RMTC-DHH 2025-2026 Calendar

RMTC-DHH is excited to share with you a calendar of upcoming events for RMTC-DHH and other opportunities related to the education of students who are DHH both in Florida and across the nation. Please be advised that some events are subject to change. Please visit the RMTC-DHH events calendar for specific information and registration as applicable and to sign up for our newsletters so you have the most up-to-date information. Please visit the links embedded for more information regarding events.

We hope this tool assists professionals in the development of their individual professional development plans targeting skills specific to the unique needs of students who are DHH. RMTC-DHH does not award points for training. If you want to earn in-service credits towards renewal of a Florida Educator's Certificate, it is recommended that you contact your school district's professional development office BEFORE beginning a course to verify the requirements you must fulfill to make sure the event aligns with your district's in-service plan. RMTC-DHH will provide a certificate upon completion of the course and submission of any follow-up activity requirements.

Please don't hesitate to reach out to any member of the RMTC-DHH team for more information on any of the listed events.

RMTC-DHH has a web page Professional Learning from Partners in Education to find additional opportunities right now!

NOTE: This calendar is in progress! More details coming soon!
