

CARDIFF SCHOOLS EDUCATION ASSOCIATION

Enriching our children, schools, and community.

## WHAT IS THE CARDIFF SEA?

We are a community of parent volunteers, teachers, and staff that work together to improve the experience of all children in the Cardiff School District – primarily through fundraising. Each year, the Cardiff Schools Education Association (the *SEA*) funds vital academic programs and helps to build a strong school community through events and family involvement.

## WHY WE FUNDRAISE

The programs our kids love—STEAM, music, PE, Spanish, garden, and more—aren't fully funded by the State. Each year, we work to raise \$120,000 to keep these joyful, enriching experiences going at Cardiff Elementary and Ada Harris School. Just \$1 a day—\$365 per student—would get us all the way there. With your support, our kids get the education and experiences that they deserve.
