Presentation Purpose

- The Parent Survey is given each year for the parents of students in grades K-12.
- The survey addresses progress in meeting our strategic goals as well as Title I and LCAP progress monitoring.
- Staff and student surveys were also administered and will be shared at a subsequent board meeting. Additional parent surveys have been administered due to school closures since.

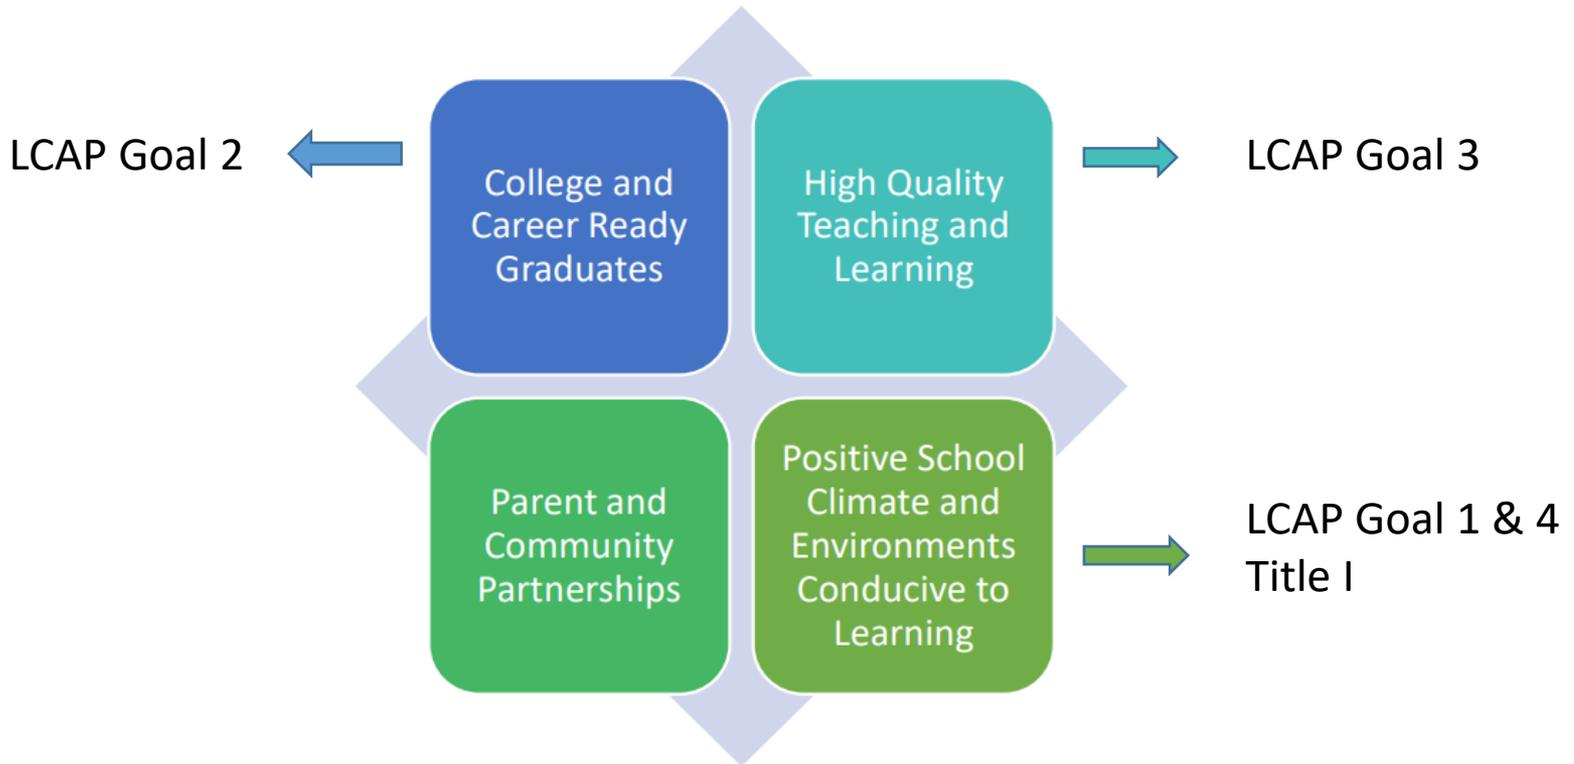

Information

- The Parent survey was administered on-paper through February 21, 2020. The entire survey included 41 questions.
- Survey was administered later in order to include feedback from the Fall LCAP forum. # of questions
- Composites are calculated to summarize responses from multiple related questions
 - A composite offers greater evaluability
 - Reduces dependence of a question
- The entire set of results will be shared with the Board of Education in the next Wednesday report

Highlights

- Across K-12 parents report being partners with their children's school as well as positively engaged.
- Over the last three years parents report over 90% agreement schools are safe and respectful.
- A continued focus on support for GATE students and students with Special Needs.

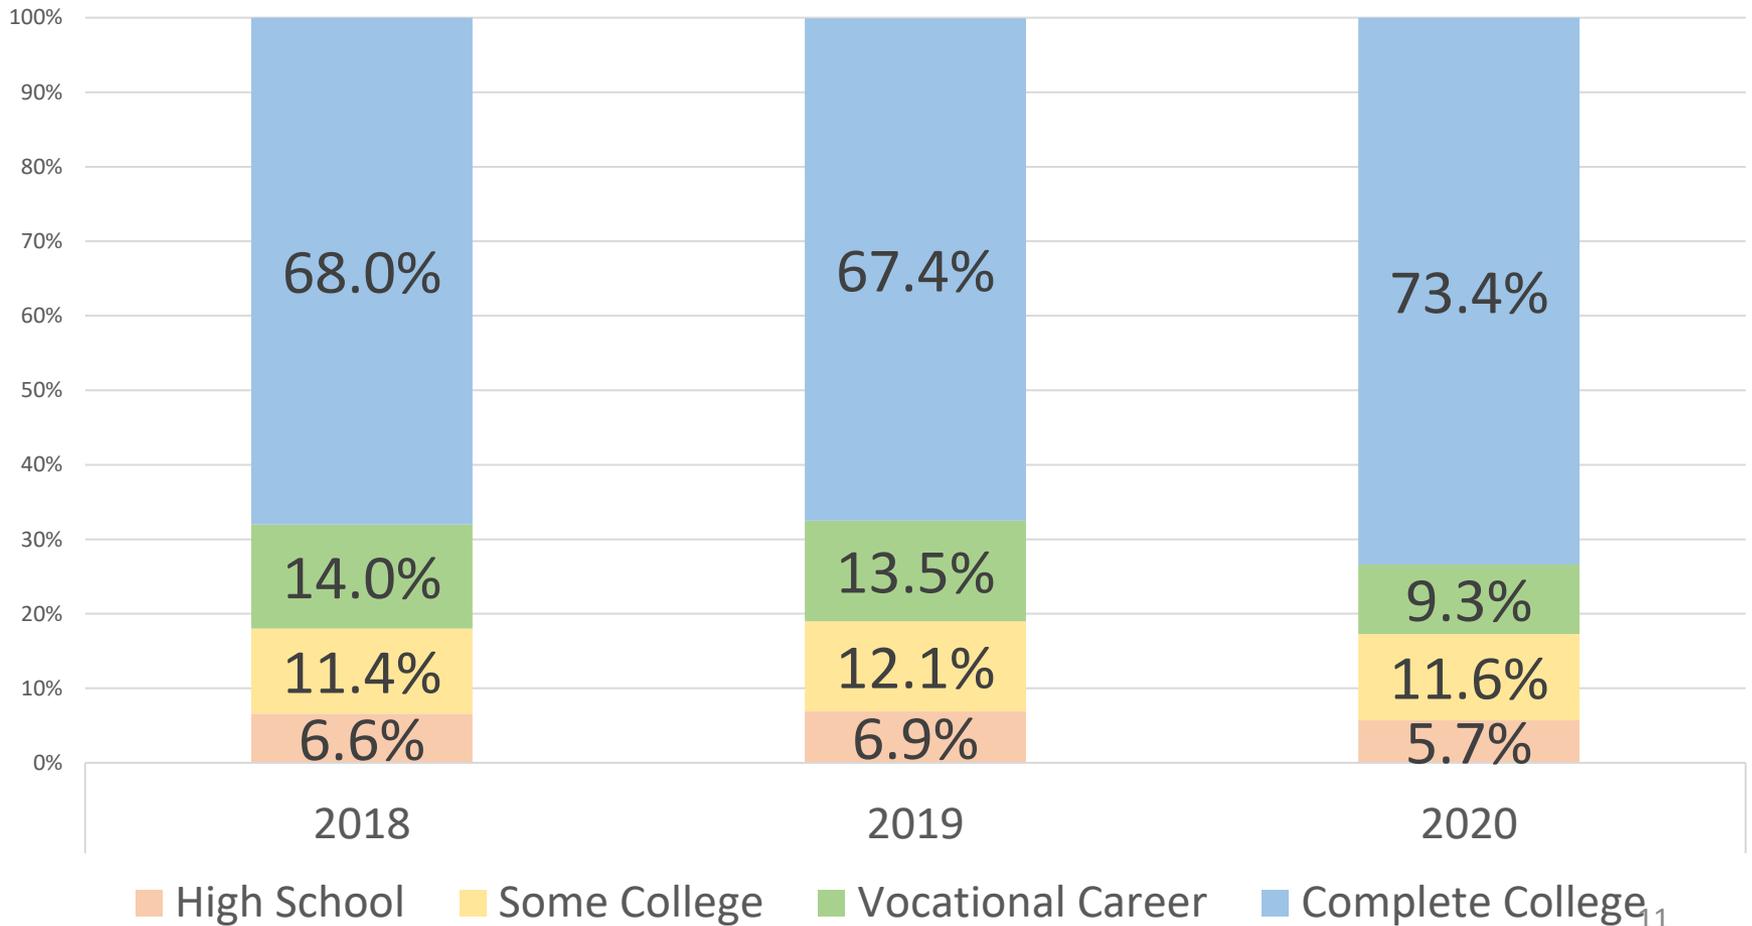

- Supportive **school environments** have a meaningful influence on student outcomes. An extensive amount of **research** has linked a positive **school environment** to higher achievement and attendance rates
- Providing digital skills and tools (apps and internet platforms) to students helps close the digital divide that hinders achievement.
- Parent, family, and community involvement in education correlates with higher academic performance and school improvement.
