

PARKING PROCEDURES FOR SBA

Parking permits are available for purchase (\$15). All vehicles parking on campus must have a current parking tag displayed on the vehicle. ***If a student vehicle is found in the parking lot without a current parking tag, student will be required to purchase a tag (\$15) immediately and will be subject to a penalty.***

- Student parking is available in the large lot on Varnavas Drive. There is a “senior lot” by the tennis courts that contains a limited number of spots. These spots are open to all seniors on a first-come; first-serve daily basis.
- Seniors who purchased a reserved spot (through Home & School) are guaranteed that spot during school hours on school days. These spots are not available for general parking.
- Parking in spots designated for faculty, no-parking zones or disregard of SBA parking procedures may result in towing, disciplinary action by school, and/or suspension of parking privilege.
- There will be no loitering in parking lots. All students must leave the parking lots immediately upon arrival or dismissal from school. Students must not return to the parking lot without permission from an administrator.
- All traffic signs and markings must be obeyed at all times. Squealing of tires on campus will be considered careless and reckless driving and will not be tolerated as well as carrying students on top of cars, standing in truck beds or any sort of careless & reckless driving. Traffic flow through the campus must be in single file at all times. Students must follow the directions of the security officer and all school staff in order to retain their on-campus parking privileges.
- SBA is not responsible for lost or stolen articles left in vehicles or for damages to vehicles. Please be careful to keep your car locked.
- Student vehicles are subject to search.
- All students must be currently licensed drivers and covered by insurance.
