## General Information

### Special Education Services

The Shelter Island School District is attempting to locate any students between the ages of 3-21 who may reside within the district boundaries who may require special education services. A student may have a physical, mental, emotional, medical or developmental disability, which would require special education programs or services. If you have any knowledge of a student who may meet these criteria, please contact the Committee on Special Education Chairperson at (631) 749-0302, extension 143.

### Parent Right to Request Teacher Qualifications

In compliance with federal law, we are notifying you that you have the right to know the professional qualifications of the teacher(s) and paraprofessional(s) who instruct your child. Upon your request, the District will provide the following in a timely manner:

- Whether your child's teacher has met NYS qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether your child's teacher is teaching under emergency or other provisional status through which the NYS qualification or licensing criteria have been waived;
- Whether your child's teacher is teaching in the field of discipline of certification of the teacher; and
- Whether your child is provided services by any instructional aides or similar paraprofessionals and, if so, their qualifications.

Our staff is committed to helping your child develop the academic knowledge and critical thinking he or she needs to succeed in school and beyond. That commitment includes making sure that all of our teachers and paraprofessionals meet applicable New York State requirements.

### Directory Information

From time to time, the District may release directory information of students for use in District-generated publications such as; school newspapers, athletic programs, yearbook, District Facebook page and the District website. Directory information may or may not include the following information: name of student, date of birth, dates of attendance, enrollment status, participation in school activities or sports, height and weight of members of athletic teams, photographs and honors or awards. Parents who do not desire release of any of the above directory information must make a specific written request to the Superintendent of Schools on or before September 15th of each school year. Failure to make such a request shall be deemed consent to release, provide or publish the directory information. A Directory Information Opt Out Form is located on the Final Forms website.

The district may disclose students' records without parental consent in certain situations, such as to other school officials who have "legitimate educational interests" and certain other State and Federal officials. School records are subject to inspection by court order or pursuant to any law-issued subpoena, provided that parents and students are notified by the school district in advance of compliance with the court order or the subpoena.

## General Information

### Student Records Privacy Act

Parents and individual students 18 years of age or older have the right to inspect and review any and all official records, files, and data directly related to the student's Education. These records include: cumulative folders, standardized achievement test scores, attendance records, results of standardized intelligence, aptitude and psychological tests, Interest Inventories, health data, family background, teacher or counselor ratings, written observations, and verified reports of serious or recurrent behavior.

Parents and students are entitled to a hearing to challenge the content of such records. This is to ensure that they are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading or otherwise inappropriate data contained therein. Any questions concerning the procedure to be followed in requesting such a hearing should be directed to the Superintendent.

Student records, and any material contained therein which are personally identifiable, are confidential and may not be released or made available to persons other than parents or students without the written consent of such parents or students. There are a number of exceptions to this rule, such as the other school employees and officials and certain State and Federal officials who have a legitimate educational need for access to such records in the course of their employment.

### Release of Information to Military Recruiters

Congress has passed the Elementary and Secondary Education Act, an amendment called the "No Child Left Behind Act of 2001." Pursuant to this act, be advised that "directory information," including names, addresses and telephone numbers are released by the Shelter Island School District to military recruiters upon request. A parent has the right to NOT disclose "directory information" on their child but MUST NOTIFY the Shelter Island School District. A "No Child Left Behind/Military Recruitment Opt Out Form" is located in Final Forms for all Juniors and Seniors to complete in the beginning of each school year. If an Opt Out Request Form is not on file, the school district cannot refuse the military recruiters' requests and they may contact students.

### Civil Rights Compliance Officer

The Shelter Island Union Free School District's Civil Rights Compliance Officers will be responsible for coordinating the District's efforts to comply with and carry out its responsibilities regarding non-discrimination and anti-harassment, including investigations of complaints alleging discrimination, harassment, or the failure of the District to comply with its obligations under relevant non-discrimination and anti-harassment laws and regulations (e.g., the Americans with Disabilities Act, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973).

## General Information

### **Surveillance Cameras**

The District uses surveillance cameras on District property including in school buildings, school facilities, as well as on school buses, when necessary. These surveillance cameras will help to assist in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities. Further, surveillance cameras will only be placed in public or common areas, such as stairwells, hallways, cafeterias, parking lots, or playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

### **Sex Offender Notifications**
