GRADE LEVEL CLASSROOM LESSONS

In this month's first counseling lesson, all students will learn the different services offered by the counseling department, familiarize themselves with our schoology page, and how to make a counselor request. The lesson will also focus on students identifying their personal values and respecting others.

The second lesson will promote 3rd and 4th grade students being "Above the Line" by being ready and responsible while at school. 5th grade students will enhance their skills of using agendas and discover helpful ways to stay organized with school assignments.
