

6th Grade Honors ELA Course Syllabus

Course Description/Goals:

In 6th Grade Honors ELA, students will learn the basic communication processes of listening, speaking, reading, and writing to promote the enjoyment of literature. This course is differentiated to meet the needs of the district's advanced language arts students through complexity, depth and pacing. Students are expected to think critically, present ideas logically, and use language effectively. This course assists in preparing students for the challenges offered by Advanced Placement, Dual Credit and OnRamps course in high school through sustained habits necessary for success in these advanced courses.

Course TEKS/Objectives:

The 6th Grade ELA TEKS (Texas Essential Knowledge and Skills) embody the interconnected nature of listening, speaking, reading, writing, and thinking through seven integrated strands. These strands include: developing and sustaining foundational language skills; comprehension; response; multiple genres; author's purpose and craft; composition; and inquiry and research. The strands focus on proficiency in oral expression and comprehension, authentic reading, and reflective writing. The strands are recursive, integrated, and progressive with students continuing to develop knowledge and skills with increased complexity in order to think critically and adapt to the ever-evolving nature of language and literacy.
