

# Division Showcase

## Infrastructure Technology Commendations

**Completed Master's degree from UTPB  
Earned CCRE and Project+ Certifications**

**Was instrumental in getting us a great deal on transitioning from an on-prem call-manager system to cloud based calling (Webex)**

**Have done an amazing job with the implementation of Intune**

**Have worked diligently on a number of projects this year including UPS installations and**

**Practically no wireless issues during testing**

**The entire Infrastructure team worked diligently to ensure that there were no testing outages this spring.**

**Special Shoutout to the entire Infrastructure team and especially the server admins who were instrumental in resolving the internet outage and surrounding events in December.**
