Child Abuse and Child Sexual Abuse Educational Programming

Dear Oakland Elementary Families and Community Members,

At Oakland Elementary, the safety and well-being of every child is our highest priority. As part of our commitment to creating a safe and supportive learning environment, we provide age-appropriate educational programming focused on child abuse and child sexual abuse awareness and prevention.

These programs are designed to help students recognize unsafe situations, understand appropriate boundaries, and know how to seek help from trusted adults. Our curriculum aligns with state requirements and is delivered in a developmentally appropriate manner by our school counselor. We approach this sensitive topic with care and compassion, ensuring that all students feel supported and empowered.
