Independent School District

CISD School Board Special Workshop
President's Report
August 4, 2025

As we begin another school year, I want to take a moment to reflect on two meaningful events that marked a strong and inspiring start to the year.

First, our annual convocation with teachers and staff, held this morning, was a tremendous success. The energy in the room was very high as we gathered to confirm our shared commitment to educational excellence and to each other. It was encouraging to see our teachers and staff come together in such a positive and unified way, focused on the success of every student. From the messages of encouragement to the celebration of accomplishments across our campuses, the convocation set the tone for a year of partnership, innovation, and student-centered excellence. Special thanks to Dr. Glenn for his genuine remarks and vision, and to everyone who helped plan and participate in such an uplifting kickoff event.

Second, this past Thursday, we hosted an open house for our new Little Dragons Day Care, a program created to support the dedicated teachers and staff who serve our students every day. The open house gave our employees and community a first look at the nurturing, engaging environment we've created for the youngest members of our CISD family. It was wonderful to see the smiles of parents and staff as they explored the new space and met the professionals who will be leading the program. This initiative reflects our deep commitment to investing in and supporting our teachers and staff, not just professionally, but personally, and we are proud to offer this resource to those who give so much to our District. Thank you, Dr. Glenn, for bringing this idea to reality in such a short period of time.

Both events underscore the strength of our community, the talent and heart of our educators, and our District's dedication to continuous improvement. As we begin the school year, we are confident that these positive moments are just the beginning of what promises to be another exceptional year here at Carroll ISD.

Thank you,

Cam Bryan
