his or her primary language, provided that the New York State Department of Labor Commissioner has published a template of the model materials in that language.

The notice will be delivered in writing, either in print or digitally. The notice will either link to or include, as an attachment or printed copy, the policy and training materials.

Legal Protections and External Remedies

Sexual harassment is not only prohibited by the District but is also prohibited by state, federal, and, where applicable, local law.

Aside from the District's internal process, individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint with a governmental agency, an individual may seek the legal advice of an attorney.

In addition to those outlined below, individuals may have additional legal protections.

State Human Rights Law (HRL)

The HRL, codified as N.Y. Executive Law, art. 15, Section 290 et seq., applies to all employers in New York State with regard to sexual harassment, and protects covered persons, regardless of immigration status. A complaint alleging violation of the HRL may be filed either with the Division of Human Rights (DHR) or in New York State Supreme Court.

Complaints with DHR may be filed any time within one year (three years beginning August 12, 2020) of the harassment. If an individual did not file with DHR, they can sue directly in state court under the HRL, within three years of the alleged sexual harassment. An individual may not file with DHR if they have already filed a HRL complaint in state court.

Complaining internally to the District does not extend the time to file with DHR or in court. The one year or three years is counted from the date of the most recent incident of harassment.

Individuals do not need an attorney to file a complaint with DHR, and there is no cost to file with DHR.

DHR will investigate the complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are forwarded to a public hearing before an administrative law judge. If sexual harassment is found after a hearing, DHR has the power to award relief, which varies but may include requiring the District to take action to stop the harassment, or redress the damage caused, including paying of monetary damages, attorney's fees, and civil fines.

DHR's main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. Individuals may call (718) 741-8400 or visit: www.dhr.ny.gov.

Contact DHR at (888) 392-3644 or visit dhr.ny.gov/complaint for more information about filing a complaint. The website has a complaint form that can be downloaded, filled out, notarized and mailed to DHR. The website also contains contact information for DHR's regional offices across New York State.

Civil Rights Act of 1964

The United States Equal Employment Opportunity Commission (EEOC) enforces federal anti-discrimination laws, including Title VII of the 1964 federal Civil Rights Act (codified as 42 USC Section 2000e et seq.). An individual can file a complaint with the EEOC anytime within 300 days from the harassment. There is no cost to file a complaint with the EEOC. The EEOC will investigate the complaint, and determine whether there is reasonable cause to believe that discrimination has occurred, at which point the EEOC will issue a Right to Sue letter permitting the individual to file a complaint in federal court.

The EEOC does not hold hearings or award relief, but may take other action including pursuing cases in federal court on behalf of complaining parties. Federal courts may award remedies if discrimination is found to have occurred. In general, private employers must have at least 15 employees to come within the jurisdiction of the EEOC.

An individual alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov, or via email at info@eeoc.gov.

If an individual filed an administrative complaint with DHR, DHR will file the complaint with the EEOC to preserve the right to proceed in federal court.

Title IX

Title IX of the Education Amendments Act of 1972 prohibits discrimination on the basis of sex in any federally funded education program or activity. The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX of the Education Amendments Act of 1972.

For more information about how to file a complaint, contact OCR at 800-421-3481 (TDD 800-877-8339) or visit: https://www2.ed.gov/about/offices/list/ocr/docs/howto.html. The website contains information about filing the complaint online, by mail, or by email.

Local Protections

Many localities enforce laws protecting individuals from sexual harassment and discrimination. An individual should contact the county, city, or town in which they live to find out if such a law exists.

Local Police Department

If the harassment involves unwanted physical touching, coerced physical confinement, or coerced sex acts, the conduct may constitute a crime. Contact the local police department.

All Staff Members

The administration will undertake a continuous program of supervision and evaluation of all personnel, including support staff, in the District. The primary purposes of the evaluations will be to encourage and promote improved performance and to make decisions about the occupancy of positions.

Teachers and Administrators

The District is committed to supporting the development of effective teachers and administrators. To this end, the District will provide procedures for the evaluation of all professional staff. District plans for Annual Professional Performance Review (APPR) of teachers and principals will be developed in accordance with applicable laws, Commissioner's regulations, and Rules of the Board of Regents.

The primary purposes of these evaluations are:

a) To encourage and promote improved performance;

b) To guide professional development efforts; and

c) To provide a basis for evaluative judgments by applicable school officials.

Disclosure of APPR

The Commissioner is required to disclose professional performance review data for teachers and building principals on the New York State Education website and in any other manner to make this data widely available to the public. SUBJECT: EMPLOYEE MEDICAL EXAMINATIONS

Pre-employment Medical Examinations

The District will not require applicants for positions to undergo a medical examination prior to an offer of employment. Further, the District will not make inquiries of a job applicant as to whether the applicant is an individual with a disability or as to the nature or severity of a disability. However, the District may make pre-employment inquiries into the ability of an applicant to perform job-related functions.

Employment Entrance Examinations

All entering employees are required to obtain a medical examination after an offer of employment has been made. The District may condition an offer of employment on the results of the examination in accordance with law.

When the examination is made by the school physician or nurse practitioner, the cost of the examination will be borne by the District. A staff member, however, may elect to have a medical examination at their own expense by a physician of their own choice.

Examinations During Employment

The Board reserves the right to request a medical examination at any time during employment, at District expense, in order to determine whether an employee can perform the essential functions of the position with or without reasonable accommodation or for other valid employment reasons.

All bus drivers and substitute bus drivers must have yearly physical examinations. Each bus driver will have a physical examination within the eight weeks prior to the beginning of service. In no case will the interval between physical examinations exceed a 13-month period.

All medical and health related information will be kept in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

Examinations and Inquiries

The District may conduct voluntary medical examinations, including voluntary medical histories, which are part of an employee health program available to employees at that work site. The District may make inquiries into the ability of an employee to perform job-related functions.

The District, however, will not require a medical examination and will not make inquiries as to whether the employee is an individual with a disability or as to the nature or severity of the disability, unless the examination or inquiry is shown to be job related and consistent with business necessity.

SUBJECT: PROFESSIONAL GROWTH/STAFF DEVELOPMENT

The District will work to provide staff with professional learning opportunities. These opportunities will be designed to foster the professional growth of staff, help staff remain current with their profession, and meet the learning needs of students. Opportunities that may be provided for, include, but are not limited to:

a) Planned in-service programs, courses, seminars, and workshops offered both within and outside the District.

b) Videoconferences, prerecorded videos, and/or online discussion boards.

c) Visits to other classrooms and schools, as well as attendance at professional meetings, for the purpose of improving instruction and/or educational services.

d) Orientation or re-orientation of staff members to program and/or organizational changes, as well as District expectations.

Attendance at professional learning programs must be directly related to the duties and responsibilities of the staff member. Consequently, staff members are encouraged to participate in the planning of staff development programs designed to meet their specific needs.

Staff members are also encouraged to continue their formal education, as well as to attend work-related workshops, conferences, and meetings.

Funds for participating in conferences, conventions, and other similar professional learning programs will be budgeted for by the Board on an annual basis. Reimbursement to staff members for all actual and necessary registration fees, expenses of travel, meals and lodging, as well as all necessary tuition fees incurred in connection with attendance at conferences, will be in accordance with District documents which address conference attendance and expense reimbursement.

Professional Learning Plans

By September 1 of each school year, the District will adopt or, in the case of multi-year plans, readopt a professional learning plan that meets the content requirements specified in the Commissioner's regulations. The professional learning plan will be structured in a format consistent with the Commissioner's guidelines and will include, among other things, a description of:

a) The professional learning activities provided to all professional staff and supplementary school personnel who work with students with exceptional learning needs, particularly students with disabilities, English language learners, students who are gifted and talented, and students with low literacy levels, to enable them to identify these students and provide instruction based on the needs of these students.

b) How professional learning related to educator practice and curriculum development are culturally responsive and reflect the needs of the community that the District serves.

c) Expected participation in continuing teacher and leader education (CTLE), as well as other professional learning opportunities provided by the District.

The professional learning plan will be developed through collaboration with a professional learning team. The Board will appoint the members of this team in accordance with the Commissioner's regulations.

Mentoring Program

The District's professional learning plan will include a provision for a mentoring program. The purpose of the mentoring program is to provide guidance and support for educators who hold an initial certificate in the classroom teaching service or as a school building leader to ease the transition from teacher and school building leader preparation to practice in order to increase retention of teachers and school building leaders. Additionally, the mentoring program is intended to increase the skills of new teachers and school building leaders in order to improve student achievement.

The mentoring program will be developed and implemented consistent with any collective bargaining agreement.

SUBJECT: FINGERPRINTING CLEARANCE OF NEW HIRES

Unless otherwise authorized, the District will not employ or utilize a prospective school employee unless the prospective school employee has been granted "full" clearance for employment by the State Education Department (SED). The District will require a prospective school employee who is not in the SED criminal history file database to undergo a fingerprint supported criminal history record background check. "Criminal history record" means a record of all criminal convictions and any pending criminal charges maintained on an individual by the Division of Criminal Justice Services (DCJS) and the Federal Bureau of Investigation. The District will obtain the applicant's consent to the criminal history records search. The District will request clearance for employment, view information regarding an applicant's status, and enter hire or termination dates through SED's Web-based application known as TEACH.

Safety of Students

The District will make all reasonable attempts to ensure the safety of students who have contact with an employee holding conditional appointment or emergency conditional appointment. This will include the safety of students in the classroom, attending off-campus activities under the supervision of the District, and participating in extracurricular and/or co-curricular activities (including athletic activities).

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION)

The Board requires that all District employees maintain a professional, ethical relationship with District students that is conducive to an effective, safe learning environment, and that staff members act as role models for students at all times, whether on or off school property and both during and outside of school hours. Staff must establish appropriate personal boundaries with students and not engage in any behavior that could reasonably lead to even the appearance of impropriety.

Staff members are prohibited, under any circumstances, to date or engage in any improper fraternization or undue familiarity with students, regardless of the student's age or express or implied consent to this conduct. Further, employees will not entertain or socialize with students in a manner so as to create the perception that a dating relationship exists. Similarly, any action or comment by a staff member which invites romantic or sexual involvement with a student is considered highly unethical, in violation of District policy, and may result in the notification of law enforcement officials and the filing of criminal charges and/or disciplinary action by the District.

Inappropriate employee behavior includes, but is not limited to, flirting; making suggestive comments; dating; requests for sexual activity; physical displays of affection; giving inappropriate personal gifts; frequent personal communication with a student unrelated to course work or official school matters; providing alcohol or drugs to students; inappropriate touching; and engaging in sexual contact and/or sexual relations. Frequent personal communication with a student unrelated to course work or official school matters means any form in which personal communication may occur including, but not limited to, voice or text-based communication via phone, email, instant messaging, text messaging, or through social networking websites.

Inappropriate fraternization of staff with students, even if the student participated willingly in the activity (regardless of the student's age), is against District policy and may be in violation of professional standards of conduct and New York State Law. However, inappropriate employee conduct does not need to rise to the level of criminal activity for the conduct to be in violation of District rules and subject to appropriate disciplinary sanctions.

Any student who believes that he or she has been subjected to inappropriate staff behavior as described in this policy, as well as students, school employees, or third parties who have knowledge of or witness any possible occurrence of inappropriate staff-student relations, must report the incident to any staff member or the employee's supervisor, the student's principal, or the District's designated Compliance Officer. In all circumstances, these reports will be forwarded to the designated Compliance Officer for further investigation. Anonymous complaints of inappropriate fraternization of staff members with students will also be investigated by the District. Investigations of allegations of inappropriate staff-student relations will follow the procedures utilized for complaints of harassment within the District. Allegations of inappropriate staff-student behavior will be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints. If there is a finding upon completion of the investigation that inappropriate conduct occurred, District administration will take prompt corrective action.

SUBJECT: STAFF-STUDENT RELATIONS (FRATERNIZATION) (Cont'd.)

Any employee having knowledge of or reasonable suspicion that another employee may have engaged in inappropriate conduct with a student that may constitute child abuse in an educational setting must also follow the District's reporting procedures for these allegations. This information will also be reported by the designated administrator as required by state law to law enforcement officials, the State Education Department (SED), and/or Child Protective Services as may be applicable.

If a student initiates inappropriate behavior toward a staff member, that employee will document the incident and report it to his or her building principal or supervisor immediately, or as soon as is practicable.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of inappropriate staff-student relations. Follow-up inquiries and/or appropriate monitoring will be made to ensure that the alleged conduct has not resumed and that all those involved in the investigation have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

District Responsibility/Training

The principal of each school and/or program supervisor will be responsible for informing students, staff, and volunteers of the requirements of this policy, including the duty to report and the procedures established for investigation and resolution of complaints. Further, staff training will be provided to facilitate staff identification of possible behavior that may constitute inappropriate staff-student relationships. Students will be provided this training in an age-appropriate manner.

This policy (or a summary) will be disseminated as appropriate to staff, students, and parents.

Disciplinary Sanctions

Any staff member who engages in inappropriate conduct with a student will be subject to appropriate disciplinary measures up to and including termination of employment in accordance with legal guidelines, District policy, and any applicable collective bargaining agreement. A violation of this policy may also subject the employee to criminal and/or civil sanctions as well as disciplinary action by the SED, including but not limited to, a Part 83 referral.

SUBJECT: CERTIFICATION AND QUALIFICATIONS

The following provisions will govern certification and qualifications of District personnel:

a) Each employee whose employment requires certification or other licensure must inform the Superintendent immediately of any change in his or her certification or licensure status. The changes may include the granting, revocation, upgrading, expiration, conversion, and/or extension of documents as to their periods of validity or their titles.

b) Online verification of an employment applicant's certification status will be used in lieu of printed certificates for current and potential employees. The District will also check the TEACH database to ensure that any permanent or professional certificates for new hires remain valid.

c) It is the responsibility of the employee to ensure that he or she maintains the appropriate certification and/or licensure required for his or her assignment.

Parent Notification

At the beginning of each school year, the District will notify parents that they may request information about the professional qualifications of their student's classroom teachers. The District will provide in a timely manner upon request the following information to parents:

a) Whether the student's teacher has met New York State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;

b) Whether the student's teacher is teaching under emergency or other provisional status through which the New York State qualification or licensing criteria have been waived;

c) Whether the student's teacher is teaching in the field of discipline of certification of the teacher; and

d) Whether the student is provided services by any instructional aides or similar paraprofessionals and, if so, their qualifications.

In addition, the District will provide to parents timely notice that their student has been assigned or has been taught for four or more consecutive weeks by a teacher who does not meet applicable New York State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

20 USC § 6312
34 CFR § 200.61
8 NYCRR § 80-6.7

Adoption Date: 5/9/23

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING

Registration

All employees who are certificate holders must register with the State Education Department (SED) every five years through the TEACH system. An employee is a certificate holder if they hold a permanent or professional certificate in the classroom teaching service, a permanent or professional certificate in the educational leadership service (i.e., school building leader, school district leader, or school district business leader), or a Level III Teaching Assistant certificate. Only registered employees may teach or supervise in the District.

Employees who were certificate holders prior to July 1, 2016 had to apply for initial registration during the 2016-2017 school year and each subsequent five-year period thereafter.

Any individual who is issued a new certificate is automatically registered with SED. These certificate holders must renew their registration every five years during their birth month.

Any certificate holder who fails to register by the beginning of the appropriate registration period may be subject to late filing penalties.

Certificate holders must notify SED of any change of name or mailing address within 30 days of such change through the TEACH system. Any certificate holder who willfully fails to inform SED of changes to their name and/or address within 180 days of such change may be subject to moral character review.

Continuing Teacher and Leader Education (CTLE) Credit Hours

All continuing teacher and leader education certificate holders (CTLE certificate holders) must successfully complete a minimum of 100 hours of acceptable CTLE hours during each five-year registration period to maintain a valid certificate. An employee is a CTLE certificate holder if they hold a professional certificate in the classroom teaching service, a professional certificate in educational leadership service, or a Level III Teaching Assistant certificate. This requirement may be completed at any time over the course of a five-year period. Credit hours cannot carry over to subsequent registration periods.

SED sets high standards for courses, programs, and activities that qualify for CTLE credit, and it must approve all CTLE sponsors. Generally, acceptable CTLE will be in the content area of any certificate title held by an individual or in pedagogy.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Cont'd.)

The District will describe opportunities for teachers and administrators to engage in CTLE in its professional learning plan. The District will annually certify, in a format and on a timetable prescribed by the Commissioner of Education, that the requirements to have a professional learning plan for the succeeding school year have been met and that it has complied with the professional learning plan for the current school year.

The District will provide CTLE opportunities that are designed to improve the teacher or leader's pedagogical and/or leadership skills and are targeted at improving student performance, among other things. A peer-review teacher or principal acting as an independent trained evaluator who conducts a classroom observation as part of a teacher evaluation under relevant sections of the Education Law may apply the observation time to fulfilling CTLE requirements. Time spent mentoring may also be counted toward required CTLE credit hours.

Language Acquisition CTLE and Exemption

Employees holding an English to speakers of other languages (all grades) certificate or a bilingual extension are required to complete a minimum of 50% of the required CTLE hours in language acquisition aligned with the core content area of instruction taught, including a focus on best practices for co-teaching strategies, and integrating language and content instruction for English Language Learner (ELL) students. All other certificate holders must complete a minimum of 15% of the required CTLE hours dedicated to language acquisition addressing the needs of ELLs, including a focus on best practices for co-teaching strategies and integrating language and content instruction for ELLs. A minimum of 15% of the required CTLE hours for employees holding a Level III Teaching Assistant certificate will be dedicated to language acquisition addressing the needs of ELLs and integrating language and content instruction for ELLs.

Employees holding school district business leader certificates are exempt from the language acquisition CTLE requirements for each year that they are employed in the District. Instead, they must complete a minimum of 15% of the required CTLE hours dedicated to the needs of ELLs and federal, state, and local mandates for ELLs.

Employees may be eligible for a waiver of language acquisition CTLE requirements. Each school year when there are fewer than 30 ELLs enrolled in the District or ELLs make up less than 5% of the total student population, the District may obtain an exemption. If the District obtains this exemption, employees would be exempt from the language acquisition CTLE requirement for each year that they are employed in the District.

CTLE Adjustments

The Commissioner may adjust an employee's number of CTLE hours and/or time to complete them due to poor health, as certified by a health-care provider; extended active duty in the Armed Forces; or other acceptable good cause.

(Continued)

SUBJECT: REGISTRATION AND PROFESSIONAL LEARNING (Cont'd.)

Any employee holding a certificate in the classroom teaching service who obtains certification from the National Board for Professional Teaching Standards will be considered CTLE-compliant for the registration period in which they obtain this certification. However, the employee must still meet any language acquisition requirements.

Recordkeeping and Reporting Requirements

Employees must maintain a record of completed CTLE hours for at least three years from the end of the applicable registration period. The record must include the title of the program, the total number of hours completed, the number of hours completed in language acquisition addressing the need of ELLs, the sponsor's name, any identifying number, attendance verification, and the date and location of the program.

The District will maintain a record of any professional learning it conducts or provides for educators for at least seven years from the date of completion. These records will be available for review by SED.

SUBJECT: INCIDENTAL TEACHING

The Superintendent may assign a teacher to teach a subject not covered by that teacher's certificate or license for a period not to exceed five classroom hours a week, when no certified or qualified teacher is available after extensive and documented recruitment efforts, and provided that approval of the Commissioner of Education is obtained.

Not later than 20 business days after this assignment, the Superintendent must submit for approval an application, in a form satisfactory to the Commissioner, containing the following information:

a) Evidence of extensive recruitment of a teacher certified in the appropriate area;

b) The name and certification status of the teacher given the assignment;

c) The subject which the teacher is being assigned to teach on an incidental basis and the total number of classes in the subject being taught on an incidental basis;

d) The qualifications of the teacher to teach that subject on an incidental basis;

e) The specific reasons why an incidental assignment is necessary;

f) The anticipated duration of the incidental teaching assignment; and

g) The number of applications, approved or pending, for authorization to make incidental teaching assignments in the same certification area for which the current authorization is being sought.

To be approved, the application must demonstrate to the satisfaction of the Commissioner that an incidental teaching assignment is necessary, that the teacher assigned is the best qualified to teach the subject on an incidental basis, and that the requirements of Commissioner's regulations have been met.

The Commissioner will issue a determination within 20 business days of receipt of the District's application.

In the event that the application is disapproved, the Superintendent, within seven business days of receipt of the notice of disapproval, will terminate the incidental assignment. In the event that the application is approved, this approval will be deemed to have commenced on the date of the incidental teaching assignment and will terminate on the last day of the school year for which it is granted.

(Continued)

SUBJECT: INCIDENTAL TEACHING (Cont'd.)

The Superintendent may renew an incidental teaching assignment, in accordance with the requirements of Commissioner's regulations, for any subsequent school year. In addition to submitting to the Commissioner the information noted above for initial approval of an incidental teaching assignment, a renewal application must provide a number of assurances, including that the teacher assigned a course on an incidental basis has completed, or has agreed to complete, within the prescribed time period, at least three semester hours of credit or the equivalent leading to certification in the subject area of the incidental assignment.

8 NYCRR § 80-5.3

Adoption Date: 5/9/23

SUBJECT: PROBATION AND TENURE

Probation

Generally, teachers, all other members of the teaching staff, principals, administrators, supervisors, and all other members of the supervising staff will be appointed by the Board upon the recommendation of the Superintendent for a probationary period of four years.

The probationary period will not exceed three years for teachers previously appointed to tenure in any district or BOCES within the state, provided that the teacher was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b and met the required annual professional performance review (APPR) rating in his or her final year of service there.

Additionally, up to two years of service as a regular substitute teacher may be applied toward probationary service. (This is sometimes referred to as Jarema Credit.)

The probationary period will not exceed three years for principals, administrators, supervisors, or other members of the supervising staff appointed on or after June 1, 2020 who were previously appointed to tenure as an administrator within an authorized administrative tenure area in any district or BOCES within the state provided that the individual was not dismissed from that district or BOCES as a result of charges brought pursuant to Education Law Section 3020-a or 3020-b.

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during his or her probationary period upon the recommendation of the Superintendent and by majority vote of the Board.

Any staff member not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before his or her probationary period expires.

Tenure

The Board will comply with all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure those who have been found competent, efficient, and satisfactory and, in the case of teachers and building principals, those who have received APPR ratings of effective or highly effective in at least three of the preceding four years, exclusive of any breaks in service.

(Continued)

SUBJECT: PROBATION AND TENURE (Cont'd.)

If a teacher or building principal receives an APPR rating of ineffective in their final probationary year after receiving APPR ratings of effective or highly effective in the preceding probationary years, they will not be eligible for tenure. However, the Board may extend that teacher's or building principal's probationary time by an additional year. The teacher or building principal may be eligible for immediate tenure if he or she successfully appeals the ineffective rating.

The Board may then—by a majority vote—appoint to tenure any or all of the persons recommended by the Superintendent.

A teacher or building principal will remain on probationary status until the end of the school year in which he or she has received APPR ratings of effective or highly effective for at least three of the four preceding school years, exclusive of any breaks in service. During this time, the Board may grant tenure contingent upon a teacher's or building principal's receipt of a minimum APPR rating in the final year of his or her probationary period. If the contingency is not met after all appeals are exhausted, the grant of tenure will be void and unenforceable and the teacher's or building principal's probationary period may be extended for an additional year in accordance with law.

Resolutions Making Appointments

Each Board resolution making a probationary appointment or an appointment on tenure will specify:

a) The name of the appointee;

b) The tenure area or areas in which the professional will devote a substantial portion of his or her time;

c) The date probationary service or service on tenure commences in each area;

d) The expiration date of the appointment, if made on a probationary basis. For appointments of classroom teachers and building principals, the resolution must state that:

   1. To receive tenure, the individual must receive composite or overall APPR ratings of effective or highly effective in at least three of the four preceding years; and

   2. If the teacher or building principal receives an ineffective composite or overall APPR rating in his or her final year of probation, he or she will not be eligible for tenure at that time; and

e) The certification status of the appointee in reference to the position to which the individual is appointed.

SUBJECT: DISCIPLINING A TENURED TEACHER OR CERTIFIED PERSONNEL

The District may discipline tenured teachers and certain certified personnel in accordance with applicable law, regulations, or applicable contract provisions.

Ineffective Personnel

The District or Board may bring incompetence charges against a teacher or building principal who receives two or more consecutive ineffective ratings under the APPR; the District or Board must bring incompetence charges against anyone who receives three consecutive ineffective APPR ratings. A single hearing officer from the American Arbitration Association's labor arbitration panel will govern the competency hearing. The hearing may be public or private, at the employee's discretion. The employee will have a reasonable opportunity to defend himself or herself, but will not be required to testify. Each party has the right to be represented by counsel, to subpoena witnesses, to cross-examine witnesses, and to make motions or applications. There will be a full and fair disclosure of witnesses and evidence to be offered by both the District and the employee. A record of the proceeding will be kept.

Allegations of Abuse

The Board may suspend, without pay, an employee charged with physically or sexually abusing a student pending an expedited probable-cause hearing. A single hearing officer will conduct the probable-cause hearing.

Child Witnesses

A child under 14 may be allowed to testify through live, two-way, closed-circuit television if the hearing officer determines by clear and convincing evidence that the child would suffer serious mental or emotional harm that would substantially impair his or her ability to communicate if required to testify live, and that using closed-circuit television would diminish the likelihood or extent of the child suffering serious mental or emotional harm. In making this decision, the hearing officer will consider applicable factors, including: whether the offense was particularly heinous, the child's age and vulnerability, the child's susceptibility to psychological harm due to an underlying physical or mental condition, whether the accused occupied a position of authority over the child, if the offense charged was part of an ongoing course of conduct committed by the accused against the child over an extended period of time, use of a dangerous or deadly weapon, whether the child suffered serious physical injury, threats made against the child, the accused's access to the child, and expert testimony that the child would be particularly susceptible to psychological harm if required to testify in open court or to be in the physical presence of the accused.

a) A sex offense for which registration as a sex offender is required under the Sex Offender Registration Act; or

b) Any other violent felony offense committed against a child when the child was the intended victim of the offense.

These offenses include, but are not limited to, sexual misconduct, sexual abuse, rape, statutory rape, assault, various other criminal sexual acts, and certain kidnapping offenses.

In addition, the Commissioner will revoke and annul the certificate of a school district administrator, school administrator or supervisor, or school business administrator convicted of fraud.

SUBJECT: PROFESSIONAL STAFF: SEPARATION

A probationary professional staff member may be discontinued at any time during his or her probationary period on the recommendation of the Superintendent and by a majority vote of the Board.

If the Superintendent will be submitting to the Board a negative recommendation for tenure or a recommendation to discontinue the services of a probationary professional staff member, the Superintendent must give the probationary employee written notice 30 days prior to the Board meeting at which the recommendation will be considered. If a majority of the Board accepts the recommendation and votes to dismiss, the professional staff member must then be given a written notice at least 30 days prior to the effective date of termination of services. The District will adhere to all other statutory timeframes.

The Board expects any professional staff member desiring to terminate his or her services to provide the Board with a minimum of 30 days notice before the effective termination date. When possible, a professional staff member will make every effort to terminate employment at the end of the school year. Resignations must be in writing and include the effective date.

The District may need to utilize temporary appointments. The terms of these appointments will be defined by the Board on a case-by-case basis.

Student Teachers

The District will cooperate with teacher training institutions in the placement of student teachers to provide beginning teachers with the best possible student teaching experience.

Schools are required to allow student teachers to videotape themselves providing instruction in a classroom to meet part of their performance assessment requirements for teaching certification. The video must remain confidential, is a confidential record of the New York State Education Department (NYSED), and is not subject to viewing or disclosure to an individual or entity other than the student teacher applicant and relevant NYSED personnel.

Substitute Teachers

A substitute teacher is employed in the place of a regularly appointed teacher who is absent, but is expected to return. The Superintendent will employ appropriately qualified substitute teachers. It is recognized that fully certified persons will not always be available for employment as substitute teachers. The District will employ substitute teachers in accordance with law and regulation.

The Board will annually establish the rate for per diem substitute teachers.

SUBJECT: EMPLOYEE POLITICAL ACTIVITIES

The Board recognizes the right of its employees, as citizens, to engage in political activities and to exercise their constitutionally protected rights to address matters of public concern.

However, a District employee's constitutional rights to raise matters of public concern are limited when the speech or action occurs on school grounds or during school times. Under these circumstances, the Board can impose reasonable restrictions on the time, place, and manner of the speech or action, and can further regulate the content of the speech when it materially imperils the efficient operation of the school.

Teachers may not use their classrooms or school surroundings as a means to promote their personal political views and beliefs. SUBJECT: SOCIAL MEDIA POLICY

Introduction/Purpose

a) Social media technology can serve as a powerful tool to enhance education, communication, and learning. This technology can provide both educational and professional benefits, including preparing the District's students to succeed in their educational and career endeavors.

b) The Board of Education (the "Board") is committed to ensuring that both school personnel and students utilize social media technology in a safe and responsible manner.

Definition of Social Media

For purposes of this policy, the term *social media* means any form of online publication or presence that allows interactive communication, including but not limited to: social networks, blogs, Internet websites, Internet forums, and wikis. Examples of social media include, but are not limited to: Facebook, Twitter, YouTube, Google+, and Flickr.

a) *Professional social media* means work-related social media activity.

b) *Personal social media* means non work-related social media activity.

Applicability

This policy applies to District officers and employees, to authorized school volunteers, and to employees of contractors who provide an institutional service or function to or for the District (hereinafter collectively referred to as "school staff") who utilize social media in connection with providing instruction and/or other services to or for the District.

Email Communications

District Provided Email Accounts/Addresses to be Utilized for School District Matters

School staff who utilize email to engage in *professional social media* activities are required to maintain and utilize their District-provided email for all such activities. This includes, but is not limited to, the use of email to "friend", "follow", "comment", and/or to "post messages" using social media sites.

School staff are prohibited from using their personal e-mail accounts and/or addresses for *professional social media* activities.

(Continued)

SUBJECT: SOCIAL MEDIA POLICY (Cont'd.)

Guidance Regarding Professional Social Media Sites

School Staff are required to limit their use of *professional social media* sites for the purpose of reasonably and appropriately supporting and/or enhancing instruction and/or for other reasonable and legitimate educational program or extra-curricular program objectives. In addition, school staff are required to familiarize themselves with and to comply with this policy, including the following specific guidelines:

a) School staff are expected to treat *professional social media* spaces and communications like a classroom and/or a professional workplace. This means that the same standards expected in the District's other professional settings are expected on *professional social media* sites. If a particular type of behavior is inappropriate in the classroom or in a professional workplace, then that behavior is also inappropriate on a *professional social media* site. Accordingly, when utilized, *professional social media* must be utilized in compliance with District policies, procedures, administrative guidelines and regulations, and in conformity with applicable laws, rules and regulations, including but not limited to, prohibitions on the disclosure of confidential information and prohibitions on the use of harassing, obscene, discriminatory, defamatory or threatening language.

b) School staff should exercise caution, sound judgment, and common sense when using *professional social media*.

c) School staff shall obtain the approval of authorized District Office ("DO") personnel, or their designee(s), using an approved registration form, before setting up a *professional social media* presence.

d) When approving *professional social media* sites, authorized DO administrators, or their designees, shall consider the intended audience for the site and shall consider the level of privacy assigned to the site, specifically, whether the site should be a *private network* (e.g., one that is limited to a particular class or particular grade within a school) or a *public network* (e.g., one that is accessible within the school or District by an expanded group of participants or one in which individuals outside the District can participate). Regardless of whether a *professional social media* site is deemed to be a *private network* or *public network*, the confidentiality of information pertaining to students and staff must be maintained in accordance with applicable law and District policies. This means, among other things, that *personally identifiable information* about students can only be made available, via *professional social media*, if at all, in accordance with the Family Educational Rights and Privacy Act (FERPA) and applicable District policies and procedures, including but not limited to: District Policies No. 7370 and No. 8460, and the District's annual Directory Information Notice and opt out provisions, as published on page 6 of the Annual School District Calendar, available online under the "Quick Links" section of the District's homepage at: http://www.wfsd.k12.ny.us/

(Continued)

SUBJECT: SOCIAL MEDIA POLICY (Cont'd.)

e) School staff shall be required, upon request by DO administrators and/or their designees, to give them access to *professional social media* sites and/or accounts established by school staff.

f) *Professional social media* sites shall include language identifying the sites as *professional social media* sites of the William Floyd Union Free School District, so as to differentiate them from personal sites.

g) School staff shall use privacy settings to control access to their *professional social media* sites, with the objective that *professional social media* site contents and communications only reach the intended audience. However, school staff should be aware that there are limitations to privacy settings. Private communications published on the Internet can easily become public. Furthermore, social media sites can change their current default privacy settings and other functions. As a result, school staff have the obligation to understand the rules of the social media site being utilized.

h) District students who participate in *professional social media* sites may not be permitted to post photographs or videos featuring other students without the approval of the teacher or other school staff for the site. Moreover, no *personally identifiable information* about students, as defined by the FERPA regulations, may be posted by school staff on *professional social media* sites that afford other unauthorized persons access to such *personally identifiable information*, unless written consent, signed and dated, is obtained from each such student's parents (or in the case of "eligible students" [i.e., age 18 and older] from the eligible student himself or herself) beforehand, explicitly authorizing the nature and scope of disclosure.

Monitoring/Disabling and/or Removing Objectionable Material from *Professional Social Media* Sites

School staff who utilize *professional social media* have no expectation of privacy with regard to their use of such media. SUBJECT: THEFT OF SERVICES OR PROPERTY

The theft of services or property from the District by an employee will result in immediate disciplinary action, up to and including termination, as well as the filing of criminal or civil charges by the District.

Penal Law § 165.15

Adoption Date: 5/9/23

SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND EMPLOYEES

Liability Protection in Accordance with Education Law

The Board recognizes its statutory obligation to indemnify District employees (and in certain circumstances, Board members and volunteers) in accordance with the provisions of Education Law. For the purposes of this policy, the term "employee" will be as defined in the applicable statute(s).

The District will not be subject to the duty to defend unless the employee, within the time prescribed by statute, delivers appropriate notice of the claim to the Board.

For purposes of Education Law, the employee must give written notice to the Board within five days after service of process upon him or her and must deliver the original or a copy of the relevant legal documents to the Board within ten days after service of process upon him or her.

The District will provide legal defense and/or indemnification for all damages, costs, and reasonable expenses incurred in the defense of an action or proceeding if authorized by statute and provided that the alleged action or omission which occurred or allegedly occurred is covered by the appropriate statute(s). Furthermore, the District will not be required to provide indemnification protection and/or legal defense unless the employee was, at the time of the alleged incident, acting in the discharge of his or her duties within the scope of his or her employment or authorized volunteer duties and/or under the direction of the Board.

Public Officers Law Section 18

The Board hereby also confers the benefits of New York State Public Officers Law Section 18 upon the "employees" of the District, as defined in Public Officers Law Section 18; the District assumes the liability for the costs incurred in accordance with the provisions of Public Officers Law Section 18. The benefits accorded to District employees under Public Officers Law Section 18 will supplement and be available in addition to defense or indemnification protection conferred by other enactment or provisions of law.

The term "employees" includes members of the Board, the Superintendent, District officers, District employees, volunteers expressly authorized to participate in a District-sponsored volunteer program, or any other person holding a position by election, appointment, or employment in the service of the District, whether or not compensated. The term "employee" also includes a former employee, their estate or judicially appointed representative.

(Continued)

SUBJECT: DEFENSE AND INDEMNIFICATION OF BOARD MEMBERS AND EMPLOYEES (Cont'd.)

The District will provide for the defense of the employee in any civil action or proceeding, state or federal, arising out of any alleged act or omission which occurred or allegedly occurred while the employee was acting within the scope of his or her public employment or duties. Furthermore, the District will indemnify and save harmless its employees in the amount of any judgment obtained against such employees in a state or federal court, or in the amount of any settlement of a claim, provided that the act or omission from which the judgment or claim arose occurred while the employee was acting within the scope of his or her public employment or duties. However, in the case of a settlement, the duty to indemnify and save harmless will be conditioned upon the approval of the amount of the settlement by the Board.

The duty to defend and/or indemnify and save harmless will be conditioned upon the delivery by the employee to the School Attorney or to the Superintendent a written request to provide for his or her defense, together with the original or a copy of any summons, complaint, process, notice, demand, or pleading within ten days after he or she is served with that document. The full cooperation of the employee in the defense of the action or proceeding and in the defense of any action or proceeding against the District based upon the same act or omission, and in the prosecution of any appeal, will also be required as a condition for the District's duty to defend and/or indemnify and save harmless to exist.

Exceptions to Liability Coverage

Indemnification coverage and/or provision of legal defense by the District will not apply unless the actionable claim is of the type covered by the statute(s) and/or is not otherwise exempt from coverage in accordance with law. Additionally, indemnification coverage and/or the duty to provide a defense will not arise where the action or proceeding is brought by or on behalf of the District.

SUBJECT: LEAVES OF ABSENCE

In general, leaves of absence will be administered by the Superintendent. The Board reserves the right to grant leaves of absence for purposes or under conditions not contemplated or considered in the policy statement. Where a leave of absence is falsely requested or improperly used, the Board may undertake appropriate disciplinary action. The purpose or conditions of a leave of absence may not be altered except by permission of the Superintendent, as expressed in writing.

Leaves of Absence, Contractual, Et Al.

a) Employees who are members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted in accordance with provisions of contracts in effect between the District and each bargaining unit.

b) Employees who are not members of a negotiating unit:

Authorization is granted to approve requests for leaves of absence submitted by these employees where the requests are consistent with provisions of contracts in effect between the District and the bargaining unit most compatible with the employment status of the employee.

c) Employees who are under contract to the District:

Authorization is granted to implement provisions for leaves of absence contained in each contract.

Leaves of Absence, Unpaid, Not Covered Above

a) Subject to limitations enumerated in this policy statement, authorization is granted for the following unpaid leaves of absence:

1. For a period of time not to exceed one school year for approved graduate study, this leave to include any required internship experience.

2. At the expiration of a paid sick leave of absence, this leave may be extended for a period of time not longer than the end of the school year after the school year in which the paid leave of absence began.

b) Unpaid leaves of absence cannot be used to extend vacation periods, to take vacations, to engage in other occupations, or to provide additional personal leaves, except that the Superintendent will have discretion, where circumstances warrant, to approve leaves of absence for those purposes.

c) Unpaid leaves of absence will not be granted unless the services of a substitute employee, satisfactory in the discretion of the Superintendent, can be secured.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

d) Except where it interferes with an employee's legal or contractual rights, the timing of unpaid leaves of absence will be granted at the convenience of the District.

Other Leaves of Absence

Other leaves of absence include, but are not limited to, the following:

a) Emergency Service Volunteer Leave

Upon presentation of a written request from the American Red Cross and with the approval of the Superintendent, employees certified by the American Red Cross as disaster volunteers will be granted leave from work with pay for up to 20 days in any calendar year to participate in specialized disaster relief operations. This leave will be provided without loss of seniority, compensation, sick leave, vacation leave, or other overtime compensation to which the volunteer is otherwise entitled.

b) Screenings for Cancer

Employees will be granted up to four hours of paid leave on an annual basis to undertake a screening for cancer. This leave will be excused leave and will not be charged against any other leave to which the employee is entitled.

c) Blood Donation

The District must either, at its option:

1. Grant three hours of unpaid leave of absence in any 12-month period to an employee who seeks to donate blood off-premises. The leave may not exceed three hours unless agreed to by the Superintendent or designee; or

2. Allow its employees without use of accumulated leave time to donate blood during work hours at least two times per year at a convenient time and place set by the Superintendent or designee, including allowing an employee to participate in a blood drive at the District.

   Leave taken by employees at a District-designated donation alternative (such as a District-sponsored blood drive at the workplace) must be paid leave that is provided without requiring the employee to use accumulated vacation, personal, sick, or other leave time.

The District will not retaliate against an employee for requesting or obtaining a leave of absence under this section. Additional leaves for the purpose of blood donation under any other provision of law will not be prevented.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

d) Bone Marrow Donation

Employees seeking to undergo a medical procedure to donate bone marrow will be granted leaves to do so, the combined length of the leaves to be determined by the physician, but may not exceed 24 work hours unless agreed to by the Superintendent or designee. The District will require verification for the purpose and length of each leave requested by the employee for this purpose.

The District will not retaliate against an employee for requesting or obtaining a leave of absence under this section. Additional leaves for the purpose of bone marrow donation under any other provision of law will not be prevented.

e) Nursing Mothers (Breastfeeding/Lactation)

The District will provide reasonable unpaid break time or permit the use of paid break time or meal time each day to allow an employee to express breast milk for her nursing child for up to three years following childbirth. The District will make reasonable efforts to provide a room or other location in close proximity to the work area where the employee can express milk in privacy. The District will not discriminate against an employee who chooses to express breast milk in the workplace.

Reasonable unpaid break time is generally no less than 20 minutes and no more than 30 minutes dependent upon the proximity of the designated location for expressing breast milk. In most situations, the District is required to provide unpaid break time at least once every three hours if requested by the employee. At the employee's option, the District will allow the employee to work before or after her normal shift to make up the amount of time used during the unpaid break time(s) so long as the additional time requested falls within the District's normal work hours.

The District will provide written notice to employees who are returning to work following the birth of a child of their right to take unpaid leave for the purpose of expressing breast milk. This notice may either be provided individually to affected employees or to all employees generally through publication of the notice in the employee handbook or posting of the notice in a central location.

Any employee wishing to avail herself of this benefit is required to give the District advance notice, preferably prior to her return to work, to allow the District an opportunity to establish a location and schedule leave time to accommodate employees as needed.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

f) Witnesses or Victims of Crimes

The District will grant an unpaid leave of absence to an employee, who is a victim of or a witness to a criminal offense, that is required or chooses to appear as a witness, consult with the district attorney, or exercise his or her rights as provided in the Criminal Procedure Law, the Family Court Act, and the Executive Law.

To use this leave, the employee must provide notice of the need for leave at any time prior to the actual day of leave. The District is permitted to ask the party who sought the attendance or testimony of the employee to provide verification of the employee's service. Employees will not be penalized or discharged for absences by reason of a required appearance as a witness in a criminal proceeding, or consultation with the district attorney, or exercising his or her rights as provided under the law.

g) Victims of Domestic Violence

Unless the absence would cause an undue hardship to the District, the District will provide reasonable accommodations to employees who are victims of domestic violence who must be absent from work for a reasonable time in accordance with law.

An employee availing themselves of this leave must provide the District with reasonable advance notice, unless providing this notice is not feasible. An employee unable to provide reasonable advance notice must, within a reasonable time after the absence, provide a certification to the District when requested.

To the extent allowed by law, the District will maintain the confidentiality of any information related to an employee's status as a victim of domestic violence.

h) Military Leave

The District will comply with state and federal laws regarding military leave and re-employment.

i) Jury Duty

As provided by law, any employee who is summoned to serve as a juror and who notifies the District to that effect prior to his or her term of service will not, on account of absence by reason of jury service, be subject to discharge or penalty. The District will ensure that all absences for this purpose are granted in accordance with law and the terms of any applicable collective bargaining agreement.

(Continued)

SUBJECT: LEAVES OF ABSENCE (Cont'd.)

j) Voting

Employees who are registered voters and have four consecutive hours either between the opening of the polls and the beginning of their working shift, or between the end of their working shift and the closing of the polls, will be deemed to have sufficient time to vote and will therefore not be eligible for paid leave to vote in any election.

Employees who are registered voters, and do not have sufficient time outside of their working hours to vote in any election, may without loss of pay for up to two hours, take so much time off as will, when added to their voting time outside of their working hours, enable them to vote. The employee will be allowed time off for voting only at the beginning or the end of his or her working shift, as the District may designate, unless otherwise mutually agreed.

Employees requiring working time off to vote must notify the District not more than ten or less than two working days before the day of the election.

The District must post a notice informing employees of their right to leave in order to vote not less than ten working days before an election and until polls close on election day. This notice will be conspicuously posted in a place where it can be seen by employees as they come and go to their place of work.

Adoption Date: 5/9/23

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA)

The Family and Medical Leave Act of 1993 (FMLA) requires public agencies such as the District to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are "eligible" if they have been employed by the District for at least 12 months and for at least 1,250 hours of service during the previous 12-month period. Full-time teachers are deemed to meet the 1,250 hour test. However, a break in employment for military service (i.e., call to active duty) should not interrupt the 12 month/1,250 hours of employment requirement and should be counted toward fulfilling this prerequisite. The law covers both full-time and part-time employees.

The District uses a "rolling" 12 month period measured backwards from the date of any FMLA leave usage as its method for calculating the leave year period for the commencement of the FMLA leave period. In certain cases, FMLA leave may be taken on an intermittent basis rather than all at once, or the employee may work a part-time schedule.

The entitlement to leave for the birth or placement of a child for adoption or foster care shall expire at the end of the 12 month period following the date of such birth or placement.

Definitions Related to FMLA

Spouse

Spouse means a husband or wife as defined or recognized under state law, including "common law" and "same-sex" marriage in states where it is recognized.

Parent

Parent means a biological, adoptive, step or foster father or mother, or any other individual who stood in loco parentis to the employee when the employee was a child. This term does not include parents "in law."

Son or daughter

Son or daughter means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in loco parentis, who is either under age 18, or age 18 or older and "incapable of self-care because of a mental or physical disability" at the time that FMLA leave is to commence.

In Loco Parentis

The FMLA Regulations define in loco parentis as including those with day-to-day responsibilities to care for or financially support a child. Employees who have no biological or legal relationship with a child may, nonetheless, stand in loco parentis to the child and be entitled to FMLA leave. Similarly, an employee may take leave to care for someone who, although having no legal or biological relationship to the employee when the employee was a child, stood in loco parentis to the employee when the employee was a child.

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

Serious Health Condition

A "serious health condition" is defined as an illness, injury, impairment or physical or mental condition that involves one of the following:

a) Inpatient care in a hospital, hospice, or residential medical care facility, including any period of incapacity; or

b) Any subsequent treatment (i.e., continuing treatment) in connection with such inpatient care;

c) Continuing treatment by a health care provider includes any one or more of the following:

1. A period of incapacity of more than three consecutive calendar days that also involves:

(a) Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or

(b) Treatment by a health care provider on at least one occasion which results in a regimen of continuing therapy under the supervision of the health care provider;

(c) To satisfy the "treatment" component of the incapacity definitions set forth above, the employee must first visit the health care provider within seven days of the first day of incapacity. In addition, for the employee to qualify under Section 3(a)(i) the employee must also have two visits to the health care provider within 30 days of the period of incapacity.

d) Any period of incapacity due to pregnancy, or for prenatal care;

e) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition;

f) A period of incapacity which is permanent or long-term due to condition for which treatment may not be effective; or

g) Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (e.g., chemotherapy, radiation, etc.).

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

Chronic Serious Health Conditions

In order for an employee to claim the need for continuous treatment under FMLA for a chronic serious health condition, the employee must demonstrate that the chronic condition:

a) Requires periodic visits [defined as a minimum of two visits per year] to a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;

b) Continues over an extended period of time (including reoccurring episodes of a single underlying condition); and

c) May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

Disability

The definition of "disability" is defined by the Americans with Disabilities Act, as an impairment that substantially limits one or more major life activities, a record of such an impairment, or being regarded as having such an impairment.

Incapable of Self-Care

To be "incapable of self-care" means that the child (or adult child) needs assistance or supervision to provide daily self-care in three or more of the "activities of daily living" (ADLs) or "instrumental activities of daily living" (IADLs). Activities of daily living include caring appropriately for one's grooming and hygiene, bathing, dressing and eating. Instrumental activities of daily living include cooking, cleaning, shopping, taking public transportation, paying bills and maintaining a residence. The list of ADLs and IADLs in the regulations is not exhaustive, and additional activities should also be considered in determining whether an adult son or daughter is incapable of self-care because of a disability.

Reasons for Taking Leave

A District must grant unpaid leave to an eligible employee for one or more of the following reasons:

a) The birth of a child and care of a newborn child;

b) Adoption of a child and care for the child;

c) The placement of a child with the employee for foster care;

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

d) To care for a spouse, child or guardian, who has a "serious health condition" as defined by the FMLA;

e) To care for an adult child who is incapable of self-care due to a disability (regardless of date of the onset of disability) and has a "serious health condition" as defined by the FMLA;

f) A "serious health condition" of the employee, as defined by FMLA; and/or,

g) For "qualified exigencies" arising out of the fact that the employee's immediate family member (spouse, child, parent) is on covered active duty (or has been notified of an impending call or order to covered active duty) as a member of the Regular Armed Forces, National Guard or Reserves or if the individual in call to covered active duty and is a retired member of the Regular Armed Forces or Reserves.

Military Family Leave Entitlements

Military Caregiver Leave

An eligible employee who is the spouse, son, daughter, parent, or next of kin (nearest blood relative) is entitled to up to 26 weeks of leave in a single 12 month period to care for a military member who is:

a) Recovering from a service-connected serious illness or injury sustained while on active duty; or

b) Recovering from a serious illness or injury that existed prior to the service member's active duty and was aggravated by service in the Armed Forces while on active duty, and that may render the service member medically unfit to perform the duties of the service member's office, grade, rand or rating; or

c) A covered veteran who has a qualifying injury or illness from service that was incurred in the line of duty in the Armed Forces (or existed before the beginning of the member's active duty and was aggravated by service in the line of duty on active duty on the Armed Forces) and manifested itself before or after the member became a veteran, and is:

    1. A continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the service member unable to perform the duties of the service member's office, grade, rank or rating; or

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

2. A physical or mental condition for which the covered veteran has received a VA Service Related Disability Rating (VASDR) of 50% or greater and such VASDR rating is based, in whole or in part, on the condition precipitating the need for caregiver leave; or

3. A physical or mental condition that substantially impairs the veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service or would do so absent treatment; or

4. An injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veteran Affairs Program of Comprehensive Assistance for Family Caregivers.

This military caregiver leave is available during a single 12 month period during which an eligible employee is entitled to a combined total of 26 weeks of all types of FMLA leave. Military Caregiver Leave may be combined with other forms of FMLA-related leave providing a combined total of 26 weeks of possible leave for any single 12 month period; however, the other form of FMLA leave when combined cannot exceed 12 of the 26 weeks of combined leave. Military Caregiver Leave has a set "clock" for calculating the 12 month period for when FMLA leave begins and tolling starts at the first day of leave taken.

The term "military member" means:

a) A current member of the Regular Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or

b) A covered veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) and who was discharged or released under conditions other than dishonorable at any time during the period of five years prior to the first date the eligible employee takes FMLA leave to care for the covered veteran.

<u>"Qualifying Exigency" Leave/Call to Active Duty</u>

An eligible employee is entitled to FMLA leave because of "a qualifying exigency" arising out of circumstances where the spouse, son, daughter, or parent of the employee is serving in the Regular Armed Forces or either the National Guard or the Reserves and is on active duty called for by the President of the United States or Congress, or has been notified of an impending call to active duty status, in support of a contingency operation. There is no "qualifying exigency" unless the military member is or is about to be deployed to a foreign country.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

A "qualifying exigency" related to families of Army National Guard of the United States, Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard of the United States, Air Force Reserve and Coast Guard Reserve personnel on (or called to) active duty to take FMLA protected leave to manage their affairs is defined as any one of the following reasons:

a) Short-notice deployment (i.e., notification of an impending call or order to active duty seven or less calendar days prior to the date of deployment;

b) Military events and related activities;

c) Childcare and school activities;

d) Parental care leave;

e) Financial and legal arrangements;

f) Counseling;

g) Rest and recuperation (for up to 15 calendar days);

h) Post-deployment activities; and

i) Any additional activities where the employer and employee agree to the leave.

In any case in which the necessity for leave due to any qualifying exigency is foreseeable, whether because the spouse, or a son, daughter, or parent of the employee is on active duty, or because of notification of an impending call or order to active duty in support of a contingency operation, the employee shall provide such notice to the employer as is reasonable and practicable. This military-related leave is for up to 12 weeks during a single 12 month period. Leave may be taken intermittently or on a reduced leave schedule.

Upon an employer's request, an employee must provide a copy of the military member's active duty order to support the employee's request for qualifying exigency leave. In addition, the employer may request the following information:

a) A statement or description of appropriate facts regarding the exigency that is needed;

b) The approximate date on which the exigency commenced or will commence;

c) An estimate of the frequency and duration of the exigency if leave is needed on a reduced scheduled basis or intermittently;

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

d) If the exigency requires meeting with a third party, the contact information for the third party and description of the purpose of the meeting;

e) Additionally, the certification for qualifying exigency leave for Rest and Recuperation Leave must include a copy of the military member's Rest and Recuperation Leave Orders, or other documentation by the military setting forth the dates of the military member's leave.

Substitution of Paid Leave

At the employee's or District's option, certain kinds of paid leave may be substituted for unpaid leave. The remainder of the leave, if any, will be unpaid. The District may require the employee to substitute any accrued compensatory time, paid vacation, personal leave or family leave if the employee is taking leave to care for another due to birth or serious health condition. The District may also require the employee to substitute any of his/her accrued paid vacation, personal leave, or medical/sick leave if they seek leave for his/her own serious health condition. The District may substitute paid vacation, compensatory time, personal leave, family leave and the employee's own medical/sick leave if they seek leave under the Military Caregiver Leave.

Any unpaid leave available pursuant to an applicable collective bargaining agreement or other District policy shall also be utilized concurrently with any entitlement to FMLA leave.

Eligible employees who are on a leave of absence that is covered by payments such as disability benefits or Workers' Compensation benefits, will not be required to substitute accrued paid leave while receiving these benefit payments. However, the District and the employee may agree to have accrued paid leave supplement the disability or Workers' Compensation benefits, to the extent permitted by law. Any leave of absence taken pursuant to Sections 71 or 73 of the Civil Service Law, an applicable disability statute or the Workers Compensation Law, will be run concurrently with FMLA leave.

Relation of Policy to Collective Bargaining Agreements

To the extent that a collective bargaining agreement provides greater family and medical leave rights to an employee than the rights established under this Policy, the rights granted to the employee in the collective bargaining agreement will govern the family and medical leave of the employee. If an employee is entitled to family and medical leave under this Policy and under a collective bargaining agreement, the employee's family and medical leave will be deemed to have been taken concurrently under both this Policy and the collective bargaining agreement.

Advance Notice and Medical Certification

The employee may be required to provide advance leave notice and medical certification.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

a) The employee ordinarily must provide 30 days advance notice when the leave is "foreseeable."

b) The District may require medical certification to support a request for leave because of a "serious health condition".

c) The District may reinitiate the medical certification process with the first absence in a new 12 month leave year.

d) The District may also require medical certification if the employee is unable to return from leave because of a "serious health condition".

e) The District may also require medical certification for an employee returning to work often called the "fitness for duty" certification.

Intermittent or Reduced Leave

a) An employee may take intermittent leave or may work a reduced leave schedule to reduce the usual number of hours per day or work week whenever the leave is medically necessary due to the serious health condition of the employee or a covered family member, or the serious injury or illness of a covered service member. FMLA leave may also be taken intermittently (or on a reduced schedule basis) by an employee when necessary for a qualifying exigency. Leave may not be taken on an intermittent basis or reduced schedule basis when used to care for the employee's own child during the first year following birth, or to care for a child placed with the employee for foster care or adoption, unless both the District and the employee agree to such leave.

b) If the need for intermittent leave is foreseeable, based on planned medical treatment, the employee is responsible for scheduling the treatment in a manner that does not unduly disrupt the District's operations, subject only to the approval of the health care provider.

Job and Benefits Protection

a) Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

The District may deny restoration to certain highly compensated employees, but only if necessary to avoid substantial and grievous economic injury to the District's operation.

b) The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

c) The use of unpaid FMLA leave cannot affect the exempt status of bona fide executive, administrative and professional employees under the Fair Labor Standards Act.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

d) The employee on family or medical leave is not entitled to the accrual of any seniority or employment benefits during any period of unpaid FMLA leave except as expressly stated herein or as otherwise provided by an applicable collective bargaining agreement, binding past practice or by law.

Medical Insurance Coverage

a) For the duration of FMLA leave, the District must maintain the employee's medical insurance coverage under any "group health plan," under the conditions coverage would have been provided if the employee had continued working. If an employee was required to pay all or a part of the premiums for coverage prior to the leave, the employee must continue to pay his/her share of the premiums during the leave period. At the time an employee begins unpaid family or medical leave, he or she shall receive written instructions detailing the time and manner in which the employee premiums, if any, are to be paid. Failure to pay any required premiums by the end of the grace period stated in the written instructions shall result in the loss of insurance coverage so chosen by the employee. The payment of premiums by employees covered by a collective bargaining agreement shall be at the rate set forth in the collective bargaining agreement.

b) In some cases, the District may recover premiums paid for maintaining an employee's health coverage if the employee fails to return to work from FMLA leave.

FMLA Leave for Spouses Employed at the Same Employer

In the event that spouses are both employed by the District and are eligible for FMLA-related leave, the spouses are limited to a combined total of 12 weeks of FMLA leave during any 12 month period, if the reason for such leave is for the birth of a child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition. If the leave is taken for other reasons such as the "serious health condition" of the employee or to care for the serious health condition of a child, each spouse is entitled to 12 weeks of FMLA-related leave during any 12 month period.

In the event that spouses are both employed by the District who are entitled to FMLA leave for the reason of being a military caregiver to an injured service member may be limited to a combined total of 26 weeks of leave during a single 12 month period if:

a) The leave is taken to care for a covered service member with a serious injury or illness; or

b) If a combination of leave is taken to care for a covered service member and for the birth of a child, placement of a child for adoption or foster care or to care for a parent who has a serious health condition.

Special Provisions for School District Employees

An "instructional employee" is an employee whose principal function is to teach and instruct students in a class, a small group, or an individual setting (e.g., teachers, coaches, driving instructors, special education assistants, etc.). Teaching assistants and aides who do not have instruction as the principal function of their job are not considered an "instructional employee."

Intermittent Leave Taken By Instructional Employees

FMLA leave that is taken at the end of the school year and resumes at the beginning of the next school year is not regarded as intermittent leave but rather continuous leave. The period in the interim (i.e., summer vacation) is not counted against an employee and the employee must continue to receive any benefits that are customarily given over the summer break.

Intermittent leave may be taken but must meet certain criteria. If the instructional employee requesting intermittent leave will be on that leave for more than 20% of the number of working days during the period for which the leave would extend, the following criteria may be required by the employer:

a) Take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or

b) Transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring periods of leave than does the employee's regular position.

Appropriate notice for foreseeable FMLA leave still applies and all employees must be returned to an equivalent position within the School District. Additional certifications, requirements and/or training may not be required of the employee as a contingent of their return to work.

Leave Taken by Instructional Employees Near the End of the Instructional Year

There are also special requirements for instructional employees taking leave and the leaves relation to the end of the term. If the instructional employee is taking leave more than five weeks prior to the end of the term, the District may require that the employee take the leave until the end of the term if the leave lasts more than three weeks and the employee was scheduled to return prior to three weeks before the end of the term.

If the instructional employee is taking leave less than five weeks prior to the end of the term for any FMLA-related reasons except qualifying exigency, the District may require that the employee remain out for the rest of the term if the leave lasts more than two weeks and the employee would return to work during that two week period at the end of the instructional term.

(Continued)

SUBJECT: FAMILY AND MEDICAL LEAVE ACT (FMLA) (Cont'd.)

If the instructional employee begins taking leave during the three weeks prior to the end of the term for any reason except qualifying exigency, the District may require that the employee continue leave until the end of the term if the leave is scheduled to last more than five working days.

Any additional time that is required by the District due to the timing of the end of the school year will not be charged against the employee as FMLA leave because it was the employer who requested that the leave extend until the end of the term.

Key Employees

Under certain circumstances, the District may deny job restoration to key employees. A key employee is a salaried employee eligible to take leave under this Policy who is among the highest paid 10% of all the employees -- both salaried and non-salaried, eligible and ineligible under this Policy -- who are employed by the District. The District may refuse to reinstate key employees after using FMLA leave if it determines that substantial and grievous economic injury would result from reinstatement. If this determination is made, the employee will be notified in writing and given an opportunity to end the leave and return to work. If the employee remains on leave, he or she will not have a right to be restored to employment.

Reservation of Rights

The District shall comply with all legal requirements for providing family and medical leave to eligible employees. To the extent permitted by law, the District hereby expressly reserves the right to modify, change or eliminate any provision of this Policy subject to applicable law and/or the provisions of an applicable collective bargaining agreement with respect to any employee or group of employees and does not intend to create any contractual commitment to any employee by issuing this Policy.

FMLA Posting

In accordance with Federal law, the District shall post a notice summarizing the main provisions of the FMLA, including enforcement of the Law in each school building. In addition, a copy of the notice shall either be placed in the employee handbook or furnished to each new employee within five business days of being hired. A copy of the notice posting is attached to this Policy as Appendix A.

Adopted: 2/7/94
Revised: 7/1/96; 12/7/10; 8/30/18;

SUBJECT: MILITARY LEAVES OF ABSENCE

In accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) and state law, the District, upon advance notice by the employee, will grant leaves of absence for service in the uniformed services and/or military duty ("military service" or "military duty") to its employees who are ordered to duty or volunteer for qualifying military service. The employee's notice may be either verbal or written. No advance notice is required if military necessity prevents the giving of notice, or the giving of notice is otherwise impossible or unreasonable under the circumstances.

Employment Rights

Time during which an employee is absent due to military leave will not constitute an interruption of continuous employment in the District and this employee will not be subjected, directly or indirectly, to any loss or diminution of time, service, increment, vacation or holiday privileges, or any other right or privilege, by reason of the absence; nor will any employee be prejudiced by reason of the absence with reference to continuance in employment, reemployment, reinstatement, transfer, or promotion.

Salary/Compensation

Every employee will be paid his or her salary or other compensation for any and all periods of absence while engaged in the performance of ordered military duty, and while going to and returning from military duty. This payment of salary or compensation will not exceed a total of 30 days or 22 working days, whichever is greater, in any one calendar year; and will not exceed 30 days or 22 working days, whichever is greater, in any one continuous period of absence.

The employee must be permitted, upon request, to use any accrued vacation, annual, or similar leave with pay during the period of military service in order to continue his or her civilian pay. The District may not require the employee to use accrued leave.

The employee is not entitled to use accrued sick leave during the period of military service, unless the District allows employees to use sick leave for any reason or allows other similarly situated employees on comparable furlough or leave of absence to use accrued paid sick leave.

Employee Benefits

Health Plan Coverage

If the employee has coverage under a health plan in connection with his or her employment with the District, the employee must be permitted to elect to continue the coverage for a certain period of time as designated in law.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

When the employee is performing military service, he or she is entitled to continuing coverage for himself or herself (and dependents if the plan offers dependent coverage) under a health plan in connection with the employment. The plan must allow the employee an opportunity to continue coverage for a period of time that is the lesser of:

a) The 24-month period beginning on the date on which the employee's absence for the purpose of performing military service begins; or

b) The period beginning on the date on which the employee's absence for the purpose of performing military service begins, and ending on the date on which the employee fails to return from service or apply for a position of reemployment.

Health plan administrators may develop reasonable requirements addressing how continuing coverage may be elected, consistent with the terms of the plan and USERRA's exceptions to the requirement that the employee give advance notice of military service. Further, health plan administrators may develop reasonable procedures for employee payment to continue coverage, consistent with USERRA and the terms of the plan.

Pension/Retirement Plans

While on military duty, any District employee who is a member of any pension or retirement system may elect to contribute to that pension or retirement system the amount which he or she would have contributed had that employment been continuous. Upon making the contribution, the employee will have the same rights in respect to membership in the retirement system as he or she would have had if the employee had been present and continuously engaged in the performance of his or her position. To the extent that these contributions are paid, absence while engaged in the performance of military duty will be counted in determining the length of total service under the pension or retirement system.

Alternatively, employees will have an opportunity to make up contributions to the pension or retirement system upon return to employment in the District in accordance with law and the individual employee's pension/retirement system.

The payment of member contributions required under law to obtain military service credit is waived for members called to active military duty on or after September 11, 2001 and prior to January 1, 2006.

Time during which an employee is absent on military duty will not constitute an interruption of continuous employment, but this time will not be counted or included in determining the length of total service in the pension or retirement system unless the employee contributes to the pension or retirement system the amount he or she would have been required to contribute if the employee had been continuously employed during the period of military duty.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

Leaves of Absence for Military Spouses

The spouse of a member of the armed forces of the United States, National Guard, or reserves who has been deployed during a period of military conflict (defined as a period of war declared by the United States Congress, or in which a member of a reserve component of the armed forces is ordered to active duty in accordance with the United States Code), to a combat theater or combat zone of operations will be allowed up to ten days unpaid leave by their employer. This leave will only be used when the person's spouse is on leave from the armed forces of the United States, National Guard, or reserves while deployed during a period of military conflict to a combat theater or combat zone of operations.

In accordance with law, an "employee" means a person who performs services for hire for the District for an average of 20 or more hours per week, and includes all individuals employed at any District site having 20 or more District employees, but does not include independent contractors.

The District will not retaliate against an employee for requesting or obtaining a leave of absence as provided above. The provisions of this section will not affect or prevent the District from providing leave for military spouses in addition to leave allowed under any other provision of law. The provisions of this section will not affect an employee's rights with respect to any other employee benefit provided by law.

Reemployment/Restoration Rights ("Escalator Principle")

As a general rule, an employee is entitled to reemployment in the job position that he or she would have attained with reasonable certainty if not for the absence due to military service. The position to which the returning service member should be restored has become known as the "escalator principle."

Depending on the circumstances or intervening events, the escalator principle may cause an employee to be reemployed in a higher or lower position, transferred, laid off, or even terminated.

The employee must be qualified for the reemployment position. The District will make reasonable efforts to help the employee become qualified to perform the duties of this position. The District is not required to reemploy the employee on his or her return from military service if the employee cannot, after reasonable efforts by the District, qualify for the appropriate reemployment position.

Per state law, an employee restored to his or her position after the termination of military duty will be entitled to the rate of compensation he or she would have received had the employee remained in his or her position continuously during the period of military duty; and the employee will be deemed to have rendered satisfactory and efficient service in the job position during the period of military leave of absence. Further, the employee will not be subjected directly or indirectly to any loss of time service, increment, or any other right or privilege; nor will an employee be prejudiced in any way with reference to promotion, transfer, reinstatement, or continuance in employment.

(Continued)

SUBJECT: MILITARY LEAVES OF ABSENCE (Cont'd.)

All other rights, benefits, and responsibilities of a District employee serving in the military will be in accordance with law, regulations, and/or the applicable contract or collective bargaining agreement.

Probationary Service

Public Employees in General

If a public employee (with the exception of the probationary service of "teachers" as described below) enters military duty before the expiration of the probationary period in any position to which he or she may have been appointed, or to which he or she may thereafter be appointed or promoted, the time the employee is absent on military duty will be credited as satisfactory service during this probationary period.

Teachers/Supervisory Staff

In any case where a teacher (defined as encompassing a broad category of full-time members of the teaching and supervisory staff of the District, and is not limited to instructional employees) enters military duty before the expiration of the probationary period to which he or she may have been appointed, the time the teacher is absent on military duty will be credited as satisfactory service during this probationary period. If the end of this probationary service occurs while the teacher is on military duty or within one year following the termination of military duty, the period of the probationary service may be extended by the Board for a period not to exceed one year from the date of termination of military duty. However, in no event will the period of probationary service in the actual performance of teaching services extend beyond that required by the District at the time of the teacher's entry into military service.

Collective Bargaining Agreements/Contracts/Plans/Practices

In accordance with USERRA, any state or local law, contract, agreement, policy, plan, or practice that establishes an employment right or benefit that is more beneficial than, or is in addition to, a right or benefit under USERRA, the greater employment right or benefit will supersede USERRA.

Notice of Rights and Duties

The District will provide a notice of the rights, benefits, and obligations of employees and the District under USERRA. The District may provide the notice by posting it where employee notices are customarily placed. The District may also provide the notice to its employees in other ways that will minimize costs while ensuring that the full text of the notice is provided (e.g., by handing or mailing out the notice, or distributing the notice via email).

SUBJECT: DETERMINATION OF EMPLOYMENT STATUS: EMPLOYEE OR INDEPENDENT CONTRACTOR

A certification of the determination that an individual is an employee is required when the District initially reports to the New York State and Local Retirement System (NYSLRS) certain covered professionals -- those persons providing services as an attorney, physician, engineer, architect, accountant, or auditor.

Employee means an individual performing services for the District for which the District has the right to control the means and methods of what work will be done and how the work will be done. Independent contractor means a consultant or other individual engaged to achieve a certain result for the District but who is not subject to the direction of the employer as to the means and methods of accomplishing the result. The District will not enter into agreements with independent contractors for instructional services except under the limited circumstance permitted by the New York State Education Department.

Employees to be Reported to NYSLRS

Only persons who are active members of NYSLRS and who have been assigned a registration number will be included in the reporting requirements. In the case of employees who are in the process of being registered to membership, all service, salary and deductions data, and mandatory contributions will be accumulated by the District and the accumulation will be included with the first monthly report which is due after the employee's registration number has been assigned.

An individual serving the District as an independent contractor or consultant is not an employee and should not be reported to the retirement system.

The District has the primary responsibility for determining whether an individual is rendering services as an employee or as an independent contractor. When making this determination, the District must consider the factors set forth in state regulations.

The District will also complete, as necessary, a Certification Form for Individuals Engaged in Certain Professions (Form RS2414) as promulgated by the Office of the New York State Comptroller. When making a determination as to an individual's status as an employee or independent contractor, no single factor will be considered to be conclusive of the issue. All factors will be considered in making an assessment of an individual's status when engaged to perform services.

Written Explanation by District: Certain Professions

In the case of an individual whose service has been engaged by the District in the capacity of attorney, physician, engineer, architect, accountant, or auditor and the District has determined that the individual is rendering service as an employee and, therefore, may be eligible for credit with a retirement system, the District will submit to the retirement system, in a form prescribed by the Comptroller and certified by the Chief Fiscal Officer of the District, an explanation of the factors that led to the conclusion that the individual is an employee and not an independent contractor or consultant.

Legal Services

Charging for Legal Services

An attorney will not simultaneously be an independent contractor and an employee of the District for the purpose of providing legal services to the District.

An attorney who is not an employee of the District will not seek to be or be considered, treated or otherwise reported by the District as an employee thereof for purposes of compensation, remuneration, health insurance, pension, and all associated employment-related benefits and emoluments.

Reports Regarding Attorneys

The District will, on or before the 45th day after the commencement of its fiscal year, file with the State Education Department, the State Comptroller, and the Attorney General a report specifying:

a) All attorneys who provide legal services to the District or Board;

b) Whether the District or Board hired those attorneys as employees; and

c) All remuneration and compensation paid for legal services.

Protection Against Fraud

Any person who knowingly makes any false statement, or falsifies or permits to be falsified any record or records of the retirement system in any attempt to defraud the system, or who receives certain benefits or payments in excess of statutory limits, as a result of those acts, will be guilty of criminal conduct, and will be punished under the laws of New York State.

Retirement and Social Security Law §§ 11, 34, 311, and 334

NOTE: Refer also to Policy #1337 -- Duties of the School Attorney

Adoption Date: 5/9/23

SUBJECT: EMPLOYMENT OF RETIRED PERSONS

A retired person may be employed and earn compensation in a position in the District, without any effect on his or her status as retired and without suspension or diminution of his or her retirement allowance subject to the conditions enumerated in Retirement and Social Security Law Section 211(1). However, there will be no earning limitations on or after the calendar year in which a retired person attains age 65.

No retired person may be employed in the District except upon approval of the Civil Service Commission or the Commissioner of Education unless otherwise authorized in accordance with law.

Two sections of the Retirement and Social Security Law (Sections 211 and 212) affect a retiree's return to public employment in New York State. If a retiree returns to public employment, he or she may still be able to collect his or her pension depending upon:

a) How much is earned after returning to work; and

b) The retiree's age.

If a retiree is under age 65, he or she can return to public employment without approval or reduction in retirement benefits as long as his or her calendar year earnings do not exceed the Section 212 limit. If a retiree's earnings will be more than the Section 212 limit, the employer must request and receive prior approval from the appropriate agency to hire the retiree under Section 211.

Section 211 waivers are provided for "unclassified service" positions. Retired police officers employed by a school district as a School Resource Officer (SRO) fall under the "classified service" but may have the earnings limitation waived at the discretion of the Commissioner of Education, as long as all of the requirements for waivers in the unclassified service are fulfilled.

There is generally no restriction on a retiree's earnings beginning in the calendar year he or she turns 65, unless returning to public office.

Section 211 Approval Process

Approval for post-retirement employment of a person under the age of 65 or a retired police officer employed as a SRO whose calendar year earnings exceed the Section 212 limit may be granted only on the written request of the District giving detailed reasons related to the standards set forth in Section 211; and on a finding of satisfactory evidence by the Civil Service Commission or the Commissioner of Education that the retired person is duly qualified, competent, and physically fit for the performance of the duties of the position in which he or she is to be employed and is properly certified where certification is required.

(Continued)

SUBJECT: EMPLOYMENT OF RETIRED PERSONS (Cont'd.)

The District will prepare a detailed recruitment plan to fill the vacancy on a permanent basis when the need arises and will undertake extensive recruitment efforts to fill the vacancy prior to making a determination that there are no available non-retired persons qualified to perform the duties of that position.

Approvals to hire retired individuals may be granted for periods not exceeding two years each, provided that a person may not return to work in the same or similar position for a period of one year following retirement. However, in accordance with Section 212, a retiree may return to work in the same or similar position within the same year following retirement if his or her earnings are under the Section 212 limit or if he or she receives a Section 212 waiver, or other conditions exist set forth in law.

Reporting Requirements and Disclosure

a) The District will report all money earned by a retired person in its employ in excess of the earnings limitation outlined in Section 212 to the retirement system administered by the state or any of its political subdivisions from which the retired person is collecting his or her retirement allowance.

b) The District, when employing a retired person who is eligible to collect or is already collecting a retirement allowance from a retirement system administered by the state or any of its political subdivisions, will report on an annual basis to the retirement system paying the retirement allowance and to the State Comptroller. This report will consist of the re-employed retiree's name, date of birth, place of employment, current position, and all earnings.

Public Record

Any request for approval of the employment of a retired person, including the reasons stated, and the findings and determination of the request will be a public record open for inspection in the Office of the Civil Service Commission, the Commissioner of Education, or the Board making the findings and determination as specified in Section 211.

Retirement and Social Security Law §§ 111, 211, 212, 217, and 411
8 NYCRR § 80-5.5(b)

Adoption Date: 5/9/23

SUBJECT: REMOTE WORKING

Generally, the District believes that its goals and objectives are best served when employees work in-person on District premises. However, the District recognizes that, in certain circumstances, remote working or telecommuting may be advantageous to both the employee and the District. It may also be necessary in the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation.

When making decisions about remote working, the District will take into consideration any applicable laws, regulations, collective bargaining agreements, or existing policies and procedures. This policy will be superseded by any conflicting law, regulation, or collective bargaining agreement.

Remote Working Arrangements

Remote working is not an entitlement or a District-wide benefit. The ability to work remotely is completely at the discretion of the District. Except where specifically provided by an applicable collective bargaining agreement, employees will not be permitted to file a grievance as a result of a denial of their request to work remotely.

Upon request, an employee's supervisor, in conjunction with the Superintendent or designee, may grant an employee a full-time, part-time, or short-term remote work arrangement provided that the employee's work is able to be performed remotely and the employee has consistently demonstrated the ability to effectively work independently.

Extraordinary Circumstances

In the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation, it may be necessary to establish remote working arrangements for some or all employees. In these circumstances, the District will notify employees of whether they are expected to work at home full-time, part-time, or not at all. The District retains the right to change the remote working arrangement for any employee at any time.

Continuity of Work

Unless specifically agreed upon, working remotely will not alter an employee's work schedule, job duties, compensation, benefits, or any other term and condition of employment. Further, while working remotely, employees will be required to remain available during their normal workhours via email, phone, or other means. Failure to respond in a reasonable time frame may result in discipline and/or termination of the remote work arrangement.

Compliance with District Policies and Procedures

District employees who are working remotely are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would if they were working

on District premises. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, protecting the personal information of District employees and students, acceptable use, and copyright. SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE

Statement of Overall Objectives

The District is an active partner with students and parents in the task of ensuring that all students meet or exceed the New York State Learning Standards. The District recognizes that consistent school attendance, academic success, and school completion have a positive correlation, and therefore has developed, and, if necessary, will revise a Comprehensive Student Attendance Policy to meet the following objectives:

a) Increase school completion for all students;

b) Raise student achievement and close gaps in student performance;

c) Identify attendance patterns in order to design attendance improvement efforts;

d) Know the whereabouts of every student for safety and other reasons;

e) Verify that individual students are complying with education laws relating to compulsory attendance;

f) Determine the District's average daily attendance for state aid purposes.

Description of Strategies to Meet Objectives

The District will:

a) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.

b) Develop a Comprehensive Student Attendance Policy based upon the recommendations of a multifaceted District Policy Development Team that includes representation from the Board, administrators, teachers, students, parents, and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Comprehensive Student Attendance Policy.

c) Maintain accurate recordkeeping via a Register of Attendance to record attendance, absence, tardiness, or early departure of each student.

d) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

e) Develop early intervention strategies to improve school attendance for all students.

Determination of Excused and Unexcused Absences, Tardiness, and Early Departures

Based upon the District's education and community needs, values, and priorities, the District has determined that absences, tardiness, and early departures will be considered excused or unexcused according to the following standards:

a) **Excused:** An absence, tardiness, or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, or other reasons as may be approved by the Board.

b) **Unexcused:** An absence, tardiness, or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, haircut, obtaining learner's permit, road test, oversleeping).

A written excuse, signed by a parent or person in parental relation should be presented by the student when returning to school following each absence.

Student Attendance Recordkeeping/Data Collection

The record of each student's presence, absence, tardiness, and early departure will be kept in a register of attendance in a manner consistent with Commissioner's regulations. An absence, tardiness, or early departure will be entered as "excused" or "unexcused" along with the District code for the reason.

Attendance will be taken and recorded in accordance with the following:

a) For students in non-departmentalized kindergarten through grade 8 (i.e., self-contained classrooms and supervised group movement to other scheduled school activities such as physical education in the gym, assembly, etc.), the student's presence or absence will be recorded after the taking of attendance once per school day, provided that students are not dismissed from school grounds during a lunch period. Where students are dismissed for lunch, their presence or absence will also be recorded after the taking of attendance a second time upon the student's return from lunch. For purposes of APPR and Teacher-Student Data Linkages (TSDL), classroom attendance for all students in grades K through 12 must be recorded on a subject by subject basis for Teacher of Record Determinations.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

b) For students in grades 9 through 12 or in departmentalized schools at any grade level (i.e., students pass individually to different classes throughout the day), each student's presence or absence will be recorded after the taking of attendance in each period of scheduled instruction.

c) Any absence for a school day or portion thereof will be recorded as excused or unexcused in accordance with the standards articulated in this policy.

d) In the event that a student at any instructional level from grades K through 12 arrives late for, or departs early from, scheduled instruction, the tardiness or early departure will be recorded as excused or unexcused in accordance with the standards articulated in this policy.

A record will be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or other cause as may be found satisfactory to the Commissioner of Education.

Attendance records will also indicate the date when a student withdraws from enrollment or is dropped from enrollment in accordance with Education Law Section 3202(1-a).

At the conclusion of each class period or school day, all attendance information will be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness, or early departure will be coded on a student's record in accordance with the established District or building procedures.

Student Attendance and Course Credit

The District believes that classroom participation is related to, and affects, a student's performance and grasp of the subject matter and, as such, is properly reflected in a student's final grade. For purposes of this policy, classroom participation means that a student is in class and prepared to work.

Consequently, for each marking period, a certain percentage of a student's final grade will be based on classroom participation as well as the student's performance on homework, tests, papers, projects, etc., as determined by the building administrator or classroom teacher.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused student absences, tardiness, and early departures will affect a student's grade, including credit for classroom participation, for the marking period.

Students with properly excused absences, tardiness, and early departures for which the student has performed any assigned make-up work, assignments, and/or tests will not be counted as an absence for the purpose of determining the student's eligibility for course credit. District procedures will specify how student tardiness and early departures will be calculated and factored into the District's minimum attendance standard.

However, the District may not deny course credit to a student who has taken all tests, completed missed class work, and secured a passing grade.

For summer school and courses meeting 1/2 year or 1/4 year, the same policy will apply and a calculation of the absences will be prorated accordingly.

Transfer students and students re-enrolling after having dropped out will be expected to attend a prorated minimum number of the scheduled class meetings during their time of enrollment.

Students will be considered in attendance if the student is:

a) Physically present in the classroom or working under the direction of the classroom teacher during the class scheduled meeting time; or

b) Working under an approved independent study program; or

c) Receiving approved alternative instruction.

Students who are absent from class due to their participation in a school-sponsored activity must arrange with their teachers to make up any work missed in a timely manner as determined by the student's teacher. Attendance at school-sponsored events where instruction is substantially equivalent to the instruction which was missed will be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness, or early departure, it will be the responsibility of the student to consult with his or her teacher(s) regarding arrangements to make up missed work, assignments, and/or tests in accordance with the time schedule specified by the teacher.

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Notice of Minimum Attendance Standard/Intervention Strategies Prior to the Denial of Course Credit

In order to ensure that parents or persons in parental relation and students are informed of the District's policy regarding minimum attendance and course credit, and the implementation of specific intervention strategies to be employed prior to the denial of course credit to the student for insufficient attendance, the following guidelines will be followed:

a) Copies of the District's Comprehensive Student Attendance Policy will be available to parents or persons in parental relation and provided to students at the beginning of each school year or at the time of enrollment in the District.

b) School newsletters and publications will include periodic reminders of the components of the District's Comprehensive Student Attendance Policy. Copies of the Attendance Policy will also be included in parent or student handbooks or posted on the District website.

c) At periodic intervals, a designated staff member(s) will notify, by telephone, the parent or person in parental relation of the student's absence, tardiness, or early departure and explain the relationship of the student's attendance to his or her ability to receive course credit. If the parent or person in parental relation cannot be reached by telephone, a letter will be sent detailing this information.

d) A designated staff member will review the District's Attendance Policy with students who have excessive and/or unexcused absences, tardiness, or early departures. Further, appropriate student support services within the District, as well as the possible collaboration or referral to community support services and agencies, will be implemented prior to the denial of course credit for insufficient attendance by the student.

Notice of Students who are Absent, Tardy, or Depart Early Without Proper Excuse

A designated staff member will notify by telephone the parent or person in parental relation to a student who is absent, tardy, or departs early without proper excuse. The staff member will explain the District's Comprehensive Student Attendance Policy, the District's or building level intervention procedures, and, if appropriate, the relationship between student attendance and course credit. If the parent or person in parental relation cannot be reached by telephone, the staff member will provide the notification by mail. Further, the District's Attendance Policy will be mailed to the parent or person in parental relation to promote awareness and help ensure compliance with the policy.

If deemed necessary by appropriate school officials, or if requested by the parent or person in parental relation, a school conference will be scheduled between the parent or person in parental relation and appropriate staff members in order to address the student's attendance. The student may also be requested to attend this conference in order to address appropriate intervention strategies that best meet the needs of the student.

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Chronic Absenteeism

Chronic absenteeism is defined as missing at least 10% of enrolled school days in a year for any reason, excused or unexcused. Chronic absenteeism differs from truancy because it emphasizes missed instructional time rather than unexcused absences. Missed instructional time can increase a student's risk for disengagement, low achievement, and dropping out, among other things.

Students who miss at least 5% of enrolled school days in a year are at risk of becoming chronically absent. In light of this, the District will implement intervention strategies for students who miss 5% or more of the enrolled school days in a year.

Attendance Incentives

In order to encourage student attendance, the District will develop and implement grade-appropriate or building-level strategies and programs including, but not limited to:

a) Attendance honor rolls will be posted in prominent places in District buildings and included in District newsletters and, with parent or person in parental relation consent, in community publications;

b) Monthly drawings for prizes at each grade level to reward perfect attendance;

c) Special events (e.g., assemblies, guest speakers, field days) scheduled on days that historically have high absenteeism (e.g., Mondays, Fridays, day before vacation);

d) Grade-level rewards at each building for best attendance;

e) Classroom acknowledgment of the importance of good attendance (e.g., individual certificates, recognition chart, bulletin boards);

f) Annual poster or essay contest on importance of good attendance;

g) Assemblies collaboratively developed and promoted by student council, administration, PTA/PTO, and other community groups to promote good attendance.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Disciplinary Consequences

Unexcused absences, tardiness, and early departures will result in disciplinary sanctions as described in the District's *Code of Conduct*. Negative consequences will not be imposed, however, where the absence, tardiness, or early departure is related to homelessness. Consequences may include, but are not limited to, in-school suspension, detention, and denial of participation in interscholastic and extracurricular activities. Parents or persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness, or early departures and the importance of class attendance and appropriate interventions. Individual buildings and grade levels will address procedures to implement the notification process to the parent or person in parental relation.

Intervention Strategy Process

In order to effectively intervene when an identified pattern of excused absences, unexcused absences, tardiness, or early departures occur, designated District personnel will pursue the following:

a) Identify specific element(s) of the pattern (e.g., grade level, building, time frame, type of excused absences, unexcused absences, tardiness, or early departures);

b) Contact the District staff most closely associated with the element. In specific cases where the pattern involves an individual student, the student and parent or person in parental relation will be contacted;

c) Discuss strategies to directly intervene with specific element;

d) Recommend intervention to Superintendent or designee if it relates to change in District policy or procedure;

e) Implement changes, as approved by appropriate administration;

f) Utilize appropriate District and/or community resources to address and help remediate student unexcused absences, tardiness, or early departures;

g) Monitor and report short and long term effects of intervention.

(Continued)

SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)

Appeal Process

A parent or person in parental relation may request a building level review of his or her child's attendance record.

Building Review of Attendance Records

The building principal will work in conjunction with the building attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness, and early departures.

Annual Review by the Board

The Board will annually review the building level student attendance records and if those records show a decline in student attendance, the Board will make any revisions to the Policy and plan deemed necessary to improve student attendance.

Community Awareness

The Board will promote necessary community awareness of the District's Comprehensive Student Attendance Policy by:

a) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of each school year and promoting the understanding of this policy to students and their parents or persons in parental relation;

b) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and

c) Providing copies of the policy to any other member of the community upon request.

SUBJECT: AGE OF ENTRANCE

Kindergarten

Students who are legal residents of the District and who reside with parents or guardians within the District at the time of the opening day of school must be five years of age or more on December 1 in order to register for kindergarten.

A student who transfers into the District at any time during the school year may be considered for admission to kindergarten by the Superintendent provided:

a) The parents were not legal residents of the District on the opening day of school, and

b) The student has been registered and enrolled in kindergarten in the District in which his or her parents were legal residents.

Other Grades

Admission of students to other grades will involve a consideration of both chronological age and his or her readiness to do the work of those grades.

Proof of Age

A student's birth certificate or other satisfactory evidence of age must be presented at the time of initial registration and will be enrolled under his or her legal name.

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS

The District has developed a plan for the diagnostic screening of all new entrants and students with low test scores to determine whether such students have or are suspected of having a disability, are possibly gifted, or are possibly English Language Learners (ELLs). The results of the diagnostic screening will be contained in a written report that will be shared with the parent.

A new entrant means a student entering the New York State public school system, prekindergarten through grade 12, for the first time, or re-entering a New York State public school with no available record of a prior screening.

Students with low test scores are students who score below level two on either the third grade English language arts or mathematics assessment for New York State elementary schools.

The diagnostic screening will be conducted:

a) By persons appropriately trained or qualified;

b) By persons appropriately trained or qualified in the student's home language if the language of the home is other than English;

c) In the case of new entrants, prior to the school year, if possible, but no later than December 1 of the school year of entry or within 15 days of transfer of a student into a New York State public school should the entry take place after December 1 of the school year;

d) In the case of students with low test scores, within 30 days of the availability of the test scores.

No screening examination for vision, hearing, or scoliosis condition is required where a student, parent, or person in parental relation objects on the grounds that the examination conflicts with their genuine and sincere religious beliefs.

Results and Reports

The results of the diagnostic screening will be reviewed and a written report of each student screened will be prepared by appropriately qualified District staff. If the screening indicates a possible disability, a possibly gifted child, or a child identified as possibly being an ELL, the District will refer the child for the appropriate programs or services.

Parents or guardians of children to be screened will receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information will be communicated either orally or in writing in a language that the parent or guardian can understand.

(Continued)

SUBJECT: DIAGNOSTIC SCREENING OF STUDENTS (Cont'd.)

Upon request, the District will provide parents or guardians with the written results of their child's performance on screenings. The results of all mandated screening examinations will be provided to the child's parent or guardian and to any teacher of the child within the school while the child is enrolled. A letter will be sent to the parent or guardian of any child who fails a screening.

Confidentiality of Information

All information collected about a child through the screening program will be kept confidential.

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY

All persons residing within the District who are between the ages of five years and 21 years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six years of age on or before the first of December in any school year will be required to attend full-time instruction from the first day that the District schools are in session in September of that school year. A student who becomes six years of age after the first of December in any school year will be required to attend full-time instruction from the first day of session in the following September. Each student will be required to remain in attendance until the last day of session in the school year in which the student becomes 16 years of age. Additionally, any student from 16 to 17 years of age who is not employed is required to attend full-time instruction until the end of the school year in which the student turns 17 years of age.

Evidence of a prospective student's age and residency must be presented in the form as is permitted by state and federal law and regulation.

Determination of Student Residency

Residence is established by a child's physical presence as an inhabitant within the District and his or her intent to reside in the District.

A child's residence is presumed to be that of his or her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his or her parents or legal guardians may be rebutted upon demonstration that custody of the child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his or her parents or legal guardians may also be rebutted upon demonstration that the child is an emancipated minor. To establish emancipation, a minor may submit documentation of his or her means of support, proof of residency, and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his or her parents or persons in parental relationship.

(Continued)

SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)

Undocumented Children

Undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation or information regarding or tending to reveal the immigration status of a child, a child's parent(s), or the person(s) in parental relation. In the event the District is required to collect certain data, it will do so after the child has been enrolled or registered; in no instance will the information be required as a condition of enrollment or continued attendance.

Children of Activated Reserve Military Personnel

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. The District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING

The Board recognizes the unique challenges that face students in temporary housing (i.e., homeless children and youth) and will provide these students with access to the same free and appropriate public education, including public preschool education, as other students, as well as access to educational and other services necessary to be successful in school. The District will ensure that these students are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, and success of students in temporary housing.

Identification of Students in Temporary Housing

All districts are obligated to affirmatively identify all students in temporary housing. Therefore, the District will determine whether there are students in temporary housing within the District by using a housing questionnaire to determine the nighttime residence of all newly enrolled, students and all students whose address changes during the school year. Not all students in temporary housing can be identified through social service agencies or shelters, as children may be sharing the housing of other persons, such as family or friends, due to loss of housing, economic hardship, or other similar reason. For this reason, the District uses a housing questionnaire that asks for a description of the current living arrangements of the child or youth to determine whether the child or youth meets the definition of a homeless child.

In addition to using the housing questionnaire, the District will also contact the local department of social services (LDSS) (i.e., the social services district) to identify students in temporary housing, as well as the local runaway and homeless youth shelter, and any other shelters located within District boundaries to ensure all students in temporary housing are properly identified and served.

The McKinney-Vento Liaison for Students in Temporary Housing

The District will designate an appropriate staff person, who may also be a coordinator for other federal programs, as the District liaison for students in temporary housing (otherwise referred to as the McKinney-Vento liaison). The District's McKinney-Vento liaison serves as one of the primary contacts between families experiencing homelessness and school staff, district personnel, shelter workers, and other service providers. The McKinney-Vento liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed.

The District's McKinney-Vento liaison must ensure that:

a) Students in temporary housing are identified by school personnel and through Coordination activities with other entities and agencies;

b) Students in temporary housing enroll in, and have frill and equal opportunity to succeed in, the District's schools;

c) Students in temporary housing and their families receive educational services for which they are eligible, including Head Start programs administered by a local educational agency, Early Head Start, early intervention services under part C of the Individuals with Disabilities Education Act, and other preschool programs administered by the District.

d) Students and parents in temporary housing receive referrals to health care services, dental services, mental health and substance abuse services, housing services and other appropriate services;

e) Parents or guardians of students in temporary housing are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;

f) Parents and guardians of students in temporary housing, and unaccompanied youth, are fully informed of all transportation services, including transportation to and from the school district of origin and are assisted in accessing transportation services;

n) Assistance with obtaining any necessary immunizations or screenings, or immunization or other required health records is provided to the parents or guardians of the students in temporary housing.

School District and School Designations

A designator will make the initial decision about which school district and school a student in temporary housing will attend. A designator is:

a) The parent or person in parental relation (guardian) to a student in temporary housing;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

b) The student in temporary housing, together with the McKinney-Vento liaison, in the case of an unaccompanied youth; or

c) The director of a residential program for runaway and homeless youth, in consultation with the student in temporary housing, where the student is living in that program.

The District will ask the designator to designate one of the following as the school district of attendance for the student in temporary housing:

a) The school district of current location;

b) The school district of origin; or

c) A school district participating in a regional placement plan.

The District will also ask the designator to designate one-of the following as the school where a student in temporary housing seeks to attend:

a) The school of origin; or

b) Any school that permanent housed children and youth who live in the attendance area in which the child or youth is actually living are eligible to attend, including a preschool.

A student in temporary housing is entitled to attend the schools of the school district of origin without the payment of tuition for the duration of his or her homelessness and through the remainder of the school year in which the student becomes permanently housed and for one additional year if that year constitutes the student's terminal year in that school building, subject to a best interest determination.

Designation/STAC 202 Form

The District will identify all students in temporary housing, and a designation form will be completed by the designator for all these students and any other student who claims homelessness. Designations must be made on the STAC 202 form provided by the Commissioner.

The appropriate designator must complete the designation form. The District makes designation forms available to a student in temporary housing who seeks admission to school or to the parent or person in parental relation who seeks to enroll the child in school.

The District will provide completed designation forms to the McKinney-Vento liaison immediately, but no later than two business days from the earlier date on which the child or youth either:

a) Sought enrollment in school; or

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

b) Was placed in a temporary housing facility or residential facility for runaway and homeless youth.

Where a parent or person in parental relation or a child who is neither placed in a temporary housing facility by the LDSS nor housed in a residential program for runaway homeless youth, designates the District as the school district of current location, the District will forward to the State Education Department a completed designation form and a statement of the basis for its determination that the child' is a homeless child entitled to attend the District's schools.

Immediate Enrollment and Best Interest Determinations

Upon identification of a child who is in temporary housing and/or receipt of a completed designation/STAC 202 form, the District will:

a) Immediately review the designation form to ensure that it has been completed and admit the student in temporary housing even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, medical records, immunization records, proof of residency or other documentation and even if the child or youth has missed application deadlines;

b) Determine whether the designation made by the designator is consistent with the best interests of the student in temporary housing. In making best interests decisions the District will:

1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the wishes of the parent or guardian (or youth in the case of an unaccompanied youth); and

2. Consider student-centered factors such as the effect of mobility on student achievement, education, health, and safety of the child, giving priority to the wishes of the child's parent or guardian (or the youth, if a homeless unaccompanied youth). If the District determines that it is in the best interest of the student in temporary housing to attend a school other than the school of origin or the designated school, the District will provide the parent or guardian (or youth, if an unaccompanied youth) with a written explanation of its determination, including information about the right to appeal.

c) Provide the child with access to all of the District's programs, activities and services to the same extent as they are provided to resident students;

d) Immediately contact the school district where the child's records are located in order to obtain a copy of these records and coordinate the transmittal of records for students with disabilities pursuant to applicable laws and regulations;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

e) Immediately refer the parent or guardian of the student in temporary housing to The McKinney-Vento liaison who must assist in obtaining necessary immunizations or immunization or medical records if the child or youth needs to obtain immunizations or immunization or medical records;

f) Forward the STAC 202 form to the Commissioner and the school district of origin, where applicable. In all cases, the District will give a copy of the completed STAC 202 form to the designator and keep a copy of the STAC 202 form for the District's records;

g) Arrange for transportation in accordance with applicable laws and regulations; and

h) Arrange for the child to receive free school meals.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with state and federal law, a complete copy of the student in temporary housing's records, including, but not limited to, proof of age, academic records, evaluations, immunization records, and guardianship papers, if applicable.

Tuition Reimbursement

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed under special federal programs, when:

a) The District is either the school district of current location or a school district Participating in a regional placement plan;

b) The District is designated as the school district of attendance; and

c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

In addition, the District is eligible for reimbursement for the direct costs of educational services, including transportation costs for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of educational services, including transportation, that are not otherwise reimbursed under special federal programs.

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

Transportation Responsibilities

The LDSS is responsible for providing transportation to students in temporary housing, including preschool students and students with disabilities who are eligible for benefits under Social Services Law §350-j and placed in temporary housing arrangements outside their designated districts. Where the LDSS requests that the District provide or arrange for transportation for a student in temporary housing in the circumstances above, the District will provide or arrange for the transportation and directly bill the LDSS so that the district will be fully and promptly reimbursed for the cost of the transportation.

If the District is the designated school district of attendance, the District will provide for the transportation of each student in temporary housing who is living in a residential program for runaway and homeless youth, including if the temporary housing is located outside the school district. The costs for transportation for each student in temporary housing who lives in a residential program for runaway youth and homeless youth located outside of the designated school district will be reimbursed by the State Education Department; to the extent funds are provided for the purpose, with the submission of a Runaway and Homeless Youth Act Transportation Program Form. Where the District provides transportation for a student living in a Runaway and Homeless Youth facility, the District will promptly request reimbursement using the Runaway and Homeless Youth Act Transportation Form.

The District will transport any student in temporary housing to their school of origin, including preschools and charter schools, where it is the designated district of attendance and the student in temporary housing is not entitled to receive transportation from the Department of Social Services.

When the District is designated as the school district of current location for a student in temporary housing and the student does not attend the school of origin, the District will provide transportation on the same basis as it is provided to resident students, unless the local transportation policy represents a barrier to the student's attendance in school.

If the student in temporary housing designates the District as the school district of attendance, transportation will not exceed 50 miles each way, unless the Commissioner determines that it is in the best interest of the child.

Where the District is designated as the school district of attendance and it has recommended the student in temporary housing attend a summer educational program, the district of attendance will provide transportation services to students in temporary housing for summer educational programs if the lack of transportation poses a barrier to the student's participation in the program.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities when:

a) The student participates in or would like to participate in an extracurricular or Academic activity, including an after-school activity, at the school;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

b) The student meets the eligibility criteria for the activity; and

c) The lack of transportation poses a barrier to the student's participation in the activity.

Where the District is designated as the school district of attendance, it will provide transportation as described above for the duration of homelessness, unless the LDSS is responsible for providing transportation. After the student becomes permanently housed, the District will provide transportation to the school of origin until the end of the school year and for one additional year if that year constitutes the child's terminal year in the school building.

Where a student in temporary housing must cross state-lines to attend a school of origin, the District will coordinate with the District in the neighboring state to provide transportation services when:

a) The student is temporarily living in New York State and continues to attend school in a neighboring state; or

b) The student is temporarily living in a neighboring state and continues to attend school in New York State.

Dispute Resolution Process

The District has established the following procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth:

a) The District will provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of a student in temporary housing, or to an unaccompanied youth, if the District determines that the District is not required to either enroll and/or transport the child or youth to the school of origin or a school requested by the parent or guardian or unaccompanied youth or if there is a disagreement about a child's or youth's status as a homeless child or unaccompanied youth. The written explanation will be in a manner and form understandable to the parent, guardian, or unaccompanied youth and will include a statement regarding the McKinney-Vento liaison's availability to help the parent, guardian, or unaccompanied youth with any appeal and the contact information for the liaison.

b) The District will immediately enroll the student in the school in which enrollment is sought by the parent or guardian or unaccompanied youth, provide transportation to the school, and will delay for 30 days the implementation of a final determination to decline to either enroll in and/or transport the student in temporary housing to the school of origin or a school requested by the parent or guardian or unaccompanied youth.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

c) If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school he or she is enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

The McKinney-Vento Liaison's Dispute Resolution Responsibilities

The District's McKinney-Vento liaison must assist the student in temporary housing's parent or guardian or unaccompanied youth in bringing an appeal to the Commissioner of a final school district decision regarding enrollment, school selection and/or transportation. In the event of a dispute regarding eligibility, enrollment, school selection, and/or transportation, the District's McKinney-Vento liaison will:

a) Provide the parent or guardian or unaccompanied youth with a copy of the form petition;

b) Assist the parent or guardian or unaccompanied youth in completing the form petition;

c) Arrange for the copying of the form petition and supporting documents for the parent or guardian or unaccompanied youth, without cost to the parent or guardian or unaccompanied youth;

d) Accept service of the form petition and supporting papers on behalf of any District employee or officer named as a party, or the District if it is named as a party, or arrange for service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;

e) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgment verifying that he or she has received the form petition and supporting documents, and will either accept service of these documents on behalf of the District employee or officer or District, or effect service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;

f) Transmit on behalf of the parent or guardian or unaccompanied youth, within five days after the service of, the form petition or any pleading or paper to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

g) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgement verifying that he or she has received the form petition and supporting documents and will transmit these documents on behalf of the parent, guardian or unaccompanied youth to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;

h) Accept service of any subsequent pleadings or papers, including any correspondence related to the appeal, if the parent or guardian or unaccompanied youth so elects. He or she will also, make this correspondence available to the parent or guardian or unaccompanied youth; and

i) Maintain a record of all appeals of enrollment, school selection, and transportation, determinations.

Coordination

The District will coordinate the provision of services described in this policy with local social services agencies, housing providers and other agencies or programs providing services to students in temporary housing and their families, including services and programs funded under the Runaway and Homeless Youth Act.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of the Individuals with Disabilities Education Act (IDEA) for students with disabilities.

Coordination with Title I

The District acknowledges that students in temporary housing are eligible for services under Title I, Part A, whether or not they live in a Title I school attendance area or meet the academic requirements required of other children. The District will ensure that:

a) Title I, Part A funds are set aside as are necessary to provide students in temporary housing, who may have unique needs that differ from their permanently housed peers, with educationally related support services;

b) Its local plan includes a description of how the plan is coordinated with McKinney-Vento;

c) Its local plan describes the services provided to students in temporary housing;

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)

d) Its local plan describes the efforts it made to identify students in temporary housing, including unaccompanied youth, if the District reports that there are no students in temporary housing enrolled in the District. These efforts will include contacting the LDSS or Office of Children and Family Services (OCFS) to verify that there are no students in temporary housing in the District; and (Continued)

e) Its housing questionnaire asks about the living arrangements of the child or Unaccompanied youth, including asking if he or she is living in a shelter; with relatives or others due to loss of housing or economic hardship; in an abandoned apartment/building; in a motel/hotel, camping ground, car, train/bus station or other similar situation due to the lack of alternative, adequate housing. Documentation of the District's efforts to identify students in temporary housing will be maintained on file and a copy of the housing questionnaire will also be kept on file.

Reporting Requirements

The District will collect and transmit to the Commissioner of Education, at the time and in the manner as the Commissioner may require, a report containing information as the Commissioner determines is necessary, including the numbers of homeless students, their grade, and their nighttime residence.

Access to Free Meals

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

Removal of Barriers

The District will review and revise its policies that may act as barriers to the identification of students in temporary housing and their enrollment and retention in school, including barriers to enrollment and retention due to outstanding fees or fines, or absences.

Comparable Services

The District will provide services to students in temporary housing comparable to those offered to other students in the District, including: transportation services; educational services for which the child or youth meets the relevant criteria, such as services provided under Title I or similar State or local programs; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

Student Privacy

Information about a student in temporary housing's living situation will be treated as a student education record and will not be deemed to be directory information under the Family Educational Rights and Privacy Act (FERPA). A parent or guardian or unaccompanied youth may consent to the release of a student's address information in the same way they would for other student education records under FERPA.

Training

All school enrollment staff, secretaries, school counselors, school social workers, and principals will be trained on the requirements for enrollment of students in temporary housing. Other staff members including school nutrition staff, school registered professional nurses, teachers, and bus drivers will receive framing on homelessness that is specific to their field.

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)

The Board of Education affirms its primary responsibility to educate children who are residents of the District and who are of legal age to attend school. Non-resident families who wish to enroll children in the William Floyd Union Free School District shall submit a request in writing to the Superintendent. The Superintendent will review such requests and make recommendations regarding non-resident student admission to the Board of Education. The Board of Education will have final authority to approve or deny such requests.

Non-resident student enrollment requests will only be considered where:

a) There is sufficient space to accommodate the non-resident student;

b) No increase in the size of faculty or staff will be necessary; and

c) Admittance will not result in the establishment of a new section.

In making determinations regarding the admittance of non-resident students, the District will not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, age, disability or other legally protected category.

In the event a non-resident student is permitted to attend the District's schools, his/her attendance will be subject to the following conditions:

a) Parents/guardians must work out transfer conditions with the home school district or provide their own transportation;

b) All rules and regulations in effect for District students will be applicable to non-District students; and

c) Tuition may be charged to families of non-resident students in accordance with formulas approved by the State Education Department.

Future Students

The children of families who have signed a contract to buy or build a residence in the School District may be enrolled for the semester in which they expect to become residents. Non-resident tuition shall be charged, payable in advance, with an adjustment to be made when the family becomes a resident in the District.

Former Residents

In the following circumstances, children who are not District residents will be permitted to attend the District's schools without payment of tuition:

(Continued)

SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)

a) Students of any grade who move from the William Floyd Union Free School District during the school year may be given permission to finish the semester in which the move occurs.

b) Students who move from the District after completion of the first semester of the year preceding their anticipated graduation year may be given permission to remain in the William Floyd Union Free School District until graduation.

Foreign Exchange Students

The District does not accept foreign exchange students.

Tuition Fees

Where applicable, tuition fees are computed according to a formula established by the Commissioner of Education.

Tuition of individual non-resident students shall be computed in advance at the time of enrollment. Methods of payment (e.g., monthly) may be arranged in the District Office and approved by the Superintendent. Non-resident student status is contingent upon timely payment of tuition fees as established by the Board of Education.

Legal Residence

Parents who maintain more than one residence, but whose legal residence for the purposes of voting or filing income tax is within the District, are eligible to send their children to District schools. However, school tax payments of non-residents who own assessable property in the District will be deducted from any tuition charges levied against such non-resident.

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE

The District recognizes the importance of educational stability for students in foster care and will collaborate, as appropriate, with the State Education Department (SED) and the local Department of Social Services (LDSS) to ensure that students in foster care have the opportunity to achieve at the same high-levels as their peers. For purposes of this policy, LDSS also refers to the local Social Services District or the local child welfare agency.

Definitions

a) Child or youth in foster care ("student in foster care") means a child who is in the care and custody or custody and guardianship of a local Commissioner of Social Services or the Commissioner of the Office of Children and Family Services.

b) **Feeder school** means:

1. A preschool whose students are entitled to attend a specified elementary school or group of elementary schools upon completion of that preschool;

2. A school whose students are entitled to attend a specified elementary, middle, intermediate, or high school or group of specified elementary, middle, intermediate, or high schools upon completion of the terminal grade of such school; or

3. A school that sends its students to a receiving school in a neighboring school district pursuant to applicable laws and regulations.

c) **Foster care** means 24-hour substitute care for children placed away from their parents or guardians and for whom the state or tribal child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care regardless of whether the foster care facility is licensed and payments are made by the state, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is federal matching of any payments that are made.

d) **Preschool** means a publicly funded prekindergarten program administered by SED or a local educational agency or a Head Start program administered by a local educational agency and/or services under the Individuals with Disabilities Education Act (IDEA) administered by a local educational agency.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

e) **Receiving school** means:

1. A school that enrolls students from a specified or group of preschools, elementary schools, middle schools, intermediate schools, or high schools; or 2. A school that enrolls students from a feeder school in a neighboring local educational agency pursuant to applicable laws and regulations.

f) **School district of origin** means the school district within New York State in which the child or youth in foster care was attending a public school or preschool on a tuition-free basis or was entitled to attend at the time of placement into foster care when the Social Services District or the Office of Children and Family Services assumed care and custody or custody and guardianship of such child or youth, which is different from the school district of residence.

g) **School district of residence** means the public school district within New York State in which the foster care placement is located, which is different from the school district of origin.

h) **School of origin** means a public school that a child or youth attended at the time of placement into foster care, or the school in which the child or youth was last enrolled, including a preschool or a charter school. For a child or youth in foster care who completes the final grade level served by the school of origin, the term school of origin will include the designated receiving school at the next grade level for all feeder schools. Where the child is eligible to attend school in the school district of origin because the child was placed in foster care after such child is eligible to apply, register, or enroll in the public preschool or kindergarten or the child is living with a school-age sibling who attends school in the school district of origin, the school of origin will include any public school or preschool in which such child would have been entitled or eligible to attend based on such child's last residence before the circumstances arose which caused such child to be placed in foster care.

District Foster Care Liaison

The District will designate an appropriate staff person to act as the District's point of contact for students in foster care (i.e., the "Foster Care Liaison"). The Foster Care Liaison will not be the same staff person as the McKinney-Vento Liaison unless the McKinneyVento Liaison has sufficient ability to carry out the responsibilities of both roles

The Foster Care Liaison will work collaboratively with representatives from the LDSS.

The District will ensure that the name and contact information for the Foster Care Liaison are:

a) Submitted to SED;

b) Provided, in writing, to the point of contact for any LDSS known by the District to have students in its custody; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

c) Posted on the District website.

Designation of School District and School

The LDSS, in consultation with the appropriate local educational agency or agencies, will determine whether placement in the school district of origin or the school district of residence is in the best interest of a student in foster care. Provided that the District is an appropriate local educational agency, the District will work with the LDSS to make the best interest determination as quickly as possible in order to prevent educational discontinuity for the student. If the student has an Individualized Education Program (IEP), a Section 504 plan, or is an English language learner, relevant school staff, may be consulted during the best interest determination process.

To the extent feasible and appropriate, the student should remain in his or her school of origin while the best interest determination is being made.

Subject to a best interest determination, a student in foster care is entitled to attend the school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in that building.

Where the school district of origin or school of origin that a student was attending on a tuition-free basis, or was entitled to attend when the student entered foster care is located, in New York State and the student's foster care placement is located in a contiguous state, the student is entitled to attend his or her school of origin or any school that children and youth who live in the attendance area in which the foster care placement is located are eligible to attend, including a preschool, subject to a best interest determination, for the duration of the student's placement in foster care and until the end of the school year in which he or she is no longer in foster care, and for one additional year if that year constitutes the student's terminal year in such building.

Responsibilities When Designated as the School District of Attendance

If the District is designated as the school district of attendance for a student in foster care, the District will immediately:

a) Enroll the student in foster care, even if the student is unable to produce records which are normally required for enrollment, such as previous academic records, records of immunization and/or other required health records, proof of residency or other documentation and/or even if the student has missed application or enrollment deadlines during any period of placement in foster care, if applicable;

b) Treat the student in foster care as a resident for all purposes; and

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

c) Make a written request to the school district where the student's records are located in order to obtain a copy of the student's records and coordinate the transmittal of these records in accordance with applicable laws and regulations.

Request for Records

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with federal and state law, a complete copy of the records of the student in foster care, including, but not limited to: proof of age; academic records; evaluations; immunization records; and guardianship papers (if applicable).

Tuition Reimbursement

Except as otherwise provided in law or regulation; the cost of instruction of a student in foster care will be borne by the school district of origin. Where a district other than the school district of origin is designated as the school district of attendance, the cost of instruction will be borne by the school district of origin and the tuition paid to the designated school district of attendance will be computed in accordance with applicable laws and regulations.

Transportation Responsibilities

Any student in foster care who requires transportation in order to attend his or her school of origin, is entitled to receive that transportation.

As appropriate, the District will coordinate and collaborate with the LDSS to make an appropriate transportation plan that supports the student's school stability plan and is fair to the District's taxpayers, consistent with the District's obligations under federal and state law.

When the District is the designated school district of attendance, and the student requires transportation to attend his or her school of origin, the District will provide transportation to and from the student's foster care placement location and the school of origin. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When the District is the school district of residence and the designated school district of attendance, and the student does not attend his or her school of origin, the District will provide transportation on the same basis as provided to resident students. The costs for transportation may be aidable pursuant to applicable laws and regulations.

When transporting students in foster care, the District may incur excess transportation costs, as defined by law. The District and the LDSS may enter into a written agreement relating to how excess transportation costs should be funded, consistent with applicable laws and regulations. Absent such an

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

agreement, excess transportation costs incurred by the District will be shared equally between the LDSS responsible for the foster care costs of the student and the designated school district of attendance. The District and the LDSS will consider and utilize all allowable folding sources, including any available federal funds, to cover excess transportation costs.

Where a student in foster care has been placed in foster care in a contiguous state, and the District is the designated district of attendance, the District will collaborate with the LDSS to arrange for transportation.

Where the School of Origin is a Charter School

Where the school of origin is a charter school, the school district designated as the school district of attendance for a student in foster care will be deemed to be the school district of residence for the student for purposes of fiscal and programmatic responsibility and will be responsible for transportation of the student in foster care. If the designated school district of attendance is not the school district of origin, the designated school district of attendance may seek reimbursement from the school district of origin in accordance with applicable laws and regulations.

Dispute Resolution Process

To the extent feasible and appropriate, the District will ensure that a student in foster care remains in his or", her school of origin while any dispute is being resolved in order to minimize disruptions and reduce the number of moves between schools.

Coordination with Other Agencies

The District will coordinate the provision of services described in this policy, as appropriate, with agencies or programs providing services to students in foster care.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of IDEA for students with disabilities.

Comparable Services

Each student in foster care will be provided services comparable to other students in the school of attendance, including: transportation services; educational services for which the student meets eligibility criteria; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

(Continued)

SUBJECT: EDUCATION OF STUDENTS IN FOSTER CARE (Cont'd.)

Student Privacy

As appropriate, the District will collaborate with SED and/or the LDSS to determine what documentation related to a student in foster care should be shared among involved parties. In all cases, the District will comply with all statutory requirements to protect student privacy, including the Family Educational Rights and Privacy Act (FERPA) and any other applicable privacy requirements under federal, state, or local laws.

SUBJECT: SCHOOL CENSUS

Although not required by law, the District will take a census of all children from birth to 18 years of age. Census data will be reported as required by law.

The census must indicate the names of all children between birth and 18 years of age, and of children with disabilities between birth and 21 years of age; their respective residences by street and number; the day of the month and the year of their birth; the names of the parents or persons in parental relation to them; information relating to physical or mental disabilities, to illiteracy, to employment, and to the enforcement of the law relating to child labor and compulsory education as the State Education Department (SED) and the Board require; and also further information as the Board may require.

On written request and in the form as prescribed by the Commissioner of Education, the Board will provide to the Commissioner a report containing the names, ages, and addresses of those children who are blind or deaf, and those children having serious physical or mental disabilities. Additionally, this report will further indicate whether these children are being educated within the public schools of the District or, if they are not, where education is being furnished to them.

Parents or persons in parental relation to those children within the prescribed census age ranges must make reports as the Board requires, including, but not limited to, providing two weeks before the child reaches compulsory school age, the name of the child; the child's residence; the name of the person or persons in parental relation to the child; the name and location of the school to which the child will have been or will be sent as a student; and other information as required by law or as the Board may require.

A parent, guardian or other person having under his or her control or charge a child between birth and 18 years of age who withholds or refuses to give information in his or her possession relating to this census data as required by law pertaining to the child; or, in the alternative, gives false information in relation to census data, will be liable to and punished by a fine or imprisonment as established by law.

Count of Immigrant Children and Youth

The District is required to count the number of "immigrant children and youth" enrolled in the public and nonpublic schools in the geographic area under the jurisdiction of, or served by, the District. The results of this count have important implications for the receipt of supplemental federal funds to the District for services to recently arrived immigrant children and youth.

For purposes of this count, the term "immigrant children and youth" will include those individuals who:

a) Are ages three through 21;

(Continued)

SUBJECT: SCHOOL CENSUS (Cont'd.)

b) Were not born in any state or from the Commonwealth of Puerto Rico, the District of Columbia, Guam, American Samoa, the U.S. Virgin Islands, the Northern Mariana Islands, or the Trust Territory of the Pacific Islands; and

c) Have not been attending schools in any one or more States for more than three full academic years.

Each nonpublic school within District boundaries will report its data to the District. It is the responsibility of the District to report its immigrant count as well as the counts for all nonpublic schools within its jurisdiction.

In accordance with law, the District will conduct its survey and submit the information electronically to the SED by the specified deadline date. The District must also maintain on file a list of the immigrant students counted, their countries of origin, dates of arrival, and the public or nonpublic school in which they are registered as well as copies of the letter to each of the nonpublic schools in its jurisdiction regarding the count.

SUBJECT: REMOTE LEARNING

Use of Remote Learning in the District

The District may offer remote or distance learning to students at certain times including, but not limited to, independent study, enrichment courses, and in the event of an extraordinary circumstance such as widespread illness, natural disaster, or other emergency situation.

When making decisions about remote learning, the District will consult with students, parents, teachers, administrators, community members, and other stakeholders as appropriate. The District will also ensure that it is complying with applicable teaching and learning requirements.

Extraordinary Circumstances

In the event of an extraordinary circumstance that requires long-term and widespread use of remote learning, a plan will be developed that outlines how the District will accomplish remote learning. This plan will outline the number of students involved, modes of remote learning, asynchronous and synchronous learning opportunities, Internet and device access among students, and alternatives available for students who have neither a device nor consistent access. It will also address the needs of different populations of students including, but not limited to, vulnerable students, younger students, students with disabilities, and English language learners.

If warranted, the District may use a hybrid model of in-person instruction and remote learning.

Formats and Methods of Remote Learning

Remote learning may be delivered by teachers through a variety of formats and methods. Instruction may be provided through video, audio, and/or written materials. Communication between teachers and students may occur through video conferencing, prerecorded videos, online discussion boards, and/or other instruction that relies on technology. Remote learning can occur synchronously, which involves real-time interaction and collaboration between teachers and students, or asynchronously, which involves delayed interactions between teachers and students and self-directed learning.

Determinations about how to best deliver remote learning will take into account a variety of factors including, but not limited to, the number of students involved, the subject matter, the students' grade levels, and technological resources of both the District and students. Consideration will also be given to whether accommodations need to be made for students with disabilities or English language learners.

Remote Learning Support

As necessary, the District will provide instruction on using remote learning technology and IT support for students, teachers, and families. The District will also work to ensure that teachers and administrators are provided with professional development opportunities related to designing an effective remote learning experience.

(Continued)

SUBJECT: REMOTE LEARNING (Cont'd.)

Compliance with District Policies, Procedures, and the Code of Conduct

Teachers and students are required to comply with any and all applicable District policies, procedures, and other related documents as they normally would for in-person instruction. Examples include, but are not limited to, the District's policies and procedures on non-discrimination and anti-harassment, acceptable use, and copyright. Students will also be required to abide by the rules contained within the Code of Conduct at all times while engaged in remote learning. Violations of the Code of Conduct and/or engaging in prohibited conduct may result in disciplinary action as warranted.

Privacy and Security of Student and Teacher Data

In compliance with law, regulation, and District policy, the District will take measures to protect the personal information of students and teachers from unauthorized access when using remote learning technologies. Examples of these measures include, but are not limited to, minimizing the amount of data shared to only that which is necessary, deidentifying data, and the use of encryption or an equivalent technical control that renders personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons when transmitted electronically.

Adoption Date: 5/9/23

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT

Grade Promotion and Placement

Grade promotion and the placement of students within the District's instructional system will be at the discretion of the school administration and will be subject to review at any time. In making these decisions, the administrator or building principal will be guided by: performance in class; past records, including various measures of student growth; recommendations from parents, persons in parental relation to District students, and teachers; and any other appropriate sources of information. With regard to student placement decisions, parents or persons in parental relation to District students may submit written requests for teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored.

Testing Program

The District utilizes various ability, achievement, diagnostic, readiness, interest, and guidance tests for the purpose of complying with state and federal law and/or aiding the implementation of quality educational services. The District will not make any student promotion or placement decisions based solely or primarily on student performance on the state administered English language arts and mathematics assessments for grades 3 through 8. The District may, however, consider student performance on state assessments in making student promotion and placement decisions provided that multiple measures be used in addition to these assessments and that these assessments do not constitute the major factor in these determinations.

Alternative Testing Procedures

The use of alternative testing procedures will be limited to:

a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures will be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and

b) Students whose native language is other than English (i.e., English language learners) in accordance with State Education Department (SED) Guidelines.

The alternative testing procedures employed will be based upon a student's individual needs and the type of test administered.

The District will report the use of alternative testing procedures to the SED on a form and at a time prescribed by the Commissioner.

(Continued)

SUBJECT: STUDENT EVALUATION, PROMOTION, AND PLACEMENT (Cont'd.)

Reporting to Parents or Persons in Parental Relation to Students

Parents or persons in parental relation to District students will receive an appropriate report of student progress at regular intervals.

The District will not place or include on a student's official transcript or maintain in a student's permanent record any individual student score on a state administered standardized English language arts or mathematics assessment for grades 3 through 8. However, the District will comply with state and federal requirements regarding the maintenance and transfer of student test scores. Any test results on a state administered standardized English language arts or mathematics assessment for grades 3 through 8 sent to parents or persons in parental relation to a student will include a clear and conspicuous notice that these results will not be included on the student's official transcript or in the student's permanent record and are being provided to the student and parents for diagnostic purposes.

When necessary, attempts will be made to provide interpreters for non-English speaking parents or persons in parental relation to District students.

Section 504 of the Rehabilitation Act of 1973, 29 USC § 794 et seq.

8 NYCRR Parts 104, 117, and 154

Adoption Date: 5/9/23

SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED

The Board will provide parents or persons in parental relation who are hearing impaired with meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" will include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in District meetings or activities.

Parents or persons in parental relation will be notified of the availability of interpreter services, to be provided at no charge, provided that a written request is made to the District within 14 days of the scheduled meeting or activity. Exceptions may be made for unanticipated circumstances as determined by the principal or designee. The District will also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District will appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District will also develop interagency agreements, as appropriate, to ensure that sign language interpreters are provided for eligible parents or persons in parental relation when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the District will make other reasonable accommodations which are satisfactory to the parents or persons in parental relation. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include the use of:

a) Written communications, transcripts, or note takers; and

b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.

Education Law § 3230
8 NYCRR § 100.2(aa)

Adoption Date: 5/9/23

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS

Response to Intervention (RtI) is a multi-tiered early prevention and intervention system designed to improve outcomes for all students. In accordance with Commissioner's regulations, the District has established administrative practices and procedures for implementing District-wide initiatives that address an RtI process applicable to all students. For students suspected of having a potential learning disability, the District will provide appropriate RtI services pursuant to Commissioner's regulations prior to a referral to the Committee on Special Education (CSE) for evaluation.

The New York State Education Department (SED) has released a guidance document to assist school districts in designing and implementing an effective RtI process, which includes, but is not limited to, information regarding regulatory requirements, quality indicators, staff development, tools to assist districts in selecting a specific model and procedures for the use of RtI data in determining if a student has a learning disability. This guidance document is available on the SED's official website.

The District has established procedures for identifying students with learning disabilities that use a research-based RtI process prior to, or as part of, an individual evaluation to determine whether a student has a learning disability. An RtI process is required for all students in grades kindergarten through grade 4 suspected of having a learning disability in the area of reading. RtI cannot be utilized as a strategy to delay or deny a timely initial evaluation of a student suspected of having a disability under the Individuals with Disabilities Education Act (IDEA).

Minimum Requirements of District's RtI Program

The District's RtI process will include the following minimum requirements:

a) Scientific, research-based instruction in reading and mathematics provided to all students in the general education class by qualified personnel. Instruction in reading, per Commissioner's regulations, means scientific, research-based reading programs that include explicit and systematic instruction in phonemic awareness, phonics, vocabulary development, reading fluency (including oral reading skills) and reading comprehension strategies;

b) Screenings will be provided to all students in the class to identify those students who are not making academic progress at expected rates;

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)

c) Scientific, research-based instruction matched to student need with increasingly intensive levels of targeted interventions for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards;

d) Repeated assessments of student achievement which should include curriculum based measures to determine if interventions are resulting in student progress toward age or grade level standards;

e) The application of information about the student's response to intervention to make educational decisions about changes in goals [i.e., goals for all students, not just Individualized Education Program (IEP) goals], instruction and/or services and the decision to make a referral for special education programs and/or services; and

f) Written notification to the parents when the student requires an intervention beyond that provided to all students in the general education classroom that provides information about:

1. The amount and nature of student performance data that will be collected and the general education services that will be provided as enumerated in Commissioner's regulations;

2. Strategies for increasing the student's rate of learning; and

3. The parents' right to request an evaluation for special education programs and/or services.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)

The District's RtI program will consist of multiple tiers of instruction or assessments to address increasingly intensive levels of targeted intervention to promote early identification of student performance needs and/or rate of learning, and to help raise achievement levels for all students.

Student Support Teams (SSTs), whose members may include, but are not limited to, regular education teachers, special education personnel, the school psychologist, reading and math coordinators, designated administrators, and other individuals deemed appropriate by the District, will be available for each building or grade level classification to address the implementation of the District's RtI process.

The SST's responsibilities will include, but are not limited to, the following:

a) Determining the level of interventions and student performance criteria appropriate for each tier of the RtI model;

b) Analyzing information and assessments concerning a student's RtI and making educational decisions about changes in goals, instruction, or services;

c) Determining whether to make a referral for special education programs or services.

The District will provide multiple tiers of increasingly intensive levels of targeted intervention and instruction for those students who do not make satisfactory progress in their levels of performance and/or in their rate of learning to meet age or grade level standards.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)

It is expected that use of the Tier Level of instruction will be specific to each student's needs and will be an ongoing process, with students entering and exiting tiers of intervention according to the analysis of student performance data and progress monitoring.

Tier One Instruction

Tier One instruction is provided to all students in the general education setting. The use of scientific, research-based instruction in the areas of reading and math will be provided by the general education teacher and/or other qualified personnel as appropriate, and will emphasize proactive, preventative core instructional strategies in the classroom setting. Group and/or individualized instruction, assessment, and reinforcement activities will be provided as deemed appropriate by the classroom teacher.

The analysis of Tier One student performance data will be used to identify those students who need additional intervention at the Tier Two Level of instruction.

Tier Two Instruction

In general, Tier Two instruction will consist of small group, targeted interventions for those students identified as being "at risk" and who fail to make adequate progress in the general education classroom. Tier Two instruction will include programs and intervention strategies designed to supplement Tier One interventions provided to all students in the general education setting.

Tier Two instruction may be provided by specialized staff such as reading and math teachers, tutors, speech therapists, school psychologists, and/or school counselors as determined by the SST.

At the conclusion of Tier Two instruction, the SST will review the student's progress and make a determination as to whether Tier Two interventions should be maintained, the student returned to the general education classroom if satisfactory progress is shown, or referred for Tier Three instruction.

Tier Three Instruction

Tier Three instruction is the provision of more intensive instructional interventions, tailored to the needs of the individual student, and is provided to those students who do not achieve adequate progress after receiving interventions at the Tier Two level. Tier Three instruction may include longer periods of intervention program and services than those provided in the first two Tiers based upon the significant needs of the student.

Tier Three instruction will be provided by those specialists, as determined by the SST, best qualified to address the individual student's targeted area(s) of need. If deemed appropriate by the Team, and in accordance with applicable law and regulation, a referral of the student may be made to the CSE.

(Continued)

SUBJECT: RESPONSE TO INTERVENTION (RTI) PROCESS (Cont'd.)

Progress monitoring on a continuous basis is an integral part of Tier Three and the student's response to the intervention process will determine the need or level of further intervention services and/or educational placement.

Amount and Nature of Student Performance Data to be Collected

The SST will determine the amount and nature of student performance data that will be collected to assess, on an ongoing basis, student performance results and address ongoing academic needs as warranted. This data collection will reflect the Tier Level of intervention provided to the student. Student performance data will also be used to review the District's RtI program and make modifications to the program as deemed necessary.

Manner and Frequency for Progress Monitoring

The SST will monitor the progress of those students receiving intervention services beyond that provided to all students in the general education classroom. The Team will meet with the student's teacher(s) and determine if further adjustments must be made to the student's current instructional program and/or a change made to the Tier Level of intervention provided. Monitoring of student progress will be an ongoing part of the RtI program from the initial screening to completion of the RtI process as applicable. Parents may also request that the SST review their child's progress.

Fidelity measures (e.g., an observational checklist of designated teaching behaviors in accordance with the RtI process being implemented) will also be completed by Team members to assess whether the intervention was implemented as intended and uniformly applied. Clear benchmarks will be established for student performance and performance charts will be plotted at the completion of the instructional period or intervention process.

Staff Development

All staff members involved in the development, provision, and/or assessment of the District's RtI program, including both general education and special education instructional personnel, will receive appropriate training necessary to implement the District's RtI program. Staff development will include the criteria for determining the levels of intervention provided to students, the types of interventions, collection of student performance data, and the manner and frequency for monitoring progress.

SUBJECT: COURSE CREDIT AND STUDENT ATTENDANCE

Purpose

Participation in classroom activities is essential for a student' s success in high school and this policy is intended to encourage such attendance. Classroom discussion is an integral part of a student's course work and fosters the development of critical thinking skills. This exchange of ideas is basic to learning on the post-secondary level and to performance in future employment. Good attendance in school is also part of the self-discipline that we try to instill in our students to enable them to act as responsible members of the adult community.

William Floyd High School requires teachers to incorporate classroom participation activities into their lessons, to evaluate them, and to include them in determining a student's quarterly grade.

Excused absences will not count against student participation grades (see policy 7110). The following are examples of a variety of daily activities that may be used in determining a student's participation grade:

a) Active participation in class discussions which are teacher or student initiated;

b) Workbook assignments;

c) Chalkboard/do now assignments;

d) Cooperative group assignments;

e) Library research activities;

f) Lab activities;

g) Interaction between student and teacher or among students;

h) Classroom preparation (textbook, notebook, writing tools, etc.);

i) Being alert and listening attentively;

j) Following teacher directions;

k) Attentively viewing visual presentations;

l) Note taking;

m) Maintaining an activities folder;

(Continued)

SUBJECT: COURSE CREDIT AND STUDENT ATTENDANCE (Cont'd.)

n) Proofreading and reviewing skills;

o) Working on classroom writing assignments;

p) Ability to work independently;

q) Maintaining effort on task;

r) Cooperates with teacher;

s) Daily quizzes;

t) Journal entries;

u) Current events;

v) Any other classroom activities approved by coordinator or high school administration.

To be granted credit for any course, a student must earn a passing grade in the course.

Students With Disabilities

This policy shall apply to students with disabilities or students suspected of having an educational disability.

Dissemination of Policy

To assure due process, the District shall vigorously publicize and disseminate this policy in order to ensure faculty, student, and parental/guardian awareness.

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS

To graduate from the District, a student must meet or exceed the requirements set forth in Part 100 of the Commissioner's regulations. The Board may establish graduation requirements that exceed the minimum standards set by the Board of Regents. The District will award the appropriate diploma, credential, or both to students.

Pathways to Graduation

Students must pass the required number of Regents examinations or approved alternative exams and meet any further graduation requirements; these requirements may include passing an approved pathways assessment, other assessment, or an additional exam that measure an equivalent level of knowledge and skill. Students who fail certain Regents examinations may appeal the result in accordance with Commissioner's regulations.

Early Graduation

A student may be eligible for early graduation (fewer than eight semesters) if the student completes all requirements for graduation, excluding physical education. The District will consult with appropriate personnel, the student, and persons in parental relation, and consider factors such as the student's grades, performance in school, future plans, and benefits to graduation early in making its decision.

Accelerated Programs

Eighth Grade Acceleration for Diploma Credits

Eighth grade students may take appropriate high school courses. The Superintendent or designee will determine whether an eighth grade student is eligible to take high school courses using criteria that examines each student's readiness. By the end of seventh grade, accelerated students must receive instruction designed to facilitate their attainment of the state intermediate learning standards in each subject area in which they are accelerated.

Advanced Placement (AP)

Advanced Placement examinations afford students the opportunity to earn credit or advanced standing in many colleges and universities. The College Board administers a variety of AP examinations in May of each year. The District will determine a student's readiness for enrollment in any AP class.

(Continued)

SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS (Cont'd.)

Dual Credit for College Courses

Students who have demonstrated intellectual and social maturity may choose to matriculate at any one of the colleges that have a cooperative agreement with the District. Students who wish to enroll in college-level coursework must meet all academic, grade level, and coursework requirements. These opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. The administration will review and approve any college courses before they are taken during the school day. The Board will not pay tuition and other related costs for those high school students enrolled in college courses.

Online Coursework

The District may offer students the ability to complete general education and diploma requirements for a specific subject through online instruction or blended coursework that combines online and classroom-based instruction.

To receive credit for online coursework, students must successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam or other assessment in the subject area.

SUBJECT: PARTICIPATION IN GRADUATION CEREMONIES AND ACTIVITIES

Any student who has satisfactorily completed all graduation requirements will be permitted to participate in the graduation ceremony and all related graduation activities of his or her graduating class subject to certain exceptions. Students may be prohibited from participating in the graduation ceremony or related graduation activities as a consequence of violating the District's *Code of Conduct*.

The District permits any student to participate in the graduation ceremony and all related graduation activities of his or her high school graduating class, if the student has been awarded a Skills and Achievement Commencement Credential or a Career Development and Occupational Studies (CDOS) Commencement Credential, but has not otherwise qualified to receive a Regents or local diploma. While permitted to participate, these students are not required to participate in the graduation ceremony or related graduation activities of his or her high school graduating class. For purposes of this policy, a student's high school graduating class is the twelfth grade class with which he or she entered into ninth grade.

The District will provide annual written notice of this policy and any related procedures to all students and their parents or guardians.

SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES

The District will provide students with disabilities appropriate opportunities to earn a diploma or non-diploma high school exiting credential in accordance with Commissioner's regulations. Students with disabilities may be eligible for one or more of the following:

Diploma Options

a) Regents Diploma, including with honors, an advanced designation, a career and technical education endorsement, and/or any other designation or endorsement as may be available.

b) Local Diploma, including with any endorsement as may be available.

Existing Credentials Options

a) Career Development and Occupational Studies (CDOS) Commencement Credential, which may be earned as a supplement to a Regents or local diploma or as a student's only exiting credential.

b) Skills and Achievement Commencement Credential.

Specific requirements and detailed information for each diploma and non-diploma high school exiting credential are specified in the Commissioner's regulations and various guidance materials issued by the New York State Department of Education.

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE

The District will comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents or guardians and non-custodial parent(s) whose rights are not limited by court order or formal agreement, of a student under 18, or a student who is 18 years of age or older, or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the District.

Education Records

The term "education records" is defined as all records, files, documents, and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for that agency or institution. This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA and they are subject to the confidentiality provisions of both Acts.

However, personal notes made by teachers or other staff are not considered education records if they are:

a) Kept in the sole possession of the maker;

b) Not accessible or revealed to any other person except a temporary substitute; and

c) Used only as a memory aid.

Additionally, FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

Access to Student Records

Administrative regulations and procedures will be developed to comply with the provisions of federal law relating to the availability of student records. The purpose of these regulations and procedures is to make available to the parents or guardians of students and non-custodial parent(s) whose rights are not limited by court order or formal agreement, or students who are 18 years of age or older, or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of these records with respect to third parties.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that the signature:

a) Identifies and authenticates a particular person as the source of the electronic consent; and

b) Indicates the person's approval of the information contained in the electronic consent.

Exceptions

Without the consent of a parent or eligible student, the District may release a student's information or records when it is:

a) Directory Information and Limited Directory Information

"Directory information" is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. "Limited Directory Information Disclosure" means that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. The intent is to allow schools the option to implement policies that allow for the disclosure of student information for uses such as yearbooks, honor roll lists, graduation programs, and playbills, but restrict disclosure for more potentially dangerous purposes. The District will limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.

b) To School Officials who have a Legitimate Educational Interest

To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. An educational interest includes the behavior of a student and disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of the student, other students, or other members of the school community. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

c) To Another Educational Institution

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or post-secondary institution at which the student seeks or intends to enroll, or after the student has enrolled or transferred, so long as the disclosure

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

is for purposes related to the student's enrollment or transfer. Parental consent is not required for transferring education records if the school's annual FERPA notification indicates that these disclosures may be made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the parent about the disclosure, unless the parent initiated the disclosure. Additionally, upon request, the District will provide a copy of the information disclosed and an opportunity for a hearing.

d) For Health and Safety Emergency Reasons

The District must balance the need to protect students' PII with the need to address issues of school safety and emergency preparedness. Under FERPA, if an educational agency or institution determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records, without consent, to any person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals during the period of the health or safety emergency. The District may release information from records to appropriate parties including, but not limited to, parents, law enforcement officials, and medical personnel. The District's determination that there is an articulable and significant threat to the health or safety of a student or other individuals will be based upon a totality of the circumstances, including the information available, at the time the determination is made. The District must record the articulable and significant threat that formed the basis for the disclosure and maintain this record for as long as the student's education records are maintained.

e) To Juvenile Justice Systems

Information may be disclosed to state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released. In these cases, the official or authority must certify in writing that the information will not be disclosed to any other party except as provided under law without prior written consent.

f) To Foster Care Agencies

The District may release records to an agency caseworker or other representative of a state or local child welfare agency, who has the right to access a student's case plan, when the agency or organization is legally responsible, for the care and protection of the student. This does not give a child welfare agency the right to look into any non-foster care student's records, without parental consent, when there has been a mere allegation of abuse or maltreatment, absent an order or subpoena.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

g) Pursuant to a Subpoena or Court Order

When the District receives a subpoena or court order for the release of records, it will make a reasonable effort to notify the parent or guardian or eligible student of the order or subpoena in advance of compliance. This allows the parent or guardian or eligible student to seek protective action against the subpoena or order before the release of the records.

The District may disclose a student's records without first notifying parents or guardians or eligible students if the disclosure is:

1. Based on a subpoena in which the court orders, for good cause shown, not to reveal to any person the existence or contents of the subpoena or any information furnished pursuant to the subpoena;

2. In accordance with a judicial order in cases where the parents are a party to a court proceeding involving child abuse or maltreatment or dependency matters, and the order is issued in the context of that proceeding; or

3. Made to a court (with or without an order or subpoena) when the District is involved in a legal action against a parent or student and the records are relevant to the matter.

h) For Financial Aid Purposes

Pertinent information may be released in connection with the determination of eligibility, amount, conditions, and enforcement of terms of a student's financial aid.

i) To Accrediting Organizations

Disclosure of a student's records may be made to an organization in which that student seeks accreditation, in order to carry out their accrediting function.

j) To Parents of a Dependent Student

Even when a student turns 18 years of age or older the District may disclose education records to that student's parents, without the student's consent, if the student is claimed as a dependent for federal income tax purposes by either parent.

k) For Audit/Evaluation Purposes

The audit or evaluation exception allows for the disclosure of PII from education records without consent to authorized representatives of the Comptroller General of the U.S., the Attorney General, the Secretary of Education, federal, state, or local educational authorities.

(Continued)

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Under this exception, PII from education records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with federal legal requirements that relate to those education programs.

The District may occasionally disclose PII from education records without consent to authorized representatives of the entities listed above. The District may also designate its own authorized representative who may access PII without consent in connection with an audit or evaluation of an education program within the District. As an example, the District might designate a university as its authorized representative in order to disclose, without consent, PII from education records on its former students to the university. The university could then disclose, without consent, transcript data on those former students attending the university to allow the District to evaluate how effectively the District prepared its students for success in post-secondary education.

l) For Conducting Studies

This exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of, schools, school districts, or post-secondary institutions. Studies can be for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction.

The District may disclose PII from education records without consent to these organizations conducting studies for the District, in accordance with its obligations under FERPA.

In addition, other entities outside of the District may occasionally disclose PII from education records that the District has previously shared with that entity, to organizations conducting studies on behalf of the District. For example, a State Education Agency (SEA) may disclose PII from education records provided by the District without consent to an organization for the purpose of conducting a study that compares program outcomes across school districts to further assess the effectiveness of these programs with the goal of providing the best instruction.

Required Agreements for the Studies or Audit/Evaluation Exceptions (see items k and l)

To the extent required by law, the District will enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it will use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)

Challenge to Student Records

Parents or guardians of a student under the age of 18, or a student who is 18 years of age or older or who is attending an institution of post-secondary education, will have an opportunity for a hearing to challenge the content of the school records and to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading, or otherwise inappropriate data.

Release of Information to the Non-custodial Parent

The District may presume that the non-custodial parent has the authority to request information concerning his or her child and release this information upon request. If the custodial parent wishes to limit the non-custodial parent's access to the records, it is his or her responsibility to obtain and present to the school a legally binding instrument that prevents the release of information related to the child.

SUBJECT: STUDENT DIRECTORY INFORMATION

The District will publish an annual public notice informing parents or eligible students (i.e., a student 18 years of age or older or who is attending an institution of post-secondary education) of (1) the District's definition of directory information; (2) the parent or eligible student's right to opt-out of, in writing, the release of student directory information; and (3) indication of the time period to do so.

Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Following this public notice and a reasonable period to opt-out, the District may release this information to an outside group without individual consent.

The Family Educational Rights and Privacy Act defines student directory information as any of the items as indicated in the following list. The District defines student directory information to include only the items of information checked below:

_____ Student's name
_____ Address
_____ Telephone listing
_____ Date and place of birth
_____ Major field of study
_____ Grade level
_____ Participation in officially recognized activities and sports
_____ Weight and height (for members of athletic teams)
_____ Dates of attendance
_____ Honors, degrees and awards received
_____ Email address
_____ Photograph
_____ Name of educational institution previously attended
_____ Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.
_____ Student ID number or other unique personal identifier that is displayed on a student ID badge, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

SUBJECT: STUDENT DIRECTORY INFORMATION (Cont'd.)

Parents and eligible students may not, by opting out of disclosure of directory information, prevent a school from requiring a student to wear or present a student identification card or a badge that displays information that may be directory information. A student's social security number, in whole or part, will not be designated as directory information.

SUBJECT: MILITARY RECRUITERS AND INSTITUTIONS OF HIGHER EDUCATION

Requests for Information

The District will comply with requests from military recruiters and institutions of higher education (IHEs) for access to the name, address and telephone listing of each secondary school student, except for any student whose parent (or the student, if he or she is at least 18 years of age) has submitted a written request to opt-out of this disclosure, in which case the information will not be released without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Annual Notification and Opt-Out Opportunity

The District will annually notify parents of a secondary student (or the student, if he or she is at least 18 years of age) of the opportunity to submit a written request to opt-out of disclosure of the student's name, address, and telephone listing to military recruiters and IHEs. If a written opt-out request is submitted, the District will not disclose the student's information to military recruiters or IHEs without the parent's (or student's, if he or she is at least 18 years of age) prior written consent.

Military Recruiter Access

The District will provide military recruiters the same access to secondary school students as is provided generally to IHEs or prospective employers of those students.

Education Law § 2-a

Adoption Date: 5/9/23

SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS

The Protection of Pupil Rights Amendment (PPRA) governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following protected areas:

a) Political affiliations or beliefs of the student or the student's parent or guardian;

b) Mental or psychological problems of the student or the student's family;

c) Sex behavior or attitudes;

d) Illegal, anti-social, self-incriminating, or demeaning behavior;

e) Critical appraisals of other individuals with whom respondents have close family relationships;

f) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;

g) Religious practices, affiliations, or beliefs of the student or student's parent or guardian; or

h) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

The PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

General Provisions

The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA) and does not supersede any of the requirements of the Family Educational Rights and Privacy Act (FERPA).

The rights provided to parents or guardians under PPRA transfer from the parent or guardian to the student when the student turns 18 years old or is an emancipated minor under applicable state law.

The District may use funds provided under Part A of Title IV of the Elementary and Secondary Education Act of 1965 to enhance parental or guardian involvement in areas affecting the in-school privacy of students.

SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS (Cont'd.)

Annual Parental Notification of Policies/Prior Written Consent/Opt-Out Provisions

The District will provide for reasonable notice of the adoption or continued use of this policy directly to parents or guardians and eligible students enrolled in the District. At a minimum, the District will provide this notice at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy.

Further, in the notification, the District will offer an opportunity for parents or guardians to provide written consent or opt their child out of participation in the following activities in accordance with law and the surveys conducted:

a) The administration of any survey containing one or more of the protected areas.

   1. U.S. Department of Education-Funded Surveys: prior written consent from parents must be obtained before students are required to submit to the survey.

   2. Surveys funded by sources other than U.S. Department of Education: notification may indicate the specific or approximate dates during the school year when surveys will be administered and provide an opportunity for the parent to opt his or her child out of participating upon receipt of the notification.

b) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

c) Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students. The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during the examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Specific Notification

In the event that the District does not identify the specific or approximate dates of the activities or surveys to be administered in the general annual notification, it will directly notify, such as through U.S. Mail or email, the parents of students who are scheduled to participate in the specific activities or surveys prior to participation and provide an opportunity for the parent to provide written consent or opt his or her child out of participation in accordance with law and the surveys conducted.

U.S. Department of Education-Funded Surveys

The District is committed to protecting the rights and privacy interests of parents or guardians and students with regard to surveys funded in whole or part by any program administered by the U.S. Department of Education (DOE).

The District will make instructional materials available for inspection by parents or guardians if those materials will be used in connection with a DOE-funded survey, analysis, or evaluation in which their children participate. In addition, the District will obtain prior written parental or guardian consent before minor students are required to participate in any DOE-funded survey, analysis, or evaluation that reveals information concerning any of the protected areas.

Surveys Funded by Sources Other than U.S. Department of Education

The District has developed and adopted this policy, in consultation with parents or guardians, regarding the following:

a) The right of the parent or person in parental relation to inspect, upon request, a survey created by a third party (i.e., by a party other than the DOE) before the survey is administered or distributed by the school to a student. Requests by parents or guardians to inspect the surveys are to be submitted, in writing, to the building principal *****at least ten days prior to the administration or distribution of any survey. Further, the District will grant a request by the parent or guardian for reasonable access to the survey within a reasonable period of time after the request is received by the District.

b) Arrangements will be provided by the District to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the protected areas, including the right of the parent or guardian of the student to inspect, upon request, any survey containing one or more of the protected areas. These requests must be submitted by the parent or guardian, in writing, to the building principal *at least ten days prior to the administration or distribution of any survey.

c) Parents or guardians will be granted, upon request, reasonable access and the right to inspect instructional materials used as part of the educational curriculum for the student within a reasonable period of time (*****defined by the District, for the purposes of this policy, as 30 days) after the request is received by the District. Requests must be submitted by parents or guardians, in writing, to the principal. The term "instructional material" means instructional

content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

d) The administration of physical examinations or screenings that the District may administer to a student.

Further, this law does not apply to any physical examination or screening that is permitted or required by state law, including physical examinations or screenings that are permitted without parental notification.

In the implementation of this provision regarding the administration of physical examinations or screenings that the school may administer to the student, the District incorporates by reference Board policies that address student health services, as applicable, including, but not limited to, policies regarding the administration of medication, immunization of students, and student physicals.

e) Unless mandated or authorized in accordance with federal or state law or regulation, it is policy of the Board, to not permit the collection, disclosure, or use of personal information (defined as individually identifiable information including a student's or parent/guardian's first and last name, home address, telephone number, or Social Security number) collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose), unless otherwise exempted in accordance with law as noted below. Questions regarding the collection, disclosure, or use of personal information collected from students for such marketing purposes may be referred to the school attorney as deemed necessary by the Superintendent or designee.

This law is not intended to preempt applicable provisions of state law that require parental or guardian notification.

These requirements do not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS (Cont'd.)

a) College or other post-secondary education recruitment, or military recruitment;

b) Book clubs, magazines, and programs providing access to low-cost literary products;

c) Curriculum and instructional materials used by elementary schools and secondary schools;

d) Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing these tests and assessments) and the subsequent analysis and public release of the aggregate data from these tests and assessments;

e) The sale by students of products or services to raise funds for school-related or education-related activities;

f) Student recognition programs.

Adoption Date: 5/9/23

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION

A parent of a minor or incapacitated person may designate another person as a person in parental relation to that minor or incapacitated person for certain health care and educational decisions for a period not exceeding 12 months. However, this parental designation is conditioned upon there being no prior order of any court in any jurisdiction currently in effect that would prohibit the parent from exercising the same or similar authority; and provided further that, in the case where a court has ordered that both parents must agree on education or health decisions regarding the child, a designation in accordance with this law will not be valid unless both parents have given their consent.

The designation of a person in parental relation must be in writing in the form prescribed by law, and must include specified information as set forth in law for designations of 30 days or less, as well as additional information required for designations of more than 30 days. The designation of a person in parental relation may be presented to any school that requires the designation by either the parent or designee. The designation may specify a period of time less than 12 months for which the designation will be valid unless earlier revoked by the parent in accordance with law. However, a designation specifying a period of more than 30 days must be notarized.

If no time period is specified in the designation, it will be valid until the earlier of:

a) Revocation; or

b) The expiration of 30 days from the date of signature if the designation does not meet the requirements for designations of more than 30 days; or

c) Twelve months from the date of commencement specified in the designation if the designation meets the requirements for designations of more than 30 days.

Scope of Designation

A designation made in accordance with this law may specify:

a) The treatment, diagnosis, or activities for which consent is authorized;
b) Any treatment, diagnosis, or activity for which consent is not authorized; or
c) Any other limitation on the duties and responsibilities conveyed by the designation.

Form of Designation

Designations in General

A designation of a person in parental relation in accordance with this law must be in writing and include:

a) The name of the parent;
b) The name of the designee;

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

c) The name of each minor or incapacitated person with respect to whom the designation is made;
d) The parent's signature; and
e) The date of the signature.

The designation may specify a period of time less than 12 months for which the designation will be valid unless earlier revoked by the parent in accordance with Section 5-1554 of General Obligations Law. However, any designation specifying a period of more than 30 days must also conform to the following provisions as set forth in law.

Designations for More Than 30 Days

A designation specifying a period of more than 30 days must also include:

a) An address and telephone number where the parent can be reached;

b) An address and telephone number where the designee can be reached;

c) The date of birth of each minor or incapacitated person with respect to whom the designation is made;

d) The date or contingent event on which the designation commences;

e) The written consent of the designee to the designation; and

f) A statement that there is no prior order of any court in any jurisdiction currently in effect prohibiting the parent from making the designation.

A designation specifying a period of more than 30 days must be notarized.

Revocation of Designation

A parent may revoke a designation by notifying, either orally or in writing, the designee or the school to which the designation has been presented, or by any other act evidencing a specific intent to revoke the designation. A designation will also be revoked upon the execution by the parent of a subsequent designation. Revocation by one parent authorized to execute a designation will be deemed effective and complete revocation of a designation in accordance with law.

A designee who receives notification from a parent of any revocation must immediately notify any school to which a designation has been presented. A parent may directly notify the school of the revocation. The failure of the designee to notify the school of the revocation will not make the revocation ineffective.

(Continued)

SUBJECT: DESIGNATION OF PERSON IN PARENTAL RELATION (Cont'd.)

Effect of Designation

a) A designee will possess all the powers and duties of a person in parental relation unless otherwise specified in the designation.

b) A designation will not impose upon a designee a duty to support the child.

c) A designation will not cause a change in the school district of residence of the child for purposes of the Education Law, and during the period of validity of the designation, the child will be presumed to be a resident of the school district in which the parent resided at the time the designation was made.

d) A designation will terminate and be revoked upon the death or incapacity of the parent who signed the designation.

e) The decision of a designee will be superseded by a contravening decision of a parent.

A person who acts based upon the consent of a designee reasonably, and in the good faith belief that the parent has authorized the designee to provide the consent, will not be deemed to have acted negligently, unreasonably, or improperly in accepting the designation and acting upon the consent. However, this person may be deemed to have acted negligently, unreasonably, or improperly if he or she has knowledge of facts indicating that the designation was never given, or did not extend to an act or acts in question, or was revoked.

No provision of General Obligations Law Title 15-A will be construed to require designation of a person in parental relation where the designation is not otherwise required by law, rule, or regulation.

SUBJECT: RIGHTS OF NON-CUSTODIAL PARENTS

The Board is mindful that various arrangements exist for the care and custody of children residing in the District. The District attempts to maintain current family information to help ensure student safety, proper communication with parents, and appropriate educational programming. Parents who are divorced, legally separated, or otherwise live apart should supply the District with relevant information and documentation, including custody orders, regarding who is responsible for the custody and care of their child, and who is permitted to make educational decisions for that child.

A non-custodial parent's participation in his or her child's education will be governed by the terms of any custody order. As a general matter, however, the District encourages non-custodial parents to participate in their child's education. Unless prohibited from doing so by a court order, non-custodial parents may request information about their child, inspect and review their child's records in accordance with the Family Educational Rights and Privacy Act (FERPA) and District policy, and otherwise remain interested in their child's education.

The District will not release students to a non-custodial parent without the custodial parent's consent. It is the parent's responsibility to inform the District if and when the child may be released to individuals other than the custodial parent in a form acceptable to the District.

SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

a) Has willfully, maliciously, or unlawfully damaged, defaced, or destroyed real or personal property in the care, custody, and/or ownership of the District; or

b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained, or withheld personal property owned or maintained by the District.

False Reporting of an Incident and/or Placing a False Bomb

The District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten and under the age of 18 where the student:

a) Has falsely reported an incident; or

b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb means the funds reasonably expended by the District in responding to the false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as described in law.

In seeking restitution, the District will file with the court, the county district attorney, and defense counsel, an affidavit stating that the funds reasonably expended for which restitution is being sought have not been, and will not be, recovered from any other source or in any other civil or criminal proceeding, except as provided for in accordance with General Obligations Law.

General Obligations Law § 3-112
Penal Law §§ 60.27, 240.50, 240.55, 240.60 and 240.61

Adoption Date: 5/9/23

SUBJECT: SUSPENSION OF STUDENTS

The Superintendent or the principal may suspend the following students from required attendance upon instruction:

a) A student who is insubordinate or disorderly; or

b) A student who is violent or disruptive; or

c) A student whose conduct otherwise endangers the safety, morals, health, or welfare of others.

Suspension

Five School Days or Less

The Superintendent or the principal of the school where the student attends has the power to suspend a student for a period not to exceed five school days. In the absence of the principal, the designated acting principal may then suspend a student for a period of five school days or less.

When the Superintendent or the principal (the "suspending authority") proposes to suspend a student for five school days or less, the suspending authority must provide the student with notice of the charged misconduct. If the student denies the misconduct, the suspending authority will provide an explanation of the basis for the suspension.

When suspension of a student for a period of five school days or less is proposed, the Superintendent or principal will also immediately notify the parent or person in parental relation in writing that the student may be suspended from school.

Written notice will be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address or addresses of the parents or persons in parental relation. Where possible, notification will also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or persons in parental relation.

The notice will provide a description of the incident(s) for which suspension is proposed and will inform the student and the parent or person in parental relation of their right to request an immediate informal conference with the principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference will be in the dominant language or mode of communication used by the parents or persons in parental relation. At the informal conference, the student or parent or person in parental relation will have the opportunity to present the student's version of the event(s) and to ask questions of the complaining witnesses.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The notice and opportunity for informal conference will take place prior to suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference will take place as soon after the suspension as is reasonably practical.

Teachers will immediately report or refer a violent student to the principal or Superintendent for a violation of the District's *Code of Conduct* and a minimum suspension period.

More Than Five School Days

In situations where the Superintendent determines that a suspension in excess of five school days may be warranted, the student and parent or person in parental relation, upon reasonable notice, will have an opportunity for a fair hearing. At the hearing, the student has protected due-process rights such as the right to be represented by counsel, the right to question witnesses against him or her, and the right to present witnesses and other evidence on his or her behalf.

Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent will not be barred from considering the admissibility of the weapon, instrument, or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of the weapon, instrument, or appliance was the result of an unlawful search or seizure.

Minimum Periods of Suspension

In accordance with law, Commissioner's regulations, and the District's *Code of Conduct*, minimum periods of suspension will be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

a) Consistent with the federal Gun-Free Schools Act, any student who is determined to have brought a firearm to school or possessed a firearm on school premises will be suspended for a period of not less than one calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.

b) A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce the period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" is set forth in Commissioner's regulations.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

c) A minimum suspension period for acts that would qualify the student to be defined as a violent student in accordance with Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce the period on a case-by-case basis to be consistent with any other state and federal law.

Suspension of Students with Disabilities

Generally, disciplinary action against a student with a disability or presumed to have a disability will be in accordance with procedures set forth in the District's *Code of Conduct* and in conjunction with applicable law, and the determination of the Committee on Special Education (CSE).

For suspensions or removals up to ten school days in a school year that do not constitute a disciplinary change in placement, students with disabilities must be provided with alternative instruction or services on the same basis as non-disabled students of the same age.

If suspension or removal from the current educational placement constitutes a disciplinary change in placement because it is for more than ten consecutive school days or is a pattern of removals which constitutes a change of placement, a manifestation determination must be made. The District determines on a case-by-case basis whether a pattern of removals constitutes a change of placement. This determination is subject to review through due process and judicial proceedings.

Manifestation Determinations

A review of the relationship between the student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten school days after a decision is made:

a) By the Superintendent to change the placement to an interim alternative educational setting (IAES);

b) By an Impartial Hearing Officer (IHO) to place the student in an IAES; or

c) By the Board, District Superintendent, Superintendent, or building principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team will include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent, and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent's right to have relevant members of the CSE participate at the parent's request.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

The manifestation team will review all relevant information in the student's file including the student's individualized education program (IEP), any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or the conduct in question was the direct result of the District's failure to implement the IEP. If the team determines the conduct in question was the direct result of failure to implement the IEP, the District must take immediate steps to remedy those deficiencies.

Finding of Manifestation

If it is determined, as a result of this review, that the student's behavior is a manifestation of his or her disability, the CSE will conduct a functional behavioral assessment (FBA), if one has not yet been conducted, and implement or modify a behavioral intervention plan (BIP).

An FBA is the process of determining why the student engages in behaviors that impede learning and how the student's behavior relates to the environment. An FBA must be developed consistent with the requirements of Commissioner's regulations Section 200.22(a) and will include, but not be limited to, the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior (including cognitive and affective factors), and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

A BIP is a plan that is based on the results of an FBA and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs, and intervention strategies that include positive behavioral supports and services to address the behavior.

Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs or controlled substances, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the BIP.

No Finding of Manifestation

If it is determined that the student's behavior is not a manifestation of his or her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner and for the same duration for which they would be applied to students without disabilities, subject to the right of the parent or person in parental relation to request a hearing objecting to the manifestation determination and the District's obligation to provide a free, appropriate public education to the student.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

Provision of Services Regardless of the Manifestation Determination

Regardless of the manifestation determination, students with a disability will be provided the services necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP as delineated below:

a) During suspensions or removals for periods of up to ten school days in a school year that do not constitute a disciplinary change in placement, students with disabilities of compulsory attendance age will be provided with alternative instruction on the same basis as nondisabled students. Students with disabilities who are not of compulsory attendance age will be entitled to receive services during suspensions only to the extent that services are provided to nondisabled students of the same age who have been similarly suspended.

b) During subsequent suspensions or removals for periods of ten consecutive school days or less that in the aggregate total more than ten school days in a school year but do not constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. School personnel, in consultation with at least one of the student's teachers, will determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress in meeting the goals set out in the student's IEP.

c) During suspensions or other disciplinary removals, for periods in excess of ten school days in a school year which constitute a disciplinary change in placement, students with disabilities will be provided with services necessary to enable the student to continue to participate in the general education curriculum, to progress toward meeting the goals set out in the student's IEP, and to receive, as appropriate, an FBA, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. The IAES and services will be determined by the CSE.

Interim Alternative Educational Setting (IAES)

Students with disabilities who have been suspended or removed from their current placement for more than ten school days may be placed in an IAES which is a temporary educational setting other than the student's current placement at the time the behavior precipitating the IAES placement occurred.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

Additionally, an Impartial Hearing Officer in an expedited due process hearing may order a change in placement of a student with a disability to an appropriate IAES for up to 45 school days if the Hearing Officer determines that maintaining the current placement is substantially likely to result in injury to the students or others.

There are three specific instances when a student with a disability may be placed in an IAES for up to 45 school days without regard to a manifestation determination:

a) Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or

b) Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the District; or

c) Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:

    1. Substantial risk of death;

    2. Extreme physical pain; or

    3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

School function means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place in another state.

School premises means in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

In all cases, the student placed in an IAES will:

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

a) Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student's IEP; and

b) Receive, as appropriate, an FBA and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

Suspension from BOCES

The BOCES principal may suspend District students from BOCES classes for a period not to exceed five school days when student behavior warrants that action.

In-School Suspension

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student will be considered present for attendance purposes. The program is used to keep each student current with his or her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

BOCES Activities

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES will be considered as an act within the District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or designee.

Exhaustion of Administrative Remedies

Any appeal of a decision of the building principal or Superintendent to suspend a student from school, regardless of the length of the student's suspension, must be made to the Board before it can be made to the Commissioner of Education. An appeal to the Board must be commenced within 30 days from the date of the Superintendent's decision. To be timely, the appeal must be received by the District Clerk within this 30-day period.

(Continued)

SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)

Procedure After Suspension

When a student has been suspended and is of compulsory attendance age, immediate steps will be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

When a student has been suspended, the suspension may be revoked by the Board whenever it appears to be for the best interest of the school and the student to do so. The Board may also condition a student's early return to school and suspension revocation on the student's voluntary participation in counseling or specialized classes, including anger management or dispute resolution, where applicable.

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES

The parent of a student who has violated any rule or the District *Code of Conduct* and who was not identified as a student with a disability at the time of the behavior, may assert several protections provided for under the Individuals with Disabilities Education Act (IDEA) and state regulations if the District is deemed to have had knowledge that the student was a student with a disability before the behavior occurred.

Basis of Knowledge

The District will be deemed to have had knowledge that the student had a disability if, prior to the time the behavior occurred:

a) The parent of the student expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student, that the student needs special education and related services. Expressions of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement;

b) The parent of the student requested an evaluation of the student in writing; or

c) A teacher of the student, or other District personnel, expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Director of Special Education or to other supervisory personnel.

Exception

A student is not a student presumed to have a disability for discipline purposes if, as a result of receiving the information specified above:

a) The parent of the student did not allow an evaluation of the student in accordance with law and/or regulations;

b) The parent of the student refused services under law and/or regulations; or

c) The student was evaluated and it was determined that the student is not a student with a disability.

Responsibility for Determining Whether a Student is a Student Presumed to Have a Disability

If it is claimed by the parent of the student or by District personnel that the District had a basis for knowledge, in accordance with law and/or regulation, that the student was a student with a disability prior to the time the behavior subject to disciplinary action occurred, it will be the responsibility of the Superintendent, building principal, or other school official imposing the suspension or removal to determine whether the student is a student presumed to have a disability.

(Continued)

SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES (Cont'd.)

Conditions That Apply if There is No Basis of Knowledge

If it is determined that there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other nondisabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made during the time period in which the student is subjected to a disciplinary removal, an expedited evaluation will be conducted in accordance with law and/or regulations. Pending the results of the evaluation, the student will remain in the educational placement determined by school authorities.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation and information provided by the parents, the District will provide special education and related services in accordance with law and/or regulations.

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP)

The Board will provide access to various computerized information resources through the District's computer system ("DCS") consisting of software, hardware, computer networks, and electronic communications systems. This may include access to email, on-line services, and the Internet. It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, will be subject to this policy. Further, all DCS use must be in support of education or research and consistent with the goals and purposes of the District.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents or guardians notice that student use of the DCS will provide student access to external computer networks not controlled by the District. The District cannot screen or review all of the available content or materials on these external computer networks, thus, some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents or guardians.

It is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians should establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

Standards of Acceptable Use

Generally, the same standards of acceptable student conduct which apply to any school activity apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage.

District students must also adhere to the laws, policies, and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

Students who engage in unacceptable use of the DCS may lose access in accordance with applicable due process procedures, and may be subject to further discipline in accordance with the District *Code of Conduct*.

(Continued)

SUBJECT: STUDENT ACCEPTABLE USE POLICY (AUP) (Cont'd.)

Student data files and other electronic storage areas are considered District property subject to control and inspection. The Computer Coordinator may access all files and communications without prior notice to ensure system integrity and that users are complying with the requirements of this policy. Students should not expect that information stored on the DCS will be private.

Notification

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

General Obligations Law § 3-112

NOTE: Refer also to Policy #8271 -- Internet Safety/Internet Content Filtering
District *Code of Conduct*

Adoption Date: 5/9/23

SUBJECT: USE OF INTERNET-ENABLED DEVICES DURING THE SCHOOL DAY

The District consulted with local stakeholders including employee organizations representing each bargaining unit, parents, and students to develop this policy to prohibit the use of Internet-enabled devices by students during the school day on school grounds. This policy aims to ensure that students remain focused on their academic responsibilities throughout the school day, which includes all instructional and non-instructional periods such as homeroom, lunch, recess, study halls, and passing time.

For purposes of this policy, the following definitions apply:

a) "Internet-enabled devices" means and includes any smartphone, tablet, smartwatch, or other device capable of connecting to the Internet and enabling the user to access content on the Internet, including social media applications;

"Internet-enabled devices" does not include:

1. Non-Internet-enabled devices such as cellular phones or other communication devices not capable of connecting to the Internet or enabling the user to access content on the Internet; or

2. Internet-enabled devices supplied by the District, charter school, or Board of Cooperative Educational Services (BOCES) that are used for an educational purpose.

b) "School day" means the entirety of every instructional day as required by subdivision 7 of the Education Law Section 3604 during all instructional time and non-instructional time, including but not limited to homeroom periods, lunch, recess, study halls, and passing time.

c) "School grounds" means in or on or within any building, structure, athletic playing field, playground, or land contained within the real property boundary line of a district elementary, intermediate, junior high, vocational, or high school, a charter school, or a BOCES facility.

Students are generally prohibited from using Internet-enabled devices during the school day anywhere on school grounds.

However, students may be authorized to use an Internet-enabled device during the school day on school grounds:

a) If authorized by a teacher, principal, or the District for a specific educational purpose;

b) Where necessary for the management of a student's health care;

(Continued)

SUBJECT: USE OF INTERNET-ENABLED DEVICES DURING THE SCHOOL DAY (Cont'd.)

c) In the event of an emergency;

d) For translation services;

e) On a case-by-case basis, upon review and determination by a school psychologist, school social worker, or school counselor for a student caregiver who is routinely responsible for the care and well-being of a family member; or

f) Where required by law.

Students must be permitted to use an Internet-enabled device where the use is included in the student's:

a) Individualized Education Program (IEP); or

b) Section 504 Plan.

On-Site Storage of Internet-Enabled Devices Including Cell Phones

Students must store their Internet-enabled devices in designated on-site storage areas during the school day. On-site storage areas may include, but are not limited to, student lockers, designated storage bins in classrooms, or secure storage areas in the school's main office. The designated on-site storage areas must be easily accessible to students and provide adequate security to ensure the safekeeping of the student's devices. The District will communicate the procedures for storing and retrieving devices, ensuring that students understand their responsibilities in using the on-site storage facilities provided.

Methods for Parents to Contact Students During the School Day

To accommodate necessary communication, parents or persons in parental relation may use the following methods to contact their student during school hours while adhering to this policy:

a) School Office Phone: Parents or persons in parental relation may call the school's main office, and the office staff can relay messages to the student or call the student to the office to speak with their parent or person in parental relation.

(Continued)

SUBJECT: USE OF INTERNET-ENABLED DEVICES DURING THE SCHOOL DAY (Cont'd.)

b) Designated Contact Email: Schools may provide a designated email address for parents and persons in parental relation to send messages. These emails may be monitored by school staff who can then pass the messages on to the students.

c) Classroom Intercom System: In case of an emergency, the school's main office can use the classroom intercom system to notify students directly or ask them to come to the office.

d) School Messaging Application: Schools may use a secure messaging application or platform where parents or persons in parental relation can send messages to their student. The messages can be monitored and delivered by school staff.

e) Written Notes: Parents or persons in parental relation can drop off written notes at the school's main office, which can then be delivered to the student by school staff.

Parents and persons in parental relation will be notified in writing of the methods that are available for contacting their student during school hours upon enrollment and at the beginning of each school year.

Student Discipline for Accessing Internet-Enabled Devices During the School Day

The District is prohibited from suspending a student solely for accessing internet-enabled devices in violation of this policy.

Posting and Translation of Policy

The District will post this policy in a clearly visible and accessible location on its website. Translations of the policy into the 12 most common non-English languages spoken by limited-English proficient individuals in the state will be provided upon request by a student or other persons in parental relation to a student.

Reporting and Mitigation Action Plan

Beginning September 1, 2026 and annually thereafter, the District will publish an annual report on its website detailing enforcement of this policy within the District in the prior school year. This report will include non-identifiable demographic data of students who have faced disciplinary action for non-compliance and analysis of any demographic disparities in enforcement

of this policy. If a statistically significant disparate enforcement impact is identified, the report will include a mitigation action plan.

Education Law Section 2803

Adoption Date: July 1, 2025

SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES (STUDENTS)

Prohibited Conduct

The Board recognizes that the misuse of alcohol, tobacco, electronic cigarettes (e-cigarettes), cannabis (marijuana), drugs, counterfeit and designer drugs, over-the-counter drugs, prescription drugs, vitamins, supplements, herbs, and other similar substances is a serious problem with legal, physical, emotional, and social implications for our students, as well as the entire community. Therefore, the consumption, sharing, selling, use, and/or possession of these and similar substances, as well as tobacco products and drug paraphernalia are prohibited in accordance with law and regulation, District policy, the District *Code of Conduct*, and/or other similar documents.

Students are not permitted to be under the influence of alcohol, cannabis (marijuana), drugs, or other prohibited substances on school grounds or at school functions. "School function" means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

Exceptions may exist for authorized medical cannabis use.

Disciplinary Measures

Students will be disciplined in accordance with District policy, the District *Code of Conduct*, and/or other similar documents for the consumption, sharing, selling, use, and/or possession of alcohol, tobacco, e-cigarettes, cannabis (marijuana), drugs, counterfeit and designer drugs, over-the-counter drugs, prescription drugs, vitamins, supplements, herbs, and other similar substances, as well as tobacco products and drug paraphernalia.

Information on Substance Use Related Services

The Superintendent has designated one or more individuals to provide information regarding where and how to find available substance use related services to students, parents, and staff.

The designated individual for the District is: The Assistant Superintendent for Human Resources.

Any information provided by a student, parent, or staff member to the designated individual(s) will not be used in any school disciplinary proceeding and will, in addition to any other applicable privilege, be considered confidential in accordance with law.

District *Code of Conduct*

Adoption Date: 5/9/23

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS

A student may be searched and prohibited items seized on school grounds or in a school building by an authorized District official only when he or she has reasonable suspicion to believe the student has engaged in or is engaging in activity which is in violation of the law and/or the rules of the school (i.e., the District *Code of Conduct*). The reasonableness of any search involves a twofold inquiry: 1) school officials must first determine whether the action was justified at its inception, and 2) determine whether the search, as actually conducted, was reasonably related in scope to the circumstances which justified the interference in the first place.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

a) The age of the student;

b) The student's school record and past history;

c) The predominance and seriousness of the problem in the school where the search is directed;

d) The probative value and reliability of the information used as a justification for the search;

e) The school official's prior knowledge of and experience with the student; and

f) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student has violated or is violating the law and/or school rules, it is permissible for an authorized school official to search that student's outer clothing, pockets, or property. The search may include, but is not limited to, the student's outer clothing such as a jacket or coat, pockets, backpack, and/or purse. Whenever possible, searches will be conducted by a staff member of the same sex as the student and another staff member will be present as a witness.

Strip Searches

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. Strip searches are intrusive in nature and are almost never justified. If school officials have highly credible evidence that such a search would prevent danger or yield evidence, such a search may be conducted under exigent circumstances. In the alternative, if school authorities believe there is an emergency situation that could threaten the safety of others, the student will, to the extent practicable, be isolated and secured. Police and parents will be contacted immediately.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)

Scope of Search

School officials are authorized to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will produce evidence that the student has violated or is violating the law and/or the *Code of Conduct*.

School officials, whenever possible, will seek the least intrusive means to conduct a search to safeguard the privacy interests of students in their person and property.

Searches and Seizure of School Property

Student desks, lockers, textbooks, computers, and other materials, supplies, or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time without prior notice and without their consent. The purpose of these searches, when they occur, is to ensure the safety of students, faculty, and staff, enhance school security and prevent disruptions of the learning environment. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over this property. However, a student's personal belongings contained within a locker, desk, etc. are subject to the reasonable suspicion standard for searches by an authorized school official.

Parent Notification

The student's parent or guardian will be notified if any illegal, prohibited, or dangerous articles or materials are found in the student's locker, vehicle, or other property or possessions, or on the student's person, as a result of a search conducted in accordance with this policy.

Documentation of Searches

The designated school official conducting the search will be responsible for the custody, control, and disposition of any illegal, prohibited, or dangerous items taken from the student. The school official or designee must clearly label each item taken from the student and retain control of the item(s) until the item(s) is turned over to the police or secured by alternate means.

This school official will also be responsible for promptly documenting information about the search including, but not limited to, the reason for the search, the purpose of the search, the type and scope of the search, and the results of the search.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)

Questioning of Students by School Officials

School officials have the right to question students regarding any violations of school rules and/or illegal activity. In general, school officials may conduct investigations concerning reports of misconduct including, but not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private outside the presence of other students, by the appropriate school administrator(s). The student's parent or guardian may be contacted; the degree, if any, of parental or guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning or interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right or responsibility of school officials to contact appropriate law enforcement agencies, as necessary, with regard to statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of, or on behalf of law enforcement officials, are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him or her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

Law Enforcement Officials

A cooperative effort will be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions.

(Continued)

SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)

School Resource Officers

The District may utilize School Resource Officers (SROs), i.e., law enforcement officers who work within the school building. There are different types of SROs: those employed by the District and those employed by local law enforcement. SROs, acting in their capacity as law enforcement, are held to a different search standard than District staff. Searches by law enforcement SROs must be justified by probable cause, not the District's standard of reasonable suspicion. District staff need to clearly establish who is initiating and conducting a search, the District or law enforcement, and that the appropriate standard for the search has been met.

Dissemination of Information

Copies of this policy will be distributed to students when they enroll in school, and will be included in the District *Code of Conduct* available to students and parents at the beginning of each school year.

Interrogation of Students by Law Enforcement Officials

Generally, police authorities may only interview students on school premises without the permission of the parent or guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations or general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they must address the matter directly with the student's parent or guardian.

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent or guardian.

If possible, questioning of a student by police will take place in a private area outside the presence of other students but in the presence of the building principal or designee.

Child Protective Services' Investigations

Occasionally, Child Protective Services (CPS) may desire to conduct interviews of students on school property. These interviews generally pertain to allegations of suspected child abuse or maltreatment. The Board encourages cooperation with CPS with respect to access to records and access to any child named as a victim, any of the victim's siblings, or any other child residing in the same home as the named victim, in accordance with applicable law.

Adoption Date: 5/9/23

SUBJECT: BUS RULES

The District furnishes transportation to students whose disability or distance from the school make the service essential. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding school buses is a privilege which may be revoked if the student does not comply with the rules set forth in the *Code of Conduct*.

Bus drivers will be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport their passengers safely.

The Board and the Superintendent or designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. Generally, parent(s) or guardian(s) will be required to make alternative transportation arrangements for their children who have been suspended from riding the bus. However, if a suspension from transportation effectively results in absence from school because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District will make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of their IEP is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student will be referred to the Committee on Special Education.

Individuals with Disabilities Act (IDEA), 20 USC §§ 1400-1485
8 NYCRR Part 156

Adoption Date: 5/9/23

SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS

Corporal Punishment

Corporal punishment as a means of discipline will not be used against a student by any teacher, administrator, officer, employee, or agent of this District.

Whenever a school employee uses physical force against a student, the school employee will immediately report the situation to the building principal or designee who will within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent will submit a written report semi-annually to the Commissioner of Education, with copies to the Board, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by the District authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

Emergency Interventions

If alternative procedures and methods which do not involve physical force do not work, then the use of reasonable physical force is permitted for the following reasons:

a) Self-protection;

b) Protection of others;

c) Protection of property; or

d) Restraining or removing a disruptive student.

Emergency interventions will only be used in situations where alternative procedures and methods that do not involve the use of reasonable physical force cannot reasonably be employed. SUBJECT: SPORTS AND THE ATHLETIC PROGRAM

General Principles and Eligibility

Athletics are an integral part of a well-balanced educational program. The District's interscholastic athletic program will conform with the Commissioner's regulations, as well as the established rules of the New York State Public High School Athletic Association (NYSPHSAA) and the State Education Department.

Athletic eligibility requires that the student:

a) Provide written parental or guardian consent. The consent form must contain information regarding mild traumatic brain injuries (concussions) as specified in the Commissioner's regulations.

b) Obtain medical clearance from the school physician or nurse practitioner or the student's personal physician. The school physician or nurse practitioner retains final approval on any physicals performed by a student's personal physician.

c) Meet the requirements for interscholastic competition as set forth by the Commissioner's regulations and the NYSPHSAA.

d) Comply with all District rules, codes, and standards applicable to athletic participation.

Title IX Compliance

The Board supports equal athletic opportunities for members of both sexes through interscholastic and intramural activities. To ensure equal athletic opportunities for its students, the District will consider:

a) Its accommodation of athletic interests and abilities (the nature and extent of sports offered, including levels of competition, team competition, and team performance);

b) Equipment and supplies;

c) Scheduling of games and practice time;

d) Travel costs and opportunities for travel;

e) Assignment and compensation of coaches;

f) Locker rooms, practice, and competitive facilities;

g) Available medical and training facilities and services; and

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)

h) The nature and extent of support, publicity, and promotion.

The District may consider other pertinent factors as well. Each of the factors will be assessed by comparing availability, quality, type of benefits, kind of opportunities, and form of treatment. Identical benefits, opportunities, or treatment are not required.

The District's Title IX Coordinator(s) will coordinate the District's efforts to comply with its responsibilities under Title IX. This person will be appropriately trained and possess comprehensive knowledge about applicable federal and state laws, regulations, and policies. To the extent possible, the District will not designate an employee whose other job duties may create a conflict of interest, such as the athletic director.

Booster Clubs

The District has a responsibility under Title IX to ensure that boys' and girls' programs are provided with equivalent benefits, treatment, services, and opportunities regardless of their source. When determining equivalency, therefore, benefits, services, and opportunities attained through private funds—including donations, fundraising, and booster clubs—must be considered in combination with all benefits, services, and opportunities.

Athletic Placement Process for Interschool Athletic Programs (APP)

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for students in grades no lower than seventh grade to compete on interscholastic athletic teams organized for senior high school students, and for senior high school students to compete on interscholastic athletic teams organized for students in the seventh and eighth grades. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

Student Athletic Injuries

No injured student will be allowed to practice or play in an athletic contest. An appropriate medical professional should diagnose and treat an athlete's injuries. The coach should ensure that any player injured while under his or her care receives prompt and appropriate medical attention, and that all of the medical professional's treatment instructions are followed. The injured student has an obligation to promptly inform his or her coach of all injuries. No student will be allowed to practice or compete if there is a question whether he or she is in adequate physical condition. A physician's certification may be required before an athlete is permitted to return to practice or competition.

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)

Athletic Program-Safety

The District will take reasonable steps to minimize physical risks posed to students participating in the interscholastic athletic program by:

a) Requiring timely medical examinations of participants;

b) Employing certified or licensed staff to coach all varsity, junior varsity, and modified practices and games;

c) Providing or requiring certified or licensed officials to officiate all competitions;

d) Ensuring that its players' equipment is safe and operates within the applicable manufacturers' guidelines;

e) Ensuring that all home fields, courts, pools, tracks, and other areas where athletes practice, warm-up, or compete are safe and appropriate for use; and

f) Providing professional development and training opportunities for all coaching staff.

SUBJECT: FUNDRAISING BY STUDENTS

Fundraising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the building principal. Any plan must have a clearly defined purpose and, in general, must contribute to the educational experience of students. Fundraising must not conflict with instructional programs or state mandates. Fundraising activities away from school property will be held to a minimum. All participation will be voluntary.

Door-to-door sales projects undertaken by any organization using the District's name require prior Board approval. Profits will be used to enhance school programs by providing money for expenditures not normally funded by the District.

Employees are cautioned against giving the impression to students that the purpose of selling items or paying a fee is to defray a portion of the District's educational program. At no time should a student's participation in an educational activity include these sales or fees. In addition, employees are not permitted to deposit the proceeds of any legitimate sales activity in their own personal accounts. These activities may jeopardize a student's right to participate in the educational program on a tuition or fee-free basis. Further, employees engaged in these activities may be held personally liable.

SUBJECT: IMMUNIZATION OF STUDENTS

Every child entering or attending a District school must present proof of immunization or proof of immunity by serology (blood test) if applicable unless a New York State licensed physician certifies that the immunization may be detrimental to the child's health. The requirement for that immunization is waived until the immunization is no longer detrimental to the child's health. Medical exemptions must be reissued annually.

Except for a valid medical exemption, the District will not permit a child lacking acceptable evidence of required immunizations to remain in school for more than 14 days or more than 30 days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

Whenever a child has been refused admission to or continued attendance at a District school for lack of acceptable evidence of immunization, immunity, or exemption, the principal of the school will:

a) Notify the person in parental relation to the child of his or her responsibility to have the child immunized and of the public resources available for doing so;

b) Notify the local health authority of the name and address of the excluded child and of the immunization or immunizations which the child lacks; and

SUBJECT: STUDENT PHYSICALS

Health Examination and Certificate

Health Examination

Each student enrolled in a District school must have a satisfactory health examination conducted by a duly licensed physician, physician assistant, or nurse practitioner within 12 months prior to the commencement of the school year of the student's entrance into:

a) A District school at any grade level;

b) Prekindergarten or kindergarten; and

c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

The District will also provide health examinations before participation in strenuous physical activity and periodically throughout the season as necessary, as well as for the issuance of employment certificates, vacation work permits, newspaper carrier certificates, and street trades badges.

Health Certificate

Each student must submit a health certificate attesting to the health examination within 30 calendar days after his or her entrance into:

a) A District school at any grade level;

b) Prekindergarten or kindergarten; and

c) 1st, 3rd, 5th, 7th, 9th, and 11th grades.

The building principal or designee will send a notice to the parent of, or person in parental relation to, any student who does not present a health certificate, that if the required health certificate is not furnished within 30 calendar days from the date of the notice, an examination by health appraisal will be made of the student by the Director of School Health Services.

The health certificate will be filed in the student's cumulative record. The health certificate must:

a) Be on a form prescribed by the Commissioner;

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

b) Describe the condition of the student when the examination was given, provided that such examination was not given more than 12 months prior to the commencement of the school year in which the examination is required;

c) State the results of any test conducted on the student for sickle cell anemia;

d) State whether the student is in a fit condition of health to permit his or her attendance at a District school and, where applicable, whether the student has impaired sight or hearing, has received a scoliosis screening, or has any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;

e) State the student's body mass index (BMI) and weight status category; and

f) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is:

1. Authorized by law to practice in New York State consistent with any applicable written practice agreement; or

2. Authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to those of New York State.

A licensed health professional with appropriate training may conduct a scoliosis screening.

Dental Health Certificate

The District will request a dental health certificate from each student at the same time that health certificates are required.

The District may also request an assessment and dental health history of a student when it is determined by the District that it would promote the educational interests of the student.

A notice of request for a dental health certificate will be distributed at the same time that the parent or person in parental relation is notified of health examination requirements. The notice of request for a dental health certificate will list dental practices, dentists, and registered dental hygienists to which students may be referred for dental services on a free or reduced cost basis upon request of the student's school.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

The dental health certificate will be filed in the student's cumulative record. The dental health certificate must:

a) Describe the dental health condition of the student when the assessment was given, provided that the assessment was not given more than 12 months prior to the commencement of the school year in which the assessment is requested; and

b) State whether the student is in fit condition of dental health to permit his or her attendance at a District school; and

c) Be signed by a duly licensed dentist, or a registered dental hygienist, who is:

1. Authorized by law to practice in New York State, and consistent with any applicable written practice agreement; or

2. Authorized to practice in the jurisdiction in which the assessment was performed, provided that the Commissioner has determined that the jurisdiction has standards of licensure and practice comparable to New York State.

Examination by Health Appraisal

The Director of School Health Services will cause students who are required to, but have not submitted, the required health certificate and students with disabilities to be separately and carefully examined and tested to ascertain whether any student has impaired sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of work to prevent injury to the student.

Each examination will include a calculation of the student's BMI and weight status category. Further, the physician, physician assistant, or nurse practitioner administering the examination will determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, will conduct the test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that a student has impaired sight or hearing, or a physical disability or other condition, including sickle cell anemia, the building principal or designee will notify, in writing, the student's parent or person in parental relation as to the existence of the disability. If the parent or person in parental relation is unable or unwilling to provide the necessary relief and treatment for the student, it will be reported by the building principal or designee to the Director of School Health Services, who then has the duty to provide relief for the student.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

District Reporting of BMI and Weight Status Category

Each school year, the New York State Department of Health randomly selects a certain number of districts across New York State to report, in the aggregate, students' BMI and weight status categories. Selected districts must report BMI results on-line using the Department of Health's Health Provider Network secure website. A student's parent or person in parental relation may refuse to have the student's BMI and weight status category included in such survey.

Health Screenings

The District will provide a:

a) Scoliosis screening, if not documented on the student's health certificate, at least once each school year for male students in grade 9, and for female students in grades 5 and 7. The positive results of any scoliosis screening examination will be provided in writing to the student's parent or person in parental relation within 90 calendar days after the finding;

b) Vision screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. The vision screening will test the student's color perception, distance acuity, and near vision. In addition, all students will be screened for distance acuity and near vision in grades prekindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. The results of all vision screening examinations will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school; and

c) Hearing screening, if not documented on the student's health certificate, to all students within six months of admission to a District school. In addition, all students will receive a hearing screening in grades prekindergarten or kindergarten, 1, 3, 5, 7, and 11, as well as at any other time deemed necessary. Each hearing screening will include, but not be limited to, pure tone screening. The results of any hearing tests requiring a follow-up examination will be provided in writing to the student's parent or person in parental relation and to any teacher of the student while the student is enrolled in the District school.

The results of all health screenings will be recorded in the student's cumulative health record which will be maintained by the school for at least as long as the minimum retention period for such records.

Student Health Records

The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and state laws.

(Continued)

SUBJECT: STUDENT PHYSICALS (Cont'd.)

Accommodation for Religious Beliefs

No health examinations, health history, examinations for health appraisal, screening examinations for sickle cell anemia and/or other health screenings will be required where a student or the parent or person in parental relation to that student objects on the grounds that the examinations, health history, and/or screenings conflict with their genuine and sincere religious beliefs. A written and signed statement from the student or the student's parent or person in parental relation that the person holds these beliefs must be submitted to the building principal or designee, in which case he or she may require supporting documents.

Students in Temporary Housing

For students in temporary housing (i.e., homeless children and youth), the enrolling school must immediately refer the parent or guardian of the student to the District's McKinney-Vento liaison, who will assist them in obtaining the necessary medical records.

The District will make a nebulizer available on-site in school buildings where full- or part-time nursing services are provided. Only students with a patient-specific order may have access to the nebulizer. School nursing personnel will clean and maintain the District nebulizer as appropriate.

student to utilize the school's stock albuterol. Stock albuterol may only be utilized when the school nurse is available to administer the medication. The student's parent or guardian must also provide the school with written permission allowing his or her child to be administered the school's stock albuterol in the event that the student's own prescription albuterol supply is empty. The school health office will promptly inform students' parents or persons in parental relation any time that the school stock albuterol was utilized.

Personal equipment used to deliver albuterol to a student will be cleaned and appropriately labeled with the student's name and used solely by that individual student. (Examples of equipment to be cleaned and labeled are nebulizer tubing, facemask, mouthpiece, spacer, etc.)

Self-Administration of Medication

Generally

Each student who is permitted to self-administer medication should have an emergency care plan on file with the District. Further, the school will maintain a record of all written parental consents in the student's cumulative health record.

School health office personnel will also maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the health office on a periodic basis as determined by health office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

Students who self-administer medication without proper authorization will be referred for counseling by school nursing personnel, as appropriate. Additionally, school administration and parents will be notified of such unauthorized use of medication by the student, and school administration may determine the proper resolution of this behavior.

Students with Asthma or Another Respiratory Disease

A student will be permitted to carry and self-administer their prescribed inhaled rescue medication during the school day, on school property, and at any school function if the school health office has the following on file:

a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of asthma or other respiratory disease for which inhaled rescue medications are prescribed to alleviate respiratory symptoms or to prevent the onset of exercise induced asthma; the student has demonstrated that he or she can self-

administer the prescribed medication effectively; and the expiration date of the order, the name of the prescribed medication, the dose the student is to self-administer, times when the medication is to be self-administered, and the circumstances which may warrant the use of the medication; and

b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra inhaled rescue medication in the care and custody of the school's registered professional nurse, nurse practitioner, physician assistant, or school physician.

Students with Allergies

A student will be permitted to carry and self-administer his or her prescribed EpiPen during the school day, on school property, and at any school function if the school health office has the following on file:

a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of an allergy for which an EpiPen is needed for the emergency treatment of allergic reactions; the student has demonstrated that he or she can self-administer the prescribed EpiPen effectively; and the expiration date of the order, the name of the medicine, the dose the student is to self-administer, and the circumstances which may warrant the use of the medication; and

b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain an extra EpiPen in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with Diabetes

A student will be permitted to carry and self-administer his or her prescribed insulin through an appropriate medication delivery device, carry glucagon, and carry and use equipment and supplies necessary to check blood glucose and/or ketone levels during the school day, on school property, and at any school function if the school health office has the following on file:

a) Written order/permission and an attestation from a duly authorized health care provider stating that the student has a diagnosis of diabetes for which insulin and glucagon through appropriate medication delivery devices, and the use of equipment and supplies to check blood glucose and/or ketone levels are necessary; the student has demonstrated that he or she can self-administer effectively, can self-check glucose or ketone levels independently,

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)

and can independently follow prescribed treatment orders; and the expiration date of the order, the name of the prescribed insulin or glucagon, the type of insulin delivery system, the dose of insulin and/or glucagon the student is to self-administer, times when the insulin and/or glucagon is to be self-administered, and the circumstances which may warrant administration by the student. The written permission must also identify the prescribed blood glucose and/or ketone test, the times testing is to be done, and any circumstances which warrant checking a blood glucose and/or ketone level.

b) Written consent from the student's parent or person in parental relation.

Upon written request of the student's parent or person in parental relation, the school will allow the student to maintain extra insulin, insulin delivery system, glucagon, blood glucose meter, and related supplies to treat the student's diabetes in the care and custody of a licensed nurse, nurse practitioner, physician assistant, or school physician.

Students with diabetes will also be permitted to carry food, oral glucose, or other similar substances necessary to treat hypoglycemia in accordance with District policy.

Storage and Disposal of Medication

The District will comply with relevant state laws, regulations, and guidelines governing the District's receipt, storage, and disposal of medication.

Personal Care Items

Feminine Hygiene Products

Each school building within the District serving students in any grade from six through 12 will provide feminine hygiene products in building restrooms. These products will be provided at no charge to students.

Alcohol-Based Hand Sanitizers

The New York State Education Department (SED) permits the use of alcohol-based hand sanitizers in schools. The school medical director may approve and permit the use of alcohol-based hand sanitizers in the District's schools without a physician's order. Parents may provide written notification to the school in the event that they do not wish to have their child use this product.

(Continued)

SUBJECT: MEDICATION AND PERSONAL CARE ITEMS (Cont'd.)

Sunscreen

Students may carry and use FDA-approved sunscreen products for over-the-counter use. The student's parent or person in parental relation must provide written permission for the student to carry and use sunscreen. This written parental consent will be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or person in parental relation, and authorized by the school.

SUBJECT: STUDENT HEALTH RECORDS

The District will keep a convenient, accurate, and up-to-date health record of every student. Insofar as the health records include confidential disclosures or findings, they will be kept confidential.

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' "education records." For prekindergarten through grade 12 students, health records maintained by the District, including immunization records and school nurse records, generally are considered "education records" subject to FERPA. In addition, records that the District or school maintains on special education students, including records on services provided to students under the Individuals with Disabilities Education Act (IDEA) are considered "education records."

Since student health and medical information in education records is protected by FERPA, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Privacy Rule excludes this information from its coverage.

Generally, these records may not be shared with third parties without written parental consent unless the disclosure meets one of the exceptions to FERPA's general consent requirement. One exception permits the disclosure of education records, without parental consent, to appropriate parties in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

Parents have a right under FERPA to inspect and review those health and medical records that are considered "education records" under FERPA. Individual records may be interpreted by the school's registered professional nurse to administrators, teachers, and other school officials, consistent with law.

SUBJECT: ACCIDENTS AND MEDICAL EMERGENCIES

Student Emergency Treatment

All staff members of the District are responsible to obtain first aid care for students who are injured or become ill while under school supervision.

In most instances, first aid should be rendered and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgment and care under all circumstances.

The Board encourages all staff members to become qualified to give emergency treatment through instruction in first aid, Cardiopulmonary Resuscitation (CPR), and Automated External Defibrillators (AEDs).

Transporting an Ill or Injured Student

In the event of an illness or injury to a student, an ambulance may be called. The District will make all reasonable attempts to contact a parent or person in parental relation when determining if emergency treatment is necessary.

Insurance

The Board will approve provisions for all students to be covered by group insurance. These student accident insurance policies will be a co-insurance with family coverage(s) as primary.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS

Students come to school with diverse medical conditions which may impact their learning as well as their health. Some of these conditions are serious and may be life-threatening. As a result, students, parents, school personnel, and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience. This policy encompasses an array of serious or life-threatening medical conditions such as anaphylaxis, diabetes, seizure disorders, or severe asthma and acute medical conditions such as substance overdose. All students within the District with known life-threatening conditions will have a comprehensive plan of care in place: an Emergency Care Plan (ECP) or Individualized Healthcare Plan (IHP) and if appropriate, an Individualized Education Plan (IEP) or Section 504 Plan.

Life-Threatening Conditions

For those students with chronic life-threatening conditions such as diabetes, seizure disorders, asthma, and allergies, the District must work cooperatively with the parent(s) and the healthcare provider(s) to:

a) Immediately develop an ECP for each at risk student to ensure that all appropriate personnel are aware of the student's potential for a life-threatening reaction;

b) If appropriate, develop an IHP that includes all necessary treatments, medications, training, and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;

c) Provide training by licensed medical personnel (e.g., registered professional nurse) for all adults in a supervisory role in the recognition and emergency management of a specific medical condition for specific students;

d) Obtain specific medical-legal documents duly executed in accordance with New York State law; appropriate health care provider authorization in writing for specific students that includes the frequency and conditions for any testing and/or treatment, symptoms, and treatment of any conditions associated with the health problem; and directions for emergencies;

e) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he or she works toward self-management;

(Continued)

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)

f) Allow supervised students to carry life-saving medication in accordance with relevant laws, regulations, and procedures. The District will also encourage parents and students to provide duplicate life-saving medication to be maintained in the health office in the event the self-carrying student misplaces, loses, or forgets their medication;

g) Assure appropriate and reasonable building accommodations are in place within a reasonable degree of medical certainty.

In addition, the District will:

a) Provide training for transportation, instructional, food service, or physical education staff, as appropriate, in the recognition of an anaphylactic reaction;

b) Have standing emergency medical protocols for nursing or other staff;

c) Request the school medical director to write a non-patient specific order for anaphylaxis treatment agents for the school's registered professional nurse or other staff, as designated by the administration and allowed under federal and New York State laws and regulations, to administer in the event of an unanticipated anaphylactic episode;

d) Maintain or ensure the maintenance of a copy of the standing order(s) and protocol(s) that authorizes them to administer emergency medications such as anaphylactic treatment agents;

e) As permitted by New York State law, maintain stock supplies of life-saving emergency medications such as epinephrine auto-injectors or Naloxone (Narcan) for use, especially in first time emergencies;

f) Allow the school registered nurse, nurse practitioner, or physician to train unlicensed school personnel to administer emergency epinephrine via auto-injector, or emergency glucagon, to students with both a written provider order and parent or person in parental relation consent during the school day, on school property, and at any school function. Such training will be done in accordance with specifications outlined in the Commissioner's regulations;

g) Ensure that the District-wide school safety plan and building-level emergency response plans include appropriate accommodations for students with life-threatening health conditions;

h) Encourage families to obtain medic-alert bracelets for at risk students;

i) Educate students regarding the importance of immediately reporting symptoms of an allergic reaction.

SUBJECT: STUDENTS WITH LIFE-THREATENING HEALTH CONDITIONS (Cont'd.)

Creating an Allergen-Safe School Environment

The risk of accidental exposure or cross-contamination is always present in school, particularly for students with food allergies. The school setting is a high-risk environment for accidental ingestion of a food allergen due to the presence of a large number of students, increased exposure to food allergens, and cross-contamination of tables, desks, and other surfaces.

In an effort to prevent accidental exposure to allergens, the District will monitor the following high-risk areas and activities:

a) Cafeteria;
b) Food sharing;
c) Hidden ingredients in art, science, and other projects;
d) Transportation;
e) Fundraisers and bake sales;
f) Parties and holiday celebrations;
g) Field trips;
h) Before and after school programs.

Medication Self-Management

The District will work toward assisting students in the self-management of their chronic health condition based upon the student's knowledge level and skill by:

a) Adequately training all staff involved in the care of the child, as appropriate;

b) Assuring the availability of the necessary equipment or medications;

c) Providing appropriately trained licensed persons as required by law;

d) Developing an emergency plan for the student; and

e) Providing ongoing staff and student education.

SUBJECT: CONCUSSION MANAGEMENT

The Board recognizes that concussions and head injuries are the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The physical and mental well-being of District students is a primary concern. As such, the District supports the proper evaluation and management of concussion injuries.

A concussion is a mild traumatic brain injury (MTBI) that occurs when normal brain functioning is disrupted by a blow or jolt to the head or body that causes the head and brain to move rapidly back and forth. Recovery from concussion and its symptoms will vary. Avoiding re-injury and over-exertion until fully recovered are the cornerstones of proper concussion management. Concussions can impact a student's academic performance as well as their athletic pursuits.

Concussion Management Team (CMT)

The District is authorized, at its discretion, to establish a Concussion Management Team (CMT) which may be composed of the certified athletic director, a school nurse, the school physician, a coach of an interscholastic team, a certified athletic trainer or such other appropriate personnel as designated by the District. The CMT will oversee and implement the District's concussion policy, including the requirement that all school coaches, physical education teachers, nurses, and certified athletic trainers who work with and/or provide instruction to pupils engaged in school-sponsored athletic activities complete training relating to MTBIs. Furthermore, every CMT may establish and implement a program which provides information on MTBIs to parents and persons in parental relation throughout each school year.

Staff Training/Course of Instruction

Each school coach, physical education teacher, school nurse, and certified athletic trainer who works with and/or provides instruction to students in school-sponsored athletic activities will complete a course of instruction every two years relating to recognizing the symptoms of concussions or MTBIs and monitoring and seeking proper medical treatment for students who suffer from a concussion or MTBI.

Components of the training will include:

a) The definition of MTBI;

b) Signs and symptoms of MTBI;

c) How MTBIs may occur;

d) Practices regarding prevention; and

e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

(Continued)

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The course can be completed by means of instruction approved by State Education Department (SED) which include, but are not limited to, courses provided online and by teleconference. The CMT will utilize the District's existing system to document all required training and professional development for District staff. Upon completion of the training each year, staff will forward their course completion certificate to the appropriate staff for entry into the system. The system will also use an email to remind staff of the need to complete the training each year. Because concussion symptoms may manifest themselves in any setting, all school staff will be encouraged to take the online training and be alert for students who may display or report concussion symptoms.

Information to Parents and Students

The District will include the following information on MTBIs or concussions in any permission or consent form or similar document that may be required from a parent or person in parental relation for a student's participation in interscholastic sports. Similar information will be provided to all students when they sign up for participation in sports and/or through information provided in physical education, health or mental health classes. Information will include:

a) The definition of MTBI;

b) Signs and symptoms of MTBI;

c) How MTBIs may occur;

d) Practices regarding prevention; and

e) Guidelines for the return to school and school activities for a student who has suffered an MTBI, even if the injury occurred outside of school.

The District will provide a link on its website to this list of information from the SED's and Department of Health's websites.

Identification of Concussion and Removal from Athletic Activities

The District requires the immediate removal from all athletic activities of any student who has sustained, or is believed to have sustained, a MTBI or concussion. Any student demonstrating signs, symptoms, or behaviors consistent with a concussion while participating in a class, extracurricular activity, or interscholastic athletic activity will be removed from the class, game, or activity and must be evaluated as soon as possible by an appropriate health care professional. This removal must occur based on display of symptoms regardless of whether the injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it will be presumed that the student has been injured until proven otherwise. The District will notify the student's parents or guardians and recommend appropriate evaluation and monitoring.

(Continued)

SUBJECT: CONCUSSION MANAGEMENT (Cont'd.)

The District may allow credentialed District staff to use validated neurocognitive computerized testing as a concussion assessment tool to obtain baseline and post-concussion performance data. These tools are not a replacement for a medical evaluation to diagnose and treat a concussion. The District must seek authorization from the parent/guardian prior to the testing. Additionally, parents/guardians should be given a copy of the results upon request.

Return to School Activities and Athletics

The student will not return to physical activity (including athletics, physical education class, and recess) until he or she has been symptom-free for at least 24 hours, and has been evaluated and received written authorization from a licensed physician. In accordance with Commissioner's regulations, the District's Medical Director will give final clearance on a return to activity for extra-class athletics. All authorizations will be kept on file in the student's permanent health record. The standards for return to athletic activity will also apply to injuries that occur outside of school. School staff should be aware that students may exhibit concussion symptoms caused by injuries from outside activities and that these visible symptoms also indicate a removal from play.

The District will follow any directives issued by the student's treating physician with regard to limitations and restrictions on school and athletic activities for the student. The District will also develop a coordinated communication plan among appropriate staff to ensure that the treating physician's orders for post-concussion management are implemented and followed. The school nurse will work to ensure that all the necessary staff get the information they need to care for and work with the injured student.

The District's Medical Director and other licensed healthcare professionals employed by the District will also formulate a procedure and treatment plan to be utilized by District staff who may respond to students or staff with possible concussions during the school day.

In accordance with SED guidelines, this policy will be both reviewed and updated periodically. The Superintendent, in consultation with the District's Medical Director and other appropriate staff, may develop regulations and protocols for strategies to prevent concussions, the identification of concussions, and procedures for removal from and return to activities or academics.

SUBJECT: CHILD ABUSE AND MALTREATMENT

Child Abuse in a Domestic Setting

The District takes seriously the obligations of its officers and employees to report cases of child abuse or maltreatment. To this end, regulations will be developed, maintained, and disseminated by administration regarding the:

a) Mandatory reporting of suspected child abuse or maltreatment;

b) Reporting procedures and obligations of persons required to report;

c) Provisions for taking a child into protective custody;

d) Mandatory reporting of deaths;

e) Immunity from liability and penalties for failure to report;

f) Obligations for provision of services and procedures necessary to safeguard the life or health of a child; and

g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials will be established and implemented to enable the staff to carry out their reporting responsibilities.

Reporting Information

The District will post the child abuse hotline telephone number and directions for accessing the Office of Children and Family Services (OCFS) website in English and Spanish on its website and in clearly and highly visible areas of school buildings. The District will also make this information available from its administrative offices; provide it to parents and persons in parental relation at least once per school year by electronic communication, sending the information home with students, or otherwise; and provide it to each teacher and administrator. The District may post and provide this information in other, common languages used by the school community.

Persons Required to Report

Persons required to report cases of child abuse or maltreatment to the State Central Register (SCR) in accordance with Social Services Law Section 413(1) include, but are not limited to, school teachers, school counselors, school psychologists, school social workers, school nurses, school

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

administrators or other school personnel required to hold a teaching or administrative license or certificate, and full- or part-time compensated school employees required to hold a temporary coaching license or professional coaching certificate.

All mandated reporters must make the report themselves and then immediately notify the building principal or designee. The building principal or designee will be responsible for all subsequent administration necessitated by the report. Any report must include the name, title, and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

Prohibition of Retaliatory Personnel Action

The District will not take any retaliatory personnel action against an employee because the employee believes that he or she has reasonable cause to suspect that a child is an abused or maltreated child and that employee makes a report to SCR. Further, no school official will impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

"Retaliatory personnel action" means the discharge, suspension, or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

Report Form

The "Report of Suspected Child Abuse or Maltreatment" Form LDSS-2221A may be accessed at the OCFS website.

Duties Upon Receipt of an Allegation of Child Abuse in an Educational Setting

In any case where an oral or written allegation is made to a teacher, school nurse, school counselor, school psychologist, school social worker, school administrator, Board member, or other school personnel required to hold a teaching or administrative license or certificate, as well as a licensed and registered physical therapist, licensed and registered occupational therapist, licensed and registered speech-language pathologist, teacher aide, or school resource officer that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that person will upon receipt of the allegation:

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

In any case where an oral or written allegation is made to a school bus driver employed by a school or a person or entity that contracts with a school to provide transportation services to children that a child has been subjected to child abuse by an employee or volunteer in an educational setting, that school bus driver will upon receipt of the allegation, promptly report or cause a report to be made to his or her supervisor employed by the school or the contracting person or entity.

written report, he or she must promptly provide a copy of the report to the superintendent. The report must be promptly forwarded to appropriate law enforcement. In no event will reporting to law enforcement be delayed by an inability to contact the superintendent.

Where the superintendent or, in a school other than a school district or public school, the school administrator has forwarded a written report of child abuse in an educational setting to law enforcement authorities, he or she will also refer the report to the Commissioner if the employee or volunteer alleged to have committed an act of child abuse holds a certification or license issued by NYSED.

Civil Immunity

Any employee, volunteer, or supervisor who is employed by a person or entity that contracts with a school to provide transportation services to children who reasonably and in good faith makes a report of allegations of child abuse in an educational setting in accordance with the reporting requirements of the law will have immunity from civil liability which might otherwise result by reason of those actions.

Any school administrator or superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits a report to a person or agency as required by law, will have immunity from civil liability which might otherwise result by reason of those actions.

School administrators and the superintendent will exercise reasonable care in preventing unauthorized disclosure.

The District will implement a training program regarding child abuse in an educational setting for all current and new teachers, school nurses, school counselors, school psychologists, school social workers, school administrators, Board members, other school personnel required to hold a teaching or administrative license or certificate, and any school bus driver or supervisor employed by the District or any person or entity that contracts with the District to provide transportation services to children, as well as licensed and registered physical therapists, licensed and registered occupational therapists, licensed and registered speech-language pathologists, teacher aides, and school resource officers.

SUBJECT: CHILD ABUSE AND MALTREATMENT (Cont'd.)

Prohibition of "Silent" (Unreported) Resignations

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent, or the Commissioner, as appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from his or her position.

The Superintendent or other school administrator who reasonably and in good faith reports to law enforcement officials information regarding allegations of child abuse or a resignation as required by law will have immunity from any liability, civil or criminal, which might otherwise result by reason of those actions.

Notification

Teachers and all other school officials will be provided an annual written explanation concerning the reporting of child abuse and child abuse in an educational setting including the immunity provisions as set forth in law. The Commissioner will furnish the District with required information, including rules and regulations for training necessary to implement District and staff responsibilities under the law.

Prohibition on Aiding and Abetting Sexual Abuse

Unless exempted by law, no District employee, contractor, or agent of the District will assist another District employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if the individual or agency knows or has probable cause to believe, that the individual engaged in sexual misconduct regarding a minor or student in violation of the law.

SUBJECT: SUICIDE

The District is committed to protecting the health and well-being of all students by creating and maintaining policies, procedures, and plans for the prevention, intervention, and post-intervention of suicide.

The Board instructs the Superintendent to establish a District crisis intervention team. Members of the team should include, but are not limited to, a school administrator, school psychologist, school counselor, school social worker, teacher, school nurse and/or District medical director, school safety professional, and any other District staff member who can be of assistance during a crisis. The crisis intervention team will develop a suicide response plan which will be integrated into the existing District-wide school safety plan. The suicide response plan will include education and awareness of risk factors for youth suicide, procedures for intervening if a student exhibits risk factors, including referral services, and a post-intervention plan to help the school and community cope with the aftermath of suicide should it occur.

The administration will inform staff of District policies, procedures, and plans for suicide prevention, intervention, and post-intervention. The District will actively respond to any situation where a student verbally or behaviorally indicates intent to attempt suicide or engage in self-harm. When District staff become aware of a student exhibiting potential suicidal behavior, they should immediately escort the student to a member of the District's crisis intervention team and report the behavior to an administrator.

Suicide prevention will also be incorporated into the curriculum, as developmentally appropriate, to educate students and done in a manner so as not to sensationalize the topic, but to provide students with information and resources on this important mental health issue. In addition, the District will foster interagency cooperation that will enable staff to identify and access appropriate community resources to aid students in times of crisis.

The District will inform students, staff, and parents or guardians of the 988 hotline which connects callers to the National Suicide Prevention Lifeline. Individuals can call or text 988 to be connected to the hotline. The 988 hotline is intended for anyone who is: suicidal; experiencing a mental health or substance use-related crisis; or experiencing any kind of emotional distress.

Professional Development/Learning and Training

Staff training and professional development/learning on suicide and crisis intervention should be offered annually. The training should include: information on how to identify warning signs for suicide, and the protocols to follow when referring a student thought to be at risk for suicide; a description of the roles and responsibilities of the crisis intervention team; and the flow of communication and the tasks each role of the crisis intervention team undertakes.

SUBJECT: DIGNITY FOR ALL STUDENTS

Overview

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. This policy is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by employees or other students on school property and at school functions.

In addition, other acts of harassment, bullying, and/or discrimination that occur off school property may be subject to discipline or other corrective action, where such acts create or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct, threats, intimidation, or abuse might reach school property.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of harassment, bullying, and/or discrimination of students. The District will promptly respond to reports of harassment, bullying, and/or discrimination of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Dignity Act Coordinator(s) (DAC(s)).

Dignity Act Coordinator

In each of its schools, the District will designate at least one employee to serve as the DAC and receive reports of harassment, bullying, and/or discrimination. Each DAC will be:

a) Approved by the Board;

b) Licensed and/or certified by the Commissioner as a classroom teacher, school counselor, school psychologist, school nurse, school social worker, school administrator or supervisor, or superintendent;

c) Instructed in the provisions of the Dignity for All Students Act and its implementing regulations;

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

d) Thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex;

e) Provided with training which addresses the social patterns of harassment, bullying, and discrimination, including, but not limited to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex;

f) Provided with training in the identification and mitigation of harassment, bullying, and discrimination; and

g) Provided with training in strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

a) Listing it in the *Code of Conduct*, with updates posted on the District's website;

b) Including it in the *Code of Conduct's* plain language summary provided to all parents or persons in parental relation to students before the beginning of each school year;

c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution each school year, including, but not limited to, electronic communication and/or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution as soon as practicable thereafter;

d) Posting it in highly visible areas of school buildings; and

e) Making it available at the District and school-level administrative offices.

If a DAC vacates his or her position, the District will immediately designate another eligible employee as an interim DAC, pending approval of a successor DAC from the Board within 30 days of the date the position was vacated. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate another eligible employee as an interim DAC, pending the return of the previous individual to the position.

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

Training and Awareness

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and discrimination, and to discourage and respond to incidents of harassment, bullying, and/or discrimination. This training may be provided in conjunction with existing professional learning and will be conducted consistent with guidelines approved by the Board, and will include training to:

a) Raise awareness and sensitivity to potential acts of harassment, bullying, and discrimination;

b) Address social patterns of harassment, bullying, and discrimination;

c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;

d) Enable employees to prevent and respond to incidents of harassment, bullying, and discrimination;

e) Make employees aware of the effects of harassment, bullying, cyberbullying, and discrimination on students;

f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;

g) Include safe and supportive school climate concepts in curriculum and classroom management; and

h) Ensure the effective implementation of school policy on conduct and discipline.

Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

Internal Reports and Investigations of Harassment, Bullying, and/or Discrimination

All District employees who witness or receive an oral or written report of harassment, bullying, and/or discrimination are required to take action. District employees must make an oral report promptly to the Superintendent or principal, their designee, or the DAC not later than one school day after

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

witnessing or receiving an oral or written report of harassment, bullying, and/or discrimination. No later than two school days after making the oral report, the District employee must file a written report with the Superintendent or principal, their designee, or the DAC.

The Superintendent or principal, their designee, or the DAC will lead or supervise the thorough investigation of all reports of harassment, bullying, and/or discrimination and ensure that all investigations are promptly completed after the receipt of a written report. In investigating any allegation, the investigator may seek the assistance of the District's Civil Rights Compliance Officer(s) (CRCO(s)) and/or Title IX Coordinator(s) in investigating, responding to, and remedying complaints of harassment, bullying, and/or discrimination.

Additionally, other District policies and documents address harassment, bullying, and discrimination of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7551 -- Sexual Harassment of Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the DAC may work with other District staff such as the District's CRCO(s) and/or Title IX Coordinator(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

When an investigation verifies a material incident of harassment, bullying, and/or discrimination, the Superintendent or principal, their designee, or the DAC will take prompt action, consistent with applicable laws and regulations as well as the District's *Code of Conduct*, reasonably calculated to end the harassment, bullying, and/or discrimination, eliminate any hostile environment, create a more positive school culture and climate, prevent recurrence of the behavior, and ensure the safety of the student or students against whom the behavior was directed.

The Superintendent or principal, their designee, or the DAC will promptly notify the appropriate local law enforcement agency when it is believed that any harassment, bullying, and/or discrimination constitutes criminal conduct.

Reporting Incidents

Reporting Incidents to the Superintendent

At least once during each school year, each building principal will provide a report on data and trends related to harassment, bullying, and/or discrimination to the Superintendent in a manner prescribed by the District. This report will be used to submit the annual School Safety and the Educational Climate (SSEC) Summary Data Collection form to the State Education Department (SED).

(Continued)

SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)

Reporting of Material Incidents to the Commissioner of Education

Each school year, the District will submit to the Commissioner a report of material incidents of harassment, bullying, and/or discrimination that occurred during the school year in accordance with law and regulation. This report will be submitted in a manner prescribed by the Commissioner, on or before the basic educational data system (BEDS) reporting deadline or other date determined by the Commissioner.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, and/or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, and/or discrimination.

Publication of District Policy

At least once during each school year, all employees, students, and parents or persons in parental relation will be provided with a written or electronic copy of this policy, or a plain-language summary of it. The policy or summary will include information relating to how students, parents or persons in parental relation, and employees may report harassment, bullying, and/or discrimination. Additionally, the District will maintain a current version of this policy on its website at all times.

Application

Nothing in this policy or its implementing regulations should be interpreted to preclude or limit any right or cause of action provided under any local, state, or federal ordinance, law or regulation including, but not limited to, any remedies or rights available under the Individuals with Disabilities Education Act, Title VII of the Civil Rights Law of 1964, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.

SUBJECT: SEXUAL HARASSMENT OF STUDENTS

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses sexual harassment of students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District prohibits all forms of sexual harassment of students by any individual on school property and at school functions which, for purposes of this policy, means a school-sponsored or school-authorized extracurricular event or activity regardless of where the event or activity takes place, including any event or activity that may take place virtually or in another state.

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of sexual harassment of students. The District will promptly respond to reports of sexual harassment of students, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)), Title IX Coordinator(s), and/or the Dignity Act Coordinator(s) (DAC(s)).

What Constitutes Sexual Harassment

Sexual harassment is a form of sex discrimination and is unlawful. It includes harassment on the basis of sex, sexual orientation, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender. Sexual harassment can occur between any individuals, regardless of their sex or gender.

Generally stated, sexual harassment consists of subjecting an individual to unwelcome conduct which is either of a sexual nature or which is directed at an individual because of that individual's sex.

This conduct may, among other things, have the purpose or effect of: creating an intimidating, hostile, or offensive environment; substantially or unreasonably interfering with a student's educational performance, opportunities, benefits, or well-being; or otherwise adversely affecting a student's educational opportunities. Petty slights or trivial inconveniences generally do not constitute harassing conduct.

Determinations as to whether conduct or an incident constitutes sexual harassment will be made consistent with applicable law and regulation, as well as any applicable District policy, regulation, procedure, or other document such as the District's *Code of Conduct*. The examples below are intended to serve as a general guide for individuals in determining what may constitute sexual harassment. These examples should not be construed to add or limit the rights that students possess as a matter of law.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)

Examples of Sexual Harassment

Sexual harassment can be verbal, non-verbal, or physical. Examples of this conduct may include, but are not limited to, the following:

a) Unwanted physical acts of a sexual nature, such as:

   1. Touching, pinching, patting, kissing, hugging, grabbing, brushing against another person's body, or poking another person's body; and

   2. Rape, sexual battery, molestation, or attempts to commit these assaults.

b) Engaging in sexual conduct with an individual who is unable to consent due to age, use of drugs or alcohol, intellectual disability, or other disability.

c) Unwanted sexual advances or propositions, such as:

   1. Demanding sexual favors of a student, insinuating that refusal to acquiesce to such favors will adversely affect a student's grades, references, academic or scholastic placement, and/or participation in extracurricular activities; and

   2. Subtle or obvious pressure for unwelcome sexual activities.

d) Verbal abuse or ridicule, including profanity, innuendoes, stories, and jokes that are sexual in nature and/or gender-related. This might include inappropriate sex-oriented comments on appearance, including dress or physical features.

e) Asking or commenting about an individual's sexual activities.

f) Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, and the status of being transgender.

g) Displaying or distributing pornographic or other sexually explicit materials (print or digital) such as magazines, pictures, cartoons, etc.

h) Unwelcome staring, leering, or gesturing which is sexually suggestive in nature.

i) Unwelcome and/or offensive public displays of sexual or physical affection.

j) Clothing that reflects sexually obscene and/or sexually explicit messages, slogans, or pictures.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)

k) Any other unwelcome and unwanted sexually oriented and/or gender-based behavior which is sexually demeaning, belittling, intimidating, or perpetrates sexual stereotypes and attitudes.

Reporting Allegations of Sexual Harassment

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of sexual harassment in the school environment, as well as any other person who has knowledge of or witnesses any possible sexual harassment, immediately report the alleged conduct or incident. Reports of sexual harassment may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, CRCO, Title IX Coordinator, or DAC.

All District employees who witness or receive an oral or written report of sexual harassment must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*.

Grievance Process for Complaints of Sexual Harassment

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of sexual harassment of students and will promptly take appropriate action to protect students from further sexual harassment.

Various District policies and documents address sexual harassment of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

The determination as to which District policies and/or documents are applicable is fact specific, and the CRCO may work with other District staff such as the District's Title IX Coordinator(s) and/or DAC(s) to determine which District policies and/or documents are applicable to the specific facts of the complaint.

(Continued)

SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)

If an investigation reveals that sexual harassment has occurred, the District will take immediate corrective action as warranted. This action will be taken in accordance with applicable law and regulation, as well as any applicable District policy, regulation, procedure, collective bargaining agreement, third-party contract, or other document such as the District's *Code of Conduct*.

Prohibition of Retaliatory Behavior (Commonly Known as "Whistle-Blower" Protection)

The District prohibits retaliation against any individual because the individual made a report or complaint, testified, assisted, or participated or refused to participate in an investigation, proceeding, or hearing related to a complaint of sexual harassment.

Complaints of retaliation may be directed to the CRCO. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Where appropriate, follow-up inquiries will be made to ensure that the sexual harassment has not resumed and that those involved in the investigation have not suffered retaliation.

SUBJECT: STUDENT GENDER IDENTITY

All students need a safe and supportive educational environment to progress academically and developmentally. The District is committed to fostering a safe learning environment for all students, free from discrimination and harassment on the basis of sex, gender, gender identity, gender nonconformity, and gender expression. In accordance with applicable law, regulations, and guidelines, the District will ensure that students have equal access to all school programs, facilities, and activities. The District will assess and address the specific needs of each student on a case-by-case basis.

Key Terms

Cisgender: a person whose gender identity corresponds to their assigned sex at birth.

Gender: actual or perceived sex.

Gender expression: means the ways a person conveys their gender identity to others, such as through behavior, appearance, clothing, hairstyle, activities, voice, and mannerisms.

Gender identity: a person's inner sense or psychological knowledge of being male, female, neither, or both.

Gender nonconforming (GNC): means someone whose gender identity or gender expression does not conform to social or stereotypical expectations of a person with that gender assigned at birth. This is also referred to as gender variant or gender atypical.

Transgender: means someone whose gender identity is different than their gender assigned at birth.

Transition: means the process by which a person socially or physically aligns their gender expression more closely to their gender identity than their assigned sex at birth.

Records

(Continued)

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

If a transgender or GNC student has not officially changed his or her name, but wishes to be referred to by a different name that corresponds to their gender identity, the District may create or change unofficial records to reflect the name and gender identity that the student consistently asserts at school. On state standardized tests, certain reports to the New York State Education Department, and when necessary to ensure appropriate and coordinated medical care, however, the District will use the student's legal name and gender. Any student identification cards will be issued with the name reflecting the gender identity the student consistently asserts at school. The District will maintain records with the student's assigned birth name and gender in a separate, confidential file.

Names and Pronouns

When apprised of a student's transgender or GNC status, the District will endeavor to engage the student and his or her parents or guardians, as appropriate, in an effort to agree upon a plan that will accommodate the student's individual needs at school. Transgender and GNC students have the right to discuss and convey their gender identity and expression openly and to decide when, with whom, and how much to share this confidential information. The plan may therefore include when and how to initiate the student's preferred name and associated pronoun use and if, when, and how this is communicated to others. District staff will use the name and pronoun that corresponds to the gender identity the student consistently asserts at school.

Restrooms and Locker Rooms

The District will allow a transgender or GNC student to use the restroom and locker room that corresponds to the student's consistently expressed gender identity at school. Any student requesting increased privacy or other accommodations when using bathrooms or locker rooms will be provided with a safe and adequate alternative, but they will not be required to use that alternative.

Physical Education and Sports

Physical education is a required part of the District's curriculum. Where these classes are sex-segregated, students will be allowed to participate in a manner consistent with their gender identity. Students will likewise be allowed to participate in intramural activities consistent with their gender identity.

Upon written notification that a transgender or GNC student would like an opportunity to participate in the District's interscholastic athletics program consistent with his or her gender identity, the District will determine his or her eligibility in accordance with applicable law, regulations, and guidelines. The District will confirm the student's asserted gender identity with documentation it considers appropriate from a parent or guardian, counselor, doctor, psychologist, psychiatrist, or other medical professionals. The student's gender identity should be the same as the identity used for District registration and other school purposes.

(Continued)

SUBJECT: STUDENT GENDER IDENTITY (Cont'd.)

The District's athletic director will notify opposing team athletic directors or the New York State Public High School Athletic Association if a student needs any accommodations during competitions. Any appeal regarding the District's eligibility decision will be directly to the Commissioner of Education.

Other Activities

Generally, in other circumstances where students may be sex-segregated, such as overnight field trips, students may be permitted to participate in accordance with the gender identity that the student consistently asserts at school. Student privacy concerns will be addressed individually and on a case-by-case basis in accordance with District policy and applicable law, regulations, and guidelines.

Dress Code and Team Uniforms

Transgender or GNC students may dress in accordance with their gender identity or expression, within the parameters of the District's dress code. The District will not restrict students' clothing or appearance on the basis of gender.

The District's dress code applies while its athletes are traveling to and from athletic contests. Athletes will have access to uniforms that are appropriate for their sport.

SUBJECT: HAZING OF STUDENTS

The District is committed to providing a safe, productive, and positive learning environment within its schools. Hazing activities are demeaning and abusive behaviors that harm victims, are inconsistent with the educational goals of the District, and may constitute criminal conduct. Consequently, hazing of students by other students or groups of students is strictly prohibited on school property, in school buildings, on school buses, by school-sponsored groups, clubs, or teams, and at school-sponsored events and/or activities whether occurring on or off-campus. Hazing is prohibited regardless of the victim's apparent willingness to participate in the activity.

For purposes of this policy, the term "hazing" is defined as any humiliating or dangerous activity expected of a student to join a group, regardless of their willingness to participate. Acts constituting hazing may range in severity from teasing or embarrassing a student to various forms of physical, emotional, and/or sexual abuse. Hazing behaviors include, but are not limited to:

a) Humiliation: socially offensive, isolating, or uncooperative behaviors.

b) Substance abuse: abuse of tobacco, alcohol, or illegal drugs.

c) Other dangerous actions: hurtful, aggressive, destructive, and disruptive behaviors.

Hazing is a form of harassment and bullying and may constitute discrimination. Various District policies and documents address discrimination and harassment of students. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; Policy #7551 -- Sexual Harassment of Students; and the District's *Code of Conduct*. As such, the District's response to reports of hazing will be handled in accordance with the applicable District policies and/or documents.

SUBJECT: NOTIFICATION OF SEX OFFENDERS

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. The District intends to minimize the possibility that any sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District will cooperate with local police authorities and the local community in promoting and protecting the safety and well-being of its students.

The District will disseminate all information it receives from local police authorities in conjunction with Megan's Law to designated staff members who might have possible contact with the offender during the course of their school duties. The Superintendent reserves the right to automatically disseminate this information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents or guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of this data in order to maintain student safety.

All staff members will be informed of the availability of the information received by the District in accordance with Megan's Law upon written request to the applicable building principal or designee or supervisor. Staff members must inform their immediate supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the District in accordance with Megan's Law may or may not be disclosed by the District in its discretion. Any information the District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law (FOIL).

SUBJECT: NOTIFICATION OF SEX OFFENDERS (Cont'd.)

Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of 18 or who has been designated a Level 3 sex offender, the court requires that the sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of 18 while one or more of these individuals are present.

However, by exception, a sex offender may enter school grounds or facility with the written authorization of his or her parole officer and the Superintendent for limited authorized purposes. Entrance upon the premises is subject to the following conditions:

a) The offender is a registered student, participant, or employee of the facility;

b) The offender is an employee of an entity contracted by the facility;

c) The offender has a family member enrolled in the facility; or

d) If the school is the offender's designated polling place and he or she enters solely to vote.

SUBJECT: SUPERVISION OF STUDENTS

Students working on any activity must be supervised by the teacher or staff member in charge of the activity. This applies to all in-school and extracurricular activities as well as sports activities and events. Permission to hold practices or meetings will not be granted unless a teacher or staff member is clearly in charge.

a) District personnel will be responsible for the supervision of all students in either their class or their after-school activities.

b) Coaches will maintain supervision over the dressing or locker rooms by being present during dressing periods. Coaches are responsible for the supervision of their athletes at the end of practice, including bus duty or making sure students have transportation home otherwise.

c) Teachers or assigned school personnel in the elementary grades will be responsible for playground supervision of all children under their jurisdiction during recess periods and before the regular afternoon sessions. The building principal will distribute the responsibility so that the playground situation is appropriately supervised.

d) Students will not be sent on any type of errand away from the building.

e) All teachers and staff working directly with students who have a history of wandering or elopement (i.e., leaving or running away from the premises without permission or notification) will be made aware of these concerns and of any existing behavioral intervention plan formulated to prevent or respond to instances of wandering or elopement.

SUBJECT: SAFE PUBLIC SCHOOL CHOICE

Any District student who is a victim of a violent criminal offense that occurred on the grounds of the District elementary or secondary school that the student attends, will be allowed to attend a safe public school within the District to the extent required by federal and state law and regulations.

In accordance with Commissioner's regulations, "safe public school" means a public school that has not been designated by the Commissioner of Education as a persistently dangerous public elementary or secondary school.

Violent Criminal Offense

The Superintendent will determine if the student has been the victim of a violent criminal offense. "Violent criminal offense" means a crime that:

a) Involves infliction of a serious physical injury upon another as defined in New York State Penal Law; or

b) A sex offense that involves forcible compulsion; or

c) Any other offense defined in New York State Penal Law that involves the use or threatened use of a deadly weapon.

Serious Physical Injury

"Serious physical injury" means a physical injury which creates a substantial risk of death, or which causes death or serious and protracted disfigurement, protracted impairment of health, or protracted loss or impairment of the function of any bodily organ.

Deadly Weapon

"Deadly weapon" means any loaded weapon from which a shot, readily capable of producing death or other serious physical injury, may be discharged, or a switchblade knife, pilum ballistic knife, metal knuckle knife, dagger, billy, blackjack, plastic knuckles, or metal knuckles.

Determination Whether Student is a Victim

Procedures will be established for determination by the Superintendent of whether a student is a victim of a violent criminal offense that occurred on school grounds of the school the student attends. The Superintendent will, prior to making any determination, consult with any law enforcement agency investigating the alleged violent criminal offense and consider any reports or records provided by the agency. However, a criminal conviction is not required prior to the Superintendent's determination that a student has been a victim of a violent criminal offense.

(Continued)

SUBJECT: SAFE PUBLIC SCHOOL CHOICE (Cont'd.)

The Superintendent's determination may be appealed to the Board. However, this determination will not preclude any student disciplinary proceeding brought against the alleged victim or perpetrator of the violent criminal offense.

Notice to Parents or Persons in Parental Relation

The District will establish procedures for notification of parents of, or persons in parental relation to, students who are victims of violent criminal offenses of their right to transfer to a safe public school within the District and procedures for the transfer. This notice will be, to the extent practicable, provided in the dominant language or mode of communication used by the parents or persons in parental relation to the student. The District will notify the parents of, or persons in parental relation to, the student within 24 hours of the determination that the student has been the victim of a violent criminal offense on school grounds at the school he or she attends.

Written notice will be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within 24 hours of the determination at the last known address or addresses of the parents or persons in parental relation to the student. Where possible, notification will also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents or persons in parental relation.

Designation of Safe Public School

It is the responsibility of the District, based on objective criteria, to designate a safe public school or schools within the District to which students may transfer. Any student who transfers to a safe public school, in accordance with the provisions of this policy and applicable law and regulation, will be enrolled in the classes and other activities of the public school to which the student transfers in the same manner as all other students at the public school. The receiving school will be identified by the District and must be at the same grade level as the school from which the student is transferring. To the extent possible the District will allow transferring students to transfer to a school that is making adequate yearly progress and has not been identified as requiring school improvement, corrective action, or restructuring. The District will provide transportation for any student permitted to transfer to the safe public school within the District designated by the District within the transportation limits established in Education Law Sections 3635 and 4401(4). Any student who transfers to a safe public school will be permitted to remain in the safe public school until the student has completed the highest grade level in the school transferred to.

While the parents or persons in parental relation to the student must be offered the opportunity to transfer their child, they may elect to have the child remain at the school he or she currently attends.

SUBJECT: SPECIAL EDUCATION: DISTRICT PLAN

A District plan will be developed describing the Special Education program in the District. The District plan will include the following:

a) A description of the nature and scope of special education programs and services currently available to students (including preschool students) residing in the District, including, but not limited to, descriptions of the District's resource room programs and each special class program provided by the District in terms of group size and composition;

b) Identification of the number and age span of students (school age and preschool) to be served by type of disability, and recommended setting;

c) The method to be used to evaluate the extent to which the objectives of the program have been achieved;

d) A description of the policies and practices of the Board to ensure the allocation of appropriate space within the District for special education programs that meet the needs of students and preschool children with disabilities;

e) A description of the policies and practices of the Board to ensure that appropriate space will be continually available to meet the needs of resident students and preschool students with disabilities who attend special education programs provided by Boards of Cooperative Educational Services (BOCES);

f) A description of how the District intends to ensure that all instructional materials to be used in the schools of the District will be made available in a usable alternative format for each student with a disability at the same time as such instructional materials are available to non-disabled students. The alternative format must meet the National Instructional Materials Accessibility Standard defined in federal law;

g) The estimated budget to support this plan;

h) The date on which the plan was adopted by the Board; and

i) A description of how the District plan is consistent with the special education space requirements plan for the region as developed by the BOCES.

The District plan, with personally identifiable student information deleted, will be filed and available for public inspection and review by the Commissioner.

SUBJECT: CHILDREN WITH DISABILITIES

A child with a disability means a student under the age of 21 who is entitled to attend public schools and who, because of mental, physical, or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his or her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural, or economic factors; or lack of appropriate instruction in reading or mathematics.

If the State Education Department (SED) finds that the District has inappropriate policies, procedures, or practices resulting in a significant disproportionality by race or ethnicity in the suspension, identification, classification, or placement of students with disabilities, the District will ensure that it publicly reports on the subsequent revisions to those policies, procedures, or practices.

The Board recognizes the existence of individual differences in the intellectual, social, emotional, and physical development of children attending school in the District. In recognizing these differences, the Board supports a system of services offered in the least restrictive environment (LRE) for children with disabilities which includes:

a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services;

b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full-time education in a special class, home instruction and education in a residential setting;

c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate;

d) Taking the following measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education programs and services:

   1. Utilize established procedures for publication of all potential job openings;

   2. Check credentials and requirements listed on applications;

   3. Provide training sessions for interview committee;

   4. Special Education teachers are required to have subject matter knowledge appropriate to the level of instruction being provided; when teaching two or more core academic subjects exclusively to children with disabilities, the teacher will meet all requirements imposed by law or demonstrate competence in all the core academic subjects taught per state regulations;

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

5. Special education teachers and administrators are required to complete enhanced training in the needs of autistic children.

e) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:

1. Ensure that necessary accommodations are specified on individualized education program (IEP) and implemented in accordance with the IEP;

2. Review the need for accommodations at Committee on Special Education (CSE) evaluations/re-evaluations;

f) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:

1. Addressing appropriate universal design principles in IEP;

2. Having the library media specialist or Curriculum Coordinator keep CSE/Committee on Preschool Special Education (CPSE) apprised of available products and services utilizing universal design principles;

3. Ensuring that instructional materials and activities allow learning goals to be achievable by individuals with wide differences in abilities;

4. Ensuring that flexible curricular materials and activities are built into the instructional design and operating systems;

5. Ensuring that instruction is diversified to deliver the general education curriculum to every student and diversify ways students may respond to that curriculum.

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

g) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.

h) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's regulations.

i) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.

j) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed

The district of location is responsible for Child Find, including individual evaluations, CSE meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school district.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs, or to CSE placements of students with disabilities in approved private schools, special act school districts, state-supported or state-operated schools, or to charter schools.

The actual cost for CSE administration, evaluations, and special education services provided to a student with a disability who is a resident of New York State, but a nonresident to the district of location, may be recovered from the student's school district of residence. Because federal regulations require parental consent before any personally identifiable information about the student relating to special education is shared between officials in the public school district of location and officials in the public school district of residence, parental consent to share special education information between the two public school districts is required before billing a district of residence for the cost of special education services provided to the student by the district of location.

The school district of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the school district. The school district must engage in consultation regarding the Child Find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

(Continued)

SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)

The consultation process must be timely and meaningful and include discussion of:

a) Child Find;

b) Provision of Special Education Services; and

c) Use of Federal Funds.

The school district of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of-state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location will provide to the student consistent with the services that the school district of location has determined through the consultation process and in relation to the proportionate shares of federal IDEA Part B dollars, to be provided to the student.

Tuition Reimbursement Claims for Disabled Nonpublic School Students

The parent must comply with the IDEA's pre-hearing notice requirement for tuition reimbursement claims. Specifically, the IDEA directs that at least ten business days before submitting a request for an impartial due process hearing for tuition reimbursement, the parent must give the district written notice of intent to enroll the child in private school at public expense. The purpose of this requirement is to give the public school district's CSE the opportunity to meet and potentially develop a new IEP for the student that addresses the parent's concerns. A parent who does not provide written notice within ten days may have his or her request for reimbursement reduced or denied.

SUBJECT: GROUPING BY SIMILARITY OF NEEDS

The Board will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines will apply:

a) Each student with a disability will be identified, evaluated, and placed as determined by the Committee on Special Education (CSE).

b) The CSE will determine written goals, including academic and functional goals, for each student with a disability by considering the special and individual needs of each student with a disability. Short-term instructional objectives and/or benchmarks will be created for each preschool student with a disability and for students who take New York State alternate assessments.

c) The CSE will recommend to the Board appropriate educational programs and services for each student with a disability based upon the CSE evaluation.

d) The CSE will provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information will include physical, psychological, and social information as well as achievement test results.

e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs will be consistent with the individual needs of each student in the group.

f) Students with disabilities may be grouped according to:

1. Academic achievement, functional performance, and learning characteristics;
2. Social development;
3. Physical development; and
4. Management needs.

g) When grouping students by similarity of needs, the social needs or physical development of a student will not be the sole determinant for placement of a student in a special education program.

h) The management needs of these students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM

The Board will establish at least one Committee on Special Education (CSE) and one Committee on Preschool Special Education (CPSE). The Board will also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

Committee on Special Education

The Board will, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board will also notify the parent or guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE will provide a recommendation to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation will be provided to the Board which will arrange for the appropriate special education programs and services to be provided within 60 school days of the referral for review. However, if the recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board will arrange for special education programs and services for students with disabilities within 30 school days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board disagrees with the recommendation, the Board will follow one of the following procedures:

a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or concerns. The CSE will consider the Board's objections or concerns, revise the individualized education program (IEP) where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,

b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with the new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider the objections or

(Continued)

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)

concerns. The second CSE will consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

In accordance with Commissioner's regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board will provide the student's parents or guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Commissioner's regulations.

Committee on Preschool Special Education

Upon receipt of the recommendation of the CPSE, the Board will arrange for the preschool student with a disability to receive appropriate programs and services in accordance with the student's IEP, commencing with the July, September, or January starting date for the approved program, unless the services are recommended by the CPSE less than 30 school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, services will be provided no later than 30 days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board will send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board will provide notice as required by federal and state law and regulations.

Subcommittee on Special Education

The number of Subcommittees on Special Education will be determined by the CSE which will be responsible for the oversight and monitoring of the activities of each subcommittee to ensure compliance with the requirements of applicable state and federal laws and regulations.

Each subcommittee may perform the functions for which the CSE is responsible, except:

a) When a student is considered for initial placement in a special class; or

b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or

(Continued)

SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM (Cont'd.)

c) When a student is considered for placements in a school primarily serving students with disabilities or a school outside the District.

Subcommittees will report annually to the CSE regarding the status of each student with a disability within its jurisdiction. Upon receipt of a written request from the parent or person in parental relation to a student, the Subcommittee will refer to the CSE any matter in which the parent disagrees with the Subcommittee's recommendation concerning a modification or change in the identification, evaluation, educational placement, or provision of a free appropriate education to the student.

Adoption Date: 5/9/23

SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM

The Board recognizes the need for educational programs for three and four year old children with disabilities and directs that administrative practices and procedures be developed to:

a) Ensure the timely evaluation and placement of each preschool child with a disability residing in the District so the child has the opportunity to participate in preschool programs;

b) Establish a Committee on Preschool Special Education (CPSE) in accordance with applicable federal and state law and regulation;

c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

Evaluations for Preschool Children with Disabilities

The District will collect entry assessment data in the three outcome areas on all preschool children who receive an initial evaluation. As required by Commissioner's regulations, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This includes a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three outcome areas for all preschool children evaluated and found to be eligible. The form will be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department.

If the committee recommends placing a child in an approved program that also conducted an evaluation of the child, it will indicate in writing that this placement is an appropriate one for the child. In addition, the committee will provide notice to the Commissioner of this recommendation.

Adoption Date: 5/9/23

SUBJECT: LEAST RESTRICTIVE ENVIRONMENT

The District has an obligation, in accordance with law and regulation, to educate students with disabilities in the least restrictive environment (LRE). LRE means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. Supplementary aids and services refers to aids, services, and other supports that are provided in regular education classes and extracurricular and nonacademic settings to enable children with disabilities to be educated to the maximum extent appropriate.

The District will ensure that:

a) Placement is based on the student's individualized education program (IEP) and determined at least annually;

b) Placement is as close as possible to the student's home, and unless the student's IEP requires some other arrangement, the student will be educated in the school he or she would have attended if not disabled;

c) In selecting the LRE, consideration will be given to any potential harmful effect on the student or on the quality of services that he or she needs; and

d) A student with a disability will not be removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum.

The placement of an individual student with a disability in the LRE will:

a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of the device; and

b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities.

The District will ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may also be provided in the regular class, including, as appropriate, related services, consultant teacher services, paraprofessional support, resource room services, integrated co-teaching, and special class programs within the general education classroom.

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES

The District will implement school-wide approaches and prereferral interventions in order to remediate a student's performance within the general education setting prior to referral to the Committee on Special Education (CSE) for special education. The determination of prevention and prereferral intervention strategies or services will take into consideration the student's strengths, environment, social history, language, and cultural diversity, in addition to the teacher's concerns. The District may also provide a Response to Intervention (RtI) program to eligible students that is developed in accordance with Commissioner's regulations as part of its school-wide approach to improve a student's academic performance prior to a referral for special education.

The provision of programs and/or services for students starts with consideration and implementation of instruction in the general education curriculum, with appropriate supports, or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources or strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973 and Academic Intervention Services (AIS) as defined in Education Law and/or Commissioner's regulations. The District will ensure that there is a system in place, with qualified, appropriately certified personnel, for developing, implementing, and evaluating prereferral intervention strategies.

If a student is identified as needing additional instructional support, the District will establish formal Instructional Support Teams (ISTs) in accordance with law, regulations, and District guidelines, as may be applicable, to review information from the student's work, screenings, and assessments. The IST will include representatives from general and special education as well as other disciplines and include individuals with classroom experience, who may then recommend which type of instructional support the student requires and the frequency with which he or she should receive these services or supports. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating an IST. Parents or persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of the child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

District administration will also ensure that opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents or persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

Prereferral/Intervention Instructional Support Plans will be designed so as to set forth proactive strategies to meet the broad range of individual student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans will be reviewed and evaluated to determine their effectiveness and modified as appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented will be maintained.

(Continued)

SUBJECT: PREREFERRAL INTERVENTION STRATEGIES (Cont'd.)

If a referral is made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated to fulfill its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program (IEP), if applicable.

Academic Intervention Services

The Board will provide to students at risk of not achieving state standards with AIS. AIS means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting those state learning standards as defined in Commissioner's regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance. The District will identify students to receive AIS through a two-step identification process set forth in Commissioner's regulations.

The District will provide AIS to students who are limited English proficient (LEP) and are determined, through uniformly applied District-developed procedures, to be at risk of not achieving state learning standards in English language arts, mathematics, social studies and/or science, through English or the student's native language.

The District has developed a description of the AIS offered to grades K through 12 students in need of these services. The description includes any variations in services in schools within the District and specifically sets forth:

a) The District-wide procedure(s) used to determine the need for AIS;

b) Academic intervention instructional and/or student support services to be provided;

c) Whether instructional services and/or student support services are offered during the regular school day or during an extended school day or year; and

d) The criteria for ending services, including, if appropriate, performance levels that students must obtain on District-selected assessments.

The District will review and revise this description every two years based on student performance results.

Parental Notification

a) Commencement of Services: Parents or persons in parental relation to a student who has been determined to need AIS will be notified in writing by the building principal. This notice will be provided in English and translated into the parent's native language or mode of communication, as

necessary. The notice will also include a summary of the AIS to be provided to the student, why the student requires these services, and the consequences of not achieving expected performance levels.

b) Ending of AIS: Parents or persons in parental relation will be notified in writing when AIS is no longer needed. This notice will be provided in English and translated to the parent's native language or mode of communication, as necessary.

Parents will be provided with ongoing opportunities to consult with the student's teachers and other professional staff providing AIS, receive reports on the student's progress, and information on ways to work with their child to improve achievement.

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES

The District will establish and implement a plan for the appropriate declassification of students with disabilities which includes:

a) The regular consideration for declassifying students when appropriate;

b) A reevaluation of the student prior to declassification; and

c) The provision of educational and support services to the student upon declassification.

Eligibility Determinations

The District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's regulations, and the District will provide a copy of the evaluation report and the documentation of eligibility to the student's parent at no cost to the parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program.

Prior to the reevaluation, the District will obtain informed written parental consent unless otherwise authorized by law and/or regulation. Parental consent is not necessary if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation or due process procedures.

The District will take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

Recommendation for Declassification

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation will:

a) Identify the declassification support services, if any, to be provided to the student and/or the student's teachers; and

b) Indicate the projected date of initiation of the services, the frequency of provision of the services, and the duration of these services, provided that the services will not continue for more than one year after the student enters the full-time regular education program.

(Continued)

SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)

Declassification Support Services

Declassification support services means those services provided to the student or the student's teacher(s) to aid in the student's transition from special education to full-time regular education. These services are provided by persons certified or licensed in the appropriate area of service in accordance with Commissioner's regulations. These services include:

a) For the student: psychological services, social work services, speech and language improvement services, non-career counseling, and other appropriate support services; and

b) For the student's teacher(s): the assistance of supplementary school personnel and consultations with appropriate personnel.

When appropriate, the District will provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

Procedural Safeguards Notice

The District will use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so. If the native language or other mode of communication of the parent is not a written language, the District will take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication, that the parent understands the content of the notice, and that there is written evidence that all due process procedures have been met.

SUBJECT: USE OF TIME OUT ROOMS

"Time out" is a technique used to interrupt an unacceptable behavior by removing the student from the situation where the misbehavior is occurring. The State Education Department does not regulate the use of time outs, but does regulate the use of a separate room where a student may be removed for a time out.

Except as provided below, the District will not employ the use of time out rooms as a means of regulating student behavior.

A time out room is defined "as an area for a student to safely deescalate, regain control, and prepare to meet expectations to return to his or her education program." If a time out room is used, it must be used in conjunction with a behavioral intervention plan (that is designed to teach and reinforce alternative appropriate behaviors). The student is then removed to a supervised area in order to facilitate self-control. Time outs may also be used in unanticipated situations that pose an immediate concern for the physical safety of a student or others. Unanticipated or emergency use requires proper documentation, in accordance with Commissioner's regulations.

The District has adopted and implemented the following policy and procedures governing school use of time out rooms as part its behavior management approach consistent with Commissioner's regulations, including the physical and monitoring requirements, parental rights, and individualized education program (IEP) requirements for students with disabilities.

At a minimum, the use of time out rooms will be governed by the following rules and standards:

a) The District prohibits placing a student in a locked room or space or in a room where the student cannot be continuously observed and supervised. The time out room will be unlocked and the door will be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out or emergency interventions is prohibited.

Staff will continuously monitor the student in a time out room. The staff will be able to see and hear the student at all times.

Under no circumstances will a time out room in a school program be used for seclusion of the student, where the term "seclusion" is interpreted to mean placing a student in a locked room or space or in a room where the student is not continuously observed and supervised.

b) Factors which may precipitate the use of the time out room:

(i) To protect oneself from physical injury;
(ii) To protect another pupil or teacher or any person from physical injury;
(iii) To protect the property of the school, district or others; or
(iv) To restrain or remove a pupil whose behavior is interfering with the orderly exercise and performance of school or school district functions, powers or duties.

(Continued)

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)

c) Time limitations for the use of the time out room:

The amount of time a student will need to be in a timeout room will vary with the student's age, individual needs and any behavior management plan. Further, a student's IEP will specify when a behavioral intervention plan includes the use of a time out room for a student with a disability, including the maximum amount of time a student will need to be in a time out room as a behavioral consequence.

School administration or other personnel will be notified in the event a student is placed in a time out room for excessive amounts of time, and this information will be considered when determining the effectiveness of the student's behavioral intervention plan and the use of the time out room for the student. Whether the student requires a debriefing following the use of a time out room will be left to the staff knowledgeable about the individual student.

d) Staff training on the policies and procedures related to the use of time out rooms will include, but not be limited to, the following measures:

1. The Director of Special Education will be responsible to the Superintendent for establishing administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Commissioner's regulations relating to the use of time out rooms, including members of the Committee on Special Education (CSE) and Committee on Preschool Special Education (CPSE).

2. Annual training on Superintendent's Conference Day for teachers, teaching assistants, psychologists and administrators on protocols and procedures.

e) Data collection to monitor the effectiveness of the use of time out rooms:

District schools will establish and implement procedures to document the use of time out rooms, including information to monitor the effectiveness of the use of the time out room to decrease specified behaviors. This data would be subject to review by the SED upon request.

Data collection should appropriately include, but is not limited to, the following information:

1. A record for each student showing the date and time of each use of the time out room;

2. A detailed account of the antecedent conditions or specific behavior that led to the use of the time out room;

3. The amount of time that the student was in the time out room; and

(Continued)

SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)

4. Information to monitor the effectiveness of the use of the time out room to decrease specified behaviors which resulted in the student being placed in the room.

f) Information to be provided to parents.

The District will inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out room for a student and will give the parent the opportunity to see the physical space that will be used as a time out room and provide the parent with a copy of the District's policy on the use of time out rooms.

Additionally, parents should be notified if their child was placed in a time out room. Whenever a time out room is used as an emergency intervention in accordance with Commissioner's regulations, the parent or person in parental relation will be notified of the emergency intervention. This notification will be provided the same day when possible.

Parent reports of alleged inappropriate interventions used in a time out room should be directed to school administrators.

Physical Space Used as a Time Out Room

The physical space used as a time out room will meet the following standards:

a) The room will provide a means for continuous visual and auditory monitoring of the student;

b) The room will be of adequate width, length, and height to allow the student to move about and recline comfortably;

c) Wall and floor coverings should be designed to prevent injury to the student, and there will be adequate lighting and ventilation;

d) The temperature of the room will be within the normal comfort range and consistent with the rest of the building; and

e) The room will be clean and free of objects and fixtures that could be potentially dangerous to a student and will meet all local fire and safety codes.

SUBJECT: STUDENTS WITH DISABILITIES PARTICIPATING IN DISTRICT PROGRAMS

All students with disabilities residing in the District, including those of preschool age, will be provided with full access and opportunity to participate in District programs, including nonacademic and extracurricular programs and activities, that are available to all other students enrolled in the District. Nonacademic and extracurricular programs and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to individuals with disabilities and employment of students (both by the District and assistance in making outside employment available).

Parents or guardians of students with disabilities, including those students placed in out-of-District programs, will receive timely notice of District programs and activities.

Community Resources

The District may compile a list of appropriate community resources to provide to parents or persons in parental relation of a child with a disability. This list will clearly state that these services are in addition to programs and services provided by the District and will not be paid for by the District. Any member of the District's committees or subcommittees on special education, or the District, who, acting reasonably and in good faith, provides this information will not be liable for this action.

SUBJECT: SECTION 504 OF THE REHABILITATION ACT OF 1973

The Board affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility. Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District will make its program and facilities accessible to all its students with disabilities.

The District will also identify, evaluate, and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction, or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent. The Superintendent will provide information, including complaint procedures, to any person who feels his or her rights under Section 504 have been violated by the District or its officials.

Prohibition Against Disability-Based Discrimination in Accelerated Programs

The practice of denying, on the basis of disability, a qualified student with a disability the opportunity to participate in an accelerated program violates both Section 504 and Title II, which extends the prohibition on discrimination established in Section 504. The District may not impose or apply eligibility criteria that screens out or tends to screen out a student with a disability from fully and equally enjoying any service, program, or activity, unless the criteria can be shown to be necessary.

It is also unlawful to deny a student with a disability admission to an accelerated class or program solely because of his or her need for special education or related aids or services (i.e., related services, supplementary aids and services, program modification and supports for school personnel) or because the student has an Individualized Education Program or Section 504 plan.

The District's schools may employ appropriate eligibility requirements or criteria in determining whether to admit students, including students with disabilities, into accelerated classes or programs. However, Section 504 and/or Title II does not require schools to admit into accelerated classes or programs students with disabilities who would not otherwise be qualified for these classes or programs.

a) The parent(s) or persons in parental relation of the student;

b) At least one regular education teacher of the student (if the student is, or may be, participating in the regular education environment);

c) At least one special education teacher of the student, or, if appropriate, at least one special education provider (i.e., related service provider) of the student;

d) A school psychologist;

e) A District representative who is qualified to provide or supervise special education and who is knowledgeable about the general education curriculum and the availability of District resources. This individual may also be the same individual appointed as the special education teacher or special education provider of the student or the school psychologist. Subcommittee on Special Education Membership

The Board may appoint, as necessary, Subcommittees on Special Education to assist in the timely evaluation and placement of students with disabilities in accordance with applicable law and Commissioner's regulations. The Board will determine the number of subcommittees to be appointed upon the recommendation of the CSE.

Committee on Preschool Special Education (CPSE) Membership

The Board will appoint a CPSE whose membership and purpose varies slightly from the membership of the CSE. The CPSE must include those same individuals as the CSE as set forth within this policy and also include the following members:

a) For a child in transition from early intervention programs and services, at the request of the parent or person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child; and

b) A representative of the municipality of the preschool child's residence.

Member Attendance

All members of the CSE or CPSE must attend committee meetings except that the parent and District may agree in writing prior to the meeting date that the attendance of a member or members is not necessary or impossible in accordance with applicable Commissioner's regulations and, as a result, may be excused from the meeting.

Training

The training of qualified personnel is essential to the effective implementation of Commissioner's regulations regarding the education of all students with disabilities.

The Director of Special Education will establish administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Part 200 of the Commissioner's regulations as well as members of the CSE and CPSE.

Alternative Means of Meeting

When conducting a meeting of the CSE or CPSE, the parent and the representative of the District appointed to the CSE or CPSE may agree to use alternative means of meeting participation, such as videoconferences and conference calls.

SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION

Development of Individualized Education Program

The Board directs the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) to prepare a written individualized education program (IEP) for each child with a disability. Each student with a disability will have an IEP in effect at the beginning of each school year.

The IEP will be developed by the CSE or CPSE upon referral, and reviewed or revised, as appropriate, for every child with a disability at least annually or when the program no longer appears to be appropriate to meet the student's needs.

Functional Behavioral Assessments/Behavioral Intervention Plans

A functional behavioral assessment (FBA) is an evaluative tool, requiring parental consent, which should be used throughout the process of developing, reviewing, and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to his or her environment.

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity, and/or latency across activities, settings, people, and times of the day and includes the:

a) Identification of the problem behavior;

b) Definition of the behavior in concrete terms;

c) Identification of the contextual factors that contribute to the behavior (including cognitive and affective factors); and

d) Formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The FBA must, as appropriate, be based on multiple sources of data such as structured interviews, behavior ratings scales, standardized assessments, and checklists. To this end, the FBA cannot be based solely on the student's history of presenting problem behavior.

In the case of a student whose behavior impedes his or her learning or that of others, the CSE or CPSE will consider strategies, including positive behavioral interventions and supports, to address that behavior. The need for a behavioral intervention plan (BIP) will be documented on the IEP which will be reviewed at least annually by the CSE or CPSE. In addition, regular progress monitoring of the frequency, duration, and intensity of the behavioral interventions will be conducted at scheduled intervals and documented and reported to the parent(s) and CSE or CPSE.

(Continued)

SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION (Cont'd.)

Individual Evaluations

Parental consent must be provided for an initial evaluation. If this consent is not received within 30 calendar days of receipt of the referral, the CSE or CPSE Chairperson will document all attempts made to obtain consent.

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE or CPSE within 60 calendar days after written parental consent has been obtained or a parental refusal to consent is overridden, unless:

a) An extension is mutually agreed to by the parent and the CSE or CPSE for transfer students or students suspected of having learning disabilities; or

b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student will be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental, and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP.

As part of any evaluation, a group that includes the CSE or CPSE and other qualified professionals, as appropriate, will review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers. In addition, the group will consider information about the student's physical condition, social or cultural background, and adaptive behavior.

On the basis of that review, and input from the student's parents, the group will identify what additional data, if any, are needed to determine a variety of factors including, if the student has or continues to have a disability, present levels of academic achievement and developmental needs of the student.

The District must notify the parents if additional data is not needed, and the reasons for that determination as well as their right to request an assessment to determine whether, the student continues to be a student with a disability. The District is not required to conduct the assessment unless requested to do so by the student's parents.

(Continued)

SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION (Cont'd.)

The determination that a student has a learning disability will be made in accordance with the procedures outlined in Commissioner's regulations.

Individual Re-evaluations

The CSE or CPSE will arrange for an appropriate re-evaluation of each student with a disability:

a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;

b) If the student's parent or teacher request a re-evaluation;

c) At least once every three years, unless the District and the parent or person in parental relation agree in writing that the re-evaluation is unnecessary.

A re-evaluation will not be conducted more frequently than once a year unless the parent and the District representative appointed to the CSE or CPSE agree otherwise.

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation will be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District will encourage the consolidation of re-evaluation meetings for the student and other CSE or CPSE meetings for the student.

Amendments to the IEP

Amendments to the IEP made after the annual review by the CSE or CPSE may be made by reconvening the CSE or CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that there is a request for, and agreement to, the amendment by the parent(s) and the District provides the parent(s) a written proposal to amend the IEP conveyed in language understandable to the parent(s) in their native language or other dominant mode of communication, informs and allows the parent(s) the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parent(s) agree in writing to the amendments.

(Continued)

SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION (Cont'd.)

If the parent(s) agree to amend the IEP without a meeting, they must be provided prior written notice of the changes to the IEP and the CSE or CPSE must be notified of the changes. If the changes are made by rewriting the entire IEP, the District will provide the parents or persons in parental relation a copy of the rewritten IEP. If the amendment is made without rewriting the entire document, the District will provide a copy of the document that amends the IEP or, upon request, a revised copy of the entire IEP with the amendments incorporated.

Use of Recording Equipment at IEP Meetings

The Board will allow recording equipment to be used at meetings regarding IEPs for students with disabilities.

Provision of Individualized Education Program

The Superintendent or designee(s) will establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider, and/or other service provider who is responsible for the implementation of a student's IEP is provided with either a paper copy of the IEP or is able to access a student's IEP electronically (including amendments to the IEP) prior to the implementation of the program. The individuals responsible for implementing a student's IEP will be notified and trained on how to access the IEP electronically. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES), or school where the student receives or will receive IEP services. Further, the District will designate at least one school official who will be responsible for maintaining a record of the personnel who have received IEP copies for each student.

Any copy of a student's IEP will remain confidential in accordance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records, and will not be disclosed to any other person other than the parent of the student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of this information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when those professionals are no longer responsible for implementing a student's IEP.

The Chairperson of the CSE, CSE subcommittee, or CPSE will designate for each student one or, as appropriate, more than one professional employee of the District with knowledge of the student's disability and education program who will be responsible to, prior to the implementation of the IEP, inform each teacher, provider, or school personnel of his or her responsibility to implement the recommendations on a student's IEP. Relevant school personnel will have ongoing access to a copy of the student's IEP.

(Continued)

SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION (Cont'd.)

SUBJECT: TRANSITION SERVICES

Transition services means a coordinated set of activities for a student with a disability, designed within a results-oriented process that is focused on improving the academic and functional achievement of this student to facilitate movement from school to post-school activities. Post-school activities include, but are not limited to, post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities must be based on the student's strengths, preferences, and interests, and will include needed activities in the following areas:

a) Instruction;

b) Related services (the term "related services" does not include a medical device that is surgically implanted, the optimization of the device's functioning (e.g., mapping), maintenance of, or the replacement of such device);

c) Community experiences;

d) The development of employment and other post-school adult living objectives; and

e) When appropriate, acquisition of daily living skills and provision of a functional vocational evaluation.

Beginning not later than the first individualized education program (IEP) to be in effect when the student is age 15 (and at a younger age, if determined appropriate), and updated annually, the student's IEP must include:

a) A statement of the student's needs taking into account the student's strengths, preferences and interests as they relate to transition from school to post-school activities;

b) Appropriate measurable post-secondary goals based upon age appropriate transition assessments relating to training, education, employment and, where appropriate, independent living skills;

c) A statement of transition service needs that focuses on the student's courses of study, such as participation in advanced-placement courses or a vocational educational program;

d) Needed activities to facilitate the student's movement from school to post-school activities, including instruction, related services, community experiences, the development of employment and other post-school adult living objectives and, when appropriate, acquisition of daily living skills and functional vocational evaluation; and

e) A statement of the responsibilities of the District and participating agencies, when applicable, for the provision of such services and activities, before the student leaves the school setting, that promote movement from school to post-school opportunities.

(Continued)

SUBJECT: TRANSITION SERVICES (Cont'd.)

When developing transition goals and services, the District will discuss with the student's parents:

a) Graduation requirements;

b) The student's progress toward receiving a diploma; and

c) The appeal, safety net, and Superintendent determination pathway options that may be available.

At the CSE meeting where the District discusses transition services with parents, it will provide written information explaining the graduation requirements, including eligibility criteria and processes for seeking an appeal and for requesting a local diploma through the Superintendent's determination pathway. The District will also inform parents that graduating with a local or Regents diploma terminates their child's entitlement to a free public education and special education services.

The District must invite a student with a disability to attend the student's CSE meeting if a purpose of the meeting will be the consideration of the post-secondary goals for the student and the transition services needed to assist the student in reaching those goals. If the student does not attend the CSE meeting, the District must take other steps to ensure that the student's preference and interests are considered. To the extent appropriate, with the consent of the parent or a student who has reached the age of majority, the District must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

Graduation/Aging Out

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his or her post-secondary goals.

Before a student's graduation from high school with a Skills and Achievement (SA) Commencement Credential or Career Development and Occupational Studies Commencement Credential (CDOS), parents must receive prior written notice indicating that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns 21 or until receipt of a regular high school diploma.

SUBJECT: EXTENDED SCHOOL YEAR SERVICES AND/OR PROGRAMS

The District will provide, directly or by contract, special services, or programs during July and August (i.e., extended school year) to those students who require a structured learning environment for 12 months in order to prevent substantial regression as determined by the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE).

Substantial regression would be indicated by a student's inability to maintain developmental levels due to a loss of skill, set of skill competencies, or knowledge during the months of July and August. Students, including preschool students, must be considered for 12-month special services and/or programs to prevent substantial regression in accordance with Commissioner's regulations.

For students eligible for 12-month services and/or programs, the student's Individualized Education Program (IEP) will indicate the identity of the service provider during July and August, and, for preschool students determined by the CPSE to require a 12-month structured learning environment to prevent substantial regression. The IEP will also include a statement of the reasons for that recommendation, the projected date of the review of the student's need for these services, and the recommended placement.

Any District plan to operate a July/August program must be approved by the State Education Department in accordance with applicable laws, regulations, procedures, and/or guidelines.

SUBJECT: TRANSFER STUDENTS WITH DISABILITIES

To facilitate the transition of students with disabilities transferring into or out of the District the District will:

a) As the district of origin, take reasonable steps to promptly respond to all requests from the new school district.

b) As the new school district take reasonable steps to promptly obtain the student's records from the previous school, including the Individualized Education Program (IEP), supporting documents and any other records relating to the provision of special education services.

c) Provide to a student with a disability who transfers school districts within the same school year a free appropriate education including services comparable to those described in the student's previous IEP.

1. For transfers within New York State, the previously held IEP will be followed in consultation with the parents until the District adopts the previously held IEP or develops, adopts, and implements a new IEP consistent with federal and state law and regulation.

2. For transfers from outside New York State, in consultation with the parents the previously held IEP will be followed until the District conducts an evaluation and, if appropriate, develops a new IEP consistent with federal and state law and regulation.

SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES (CHILD FIND)

The District will locate, identify, and evaluate all students with disabilities who reside within its boundaries, including homeless children, children who are wards of the state, home-schooled children, and children attending private schools or charter schools. Further, it is the policy of the Board to conduct a census in order to locate and identify all children with disabilities within the District under the age of 21, including those children as described above, and to establish a register of those students entitled to attend school or receive preschool services.

The Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) will maintain and annually revise the register of these students and others referred to the committee as possibly having a disability, as appropriate. In addition, census data will be reported by October 1 to the CSE or CPSE as appropriate.

The District understands that its Child Find obligations have been expanded to include notification to every parent or person in parental relation, upon enrollment of their child in the District, of their rights regarding referral and evaluation for the purposes of special education services or programs in accordance with applicable federal and state laws. The notification will contain the name and contact information for the chairperson of the District's CSE or other individual who is charged with processing referrals to the committee in the District. The District may, in its discretion, provide notice by directing parents or persons in parental relation to obtain information located on the State Education Department's website relating to a parent's guide to special education in New York State for children ages three through 21.

Any student suspected of having a disability should be referred to the applicable CSE or CPSE for evaluation and possible identification as a student with a disability.

Nonpublic School Students with Disabilities Who Are Parentally Placed

If the District boundaries encompass a nonpublic school, the District, as the district of location, must develop and implement methods to identify, locate, and ensure the identification and evaluation of students with disabilities who have been, or are going to be, parentally placed in the nonpublic school.

The child find activities must be similar to those for students with disabilities in public schools and must be completed in a time period comparable to that for other students attending public schools in the District.

As the district of location, the District must also consult with the appropriate representatives of the nonpublic schools and parents of parentally placed nonpublic school students to determine an accurate count of students with disabilities attending those schools and receiving special education services.

(Continued)

SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES (CHILD FIND) (Cont'd.)

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, special act school districts, state-supported or state-operated schools; or to charter schools.

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES

The Board recognizes the rights of the parent or guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation, and educational placement of a child with a disability. The District will observe all due process procedures for parents or guardians and children set forth in the Commissioner's regulations.

Definition of Parent

Parent means a birth or adoptive parent, a legally appointed guardian generally authorized to act as the child's parent or authorized to make educational decisions for the child, a person in parental relation to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation by General Obligations Law Title 15-A including a designated individual who is acting in the place of a birth or adoptive parent, or a surrogate parent who has been appointed in accordance with Section 200.5(n) of Commissioner's regulations.

A foster parent may act as a parent unless state law, regulations, or contractual obligations with a state or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

Surrogate Parents

In the event that no parent or guardian for a child with a disability can be identified, or after reasonable efforts the whereabouts of the parent or guardian cannot be determined, or the student is an unaccompanied homeless youth, or the child with a disability is a ward of the state and does not have a "parent" as defined above, or the rights of the parent to make educational decisions have been subrogated in accordance with state law, the Board will assign an individual from a list of willing and eligible persons to act as a surrogate for the parents or guardians. Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

The person selected as a surrogate will have no interest that conflicts with the interest of the child he or she represents, and will have knowledge and skills that ensure adequate representation of the child.

Prior Written Notice (Notice of Recommendation)

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education (FAPE) to the student and in certain other circumstances as set forth in relevant law and Commissioner's regulations.

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's regulations.

A parent may elect to receive prior written notice and other required notifications by email if the District makes this option available.

Parent Participation in Meetings

The District must take steps to ensure that one or both of the parents of a child with a disability are present at each Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) meeting or are afforded the opportunity to participate in a mutually agreed upon time and place. The CSE or CPSE must also document its attempts to involve parents in the child's meeting and recommended educational program. A meeting may be conducted without a parent in attendance if the parents are unwilling to attend.

Additionally, the District will ensure the parent understands the proceedings of any meeting for their child including arranging for an interpreter as appropriate.

Parental Consent

A parent of a special education student or a student suspected of having a disability must provide informed consent before the District can take certain actions, including, but not limited to, evaluations, initial provision of services, and to access public benefits or insurance. The District will make reasonable efforts to obtain written informed consent and will maintain a detailed record of its attempts and the results of those attempts.

Parents with custodial rights—whether sole or joint—may exercise decision-making authority with respect to the student's education. Absent a court order or custody agreement to the contrary, a non-custodial parent may not control educational decisions for the student, though he or she may participate in the child's education.

Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

Consent for a Ward of the State

A ward of the state means a child or youth under the age of 21 who:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

a) Has been placed or remanded in accordance with Social Services Law or the Family Court Act or freed for adoption in accordance with Social Services Law; or

b) Is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or

c) Is a destitute child under Social Services Law.

In the event that a child is a ward of the state, the District will make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child has a disability.

The District is not required to obtain informed consent if:

a) Despite reasonable efforts to do so, the District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or

b) The rights of the parents have been terminated in accordance with state law; or

c) The rights of the parent to make educational decisions have been subrogated by a judge.

Consent for a Student Who is Home Instructed or Parentally Placed in a Private School at the Parent's Expense

If a parent of a student who is home instructed or placed in a private school by their parents at their own expense does not provide consent for an initial evaluation or reevaluation, or the parent fails to respond to a request to provide consent, the District will not continue to pursue those evaluations by using due process procedures and it is not required to consider the student as eligible for special education services.

Parental Revocation of Consent

Parental revocation of consent for continued provision of special education and related services must be in writing. When the parent revokes his or her consent, the District still must provide the parent with the usual written notice of its intentions with respect to the child.

If the parent of a student with a disability revokes his or her consent in writing for the continued provision of special education and related services to the student at any time subsequent to the initial provision of special education and related services, the District:

(Continued)

SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)

a) Will not continue to provide special education and related services to the student, but must provide prior written notice to the parent before ceasing the provisions of special education and related services;

b) Will not use due process procedures (i.e., mediation, resolution meeting, and/or impartial due process hearing) in order to obtain agreement or a ruling that the services may be provided to the student without parental consent;

c) Will not be considered to be in violation of the requirement to make a FAPE available to the student because of the failure to provide the student with further special education and related services following revocation of consent;

d) Is not required to convene a meeting of the CSE or develop an IEP for the student for further provision of special education programs and related services upon receipt of written revocation of consent; and

e) Is not required to amend the student's education records to remove any references to the student's receipt of special education programs and services because of the revocation of consent.

Procedural Safeguards Notice

The District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also upon:

a) Initial referral or parental request for evaluation;

b) The first filing of a due process complaint notice to request mediation or an impartial due process hearing;

c) Request by a parent;

d) A decision to impose a suspension or removal that constitutes a disciplinary change in placement; and

e) First receipt of a state complaint.

SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT OF IMPARTIAL HEARING OFFICERS

Due Process Complaints

The District is committed to making every effort to amicably resolve disputes regarding educational programs for students with disabilities. In the event these disputes cannot otherwise be resolved, either a parent or the District may file a due process complaint challenging the identification, evaluation, or educational placement of a student with a disability, or a student suspected of having a disability, or the provision of a free appropriate public education to the student. The complainant may not have an impartial due process hearing until the complainant, or the attorney representing the complainant, files a due process complaint notice that meets the requirements set forth in law for the notice. All due process hearings will be conducted in a manner consistent with the timelines and procedures set forth in law and regulation.

Except as otherwise provided by law, all requests for impartial due process hearings must be submitted within two years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. Upon receipt or filing of the due process complaint notice, the District will provide the most current version of the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and any free or low-cost legal and other relevant services available in the area.

An impartial due process hearing will be conducted at a time and location reasonable and convenient to the parent and student involved. The hearing will be closed to the public unless the parent requests otherwise.

A student whose education is the subject of a due process complaint will remain in his or her current placement during the pendency of the impartial due process hearing unless both parties agree or as otherwise permitted by law.

Resolution Process

Prior to the opportunity for an impartial due process hearing, the District will convene a meeting with the parents and the relevant member or members of the Committee on Special Education or Committee on Preschool Special Education who have specific knowledge of the facts identified in the complaint. This meeting will provide the parents with an opportunity to discuss their complaint and the facts that form the basis of the complaint, and an opportunity to resolve the complaint with the District. The District will take steps to ensure that one or both of the parents of the student with a disability are present at the resolution meeting, and will notify parents of the meeting early enough to ensure that they have the opportunity to attend. The resolution meeting will be at a mutually agreed upon time and place, and in a location that is accessible to the parents. The District will ensure that all resolution meetings conform to the requirements set forth in the Commissioner's regulations.

(Continued)

SUBJECT: DUE PROCESS COMPLAINTS: SELECTION AND BOARD APPOINTMENT OF IMPARTIAL HEARING OFFICERS (Cont'd.)

The parents and the District may agree, in writing, however, to waive the resolution process or agree to use the mediation process to resolve the dispute.

Selection and Board Appointment of Impartial Hearing Officers

In the event a due process complaint notice is properly filed, the Board will arrange for an impartial due process hearing to be conducted. In these instances, the Board will immediately, but not later than two business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent, initiate the process to select an Impartial Hearing Officer (IHO) through a rotational selection process. To expedite this process, the Board may designate one or more of its members to appoint the IHO on its behalf.

The District will utilize the New York State Education Department's (SED) Impartial Hearing Reporting System to access the alphabetical list of the names of each IHO certified in New York State and available to serve in the District. The appointment of an IHO will be made only from this list and in accordance with the alphabetical rotation selection process and the timelines and procedures established by the Commissioner of Education. The District will record and report required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by SED.

The District will be responsible for compensating the IHO for prehearing, hearing, and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The District will also reimburse the IHO for certain travel and other hearing-related expenses in accordance with an annually determined schedule.

SUBJECT: INDEPENDENT EVALUATIONS

At the time of Committee on Special Education (CSE) initial or reevaluation, the Office of Special Services will inform parents regarding their right to an independent evaluation by providing them with a copy of the Due Process Notice. When they disagree with the evaluation conducted by the CSE, parents may request an independent evaluation at the District's expense. The names, addresses and telephone numbers of appropriate public and private agencies and other professional resources where independent educational evaluations may be obtained will be provided upon request.

The School District may ask for the parent's reason why he or she objects to the public evaluation. The School District has a right to initiate an impartial hearing to demonstrate that its evaluation is appropriate or that the evaluation obtained by the parent does not meet the School District criteria. If a hearing officer determines that the district's evaluation was appropriate or the evaluation obtained by the parent did not meet School District criteria, the parent is not entitled to reimbursement at the District's expense.

Any independent evaluation whether paid for by the parent or by the School District, will be reviewed by the CSE and taken into consideration in its final placement determination.

If parents intend to seek funding for the cost of the evaluation they must adhere to the following criteria:

a) The parent must request a copy of the Board policy prior to seeking an evaluation and reimbursement from the Special Education Office;

b) The qualifications of the evaluator and the location of the evaluation shall be the same as the criteria which the District uses when it initiates an evaluation;

c) Psychologists must be licensed by the State of New York as clinical psychologists or certified as school psychologists. If certified as a school psychologist, the evaluator must conduct the evaluation in a school setting;

d) Other evaluators should be appropriately certified in the area of their specialty by the State Education Department, must have experience in the area of their specialty and must have experience with students of a similar age;

e) The evaluation must take place within the boundaries of Nassau or Suffolk counties;

f) The tests performed must be norm referenced for individual evaluation appropriate for the age and educational level of the student, and measure the same cognitive, motor, and affective skills as District tests;

SUBJECT: SPECIAL EDUCATION MEDIATION

The District will offer mediation to resolve disputes involving any matter for which an impartial due process hearing may be brought, including those that occurred prior to filing a due process complaint notice.

Mediation will be conducted by mediators furnished by a Community Dispute Resolution Center who are not employees of any school district or state agency that is involved in the education or care of the student who is the subject of the mediation process. Mediators may not have a personal or professional interest which would conflict with their objectivity in the mediation process and should be knowledgeable in laws and regulations relating to the provision of special education services.

Parents or persons in parental relation to students suspected of or having disabilities will receive written notice of the availability of the mediation program each time they receive notice of their entitlement to the impartial due process hearing procedures in accordance with federal and state law and regulations. If the parent and District agree, alternative means of meeting participation may be utilized, such as video conferences and conference calls.

Discussions during the mediation process must be kept confidential and may not be used as evidence in any subsequent due process hearing or civil proceedings.

If resolution to the complaint is reached through mediation, the parent and the representative of the District who has the authority to bind the District will execute a legally binding written agreement specifying the resolution. If the written agreement is inconsistent with the student's current individualized education program (IEP), the IEP must be immediately amended to reflect the mediation agreement.

The mediation process is voluntary and will not diminish or limit any rights provided for in law, including the right of the parent or person in parental relation to request an impartial due process hearing subsequent to mediation.

SUBJECT: CURRICULUM DEVELOPMENT, RESOURCES, AND EVALUATION

The Board supports and encourages development of a District-wide, articulated curriculum that conforms to state mandates and is responsive to the needs of children in a rapidly changing society. In order to help our students achieve success, the District will ensure that all curriculum is aligned with New York State learning standards and that approved curriculum is taught in every classroom.

The building principals will be responsible to the Superintendent for developing District-wide efforts toward the short and long-range improvement of curriculum and instruction.

Curriculum Resources

There are many resources for curriculum development that exist in our District, and the instructional staff, under the guidance of the administration, is expected to consider those resources for possible improvement of the instructional program. Each teacher has the privilege of being an initiator of improvement, as well as a reactor to changing conditions, and the principals will be involved in curriculum development.

The Superintendent may appoint staff members to curriculum study committees and their findings, as well as the collective judgments of the staff about possible changes, will be submitted by the Superintendent to the Board for consideration in the forming of curriculum policy.

Curriculum Evaluation

The Board will direct a continuing evaluation of the curriculum as part of a program of instructional improvement. All aspects of the curriculum will be subjected to a searching and critical analysis in an attempt to improve the learning and growth of students.

The administrative staff will evaluate the curriculum in a systematic manner involving school personnel and others as appropriate and make periodic recommendations for action by the Board. The Board may invite teachers or others to discuss the curriculum.

<u>Evaluation of the Instructional Program</u>

The Board expects staff members to maintain a continual program of evaluation at every level to determine the extent of progress toward the schools' objectives. The Board will periodically request the Superintendent to present factual information that it considers necessary to evaluate the effectiveness of the District.

Education Law §§ 1604, 1709, 2503, and 3204
8 NYCRR § 100.2(m)

Adoption Date: 5/9/23

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES

Overview

The District is committed to creating and maintaining an environment which is free from discrimination and harassment. This policy addresses the provision of equal educational opportunities to students. It is just one component of the District's overall commitment to maintaining a discrimination and harassment-free educational and work environment.

Consistent with this commitment and in accordance with law and regulation, the District provides equal opportunity for students and does not discriminate against any student enrolled in (or any candidate for admission to) its programs and activities on the basis of any legally protected class or category including, but not limited to: race; color; religion; disability; national origin; sexual orientation; gender identity or expression; military status; sex; age; marital status; pregnancy; parental status; weight; ethnic group; or religious practice. Further, the District provides equal access to its facilities to any group officially affiliated with the Boy Scouts of America or any other youth group listed in Title 36 (as a patriotic society).

The District adopts this policy as part of its effort to provide for the prompt and equitable resolution of complaints of discrimination. The District will promptly respond to reports of discrimination, ensure that all investigations are conducted within a reasonably prompt time frame and under a predictable fair grievance process that provides due process protections, and impose disciplinary measures and implement remedies when warranted.

Inquiries about this policy may be directed to the District's Civil Rights Compliance Officer(s) (CRCO(s)).

Educational Services for Married/Pregnant Students

The opportunity to participate in all of the programs and activities of the District will not be restricted or denied because of pregnancy, parenthood, or marriage. Pregnant students will be encouraged to remain and participate in District programs. The forms of instruction provided to these students may include any or all of the following:

a) Remain in school with provisions for special instruction, scheduling, and counseling as needed;

b) Receive home instruction;

c) Attend BOCES programs.

The Superintendent or designee, in consultation with student services staff, the school physician, and the student's personal physician, may make program modifications which are feasible and necessary to accommodate the special needs of these students.

(Continued)

SUBJECT: EQUAL EDUCATIONAL OPPORTUNITIES (Cont'd.)

Reporting Allegations of Discrimination

In order for the District to enforce this policy, and to take corrective action as warranted, it is essential that students who believe that they have been a victim of discrimination, as well as any other person who has knowledge of or witnesses any possible discrimination, immediately report the alleged conduct or incident. Reports of discrimination may be made orally or in writing to any District employee including, but not limited to, a teacher, building principal, or CRCO.

All District employees who witness or receive an oral or written report of discrimination must immediately inform the CRCO. Failure to immediately inform the CRCO may subject the employee to discipline up to and including termination. If the CRCO is unavailable, including due to a conflict of interest or other disqualifying reason, the report will be directed to another CRCO, if the District has designated another individual to serve in that capacity. If the District has not designated another CRCO, the Superintendent will ensure that another person with the appropriate training and qualifications is appointed to act as the CRCO.

Additionally, District employees must comply with reporting requirements in any other applicable District policy or document. Applicable policies or documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*.

Grievance Process for Complaints of Discrimination

The District will act to promptly, thoroughly, and equitably investigate all complaints, whether oral or written, of discrimination and will promptly take appropriate action to protect students from further discrimination.

Various District policies and documents address discrimination. These policies and documents may include: Policy #3420 -- Non-Discrimination and Anti-Harassment in the District; Policy #3421 -- Title IX and Sex Discrimination; Policy #7550 -- Dignity for All Students; and the District's *Code of Conduct*. All complaints will be handled in accordance with the applicable District policies and/or documents.

Acquired Immune Deficiency Syndrome (AIDS) Instruction in Health Education

As part of its health education program, the District will provide appropriate instruction for all students concerning Acquired Immune Deficiency Syndrome (AIDS). Accurate information concerning the nature of the disease, methods of transmission, and means of prevention will be provided in an age-appropriate manner, will be consistent with community values, and will stress that abstinence is the most appropriate and effective premarital protection against AIDS.

A representative community advisory group consisting of appropriate school personnel, Board members, parents, religious representatives, and other community members will be established in order to make recommendations for curriculum content, implementation, and evaluation of an AIDS instructional program. The Board will determine the content of the curriculum, approve its implementation, and be responsible for the evaluation of the District's AIDS instruction program.

Appropriate training will be provided for instructional staff. Instructional materials will be provided to parents who request these materials.

No student will be required to receive instruction concerning the methods of AIDS prevention if their parent or legal guardian files with the principal a written request that the student not participate in this instruction, with an assurance that the student will receive this instruction at home.

AIDS instruction in the elementary grades will be taught by the regular classroom teachers, while this instruction in the middle and high school grades will be a part of the required health education curriculum.

Hands-Only Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillator (AED) Instruction

High school students will be provided instruction in hands-only CPR and the use of an AED as part of the District's health education program. Standards for this instruction will be based on a nationally recognized instructional program that utilizes the most current guidelines for cardiopulmonary resuscitation and emergency cardiovascular care issued by the American Heart Association or a substantially equivalent organization, that are consistent with the requirements of the programs adopted by the American Heart Association or the American Red Cross, and that will incorporate instruction designed to:

a) Recognize the signs of a possible cardiac arrest and to call 911;

(Continued)

SUBJECT: SAFETY CONDITIONS AND PREVENTION INSTRUCTION (Cont'd.)

b) Provide an opportunity to demonstrate the psychomotor skills necessary to perform hands-only compression cardiopulmonary resuscitation; and

c) Provide awareness in the use of an AED.

A student with a disability may be exempted from the requirement for instruction in hands-only CPR and the use of AEDs if the student's individualized education program (IEP) or accommodation plan developed pursuant to Section 504 of the Rehabilitation Act of 1973 states that the student is physically or cognitively unable to perform the tasks included in the instruction.

This instruction will be given to all students for a period of at least 45 minutes during each month that school is in session.

Safety and Accident Prevention in the Schools

Instruction in courses in technology education, science, home and career skills, health and safety, physical education, and art will include and emphasize safety and accident prevention.

Safety instruction will precede the use of materials and equipment by students in relevant courses. Instructors will teach and enforce all safety procedures relating to the particular courses, including wearing protective eye devices during appropriate activities.

Eye Safety

The Superintendent or designee will ensure that eye safety devices are distributed as necessary and that they are properly repaired, cleaned, and stored to prevent the spread of germs or diseases after use. Each classroom teacher is responsible for the safe and proper use of all instructional materials and equipment by students in their classroom.

The Commissioner of Education will provide technical assistance to assist in developing curricula for these courses of study which must be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness skills, information, self-confidence, and support to aid in the prevention of child abduction.

For purposes of developing these courses of study, the Board may establish local advisory councils or utilize the school-based shared decision making and planning committee established under the Commissioner's regulations to make recommendations concerning the content and implementation of these courses. Civility, Citizenship, and Character Education

By presenting teachers and staff as positive role models, the District stresses positive communication and discourages disrespectful treatment. b) Tolerance;

c) Personal responsibility;

d) Respect for others;

e) Awareness and sensitivity to discrimination and/or harassment as defined in the Dignity for All Students Act;

f) Civility in relation to people of different races, weights, national origins, ethnic groups, religions, religious practices, physical or mental abilities, sexual orientations, genders or sexes;

SUBJECT: ANIMALS IN THE SCHOOL (INSTRUCTIONAL PURPOSES)

Observation and experimentation with living organisms and animals gives students unique perspectives of life processes. Animals and animal materials should be used respectfully and for the purpose of meeting course objectives.

The Board, in recognizing the educational uses of animals in the classroom, requires that permission be obtained from the building principal before animals are brought into the school or classrooms. It is the principal's responsibility to ensure that there is an appropriate educational purpose if any animal is housed in a classroom. Animals are not to be transported on school buses with the exception of service animals.

Study and Care of Live Animals

It will be the responsibility of the principal or designee to develop a plan of care for those animals housed in school in the event of an emergency school closing or in the event the animals remain in the classroom on days when school is not in session.

Dissection of Animals

Any student expressing a moral or religious objection to the performance or witnessing of the dissection of an animal, either wholly or in part, will be provided the opportunity to undertake and complete an alternative project approved by the student's teacher; provided, however, that this objection is substantiated in writing by the student's parent or legal guardian. An alternate activity clearly related to and of comparable rigor will be assigned in lieu of laboratory dissection. Some examples of alternate activities include the use of computer simulations or research. Students who perform alternative projects will not be penalized.

The District will give reasonable notice to all students enrolled in a course that includes the dissection of an animal and students' parent(s) or legal guardian(s) about their rights to seek an alternate project to dissection. This notice will be made available upon request at the school and distributed to parents and students enrolled in a course that includes dissection at least once at the beginning of the school year.

Instruction in the Humane Treatment of Animals

Students in elementary school must receive instruction in the humane treatment and protection of animals and the importance of the part they play in the economy of nature as well as the necessity of controlling the proliferation of animals that are subsequently abandoned and caused to suffer extreme cruelty. This instruction will be for a period of time as specified by the Board of Regents and may be joined with work in literature, reading, language, nature study, or ethnology.

h) Develop appropriate roles for community-based organizations and businesses in parent and family member engagement activities.

In carrying out the parent and family member engagement requirements, the District and its schools, to the extent practicable, will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language they understand.

Procedures for Filing Complaints/Appeals

The District will disseminate free of charge to parents and family members of children in Title I programs, and to appropriate private school officials or representatives, adequate information regarding the District's written complaint procedures for resolving Title I issues.

Comparability of Services

The District will ensure equivalence among its schools of the same grade span and levels of instruction with regard to teachers, administrators, and auxiliary personnel, as well as equivalence in providing curriculum materials and instructional supplies in Title I programs.

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING

In compliance with the Children's Internet Protection Act (CIPA) and regulations of the Federal Communications Commission (FCC), the District will ensure the use of technology protection measures (i.e., filtering or blocking of access to certain material on the Internet) on all District computers with Internet access. These technology protection measures apply to Internet access by both adults and minors with regard to visual depictions that are obscene, pornographic, or, with respect to the use of computers by minors, considered harmful to students. The District will provide for the education of students regarding appropriate online behavior including interacting with other individuals on social networking websites and in chat rooms and regarding cyberbullying awareness and response. Further, appropriate monitoring of online activities of minors, as determined by the building or program supervisor, will also be enforced to ensure the safety of students when accessing the Internet.

Further, the Board's decision to utilize technology protection measures and other safety procedures for staff and students when accessing the Internet fosters the educational mission of the District, including the selection of appropriate instructional materials and activities to enhance the schools' programs and to help ensure the safety of personnel and students while online.

However, no filtering technology can guarantee that staff and students will be prevented from accessing any inappropriate sites. Proper safety procedures, as deemed appropriate by the applicable administrator or program supervisor, will be provided to ensure compliance with the CIPA.

In addition to the use of technology protection measures, the monitoring of online activities and access by minors to inappropriate matter on the Internet may include, but will not be limited to, the following guidelines:

a) Ensuring the presence of a teacher and/or other appropriate District personnel when students are accessing the Internet including, but not limited to, the supervision of minors when using email, chat rooms, instant messaging, and other forms of direct electronic communications. As determined by the appropriate building administrator, the use of email, chat rooms, as well as social networking websites, may be blocked as deemed necessary to ensure the safety of students;

b) Monitoring logs of access in order to keep track of the websites visited by students as a measure to restrict access to materials harmful to minors;

c) In compliance with this Internet Safety Policy as well as the District's Acceptable Use Policy (AUP), unauthorized access, and other unlawful activities by minors are prohibited by the District and student violations of these policies may result in disciplinary action; and

d) Appropriate supervision and notification to minors regarding the prohibition as to unauthorized disclosure, use, and dissemination of personal identification information regarding students.

(Continued)

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)

The determination of what is "inappropriate" for minors will be determined by the District and/or designated school official(s), the definition of which may vary depending on the circumstances of the situation and the age of the students involved in online research.

The terms "minor," "child pornography," "harmful to minors," "obscene," "technology protection measure," "sexual act," and "sexual contact" will be as defined in accordance with CIPA and other applicable laws or regulations.

Under certain specified circumstances, the blocking or filtering technology measure(s) may be disabled for adults engaged in bona fide research or other lawful purposes. The power to disable can only be exercised by an administrator, supervisor, or other person authorized by the District.

The District will provide certification, in accordance with the requirements of CIPA, to document the District's adoption and enforcement of its Internet Safety Policy, including the operation and enforcement of technology protection measures (i.e., blocking or filtering of access to certain material on the Internet) for all District computers with Internet access.

Internet Safety Instruction

In accordance with New York State Education Law, the District may provide to students in grades K through 12 instruction designed to promote the proper and safe use of the Internet. The Commissioner will provide technical assistance in the development of curricula for this course of study which will be age appropriate and developed according to the needs and abilities of students at successive grade levels in order to provide awareness, skills, information, and support to aid in the safe usage of the Internet.

Additionally, students will be educated on appropriate interactions with other individuals on social networking websites and in chat rooms, as well as cyberbullying awareness and response.

Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices

Despite the existence of District policy, regulations, and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access this content or material from their home, other locations off school premises, and/or with a student's own personal technology or electronic device on school grounds or at school events.

The District is not responsible for inappropriate content or material accessed via a student's own personal technology or electronic device or via an unfiltered Internet connection received through a student's own personal technology or electronic device.

(Continued)

SUBJECT: INTERNET SAFETY/INTERNET CONTENT FILTERING (Cont'd.)

Notification/Authorization

The District's AUP will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and student's obligations when accessing the Internet.

The District has provided reasonable public notice and has held at least one public hearing or meeting to address this policy prior to Board adoption. Additional public notice and a hearing or meeting is not necessary if and when amendments are made to this policy.

This policy must be made available to the FCC upon request. Furthermore, appropriate actions will be taken to ensure the ready availability to the public of this policy as well as any other District policies relating to the use of technology.

This policy is required to be retained by the school for at least five years after the funding year in which the policy was relied upon to obtain E-rate funding.

SUBJECT: INSTRUCTION FOR ENGLISH LANGUAGE LEARNERS

The Board recognizes its responsibility to ensure that students of foreign birth or ancestry who are identified as English Language Learners (ELLs) are provided with an appropriate bilingual education or English as a New Language (ENL) program.

The District has developed a comprehensive plan to meet the educational needs of ELLs. The plan will be kept on file in the District and submitted to the Commissioner of Education prior to the start of each school year. The plan includes:

a) The District's philosophy regarding the education of ELLs;

b) The District's administrative practices and procedures to screen, identify, and place ELLs in appropriate programs;

c) The District's plan to provide parents and other persons in parental relation with information about all bilingual education and ENL programs available in the District and notices regarding program placement and the rights of parents or persons in parental relation in the language or mode of communication they best understand;

d) The District's system to annually measure and track the academic progress and English language proficiency of ELLs and use of data to drive instruction;

e) A description of the District's curricular and extracurricular services provided to ELLs;

f) The District's administrative practices to annually evaluate ELLs;

g) The District's procedure to identify support services for ELLs;

h) The District's policies and procedures regarding ELLs who are students with disabilities;

i) The District's procedures to exit ELLs including those students with inconsistent/interrupted formal education;

j) The District's services to support former ELLs.

Additionally, the District will provide professional learning to all teachers, level III teaching assistants, and administrators that specifically addresses the needs of ELLs. For school business leaders, the District will provide professional learning related to the needs of ELLs and the federal, state, and local mandates for ELLs.

The Superintendent will ensure that all data, including plans, assurances, and reports as required by the Commissioner's regulations, is submitted to the State Education Department in a timely manner.

SUBJECT: TEXTBOOKS, LIBRARY MATERIALS, AND OTHER INSTRUCTIONAL MATERIALS

The District's instructional program is enriched and supported by the selection of quality print and non-print instructional materials. Selected instructional materials will align with New York State learning standards, reflect different viewpoints, and meet the varied needs and interests of staff and students.

Definitions

For purposes of this policy, the following definitions apply:

a) "Instructional material" means any print or non-print material with instructional content or an instructional function that is used to facilitate formal or informal learning either in the classroom, library media center, or elsewhere in the District. Examples of instructional materials include, but are not limited to: textbooks; workbooks; hardcover and paperback books; ebooks; online databases; DVDs; streaming videos; sound recordings; magazines; newspapers; pamphlets; pictures; charts; games; kits; maps; models; microforms; slides; specimens; and transparencies.

b) "Library material" means any print or non-print material which is catalogued and processed as part of the library media center for use by students and staff. Examples of library materials include, but are not limited to: hardcover and paperback books; ebooks; online databases; DVDs; streaming videos; sound recordings; magazines; newspapers; pamphlets; pictures; charts; games; kits; maps; models; microforms; slides; specimens; and transparencies.

c) "Textbook" means a text, or a text-substitute, that a student is required to use in a particular class or program of the District. Textbooks include:

1. Books, or book substitutes, including hardcover or paperback books, workbooks, or manuals; and

2. Courseware or other content-based instructional materials in an electronic format.

Overview of Instructional Materials

Textbooks

The Superintendent will work with District administrators and instructional staff to determine what textbooks should be used as part of the District's instructional program. Upon the recommendation of the Superintendent, the Board will designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five years except by a 3/4 vote of the Board.

The District will ensure that students who require alternative formats of instructional materials receive those materials in a format that meets the National Instructional Materials Accessibility Standard (NIMAS) and at the same time as those instructional materials are available to their peers.

SUBJECT: TEXTBOOKS, LIBRARY MATERIALS, AND OTHER INSTRUCTIONAL MATERIALS (Cont'd.)

The District participates in the National Instructional Materials Access Center (NIMAC) which is an online repository of source files in the NIMAS format. Since the District participates in NIMAC, contracts with publishers executed on and after December 3, 2006 for textbooks and other printed core materials must include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

The Board will make provision for funds to be budgeted for the purchase of textbooks. Students may be required to pay for lost or excessively damaged textbooks.

Calculators

The New York State Education Department (NYSED) requires the use of calculators for intermediate and high school level mathematics and science assessments. Students are not required to purchase their own calculators. To the extent that calculators are a necessary part of the instructional program, the District will provide them.

Calculators must be considered a classroom teaching material for which the District is authorized to levy a tax. Even if operating under a contingent budget, the District must purchase and provide calculators if required for participation in an instructional program. Students may be required to pay for lost calculators.

Library Materials

The District will establish and maintain a library media center in each school which will contain library materials. The library media center in each District school will meet the needs of students and staff, and provide an adequate complement to the instructional program in the various areas of the curriculum. The District will employ certified school library media specialists in accordance with specific standards contained in regulation, unless equivalent service is provided by an alternative arrangement approved by the Commissioner.

The Board delegates its authority to designate library materials to be used in the District to the school library media specialist(s). When appropriate, the school library media specialist(s) will work cooperatively with the Superintendent, other District administrators, instructional staff, the Board, students, and/or District community members to identify, order, and organize library materials.

When appropriate, the school library media specialist(s) will utilize shared services such as Boards of Cooperative Educational Services (BOCES) to improve programs and services, build collections, utilize new technologies, and maximize funding.

The Board will make provision for funds to be budgeted for the purchase of library materials. Students may be required to pay for library materials that are lost, excessively damaged, or overdue.

Objectives in the Selection of Instructional Materials

The broad range and varying suitability of all forms of instructional materials which are available for purchase demand careful evaluation before they are selected for use in the District's classrooms and library media centers. In order to select quality print and non-print instructional materials to enrich and support the District's instructional program, the Board endorses and supports the selection of instructional materials that:

a) Align with New York State learning standards;

b) Implement, enrich, and support the District's curriculum and instructional program, taking into consideration the varied interests, abilities, and learning styles of students;

c) Meet the varied needs and interests of staff and students;

d) Present various sides of controversial issues so that students may develop critical thinking and reading skills resulting in the ability to make informed decisions;

e) Offer global perspectives and promote diversity by including materials by authors and illustrators of all cultures -- materials will not be excluded because of the race, nationality, religion, gender, gender expression, sexual orientation, political views, or social views of the author;

f) Provide staff and students with a wide range of up-to-date instructional materials of all levels of difficulty in a variety of physical and digital formats including print and non-print such as electronic and multimedia (including subscription databases and other online products, ebooks, educational games, and other forms of emerging technologies);

g) Afford students the opportunity to explore a diverse range of literature to develop and strengthen a lifelong love of reading.

SUBJECT: INSTRUCTIONAL MATERIALS

Textbooks

The term "textbook" refers to a book supplied to a student for a fixed period of time for his or her personal use and basic to the study of a subject. The Board will make provision for funds to be budgeted for the purchase of textbooks and related instructional materials.

Upon the recommendation of the Superintendent, the Board will designate the textbooks to be used. Textbooks, once designated, cannot be superseded within a period of five years except by a 3/4 vote of the Board.

The District participates in the National Instructional Materials Access Center (NIMAC). The District will be responsible to ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards. Contracts with publishers executed on and after December 3, 2006 for textbooks and other printed core materials must include a provision that requires the publisher to produce NIMAS files and send them to the NIMAC (this will not add any cost to the contract).

Students will be required to pay for lost books or for excessive damage to books.

Textbooks for Resident Students Attending Private Schools

Resident students attending private schools will be supplied non-sectarian textbooks in accordance with the requirements of Education Law. The District may ask for evidence that the selected textbook is used in one or more public school districts in the state. This evidence may include an authenticated list of public school districts using the textbook from the publisher.

Workbooks

The term "workbook" refers to the type of book that provides spaces to write in and is consumed each year. It is usually paper-covered and designed to be used in connection with a textbook. The Board must approve the expenditure of funds for the purchase of workbooks and manuals.

Calculators

The District can require students to provide their own "supplies" such as pencils, pens, paper, etc. Calculators do not fall into this category and must be considered like classroom teaching materials for which the District is authorized to levy a tax. In addition, the District may purchase, and must still provide, calculators even if operating under a contingent budget if the calculators are required for participation in an educational program. The New York State Education Department requires the use of calculators for intermediate and high school level mathematics and science assessments. Students will not be charged for a calculator or otherwise required to purchase one in order to participate in an educational program of the District.

Instructional Computer Hardware

Loan to Students Attending Nonpublic Schools in the District

The District will loan, upon request of an individual or a group of individual students, to all students legally attending nonpublic elementary or secondary schools located in the District, instructional computer hardware in accordance with applicable law and regulations.

Instructional computer hardware will be loaned free of charge, subject to rules and regulations as are or may be prescribed by the Board of Regents and school authorities, and will be required for use as a learning aid in a particular class or program. Instructional computer hardware containing computer software programs which are religious in nature or content will not be purchased or loaned by the District.

The District is not required to loan instructional computer hardware to nonpublic school students in excess of that acquired in accordance with Education Law Section 753 and will be loaned on an equitable basis to children attending nonpublic schools in the District and to students with disabilities residing in the District who attend approved programs. However, the District will not be required to loan instructional computer hardware purchased with local or federal funds or with state funds, other than Instructional Computer Hardware Aid funds.

School authorities will specify a date by which written requests for the purchase and loan of instructional computer hardware must be received by the District. This date will not be earlier than the first day of June of the school year prior to that for which instructional computer hardware is being requested. For a child not attending a nonpublic school prior to June first, the parent or guardian may submit a written request for instructional computer hardware within 30 days after the child is enrolled in the nonpublic school. In no event, however, will a request made later than the times otherwise provided in accordance with Education Law Section 754 be denied where a reasonable explanation is given for the delay in making the request. All nonpublic schools in the District will be notified of the specified date.

The form of request used by a lending District may provide for a guarantee by a parent or guardian for the return of the hardware or, in the case of loss or damage, for payment of its value.

All employees and students are prohibited from copying materials not specifically allowed by the copyright law, fair use guidelines, licenses or contractual agreements, or the permission of the copyright proprietor.

A copyright officer may be appointed by the Superintendent to provide information for all personnel regarding current copyright law and to maintain copyright records. The copyright officer will also serve as the designated agent registered with the U.S. Copyright Office to expeditiously respond to any notices of claimed copyright infringement.

Any person who willfully disregards the copyright policy will be in violation of Federal Copyright Laws and District policy and will assume all liability. Appropriate copyright notices will be placed on or near all equipment used for duplication.

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM

The Board acknowledges the importance of religion to the understanding of society and the richness of the human experience. The District will be guided by three concepts when making decisions about the appropriateness of activities for inclusion in the school program: the activity should have a secular purpose, the activity should neither advance nor inhibit religion, and the activity must not foster an excessive entanglement of government with religion.

Nurturing the development of knowledge and respect for the rights of all cultural and religious groups is a continuing goal of the District. Students, faculty, and administration are reminded of the pluralism of religious beliefs and are urged to be conscious of and respect the sensitivity of others.

Opportunities to learn about cultural and religious traditions should be provided within the framework of the curriculum. Information about religious and cultural holidays and traditions focusing on how and when they are celebrated, their origins, and their histories should be part of this instruction. This educational opportunity should be handled with great care, sensitivity, and respect for the feelings and beliefs of individuals.

An environment should be created and encouraged where students of various ethnic backgrounds feel comfortable in sharing comments about their religious and cultural traditions. No student should be singled out to share or participate in discussions solely on the basis of that student's identification with the cultural or religious heritage being addressed. A student's preference not to share or participate in these discussions should be honored and respected without penalty.

School Activities Related to Religious Holidays or Themes

School activities related to the teaching about religious holidays or themes must be consistent with, and representative of, the District's curriculum.

In planning school activities related to the teaching about religious holidays or themes, special effort must be made to ensure that the activity is not devotional and that students of all faiths can join without feeling they are betraying their own beliefs. Similarly, age appropriate activities are encouraged within the framework of the curriculum. Teaching about religious and cultural holidays may include activities such as parties and special foods, if they reinforce educational goals.

Symbols in the Schools

The purpose of using religious symbols should be to teach about religious concepts and traditions, and to convey historical or cultural content, not to promote or celebrate religious concepts, events, or holidays.

(Continued)

SUBJECT: RELIGIOUS EXPRESSION IN THE INSTRUCTIONAL PROGRAM (Cont'd.)

Music in the Schools

The purpose of using religious music should be to teach musical concepts, to convey historical and cultural content, or to create aesthetic experiences in a setting which emphasizes artistic expression and educational value, not to promote or celebrate a religious faith.

Curriculum Areas in Conflict with Religious Beliefs

Students will be given the option to be excused from participating in those parts of an activity, program, or area of instruction involving a religious theme which conflicts with their own religious beliefs or that of their parents or guardians in accordance with applicable law and regulations. Alternatives may be provided that are of comparable instructional value.

The District will make this policy available in order to ensure community, faculty, student, and parental or guardian awareness.

SUBJECT: HOME INSTRUCTION (HOME SCHOOLING)

The District will attempt to cooperate with parents who wish to provide home instruction for their children. A child who is educated at home should receive an education in a manner consistent with an educational plan and at least substantially equivalent to that given to students of like age and attainments in the local public schools. The required subjects should be taught in a competent, systematic, and sequential manner, specifically in relation to the required courses set forth in Commissioner's regulation Section 100.10.

Primary responsibility for determining compliance with Commissioner's regulations addressing home instruction rests with the Superintendent.

Provision of Services to Home-Instructed Students

Home-instructed students are not awarded a high school diploma. A high school diploma may only be awarded to a student enrolled in a registered secondary school who has completed all program requirements set by the Board of Regents or the District.

a) Extracurricular Participation

District Does Not Allow
Students instructed at home are *not* eligible to participate in interscholastic or intramural sports. Commissioner's regulations mandate that only students enrolled in the public school are allowed to participate in interscholastic or intramural sports. Further, the District *does not* permit home-instructed students to participate in any extracurricular activities.

b) Textbooks and Materials

District Does Not Provide
The District *will not* provide textbooks and other materials to home-instructed students.

c) Health Services

The District is *not required* to furnish health services.

d) Remedial Programs

The District *is not responsible* for providing remedial programs.

e) Career and Technical/Gifted Education

The District is *not authorized* to provide Career and Technical (Occupational) or gifted educational programs to home-instructed students.

f) Special Education Services

Solely for the purpose of Education Law Section 3602-c, home-instructed students with disabilities are deemed to be students enrolled in and attending a nonpublic school, which enables them to receive special education services, as well as to be included for computation of state aid for the education by the District.

The Committee on Special Education will develop an Individualized Education Services Program (IESP) for the student. The IESP will be developed in the same manner and with the same content as an individualized education program. The Board will determine a location where special education services will be provided to a home-instructed student. This location may, but is not required to be, in the student's home.

SUBJECT: FIELD TRIPS

The Board recognizes that field trips are an educationally sound and important ingredient in the instructional program of the schools.

A field trip means any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study and conducted for the purpose of affording a first-hand educational experience not available in the classroom.

Field trips are a part of the curriculum of the schools, and student conduct and attendance on field trips are governed by the same rules as regular classroom activities. The District must obtain written parental or guardian permission for students going on school-sponsored field trips.

The Superintendent will prepare procedures for the operation of a field trip activity. Field trip support will be determined annually by the Board during its budget deliberations. Regardless of the fiscal support for field trips, the rules of the District for approval and conduct of these trips will apply.

The Superintendent or designee may cancel previously approved field trips due to extenuating circumstances.

SUBJECT: FUNDING OF OVERNIGHT STUDENT TRIPS

Each student trip will be carefully examined by the appropriate administrator(s) and placed into one of the three categories listed below. Such placement will be reviewed by the District Office and funded according to the approved category:

a) For trips where selection for attendance is based on high, academic criteria, and where the time spent on the trip is of a demanding, educational nature, or where students are representing the William Floyd School District in competitions for various awards, the Board of Education shall fund the total cost at their discretion. Examples of such trips are: Presidential Classroom, Youth in Government, Distributive Education Club (DECA), Empire State Games, Summer School of the Arts.

b) For trips where selection for attendance is based on a regard for good grades, attendance, conduct and/or school participation, and where the time spent on the trip is primarily for educationally-related activities, the Board of Education shall pay half the cost and students shall pay the remaining half. Examples of such trips are: Paca Washington Trip, Paca French Trip to Montreal or Quebec, Paca Science Trip to Toronto Science Museum.

c) For trips where there is virtually no selection criteria for attendance, and where the time spent on the trip is primarily social in nature, then students shall pay the total cost. This may be partially defrayed through board-approved fundraising activities. Examples of such trips are high school senior trip, Paca Honor Society trip.

This policy applies to overnight trips only, not to day field trips.
