The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Leroy Greene Academy for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Leroy Greene Academy for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The Leroy Greene Academy plan meets the ESSA requirements and is in alignment with the Local Control and Accountability Plan and other federal, state, and local requirements. The development of the SPSA is rooted in a planning process that involves a cycle of continuous improvement, which includes engaging stakeholders, conducting a comprehensive needs assessment to inform goals and activities, identifying the process for evaluating and monitoring the SPSA, alignment of resources, and determination and evaluation of progress.

All of the goals that are within the School Plan for Student Achievement (SPSA) are aligned to the District LCAP priority goals: District LCAP Goal 1: Maximize Student Growth, Responsibility, and Achievement for Each Student Goal 2: Cultivate the Social-Emotional Well-Being of Each Student Goal 3: Create a Safe, Engaging Environment Where Students Connect to School Goal 4: Engage Parents and Families to Support Student Success Goal 5: Hire, Train, and Retain High Quality Staff.

Goals for academic achievement and plans for supporting and improving the school are provided in the school's WASC report, as well as within the SPSA plan aligned to the WASC report.

Educational Partner Involvement

How, when, and with whom did Leroy Greene Academy consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Staff input was included through monthly staff meetings and Instructional Leadership Team meetings. This work is also supported through our ELAC, School Site Council meetings, involving all stakeholder groups including parents and students.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the "Red" or "Orange" performance category.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Through the comprehensive needs assessment, it was found that overall we continue to have a program that has a positive impact on students. Our graduation rates continue to be high, 100% over the last several years. Our AP pass rates are high, but there continues to be a need to increase the pass rates which will result in professional development and ensuring all students have various AP supports to help in preparation of taking the AP exam.

Dual enrollment was started with the class of 2021 and a total of 114 college units by students who took college courses. We currently offer 45 different offerings and have 206 enrollments in our Dual Enrollment classes. Our goal is to continue to offer and continue to expand dual enrollment offerings.

These findings are represented and addressed in the Goals section of this plan.

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Leroy Greene Academy. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/ela/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Goal 1

Title and Description of School Goal

Broad statement that describes the desired result to which all strategies/activities are directed.

Maximize academic growth, responsibility, and achievement for each student

Increase Student achievement in ELA and Math as Measured by CAASPP by 2%, AP test Rate passage by 2%, and continue to have our graduation rate at 100%

LCAP Goal to which this School Goal is Aligned

LCAP goal to which this school goal is aligned.

Goal #1 Maximize academic growth, responsibility and achievement for each student.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Expand AVID, AP, Dual Enrollment programs and teaching strategies

Strategy:

Increase enrollment in specialized classes

Work with American River College to expand Dual Enrollment classes

Teachers and counseling teams work together to identify low performance and areas of needed support such as students who are struggling with grades and attendance.

A-G Rate:

2017- 18 = 92%

2018- 19 = 96%

2019- 20 = 86.7%

2020- 21 = 86.6%

2022-23 = 86.9%

AP Pass Rate:

2017-18 = 40.37%

2018-19 = 34.21%

2019-20 = 50.98 %

2020-21 = 40.37 %

2021-22 = 52.83%

2022-23 = 68%

CAASPP Data:

2018-19: ELA - 47.50% Math - 24.40%

2021-22: ELA- 46.01% Math- 19.95%

2022-23: ELA- 42.19% Math - 21.91%

2023-24: ELA- 45.3% Math - 23.9%

Graduation Rate:

2019-20 = 98.5% (1 student transferred out and was no longer at LGA)

2020-21 = 100%

2021-22 = 98.5% (1 student transferred out and was no longer at LGA)

2022-23 = 100%

2023-24 = 100%

Conclusion: test scores increased in both ELA and Math. The AP pass rate fluctuates from year to year with last year having the highest pass rate. The graduation rate continues to be the highest in the district.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We are providing summer school as we do every year. This year we ran Saturday Academies which supported all our students who were in need. Dual Enrollment continues expand every year and students passed all their courses.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We exhausted all of the money set aside for this action and will continue to implement the actions as described.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Due to the increases and positive outcomes for students, no changes will be implemented.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 2 Other School Staff
- 2 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Colleen Perry	Principal
Carl Siegel	Classroom Teacher
Lizette Luna	Classroom Teacher
Michael Mills	Parent or Community Member
Jayme Richards	Parent or Community Member
Rachel Behr-Hirst	Other School Staff
Natalie Amaro	Other School Staff
Reyes Rios	Secondary Student
Daniela Romero Santeno	Secondary Student
Brandon Thao	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 4/15/25.

Attested:

Principal, Colleen Perry on 4/15/25

SSC Chairperson, Carl Siegel on 4/15/25

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp) pursuant to California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with *EC* 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below.

For additional questions or technical assistance related to LEA and school planning, please contact the CDE's Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the LEA, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

Plan Description

Briefly describe the school's plan to effectively meet the ESSA requirements in alignment with the LCAP and other federal, state, and local programs.

Additional CSI Planning Requirements:

Schools eligible for CSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal CSI planning requirements.

Additional ATSI Planning Requirements:

Schools eligible for ATSI must briefly describe the purpose of this plan by stating that this plan will be used to meet federal ATSI planning requirements.

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Within California, these stakeholders are referred to as educational partners. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Educational Partner Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Additional CSI Planning Requirements:

When completing this section for CSI, the LEA must partner with the school and its educational partners in the development and implementation of this plan.

Additional ATSI Planning Requirements:

This section meets the requirements for ATSI.

Resource Inequities

This section is required for all schools eligible for ATSI and CSI.

Additional CSI Planning Requirements:

- Schools eligible for CSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the CSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Additional ATSI Planning Requirements:

- Schools eligible for ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required school-level needs assessment.
- Identified resource inequities must be addressed through implementation of the ATSI plan.
- Briefly identify and describe any resource inequities identified as a result of the required school-level needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

Comprehensive Needs Assessment

Referring to the California School Dashboard (Dashboard), identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

SWP Planning Requirements:

When completing this section for SWP, the school shall describe the steps it is planning to take to address these areas of low performance and performance gaps to improve student outcomes.

Completing this section fully addresses all SWP relevant federal planning requirements.

CSI Planning Requirements:

When completing this section for CSI, the LEA shall describe the steps the LEA will take to address the areas of low performance, low graduation rate, and/or performance gaps for the school to improve student outcomes.

Completing this section fully addresses all relevant federal planning requirements for CSI.

ATSI Planning Requirements:

Completing this section fully addresses all relevant federal planning requirements for ATSI.

Goals, Strategies/Activities, and Expenditures

In this section, a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Additional CSI Planning Requirements:

When completing this section to meet federal planning requirements for CSI, improvement goals must also align with the goals, actions, and services in the LEA’s LCAP.

Additional ATSI Planning Requirements:

When completing this section to meet federal planning requirements for ATSI, improvement goals must also align with the goals, actions, and services in the LEA's LCAP.

Goal

Well-developed goals will clearly communicate to educational partners what the school plans to accomplish, what the school plans to do in order to accomplish the goal, and how the school will know when it has accomplished the goal. A goal should be specific enough to be measurable in either quantitative or qualitative terms. Schools should assess the performance of their student groups when developing goals and the related strategies/activities to achieve such goals. SPSA goals should align to the goals and actions in the LEA's LCAP.

A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach.

A S.M.A.R.T. goal is:

- **Specific,**
- **Measurable,**
- **Achievable,**
- **Realistic, and**
- **Time-bound.**

A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the Dashboard and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

Additional CSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal CSI planning requirements.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the

baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

Additional CSI Planning Requirements:

When completing this section for CSI, the school must include school-level metrics related to the metrics that led to the school's eligibility for CSI.

Additional ATSI Planning Requirements:

Completing this section as described above fully addresses all relevant federal ATSI planning requirements.

Strategies/Activities Table

Describe the strategies and activities being provided to meet the goal.

Complete the table as follows:

- Strategy/Activity #: Number the strategy/activity using the "Strategy/Activity #" for ease of reference.
- Description: Describe the strategy/activity.
- Students to be Served: Identify in the Strategy/Activity Table either All Students or one or more specific student groups that will benefit from the strategies and activities. ESSA Section 1111(c)(2) requires the schoolwide plan to identify either "All Students" or one or more specific student groups, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners.
- Proposed Expenditures: List the amount(s) for the proposed expenditures. Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to EC Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.
- Funding Sources: List the funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Planned strategies/activities address the findings of the comprehensive needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

Additional CSI Planning Requirements:

- When completing this section for CSI, this plan must include evidence-based interventions and align to the goals, actions, and services in the LEA's LCAP.
- When completing this section for CSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.

Note: Federal school improvement funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, this plan must include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

- When completing this section for ATSI, this plan must address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.
- When completing this section for ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the ATSI designation.

Note: Federal school improvement funds for CSI shall not be used in schools identified for ATSI. Schools eligible for ATSI do not receive funding but are required to include evidence-based interventions and align with the goals, actions, and services in the LEA's LCAP.

Annual Review

In the following Goal Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Goal Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal.

- Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between the intended implementation and/or material difference between the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Note: *If the school is in the first year of implementing the goal, the Annual Review section is not required and this section may be left blank and completed at the end of the year after the plan has been executed.*

Additional CSI Planning Requirements:

- When completing this section for CSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal CSI planning requirements.
- CSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI planning requirements.

Additional ATSI Planning Requirements:

- When completing this section for ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the federal ATSI planning requirements.
- ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for ATSI planning requirements.

Budget Summary

In this section, a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp.

Note: *If the school is not operating a Title I schoolwide program, this section is not applicable and may be deleted.*

Additional CSI Planning Requirements:

- From its total allocation for CSI, the LEA may distribute funds across its schools that are eligible for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Note: *CSI funds may not be expended at or on behalf of schools not eligible for CSI.*

Additional ATSI Planning Requirements:

Note: *Federal funds for CSI shall not be used in schools eligible for ATSI.*

Budget Summary Table

A school receiving funds allocated through the ConApp should complete the Budget Summary Table as follows:

- **Total Funds Provided to the School Through the ConApp:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving funds from its LEA for CSI should complete the Budget Summary Table as follows:

- **Total Federal Funds Provided to the School from the LEA for CSI:** This amount is the total amount of funding provided to the school from the LEA for the purpose of developing and implementing the CSI plan for the school year set forth in the CSI LEA Application for which funds were received.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the Schoolsite Council (SSC). The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need).
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to:
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved.
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards.
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will:
 - a. Provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. Use methods and instructional strategies that:
 - i. Strengthen the academic program in the school,
 - ii. Increase the amount and quality of learning time, and
 - iii. Provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. Strategies to improve students' skills outside the academic subject areas;
 - ii. Preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. Implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. Professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. Strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA (may include funds allocated via the ConApp, federal funds, and any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to:
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Comprehensive Support and Improvement

The LEA shall partner with educational partners (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Educational Partner Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*);
2. Include evidence-based interventions (*Sections: Strategies/Activities, Annual Review and Update, as applicable*) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/fund/grant/about/discretionary/2023-non-regulatory-guidance-evidence.pdf>);

Non-Regulatory Guidance: Using Evidence to Strengthen Education Investments

3. Be based on a school-level needs assessment (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable*); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable*).

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the LCAP and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Additional Targeted Support and Improvement

A school eligible for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (*Sections: Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable*).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Eligible for ESSA School Improvement

Single school districts (SSDs) or charter schools that are eligible for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (*EC Section 64001[a]* as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (*EC Section 52062[a]* as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: *EC* sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
