

Parent Drop Off Information

While we encourage students to ride the school bus, parents do have the option of bringing their child(ren) to school. To allow students to settle in for the day, we ask that all students being brought to school by their parents arrive between 8:10 – 8:25 a.m. This will enable students to have ample time to get organized for the day. Classroom instruction starts and doors close promptly at 8:30 a.m. **Any student not in the building when the doors close must be signed in by an adult and will be marked tardy, regardless of what time you arrive in the parking lot.**

When dropping off students, you will enter and pull into the lane behind the grassy area in front of the school. Your child will exit out the passenger side of the car. Do not get out of your vehicle or park your car in this area as members of the faculty will be available to help your child exit the car, cross the street, and get into the building. This is a drop off lane that needs to keep moving, but all parents need to remain patient to help ensure student safety. Please find the below diagram outlining the traffic pattern for both parent vehicles and district buses.

Parents are asked not to park in the staff parking lot and walk students to the front entrance. Please use the designated parent drop-off lane for morning arrival. For student safety reasons, parents should not walk along the front walkway during student arrival unless attending a scheduled school meeting or delivering medication to the school nurse.
