

Comprehensive School Safety Plan

LEA: Mt. Diablo Unified School District
School: Hidden Valley Elementary School
CDS: 07 61754 6004097
Principal: Jenny Tosi
Contact Person: Principal
E-mail Address: tosij@mdusd.org
Phone Number: (925) 228-9530
School Year: 2024-2025

Public Hearing Date(s): February 26, 2025

X The school certifies completion of this safety plan.

School Site Council Approval: February 26, 2025

Board of Education Approval:

Introduction

The Comprehensive School Safety Plan shall be used to provide details regarding each school's strategies, programs and procedures to support a safe school environment. The California Education Code sections **32280-32289** outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. Requirements are:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The information contained in a school's safety plan may be supplemented by information not specified in the California Education Code sections **32280-32289**.

School's Vision Statement EC 32282 (a)(2)(H)

Our mission is to build, support and inspire a community of successful learners. We strive to maintain a safe and orderly environment conducive to learning that supports all members of our diverse community through mutual respect and acceptance. We are committed to meeting the social and academic needs of all students by preparing them to be college, career and life ready.

Safety Plan Annual Training and Review Log BP 0450; BP 3516

School Year 2024-2025

Meeting Type	Meeting Date			Comments
	Month	Day	Time	
Faculty Meeting	August	6	8:00 am	Discuss components of safety plan
SSC Meeting	January	22	4:00 pm	Review of safety concerns and gather safety plan input from SSC Members electronically
Parent Club Meeting	February	11	6:30 pm	Review of safety concerns and safety plan
SSC Meeting	February	26	4:00 pm	Review and approval of safety plan.
Public Hearing	February	26	4:00 pm	Review of safety concerns and safety plan
OTHER	January	31	8:15 am	Review of safety plan at ELAC Meeting
Faculty Meeting	January	29	1:45 pm	Review of safety concerns and safety plan

Meeting agendas, sign in sheets and minutes for all meetings listed on this log are maintained at the school as evidence of compliance.

Complete texts of Board Policies (BP) and Administrative Regulations (AR) are accessed via the District website. www.MDUSD.org.

School Climate

Current Status of School Crime

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment.

Data Source	2021-22	2022-23	2023-24	2024-25
Suspensions (number of incidents)	3	5	9	9
- Violence	3	4	9	9
- Tobacco	0	0	0	0
- Drugs/Alcohol	0	0	0	0
- Weapons	0	1	0	0
Expulsions	0	0	0	0
Attendance, general ed. (%)	65.5	70.7	93.8	94.95
Attendance, special ed. (%)	59.35	63.5	89.4	89.75
SART (number of referrals)	2	7	3	8

SARB (number of referrals)	0	0	4	7
SARB (number referred to Court)	0	2	0	0
SST (number referrals)	6	17	17	20
Coordinated Care Team (number of referrals)	10	27	59	29
Positive Behavior Team Referrals	4	5	0	0
Vandalism Reports	1	0	0	0

Assessment of the Current Status of School Crime EC 32282(a)(1) Assessment of the Current Status of School Crime EC 32282(a)(1) with Parent, Teacher, and Student Input

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. HVE staff implements Multi-tiered System of Supports (MTSS), to help decrease incidents of misconduct on a tiered level 1-3. Teachers began the year by teaching students our agreed upon school-wide expectations. In order to promote the use of these rules across all campus programs, efforts were made to provide school rules and procedures to the CARES After School Program, YMCA and YWCA staff. The administration will continue work to strengthen the partnerships with these organizations to ensure that the rules are consistent. Problems during recess are addressed by keeping a high number of teachers on supervision for the current school year. Behavior is handled on the spot and referred to administration when needed. Teachers and administration practice restorative methods using community building circles and MTSS strategies when solving problems. When individual student needs are greater (tier 2), counseling referrals are made to our school counselor through the Coordinated Care Team process. Full time counseling support is needed at Hidden Valley. For the students that exhibit tier 3 behaviors, they receive individual supports such as counseling, behavior intervention plans, and if needed, a behavior technician to work with them during the day.

Parents and staff have indicated that students need to practice and be explicitly taught how to resolve conflicts and how to handle their emotions and feelings in a safe manner. Younger students do not yet know how to communicate their feelings and the older students seem to lack empathy for others. This is a consistent focus during class meetings and SEL lessons.

Provide and Maintain a High Level of School Safety EC 32282(a)(2)

Identify appropriate strategies and programs that provide and maintain a high level of school safety. HVE uses a multi-tiered system of supports (MTSS) school wide. The staff worked to create a consistent set of school wide procedures and behavior expectations for all students as well as positive incentives for students. Teachers focus on teaching these expectations to all students in all areas of the school so students understand what the expectations are. When students are found being safe, respectful, responsible, and kind, they can earn "Character Cash" which can be spent at the school store operated by PFC. When classes are found to work together and follow procedures they can earn "caught being good coins" which will result in a class of the month trophy to display if they have the most coins. Signs have been hung around the school listing behavior expectations to remind students of appropriate behavior. Signs have also been posted to set a positive tone labeling hallways with "Respect Blvd." etc. for students and parents around campus. HVE also focuses on peaceful problem solving. Strategies used include cooling down techniques, and giving students language to talk through problems.

Volunteers on campus are all expected to check-in at the office and wear either a volunteer sticker or badge if they are a frequent volunteer. Parents on campus and staff regularly ask adults if they've signed in in the office to ensure a safe environment.

Cafeteria procedures have been implemented to create an orderly dismissal route. Monthly emergency drills on differing days and times help staff and students to know the procedures for safe evacuation. Two way radios are used by the office and staff providing supervision. Neon safety vests are currently worn by noon supervisors and teachers while on yard duty.

Parents wanted us to have a campus supervisor here all day, five days per week. They agreed to fund this. We have a noon supervisor all day M-F. This continues to be a huge help in keeping students and our campus safe.

Physical Environment

Traffic during drop off and pick up continue to be a concern to staff and parents. Parents are stopping in crosswalks, prohibiting the crossing of students. The crossing guards have reported that procedures are not being followed during drop-off and pick-up time. Administration have followed up with individual conversations, announcements over the PA system in the morning and announcements through the Parent Square application to parents. Paid supervisors are on duty in the parking lot with the administrators to ensure student safety at dismissal time. The limited amount of parking spaces and restrictions for parking in the neighborhood seem to be a constant source of frustration for all as communicated by neighbors and parents. The school has reserved/designated parking spots for each staff member in the staff parking lots (within the available spots). Consistent procedures for ingress and egress have been put in place to help create a more orderly system in addition to using a car tag dismissal system (iDismiss App) to cut down on the wait time for students to get to their cars. The administration will continue to work on communicating these procedures with parents through the newsletters, our school communication app Parent Square and during parent forums, etc. Students and parents are asked to wait on the patio with a supervisor until 7:55. At 7:55 they may walk out to line up with additional teachers supervising the blacktop. At 8:00, when the bell rings, teachers then escort their students to class.

For an orderly egress, grade levels have specific areas they walk their students to in order to meet parents; car line students dismiss from the A-pod. Staggered dismissal times for grades TK-K, 1-3, and 4-5 help to stagger the crowds and traffic as well. Both staff and parents have expressed that continued support from Martinez PD at dismissal time would be beneficial to aid with traffic and parking issues on Glacier Dr. and Center Ave. Lastly, the back gates to the public park have been a concern for both staff and parents. The gate is locked after school begins and is reopened just before dismissal. The district has recently installed crash gates in various areas to become ADA compliant. This will help with safety. The Kindergarten fencing contains two crash gates as well.

School Interventions and Support Systems BP 5144; AR 5149

MDUSD BP 5144

Discipline

List and describe interventions and support systems that are in place as a deterrent to suspension and expulsion. If a student's behavior is escalating, teachers are encouraged to make a support call. They can also submit a behavior referral when a student's actions have violated Ed Code. When Administration deals with a behavior referral, a thorough investigation is performed and the district behavior matrix is utilized. When other means of correction (alternatives to suspension) are recommended, administration uses additional resources such as reflection sheets, letter of apology, parent contact, restorative conferences, community service, research, report on topics related to behavior issues, etc. to help students to understand the results of their choices and to educate them on how their actions affected others. Students are given opportunities to right their wrongs. Referrals to the school counselor may also be utilized.

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.

When either a teacher or an administrator is concerned regarding a student's performance either academically or behaviorally, a Coordinated Care Team (CCT) referral is completed through Aeries. The CCT, which includes all support personnel; administrators, psychologist, counselor, speech pathologist, Intervention Specialist, and Resource Specialist, meets weekly and reviews the student CCT referrals. The school psychologist assists with students that have IEPs and require counseling support and/or students being assessed for special education services. The psychologist also serves as a resource for consultation regarding other student behavioral concerns. The school counselor role is to work with students as a Tier 2 & 3 intervention that are experiencing social difficulties due to lack of social skills, trauma, etc. The school counselor role is to also support our multi-tiered system of supports (MTSS). The role includes providing 1:1 and small group counseling sessions as well as friendship and social skills groups. Police officers are readily available through the Martinez Police Department if a safety concern requires further assistance.

See Appendix A

Ensuring a Safe and Orderly Environment AR 0450
Component I: The Social Climate, People, and Programs

Identify proposed changes to or the addition of curriculum, strategies and programs that ensure a safe and orderly environment.

Goal #1:				
MTSS strategies and restorative practices will be used to meet the needs of our students socially, behaviorally and emotionally.				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Multi-tiered System of Supports: Ongoing collaboration to provide support for student needs	Coordinated Care Team	Ongoing; school funds	Teacher resources for positive behavior incentives, extra pay for teachers collaborating on the MTSS team	Data gathered on progress for students referred to CCT.
3.0 Social Emotional Lessons: Teachers to conduct daily class meetings and social emotional lessons to support the mental health of our students.	Teachers	Ongoing, school funds	SEL lessons	We monitor for consistency and common language among staff/students based on lessons. We will monitor the usage of circles/class meetings and the usage of other means of correction for office referrals. Our Administrative team will run discipline reports and gather data to evaluate how often these practices are being used and to what extent.
4.0 Anti-bullying	Administration and Teachers	Ongoing training, school funds	Speakers, activities, lessons, resources	We monitor progress through tracking discipline in Aeries as well as the California Healthy Kids Survey

Goal #2:				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				

Goal #3:				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				

Ensuring a Safe and Orderly Environment AR 0450

Component II: Physical Environment

Identify proposed changes to or the addition of strategies and programs that ensure a safe and orderly environment.

Goal #1:				
Our goal is to provide safe and secure environment for all staff, students and parents on campus.				
Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Morning and Afternoon Supervision	Administration	Ongoing; Budget will come from school or PFC funds	Before School and After School Supervision	Incidents that happen before and after school will be monitored for a possible increase in supervision.
2.0 We will close the school gates after the start of the school day and open them 5 minutes before dismissal at the end of the day.	Administration	Ongoing; No budget needed at this time	none	Staff and parent feedback
3.0 Signage	Administration	Ongoing, site funds	Signs indicating hours that the gates are open and instructing visitors to sign into the office.	Parent feedback
4.0 Additional Surveillance Cameras desired	Administration/ M & O/ PFC?	TBD by Maintenance & Operations Dept.	Additional surveillance cameras	Follow up on purchase, installation and up-keep of additional surveillance cameras
5.0 Campus Supervisors x 5 days	PFC	Ongoing- PFC currently funds up to 32 hours of campus supervision which is shared amongst 3 supervisors.	Three campus supervisors share 31 hours	Documenting of situations where campus supervisors helped keep the students and school environment safe.

Goal #2:

Physical grounds and landscaping will be updated and improved to enhance buildings and surrounding spaces.

Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 School Beautification Plan: areas will be maintained and landscaped with flowers/plants. Bathrooms will be "beautified" to encourage cleanliness.	Beautification Committee	Ongoing, PFC donations	Plants, flowers, trash bags, gardening tools, paint/vinyl lettering	Completion of landscaping and beautification projects
2.0 Murals and artwork	Beautification Committee	Ongoing, Funding provided by PFC. Paint and services will be donated by parents and community members.	Paint supplies, artists	Mural completion
3.0 Flood Mitigation: Down spouts and drains need to be evaluated for efficiency. Sandbags need to be used often during the rainy season.	Maintenance & Operations Department	Ongoing, centralized funds	TBD by the M & O Department	Campus improvements can prove efficient if during the rainy season our campus does not flood.
4.0 Removal of stones/rocks	PFC & Beautification Committee	TBD	Support from district maintenance department	Once the removal is complete, a plan for replacement will be discussed with PFC members.
5.0 Improve runoff from Hidden Valley Park	Admin, M&O, City of Martinez	TBD	TBD by M&O, City of Martinez	Campus improvements can prove efficient if during the rainy season our campus does not flood.

Goal #3:				
Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				

School-wide Dress Code BP/AR 5132

MDUSD BP 5132

Dress and Grooming

School Dress Code

All students shall come to school in a comfortable manner that allows them to be authentically who they are, while also complying with our equitable dress code policy.

All students are expected to dress appropriately for the academic environment and maintain an elementary school appropriate appearance. Clothing must not be disruptive to the learning environment (which will be up to staff discretion) and provide adequate coverage of the body (more clearly, a student's chest area, belly, and behind need to be covered).

Students are required to meet the standards of health and safety. Students must wear closed toe shoes. We encourage children to wear sneakers since they will be going outside for P.E. and recess. Crocs are discouraged.

More specifics:

Make up is not elementary school appropriate.

Strap width and length of shorts/skirts/dresses will not be a focus as long as there is adequate coverage for areas that should be covered at school.

Hats may be worn inside as long as they do not become a distraction, which will be up to staff discretion.

All items promoting gang affiliation are prohibited.

Parents will be contacted if there is a concern about inappropriate school clothing being worn and will be asked to provide a change of clothing if needed.

See Appendix A

School Discipline, Rules and Consequences BP 5131; BP 5144

MDUSD BP 5131

Conduct

School, Discipline, Program, Rules and Consequences.

The Hidden Valley staff has set forth the following student conduct and discipline standards for Hidden Valley Elementary School.

BE SAFE, BE RESPECTFUL, BE RESPONSIBLE and BE KIND

A behavior matrix outlining behavior expectations in all common areas of the school has been developed by staff members. For the first 3 days of school, and when returning from an extended break from school, these expectations are clearly taught to students in each of the areas so students are aware of the behavior expectations. When students break a rule, teachers are encouraged to use Positive Behavior Intervention and Support strategies to redirect behavior and/or reteach the behavior expectation. If a student violates Ed Code, the teacher is to write a behavior referral and administration will handle the situation. The district discipline matrix and procedures are then utilized using restorative practices and other means of correction. Parent contact is made and consequences are discussed. If needed, parent conferences and/or Student Success Team meetings are scheduled. A behavior contract will be implemented when a pattern of behavior is determined to be disrupting the learning environment. If needed, an official Behavior Intervention Plan may be implemented. HVE staff will follow the MDUSD discipline matrix.

1. I am kind, considerate of others and act in a safe manner at all times.
2. I respect the property of the school and others, return borrowed items on time, and will replace or repair any books or materials I damage.
3. I walk quietly and do not bother others while going from room to room or to and from the playground.
4. I am only in supervised areas.
5. I follow an adult's directions quickly and quietly.
6. I use appropriate table manners while eating lunch.
7. I do not fight or hurt others or engage in harassment (bullying people, making comments about people's bodies, ethnicity or religion). I refrain from language that is hurtful to others or use profane, obscene, or vulgar language
8. I follow the dress code.
9. I do not chew gum at school or eat food on the playground, except in designated eating areas.
10. I do not bring real or replica guns, knives, explosives, lighters or harmful objects to school.
11. I do not bring toys, personal playground equipment, cameras, cell phones, music players, recorders, roller blades, or roller skates to school unless they are requested or approved by my teacher for a specific assignment and for classroom use.
12. I will follow the rules of my classroom as established with my teacher(s) and class.

Safety:

1. Listen for and follow directions of all staff members. They are here to ensure your safety.
2. Students who ride bikes to school must wear helmets (it is the law!). Bikes, scooters, skateboards, etc. must be walked on school grounds.
3. Skateboards, roller blades, razor scooters and roller shoes may not be used during school.
4. Students are to walk at all times when in or around school buildings. Running is reserved for designated areas on the playground.
5. Before school and at recess, students are to remain on the playground. A pass must be asked for and received if a student needs to go to the office. Students are not to be in the office or classroom area before school or during recess, except when accompanied by a parent or a teacher.
6. Pushing, rough physical contact, tackle and wrestling games are not allowed at school.
7. Sliding on slides is from the top down- not climbing up slides.
8. Restrooms are used only for toileting and hand washing. No playing in the restrooms.

9. Use words or rock-paper-scissors to resolve conflicts-no fighting or deliberately hurting others.
10. No weapons of any kind (real, toy or fake) are allowed at school at any time.
11. Kindergarten and upper grade playground equipment is closed when school is not in session.

See Appendix A

General Emergency Preparedness

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

Purpose of the Plan

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session.

Regulatory Authority

State laws and regulations require school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires schools plan for earthquakes and other emergencies. It also requires training in earthquake preparedness procedures for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS are incorporated in District plans; that the Incident Command System (ICS) are used at school sites; that all school personnel are trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of state law as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires each employer facility have an Emergency Action Plan which focuses on specific emergency contingencies, response personnel roles, and evacuation plans of each employer's site where employees work. Schools and school districts are included in this mandate.

School Site Emergency Preparedness and Response Coordination

Each principal shall supervise the planning, operating and testing of their respective school's Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District's Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster. The principal must ensure that the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies.

Campus and Facility Site Preparedness Duties

This school and the District have designated specific persons to assume emergency position responsibilities in the event of a site emergency or District-wide disaster. The following information provides a breakdown of these responsibilities:

All School Staff:

- Become familiar with the school's emergency and evacuation procedures.
- Participate in First Aid and CPR training, as appropriate.

Annually each principal shall:

- Designate Staff Incident Command Structure Assignments.

- Update this site Emergency Preparedness and Crisis Response Plan.
- Ensure personnel are properly trained in their respective assignments.
- Conduct survey of personnel to determine CPR/First Aid/Disaster Preparedness/Medical Training.
- Survey parents to determine who may wish to volunteer during an extended emergency or disaster.
- Ensure needs of students and staff with disabilities are provided for in the event of an emergency.
- Designate primary and alternate locations for command post, evacuation, first aid, student release, and morgue.
- See that parents are informed of the plan and its effect upon students.
- Compile/maintain list of local emergency agencies including telephone numbers and addresses.
- Practice building evacuation plans including testing of warning systems, alarm signals, and communications methods.
- With Maintenance and Operations, complete a site and building hazard survey.
- Ensure all emergency equipment and supplies are in usable condition at all times.

Teachers:

- Teachers are responsible for the supervision of students in their charge.
- Understand emergency response procedures.
- Have planned activities for use during disasters to lessen possible tension.

School Office Managers or Designee:

- Organize and maintain the emergency first aid supplies and distribute back-up supplies.
- Assist principal in developing procedures to protect essential records.
- Ensure battery-operated AM/FM radio is available in working condition; know the call number and frequency of disaster information station.
- Maintain an up-to-date list of students and staff who require life sustaining medication.

School Custodians or designee:

- Assist principal in planning control procedures for different types of building damage.
- Routinely check that battery-operated equipment is in working condition.

CRISIS/EMERGENCY INCIDENT RESPONSE SYSTEM

Crisis Response

The primary goals of crisis response are to:

- Prevent a potentially chaotic situation from escalating into a catastrophic event.
- Help those affected to return, as quickly as possible, to a normal level of functioning.
- Decrease the potential long-term effects of the crisis.

Incident Command System (ICS)

The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level.

The organization of the Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:

- Command (Management) Team - Provides overall direction of response at the school site
- Operations Team- Supports on-scene response at school site
- Planning Team- Collects, evaluates and documents information about the incident
- Logistics Team - Provides services, personnel and supplies in support of incident response
- Finance Team - Provides financial tracking, procurement and cost accounting of incident response

COMMAND AND ORGANIZATION DURING A CRISIS

Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C's at all times.

These three C's are:

- **Control** – Control is the cornerstone of every crisis/emergency response. In emergency response this is initiated and maintained through the effective use of the Incident Command System.
- **Communication** - Communication is essential to maintaining effective coordination of all response actions. Ongoing communication is must be maintained between response persons, school staff, and the command team.
- **Coordination** - Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

CHAIN OF COMMAND

An appropriate Incident Command System will be utilized during all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the ICS Team members and other school staff in the implementation of the response actions through the assignment of appropriate duties. If the principal/site administrator is not present, or cannot assume control for any other reason, the Chain of Command is as follows:

Incident Commander (Principal/Site Administrator)	Jenny Tosi/Jenny Tosi, Principal
IC Alternate #1	Vice Principal
IC Alternate #2	Stephanie Salomone
IC Alternate #3	Jennifer Sullivan

INCIDENT COMMAND SYSTEM (ICS)

During campus emergencies, designated school staff function within the Incident Command System until the arrival of outside response personnel. Upon arrival of outside response agencies, the Incident Commander will turn over command of the incident to the ranking response person. The school Incident Commander will document the time of the relinquishing of command and will remain at the Incident Command Post as part of a unified command structure.

The school will coordinate activities with the District Office during a major emergency or disaster. As deemed necessary by the principal or other person acting as the Incident Commander, resource requests will be made by the campus Logistics Team Leader directly to the District Office. All requests for initial emergency assistance will be made to the local emergency response agencies.

Note: Not all members of the ICS will be activated at every emergency. Decisions as to the extent of the response and staff activation will be made by the Incident Commander at the initiation of the response. School staff designated as the primary person for each position is shown following each position title.

SECTION CHIEFS

<p>Incident Commander: Jenny Tosi, Principal</p> <p>Provides overall direction of response at school site; determines level of staffing; communicates with local public safety and District Office</p> <ul style="list-style-type: none"> Communicate and coordinate with Section Chiefs Release teachers according to school's first opportunity release. Account for the presence of all students and staff as reported by Assembly/Shelter and Care Officer Direct the evacuation of the building, if necessary, using prescribed procedures for emergency type and safest evacuation location.
<p>Public Information Officer: Joanna Subia, Attendance Secretary</p> <p>Media liaison, official spokesperson for school; coordinates information for parent community</p> <ul style="list-style-type: none"> Ensures parents and guardians are notified as soon as possible of seriously injured children transported to hospital or other emergency treatment centers. <p>Reports to Incident Commander</p>
<p>Disaster Response Officer: Mitchell Broxton, Vice Principal</p> <p>Ensures activities are conducted in safe manner, assures safety of personnel (staff, students, volunteers and responders)</p> <p>Reports to Incident Commander</p>
<p>Agency Liaison: Elisha Brautigam, Office Manager</p> <p>Assists in establishing and coordinating outside agencies that provide services or resources</p> <ul style="list-style-type: none"> Serve as the principal's chief communication agent between school site and District Emergency Operations Center. Keep principal informed regarding District directives, injury reports, damage reports, status of students, etc. As directed by the Incident Commander, reports the emergency to appropriate emergency response agencies and the Superintendent. <p>Reports to Incident Commander</p>

DISASTER RESPONSE TEAMS

<p>Operations Team: Supports on-scene response at school site</p>
<p>Operations Team Leader: Principal Jenny Tosi & Vice Principal Mitchell Broxton</p> <p>Supports on-scene response at school site; develops Incident Action Plan with Incident Commander</p> <p>Reports to Disaster Response Officer</p>
<p>Search and Recovery: Alicia Sanchez, Elizabeth Thomas, Laurie Senter, Ryann Kuiper, Stella Brown, Michelle Anaman</p> <p>Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression</p>
<p>Security/Traffic: Vice Principal Mitchell Broxton, Noon Duty Supervisors, Elena Baril, Custodians Katie, Robert or Marshall, Jackie Farley, Judy McCall, Melissa Miller, Stephanie Salomone</p> <p>Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates Fire and Hazardous Materials</p>
<p>Crisis Intervention: School Psychologist Elaine Kratsas, Counselor Megan Davis</p> <p>Provides onsite counseling and intervention; determines need for outside mental health support</p>
<p>First Aid: Amanda Ocamou, Cyndi Young, Kristina Bates, Suzanne Licht, Linda VanBrocklin, Sara Young, Heidi Colville, Karen Simpson</p> <p>Provides triage and medical care; establishes morgue, if needed.</p>
<p>Assembly/Shelter and Care: Kathleen Merletti, Emily Maher, SPED Assistants from Maher & Alencastre, Ari Brown, Danielle Voorhees, Jennifer Sullivan, Laura Littig, Alexis Burns, Michele Jacobson</p> <p>Provides accounting and long-term care for all students until reunited with parents/guardians; manages food and sanitation needs. Teachers report roll and status of student condition to Assembly/Shelter and Care</p>

Student Release: Cynthia Duarte-Bishop, Patty Schoelkopf, Charyl Levy, Holly Eddington, Sara Hutcheson, Stacia McClane, Karen Wilk, Attendance Secretary Joanna Subia, SPED Assistants from Reyes, Natasha Exner, Alexis Burns, Lindsey Mullen, Judy Reyes

Provides for systematic and efficient reunification of student with parents/caretakers; maintains records of student release

Planning Team: Collects, evaluates and documents information about the incident

Planning Team Leader: Elisha Brautigam, Office Manager

Reports to Disaster Response Officer

Situation: Elisha Brautigam, Office Manager

Processes and organizes all incident information, including staff student and facility status, maintains ICS status boards and school site map

Documentation: Joanna Subia, Attendance Secretary

Collects and archives all incident documents

Documentation is to be maintained at the site and a copy forwarded to Risk Management at the Dent Center.

Resources/Staffing: Sarah Bogni

Tracks equipment and personnel assigned to the incident, checks in all resources (incoming equipment, personnel and volunteers).

Demobilization: Sarah Bogni

Coordinates orderly and safe release of assigned resources and deactivation of incident response at the site

Logistics Team - Provides services, personnel and supplies in support of incident response

Logistics Team Leader: Joanna Subia, Attendance Secretary

Review report from Facilities Officer on conditions of utilities to determine if they should be turned off.

Reports to Disaster Response Officer

Food and Supply: Parent Volunteers, Cafeteria Team (Danette Ruger), Tina Kerns, Carolyn Campbell, Maria Pious

Assesses supply resources at site, including food and water, procures supplies and provides personnel, as requested, including volunteers

Cover and preserve all usable food and water.

Direct the rationing, use and preparation of cafeteria food stock and water supply, whenever the feeding of students, staff and/or the community becomes necessary.

Report the condition of the kitchen, including any damage, to the Facilities Team Leader..

Transportation: Cecilia Hults, Kayo Alencastre

Arranges transportation for staff, students and supplies.

Call Transportation for buses, if necessary.

Facilities: Custodians Katie, Robert, Marshall & Office Manager Elisha Brautigam

Recommended filled by School Custodial Team

Coordinates site repairs and use of school facilities; arranges for debris removal

Check water, gas and electricity and report findings to the Incident Commander.

Turn off utilities and intake valves on water heaters if directed. Utilities should not be turned off unless absolutely necessary (e.g., broken gas or water mains, or downed electrical wires)

Help set up emergency sanitation facilities if needed.

Safeguard all usable water within the building.

Communications/IT: Rebecca Campos, Jenny Tosi, Principal

Maintains all communication equipment, including radios; provides services to support information technology.

Monitor radio emergency broadcasts.

Finance Team - Provides financial tracking, procurement and cost accounting of incident response

Finance Team Leader: Office Manager Elisha Brautigam

Provides for the preservation of essential school records.

Takes student emergency information cards and AM/FM radio as the building is evacuated.

Reports to Disaster Response Officer

Time: Elisha Bruatigam, Office Manager

Maintains incident time logs for all personnel.

Procurement: Elisha Brautigam, Office Manager

Tracks and maintains complete records of site expenditures and purchases made by Logistics; manages vendor contracts

Cost: Elisha Brautigam, Office Manager

Provides cost estimates, analysis and recommendations for cost savings

Compensation/Claims: Elisha Brautigam, Office Manager

Processes compensation/injury claims related to incident

Teachers - Supervise students in their charge, remain with the students unless assigned to an activated ICS position, or released by Incident Commander

Evacuate safely; take emergency kit and current class list

Take roll as soon as conditions permit such action. **Report missing students to Assembly/Shelter and Care Officer;** if there is reason to believe that a student might be endangered, report need for rescue.

Check with buddy classes when evacuating. If there are seriously-injured persons who cannot be moved report to Search and Recovery Officer

Provide minor first aid until emergency first aid station is established. Indicate need for major first aid assistance. Document first aid provided.

Help to restore order/assist other teachers and students. Talk with students about incident/disaster to help reduce anxiety.

Release students according to the site student release plans as directed by Student Release Officer. When all students are released, physically report to Command Post. Remain on site until released by Incident Commander.

EMERGENCY RESPONSE COMMUNICATIONS

During an emergency:

- Manage your environment to reduce confusion.
- Communicate with students to reduce anxiety and confusion.
- Call 911 if the emergency is in your area (e.g. your classroom) and inform office of the call.
- When evacuating your area communicate all clear by Link to Cliff Notes Evacuation #3 and lock the door. Keep room unlocked if a victim is still inside the room.
- During evacuation do not call the office unless you witnessed the emergency incident or suspects.
- Students should be allowed to text that they are safe but should not talk on the phone.
- Communication may be achieved by the use of intercom, walkie-talkies, telephones, messengers, bullhorns.
- School site direct dial telephones lines will continue to operate. This is usually the line that serves the fax machine. Each site should have one direct-dial telephone unit that can be plugged into this line.
- District school buses have a radio that can call the district. If on campus, the bus radio can be used to communicate with the district.

LOCATIONS

Command Post: The Command Post will be located such that the full emergency assembly area is in view, while maintaining adequate separation from students, evacuation assembly areas, the medical treatment area and student release areas. School personnel designated to contact outside emergency response agencies will notify the responding agency of the location of the Command Post at the school.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

Evacuation Area: Whenever an evacuation is called ensure that the area is not a potential danger to the evacuees and/or is not in the path of the event. This includes danger from natural disasters, chemical/hazardous materials, explosive devices and potential violence threats. Notify the Incident Commander immediately if evacuation is deemed unsafe.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	
Off-Site Location	
Alternate Off-Site	

First Aid/Emergency Medical Response Center: In the event of a major disaster the First Aid area will act as both triage and treatment units. Two assumptions must be made regarding medical services:

- During a major event, local emergency medical service services may not be available and transportation of the injured may be delayed.
- District employees and visitors will be dependent on first aid rendered by trained district employees.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

Morgue: In the event of a major incident or disaster resulting in fatalities, the local emergency response agencies may need to set up a morgue at the school. Area should be separate from student evacuation locations.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

Student Release: Students will be released only to authorized adults listed on Emergency Release Cards. Adults picking up students must sign the Student Release Log. Identification must be checked

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	
Off-Site Location	
Alternate Off-Site	

SCHOOL STAFF EMERGENCY RESPONSIBILITIES

General Staff Responsibilities

All staff members are directly responsible for the protection of students, members of the public and school assets. School administrators and teachers must ensure that appropriate steps are taken during emergencies. General responsibilities for ALL school staff in case of emergency include, but are not necessarily limited to, the following:

- Ensure that students are properly notified of the emergency.
- Take appropriate action with students as conditions require.
- Initiate first aid, rescue, equipment shutdown or damage control as needed.
- Account for all students.
- Notify the Assembly/Shelter and Care Officer of missing persons, or of any employees or students who require medical assistance.
- Contact parents or guardians as appropriate.

District Staff as Disaster Workers

The California Government Code [§3100 et. seq.], declares that all public government employees are disaster workers subject to such disaster service activities as may be assigned to them by their superiors or by law. In accordance with these legal responsibilities of public employees, all district personnel are subject to be called upon and must be prepared if at home or elsewhere, to report for duty in the event of an extreme emergency. Arrangements for care of one's family should be prearranged in order to permit discharge of this emergency responsibility. This law applies to District employees in the following cases:

- When a local emergency has been proclaimed
- When a state emergency has been proclaimed by the governor
- When a federal disaster declaration has been made by the president

All staff members should have a personal plan for themselves and their families that can be implemented during an emergency. Staff members should be prepared to remain on site for as long as 72 hours or longer following an emergency, possibly without contacting their home and families. Staff members with special home considerations should discuss these with the principal prior to any emergency.

Release of Teachers/Staff from Duties as Disaster Workers

Government Code §3100 declares that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term public employee includes all persons employed by the state or any county, city, state agency or public district, excluding aliens legally employed.

This means all school staff are considered disaster workers during a major emergency. School personnel assigned to school level Incident Command System positions and responsibilities will assume their posts as assigned by the site Incident Commander. Others will remain at a central staging location to await assignment as needed. No staff person will be released from their normal or emergency response duties without the expressed permission of the principal or designee as directed by the superintendent or a designee. School principals will not allow such releases of their staff without first obtaining authorization from the superintendent or a designee.

Priority Release of Employees:

Staff members with special home conditions, such as infant children or invalid relatives, are invited to submit a written petition for "first opportunity" release after the crisis stages of an emergency. The administrator in charge will exercise this release at the earliest opportunity as follows:

- Those with dependents
- Those with no dependents
- Administrators

Potential Emergency Types and Responses Part One

School Administrators, teachers, and other staff will, at some time, be forced to deal with different types of potential or actual crises or emergency situations. The following sections describe the most probable situations, with specific response action directions included for each emergency type. The response actions are determined in coordination with the MDUSD Emergency Response Plan, the Incident Command System, and other district policies and guidelines.

ACTIVE SHOOTER SITUATIONS: RESPONDING TO AN ACTIVE SHOOTER SITUATION

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action. There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

RESPOND IMMEDIATELY

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors.²¹ Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency.²² These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., "Gun! Get out!") to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.

As part of its preparedness mission, Ready Houston produces “Run, Hide, Fight” videos, handouts, and trainings to promote preparedness among residents of the Houston region. These materials are not specific to a school setting but may still be helpful. These videos are not recommended for viewing by minors. All of these items are available free of charge, and many are available at <http://www.readyhouston.tx.gov/videos.html>

Occupants of both towers delayed initiating their evacuation after World Trade Center 1 was hit. In World Trade Center 1, the median time to initiate evacuation was 3 minutes for occupants from the ground floor to floor 76, and 5 minutes for occupants near the impact region (floors 77 to 91). See National Institute of Standards and Technology, 2005. Federal Building and Fire Safety Investigation of the World Trade Center Disaster Occupant Behavior, Egress, and Emergency Communications. Available at http://www.mingerfoundation.org/downloads/mobility/nist_world_trade_center.pdf

Report of the Virginia Tech Review Team, available at <http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf> and <http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf>.

23J. Pete Blair with M. Hunter Martaindale, United States Active Shooter Events from 2000 to 2010: Training and Equipment Implications. San Marcos, Texas: Texas State University, 2013. Available at <http://alerrt.org/files/research/ActiveShooterEvents.pdf>

RUN

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location.

Students and staff should be trained to

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as persons with access and functional needs;
- Avoid escalators and elevators;
- Take others with them, but not to stay behind because others will not go;
- Call 911 when safe to do so; and
- Let a responsible adult know where they are.

HIDE

If running is not a safe option, hide in as safe a place as possible.

Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:

- Lock the doors;
- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room's occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

FIGHT

If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker.²³ While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee's job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

BOMB THREAT/SUSPICIOUS PACKAGE

BOMB THREAT

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

SUSPICIOUS PACKAGE

Anyone discovering a suspicious package, box or strange device will do the following:

- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

The superintendent is to be kept informed of all actions.

EARTHQUAKE

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

SETTLING DOWN AFTER THE FIRST SHOCK:

After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.

When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.

Announce that no student is to return to the room unless directed to do so.

Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person.

Do not light any fires after the earthquake because of possible gas leaks.

If possible, notify utility companies of any break or suspected breaks in service.

The **Incident Commander** should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The **Incident Commander** should keep the superintendent informed of conditions at the school.

Whenever possible disaster supplies should be kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area.

STUDENT RELEASE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

THE GREAT SHAKEOUT EARTHQUAKE DRILLS

All Mt. Diablo USD schools are encouraged to participate in the annual Great ShakeOut Earthquake Drills. See <https://www.shakeout.org/index.html> for more information.

FIRE

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

Upon receiving the order to evacuate, staff will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Tell them where to go to meet you (primary location is the field, secondary location is the front of the school parking lots).
3. Upon exit place a chair outside your class to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Evacuate to the evacuation location and find your class or help with another class
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
Only hold up red cards if student is unaccounted for. If you know their location, DO NOT hold up a red card.
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be by an announcement on a bullhorn
12. Communicate with your students and maintain control.

The fire department will be notified. The police and superintendent should also be notified.

Access roads to the school campus should be kept open by **Security/Traffic** team personnel.

Students and staff will not return to the buildings until the fire department declares the area safe and the **Incident Commander** has announced the ALL CLEAR.

Clothing on fire: STOP. DROP. ROLL. Use other pieces of clothing to help smother the flames. Immediately call 911. Render first aid.

INTRUDER ALERT/ANTI-VIOLENCE RESPONSE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

ACTIVE ALERT: LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

STAFF ROLES DURING ACTIVE LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

PRACTICE ALERT: LOCK DOWN

16. The principal will announce, This is a drill.

17. Follow the instructions above for an Active Alert. Release from Drill is: Done by the Principal

Intruder drills are practiced each year. Staff training is provided. Ample warning and preparation are made so that students and families are aware of the drills. Law enforcement should be invited to participate in these drills

Potential Emergency Types and Responses Part Two

CHEMICAL SPILLS WITHIN THE SCHOOL

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.
- The office will alert classes to, "Shelter-in-Place."
- Notify the Superintendent's office.

CHEMICAL ACCIDENT NEAR THE SCHOOL

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

CRISIS INVOLVING INDIVIDUAL STUDENTS AND/OR STAFF

The sudden death, serious injury to a student or staff member either through natural causes, accidents or as the result of an act of violence, such as school shooting, missing students (known or suspected abduction), physical assault, sexual assault, non-natural or non-accidental causes or other unexpected events are, without question, a crisis. Responding to these kinds of crisis situations in a timely and effective manner is as critical as dealing with an earthquake or a fire.

1. Contact Student Services to request the District Crisis Intervention Team immediately following a serious injury, accident or death of a student or staff member.
2. Work with your school psychologist to determine identification of short- and long-term interventions for students or staff traumatized by the event.
3. Work with the Superintendent's office to formulate a public statement.
4. Discuss the crisis in a factual manner in follow up meetings and/or communications.
5. Be sensitive to latent behavior problems that are trauma-related.

A general message will be prepared and whenever possible parents will be contacted first in order to be the first adults to provide the information and support their children. All staff will be debriefed and supported. Activities to best meet the needs of the community will be provided aimed at providing counseling, a way for all to process (writing, drawing, and sharing). Activities such as games, music and reading may be planned over a short period of time to reduce anxiety and work demands. Follow and close monitoring for students and staff to insure latent reactions and responses.

DISCARDED WEAPON OR DRUG LAB/PARAPHERNALIA

DISCARDED WEAPON: GUN OR RELATED ITEM

A staff person may discover a discarded gun or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

DISCARDED WEAPON: KNIFE OR RELATED ITEM

A staff person may discover a discarded knife or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- Trained staff as designated by principal or designee will recover the item and notify the authorities as appropriate.

DISCARDED DRUG LAB OR DRUG USE PARAPHERNALIA

A staff person may discover a discarded drug lab or drug use paraphernalia or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

EXPLOSION

The DROP command is to be given immediately in the event of an explosion at the school or within a school building.

If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the superintendent's office.

FALLEN AIRCRAFT

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:

- The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
- Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to avoid fumes.
- Call 911

Notify the Superintendent's office.

NATURAL GAS LEAK OR RUPTURED GAS LINE

The site administrator will evaluate the situation and determine the need for a building evacuation.

Offsite emergency respondents will be called if a leak is suspected.

In general, an evacuation of the building(s) will be conducted whenever there is a strong smell of natural gas within the school. Evacuations under other circumstances will be decided upon based on discussions with offsite emergency respondents. The site administrator will then initiate whatever emergency action is required.

Notify the superintendent's office.

RABID OR VICIOUS ANIMAL

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Superintendent's Office.

SEVERE WINDSTORM

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete a Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don't permit any staff to leave the building until the winds have subsided and it is safe to do so.

UTILITIES LOSS OR FAILURE

LOSS OF ELECTRICAL POWER:

Consult PG&E website for grid of outages: www.pge.com

Contact PG&E to report a Power Outage 1 800-743-5002

WATER EMERGENCY:

Contra Costa Water District Emergency Number 925-688-8374

Golden State Water Company Emergency 800-999-4033, 877-933-9533 (TTY- hearing impaired)

PHONE ISSUES:

Contact Technology Information Services (TIS) at extensions 4094 or 4105 to report phone issues.

ADDITIONAL INFORMATION:

Contact Maintenance, Operations & Facilities at extension 3884 if any utility will be off for an extended period of time.

Notify the superintendent of the situation.

If necessary, make appropriate arrangements with Maintenance and Operations for temporary communications, water delivery and portable rest rooms.

In the event of an extended outage, consult with the cafeteria manager. The cafeteria manager will consult with Food and Nutritional Services x4124.

If an extended outage is likely, provide a School Messenger update to keep parents/guardians informed.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

EVACUATION PROCEDURES

EVACUATION ALARM SYSTEM

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the **Incident Commander**, will carry out the initial response actions delineated in the **Emergency Preparedness and Crisis Response Plan**. In consultation with members of the **Incident Command Team**, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

Incident Command Team members will immediately assume their designated response duties as activated by the **Incident Commander**. The **Disaster Response Officer** will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned.

When a decision is made to evacuate, the **Assembly /Shelter and Care Team** leader will immediately report to the assembly area and inspect the area for hazards. The **Assembly /Shelter and Care Team** leader will notify the **Disaster Response Officer** immediately if the area is safe. If not, the **Assembly /Shelter and Care Team** will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified according to the site's **Preparedness and Crisis Response Cliff Notes**.

If deemed appropriate and safe, the school's fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

COORDINATING THE EVACUATION

Upon receiving the order to evacuate, staff will assume their designated positions in the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Tell them where to go to meet you (primary location is the field, secondary location is the front of the school parking lots).
3. Upon exit place a chair outside your class to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Evacuate to the evacuation location and find your class or help with another class
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
Only hold up red cards if student is unaccounted for. If you know their location, DO NOT hold up a red card.
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be by an announcement on a bullhorn
12. Communicate with your students and maintain control.

EVACUATION ASSEMBLY AREAS

When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the **Incident Command Team**, via the **Assembly /Shelter and Care Team**, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school's **Student Release Procedures** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. This will not be done unless it is authorized by the **Incident Command Team**.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. If someone is deemed missing, the teacher is to immediately report this fact to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**.

ACCESS CONTROL PERSONNEL

Whenever an evacuation is called, the designated **Security/Traffic** response team (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in the **Emergency Preparedness and Crisis Response Plan**.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

STUDENT EARLY DISMISSAL AND EMERGENCY SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District's Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

RELEASE OF STUDENTS FROM SCHOOL

MDUSD and this school want to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school. Parents are encouraged to print out and complete the **ABC's – Three Steps to Protect Your Child during Emergencies in the School Day (Appendix B)**

In the event students are held at a school, they may be released only to the student's own parent(s) or a person authorized beforehand by the parent. As a part of annual registration, sites collect emergency contact information in AERIES. From AERIES, **Emergency Cards** shall be printed and used for this purpose. It is recommended sites print copies for teachers to have on hand in their emergency packs along with roll information. Office shall also print out the **Emergency Student List** or **Emergency Cards** and maintain that in the office emergency evacuation kits.

Parents or others must check with this school's **Student Release** team at the emergency **Student Release Location** prior to pick up of their children. Teachers will release students according to the procedure outlined under the **Emergency Student Release Procedures** described below.

EMERGENCY RELEASE PLAN PROCEDURES

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

1. At time of emergency, students remain with their current classes. Teacher takes roll on an Accountability Form and await direction from **Incident Commander** via **Student Release** team.
2. **Incident Command** will communicate with district office for dismissal directive. Students will report to (first period or other) classes, upon **Student Release** team directive.
3. This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
4. Students will be released only to authorized adults listed on the **Emergency Card** or **Emergency Student List**. Adults picking up students must sign **Student Release Log** and indicate destination. Unless otherwise directed by **Incident Commander** via **Student Release officer**, a runner takes message to teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student and releases.
5. Students may go home with people listed on **Emergency Card** or **Emergency Student List** if parent can't be reached.
6. Periodically, as students are released, remaining students will be consolidated.
7. Teacher takes attendance after each consolidation, informs **Assembly/Shelter and Care** team as well as the **Student Release** team, and keeps all documentation.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

TRAINING

The key to effective and coordinated emergency response efforts is the proper training of school response personnel as to their duties in an emergency or disaster. Proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District.

ALL DISTRICT RESPONSE STAFF AND STUDENTS

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District Emergency Operations Center (EOC) plan and its coordination with School Crisis Response plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

SCHOOL CRISIS RESPONSE TEAM PERSONNEL

All school staff will receive training and detailed information on the **Incident Command System** and its use at a school crisis or disaster response. This will include but is not limited to:

- Initiation and functioning of the ICS Command Post.
- ICS response positions, their responsibilities, and the use of position checklists.
- Development of site Incident Action Plans and the utilization of, and coordination with, EOC actions at the District level.
- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.

DRILLS AND EXERCISES

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

RECOMMENDED EMERGENCY SUPPLIES

The school shall maintain a quantity of emergency supplies that will be utilized by trained personnel in the event of a school crisis or a district-wide disaster. Some materials should be stored in a central location on campus as a means of providing ready access to assist any area in the school.

Each classroom should also have its own supply of first aid and other equipment to facilitate each teacher in helping the students they are responsible for.

CENTRAL SCHOOL EMERGENCY SUPPLIES

Central School Emergency Supplies are recommended to include at least the following items:

- Two first aid kits (see below)
- Two tool kits (see below)
- Radio (battery-operated) wrapped in plastic bag
- Batteries (left in original packages; replaced in years ending with 0, 3, or 7)
- 5 gallon buckets to be used as water carrier
- Water packets (2-per student)
- Toilet paper
- Hard hats- assembled and ready to use
- Blankets (4 wool, 5 space blankets)
- Large plastic tarps
- Sheets for medical use (slings) or to signal for specific help. (Sheets will be spread out on the lawn as needed. (Colored or labeled depicting triage type- Red/ Yellow/Green)

TEACHER EMERGENCY KITS

Teacher Emergency Kits are located in each classroom. It is recommended they contain at least the following:

- Class lists (updated by the teacher as necessary) with a place for parent signatures when releasing students and to assist in the taking of roll.
- Student Accountability Forms
- List of Special Needs students and Medication(s) Information
- Disaster Emergency Cards (one for each student)
- Simple first aid supplies
- Orange/ ID arm band and name card with teacher's name to be worn by the teacher
- Copy of the Campus Response Plan and the District Disaster Plan (Cliff Notes/Summary of plan)
- Water - 2 packets per student
- Flashlight

- Work gloves
- 40 Plastic garbage bags to be used as rain gear
- Clip board
- Pens/pencils/permanent markers (at least one permanent marker to use for triaging student emergency needs)
- Pad of paper

Each employee should have a personal survival kit available at all times containing prescription medicines, extra eye glasses, change of clothes, toiletries, comfortable shoes, jacket and other necessary items.

FIRST AID KITS

School First Aid Kits are recommended to contain at least the following items:

- First aid manual
- Disposable gloves
- Face masks
- 3 triangular bandages
- 6 stretch gauze bandages
- 2 instant ice packs
- 1 after-burn treatment spray
- 2 packages long bandages
- 30 boxes sterile pads for small wounds (120 pads)
- 2 bottles liquid soap
- 6 bottles aspirin
- Hydrogen peroxide
- Paper towels
- Felt pens to identify injured children sent elsewhere for treatment. Write name on child's arm; non-water soluble
- Sheets
- Needle nose pliers for removal of glass
- 6 sanitary napkins (for severe bleeding)
- A zip lock bag containing:
 - 1 tube medicated ointment
 - 5 smelling salts (ammonia inhalant)
 - 2 rolls tape
 - Tweezers
 - Scissors

TOOL KIT(S)

The school Tool Kit(s) is recommended to contain at least the following items:

- Work gloves
- Goggles
- Flashlight (batteries in package)
- Lantern (batteries in box)
- Duct tape
- Masking tape
- Utility knives
- Hammer
- Blade screwdrivers (small, medium, large)
- Crowbar (a longer crowbar is stored in custodian's office)
- Waterproof matches
- Rope
- Nails
- Sheets (to signal for help)
- Spray paint (used to identify "Condition of Search" X)

- Radio
- Large shovel located in custodian's office

LIST OF STAFF WITH SPECIAL SKILLS

Each Central School Emergency Kit and each Teacher Emergency Kit will also contain a list of school staff members with specialized emergency skills. These include, but are not limited to:

- Medical or first aid experience
- Search and rescue experience
- Fire-fighting, chemical spill containment experience
- Communications equipment experience (indicate type)
- Emergency vehicle (indicate type)
- Multilingual Speakers

Site Emergency Preparedness Plan

Safety Plan Timeline and Checklist

The timeline and checklist will assist in addressing mandates and determining that the Incident Command System portion of your comprehensive safety plan is in place and functional.

Emergency Alarm and Drill Log AR 3516.1

School Year 2024-2025

School: Hidden Valley Elementary School

Principal: Jennifer Tosi

Type	Month	Day	Time of Day	Comments (Include length of fire drills)
Fire Drill	August	28	7:25 am	False alarm; fire department arrived
Fire Drill	September	17	8:30 am	5 minutes, pulled Library pull station by entrance, evacuated to the blacktop
Intruder Alert Drill	September	26	1:35 pm	Performed
Earthquake Drill	October	16	10:30 am	Performed
Fire Drill	October	16	10:30 am	7 minutes, pulled the pull station in A Pod, evacuated to the parking lot in the back of the school by Hidden Valley Park
Shelter-in-Place Drill	November	6	10:45 am	Performed
Fire Drill	November	13	8:30 am	8 minutes, pulled Office pull station, evacuated to the front of the school
Fire Drill	December	6	10:30 am	4 minutes, pulled C Pod pull station, evacuated to the blacktop
Fire Drill	January	21	8:30 am	8 minutes, M&O testing smoke detector in MUR, did not work so pulled pull station in MUR by first double doors, evacuated to parking lot in the back of the school by Hidden Valley Park
Intruder Alert Drill	January	27	10:30 am	Performed
Earthquake Drill	February	7	1:45 pm	Performed
Fire Drill	February	25	10:30 am	6 minutes, pulled B Pod pull station, evacuated to the blacktop
Fire Drill	March	24	8:30 am	Scheduled for blacktop
Earthquake Drill	March	24	8:30 am	Scheduled
Fire Drill	April	15	1:45 pm	Scheduled for park
Earthquake Drill	May	28	10:30 am	Scheduled
Fire Drill	May	28	10:30 am	Scheduled for blacktop
Fire Drill	June	4	8:30 am	Scheduled for front of school

* **Fire Alarm Testing:** All principals shall cause the fire alarm to be sounded at least once every month

* **Fire Drills (Title 5 TS 550, EC 32001):**

Elementary and Middle - at least once a month

High schools - at least once per semester. Fire Alarm to be sounded in months without a drill

* **Intruder Drills:** all levels at least once per semester

* **Earthquake Drills (E.C. 35297):**

Elementary and Middle - once per quarter

High schools - once per semester

* **Shelter-in-Place:** at least once a year (Typically part of county-wide drill first Wednesday of November)

The Fire Marshall requires that a fire drill log be maintained at the school site for two years and presented during an inspection or by request of the Fire Department.

Campus Disturbances and Disruptions BP/AR 5131.4; BP/AR 3515.2

MDUSD AR 5131.4

Campus Disturbances

Campus Disturbance Plan.

Hidden Valley will follow the Mt Diablo Unified School District Board Policies. During campus disruptions that impact the safety of all students on campus the most appropriate emergency procedure (lockdown, shelter-in-place, or evacuation) will be enacted. Individual campus disruptions that do not impact the entire school site will not result in the use of school-wide emergency procedures. Disruptions from individuals not authorized to be on campus will not be tolerated. The principal or designee will direct the individual to leave the school grounds. If that person refuses to leave, law enforcement will be contacted. Disruptions from students will also not be tolerated. The student will be escorted to the office where a conference will be held. Family contact will be made and a request for family attendance at the conference may be made at that time. Staff members will make use of emergency channel on their walkie-talkies or the Voxer App. to alert staff in the event of a disturbance that may require a lockdown.

See Appendix A

Access to School Campus by Visitors BP/AR 1250

MDUSD BP 1250

Visitors/Outsiders

Visitor Registration Procedure:

Parents are welcome to visit our school throughout the year. District policy requires that all visitors report to the school office in order to sign in and secure a visitor's pass prior to each visitation. Volunteers must be cleared through the district with fingerprinting and a negative TB test. School staff has been instructed to ask to see the pass from anyone on campus if the visitor's pass is not readily visible. If there is no pass, the visitor will be directed to the office or the staff member will call the office. Classroom observations must be scheduled ahead of time with administration.

Administration accompanies all observers and follow a limit of 30 minutes per observation.

We will secure the campus by locking the gates after school begins and reopening the gates before school dismisses for the day. Parents and adults waiting to drop off/pick up students are asked to wait in designated areas and not to walk around campus, nor wait by the classroom doors.

See Appendix A

Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450

Describe the procedures for safe passage when students and adults are entering and leaving school grounds. Identify your site's access points. Describe the utilization of campus supervisors, security personnel, and security equipment. Student Drop-Off and Pick-Up Information found in Parent Handbook. Carefully read these guidelines for drop-off and pick-up.

- Model safe, respectable, responsible, and kind behavior when adults remind you of procedures in front of the school and in the car line. Do not block crosswalks or try to drive through a crosswalk when students or adults are crossing.
- Do not drop-off or pick-up your child in any red zone, middle of the street, or in crosswalks.
- When waiting, do not block the intersections, parking lot exits or entrances, nor neighborhood driveways.
- Do not make U-TURNS. You may be ticketed by Martinez Police Dept.

Guidelines for drop-off and pick-up at Hidden Valley:

Students arriving by car or other vehicles: use the second parking lot. Here children can safely enter or exit the car from the right side and move directly to or from the sidewalk without crossing traffic. Enter the parking lot at the intersection with Eagle Lake Court. Stay in the right lane and pull as far forward as you can and follow the signs. **STAY IN YOUR CAR.** As soon as your child enters or exits, pull out into the left lane and drive away. Following this pattern, everyone can get in and out safely and in the least amount of time.

NEVER MOTION TO YOUR CHILD TO COME TO YOUR CAR! When it is safe, a staff member will direct your child to proceed to your car.

The first parking lot is for buses and daycare vans only. Additionally, the cross walk into the campus is right at the entrance to this parking lot. During drop off and dismissal time, about a third of our students move through this parking lot from buses, daycare vans, or by walking to/from the campus.

Students who are walking or riding bikes, scooters, skateboards... **MUST WALK** through the school grounds, including the parking lots. Students may not walk or ride in the car or bus lanes. Student arriving by or departing by bus should follow the directions of the drivers or staff who are monitoring bus arrivals and departures.

A Few Reminders:

- Please be considerate. Parents, do not get out of your car and walk your child to the playground, leaving your car in the car line.
- **DO NOT** use this time to fix their hair or put on coats. Please have all of this done before entering the car lane each morning.
- Parking in the car lane or in the staff parking spaces is strictly prohibited. All drivers seen in this area will be asked to move immediately.
- Please wait patiently in your car in the car line during the drop-off and pick-up times. Remember: **SAFETY FIRST!**
- Please be aware of the crosswalks in front of the school. We have many students who walk and ride their bikes to school.

Remember that only Hidden Valley staff may park in parking lots. Parents and visitors should park on the street or in the parking lot at the park behind our school.

Supervision is provided on campus beginning at 7:40 am by paid supervisors in either the cafeteria for students eating breakfast or on the patio. Parents and students are asked to wait on the patio until 7:55 when the supervisor will escort them to line up by class on the blacktop; where additional teachers are supervising. Students and teachers walk to class at 8:00 and then the flag salute is completed. Parents are asked to leave campus at 8:00.

For dismissal, parents are asked to wait at the grade levels designated location while teachers escort classes out for dismissal. If students are picked up by car they walk to the car line waiting area, where a paid supervisor is on duty to ensure safety. Parents and students are expected to exit campus immediately either through the front of school or through the back gate to the park parking lot. Students who have not been picked up after 30 minutes are then escorted to the office to call their parents. Parents that are late picking up their child will need to come into the office to retrieve their child and sign them out.

See Appendix A

Students with Disabilities

If you have not described them elsewhere in your safety plan, include adaptations for students with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. SEC §. 12101 et seq.) for disaster procedures, routine and emergency.

Hidden Valley will follow all MDUSD School Board policies and comply fully with the federal ADA for students with disabilities such as easy access to all classrooms and buildings, behavior plans and IEPs to meet individual needs, ADA restrooms for students and adults, and additional staff to assist students. At this time Hidden Valley does have students with disabilities that would require additional assistance in case of an emergency. Staff is aware of all students needs. Students with disabilities have accommodations listed in their IEPs to assist them during the school day including during evacuations and drills. Special education teachers and assistants have received training in moving students safely in the event that a student with a disability is unable to move or respond to evacuation and their safety is at risk. Our students in the three autism classrooms will be supported by their teachers and special education assistants. There is also a wheelchair in the office that can be used if a student is temporarily in need of additional assistance during an evacuation.

Hidden Valley Elementary School Incident Command Structure

Incident Commander
Jenny Tosi, Principal
Provides overall direction of response at school site; determines level of staffing; communicates with local public safety and District EOC

Public Information Officer
Joanna Subia, Attendance Secretary
Media liaison, official spokesperson for school; coordinates information for parent community

Disaster Response Officer
Mitchell Broxton, Vice Principal
Ensures activities are conducted in safe manner, assures safety of personnel (staff, students, volunteers and responders)>

Agency Liaison
Elisha Brautigam, Office Manager
Assists in establishing and coordinating outside agencies that provide services or resources (E.G. Red Cross)

Operations
Principal Jenny Tosi & Vice Principal Mitchell Broxton
Supports on-scene response at school site; develops Incident Action Plan with Incident Commander, coordinates After Action Report with section chiefs

Planning
Elisha Brautigam, Office Manager
Collects, evaluates and documents information about incident, including status of students staff and facilities, coordinates demobilization of ICS response

Logistics
Joanna Subia, Attendance Secretary
Provides services, personnel and supplies in support of incident response.

Finance/Administration
Office Manager Elisha Brautigam
Provides financial tracking, procurement and cost accounting of incident response, administers incident-related compensation and claims

Search and Recovery
Alicia Sanchez, Elizabeth Thomas, Laurie Senter, Ryann Kuiper, Stella Brown, Michelle Anaman
Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression

First Aid
Amanda Ocamou, Cyndi Young, Kristina Bates, Suzanne Licht, Linda VanBrocklin, Sara Young, Heidi Colville, Karen Simpson
Provides triage and medical care; establishes morgue, if needed.

Situation
Elisha Brautigam, Office Manager
Processes and organizes all incident information, including staff student and facility status, maintains ICS status boards and school site map

Food and Supplies
Parent Volunteers, Cafeteria Team (Danette Ruger), Tina Kerns, Carolyn Campbell, Maria Pious
Assesses supply resources at site, including food and water, procures supplies and provides personnel, as requested, including volunteers.

Time
Elisha Bruatigam, Office Manager
Maintains incident time logs for all personnel.

Security/Traffic
Vice Principal Mitchell Broxton, Noon Duty Supervisors, Elena Baril, Custodians Katie, Robert or Marshall, Jackie Farley, Judy McCall, Melissa Miller, Stephanie Salomone
Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates ire/HazMat

Assembly/Shelter and Care
Kathleen Merletti, Emily Maher, SPED Assistants from Maher & Alencastre, Ari Brown, Danielle Voorhees, Jennifer Sullivan, Laura Littig, Alexis Burns, Michele Jacobson
Provides accounting and long-term care for all students until reunited with parents caretakers; manages food and sanitation needs of students.

Documentation
Joanna Subia, Attendance Secretary
Collects and archives all incident documents

Transportation
Cecilia Hults, Kayo Alencastre
Arranges transportation for staff, students and supplies.

Procurement
Elisha Brautigam, Office Manager
Tracks and maintains complete records of site expenditures and purchases made by Logistics; manages vendor contracts

Crisis Intervention
School Psychologist Elaine Kratsas, Counselor Megan Davis
Provides onsite counseling and intervention; determines need for outside mental health support

Student Release
Cynthia Duarte-Bishop, Patty Schoelkopf, Charyl Levy, Holly Eddington, Sara Hutcheson, Stacia McClane, Karen Wilk, Attendance Secretary Joanna Subia, SPED Assistants from

Resources/Staffing
Sarah Bogni
Tracks equipment and personnel assigned to the incident, checks in all resources (incoming equipment, personnel and volunteers).

Facilities
Custodians Katie, Robert, Marshall & Office Manager Elisha Brautigam
Coordinates site repairs and use of school facilities; arranges for debris removal

Cost
Elisha Brautigam, Office Manager
Provides cost estimates, analysis and recommendations for cost savings

Reyes, Natasha Exner, Alexis Burns, Lindsey Mullen, Judy Reyes
Provides for systematic and efficient reunification of student with parents/caretakers; maintains records of student release

Demobilization
Sarah Bogni
Coordinates orderly and safe release of assigned resources and deactivation of incident response at the site

Communications/IT
Rebecca Campos, Jenny Tosi, Principal
Maintains all communication equipment, including radios; provides services to support information technology functions.

Compensation/Claims
Elisha Brautigam, Office Manager
Processes compensation/injury claims related to incident

Opioid Prevention and Life-Saving Response Procedures

School Administrators, and staff volunteers, are trained annually to recognize symptoms of an overdose and administer Naloxone. All schools are provided with free Naloxone in the event of a suspected overdose.

Rescue steps include:

- Step 1: Checking for signs of overdose
 - o Loss of consciousness
 - o Fingernails or lips blue/ purplish black
 - o Can't rouse - unable to speak
 - o Face pale or clammy
 - o Limp body
 - o Vomiting
 - o Breathing/heartbeat slow or stopped
 - o Choking sounds or snore-like gurgling
- Step 2: Call 911
- Step 3: Administer Naloxone and rescue breathing
- Step 4: Monitor and administer Naloxone again, if necessary

Naloxone lasts for 30 to 90 minutes and may wear off before the effects of opioids wear off, resulting in another overdose. If possible, stay with the person for several hours to ensure they don't overdose again. If the person cannot walk and talk well after waking up, it is very important that they are taken to the hospital for additional medical support.

Maps

Insert labeled site maps that contain the following information:

1. Ingress and egress patterns.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

2. Evacuation routes.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

3. Incident Command System locations: command post, morgue, first aid center, evacuation assembly area, student release area, media area.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

4. Emergency and first aid supply locations, and school tool kit(s) locations.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

5. Location of AEDs.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

6. Locations of utility lines and shut off valves.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

Appendix A: Active Shooter Event Quick Reference Guide

When law enforcement arrives:

- Remain calm and follow instructions
- Drop items in your hands (e.g., bags, jackets)
- Raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers, such as holding on to them for safety
- Avoid pointing, screaming or yelling
- Do not ask questions when evacuating

Information to provide to 911 operations:

- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons shooter has
- Number of potential victims at location

For questions or additional assistance contact:

Your local law enforcement authorities or FBI Field office:
450 Golden Gate Ave, San Francisco, CA 94102

Department of Homeland Security
3801 Nebraska Ave, NW
Washington, DC 20528

An “active shooter” is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

- Victims are selected at random
- Event is unpredictable and evolves quickly
- Knowing what to do can save lives

ACTIVE SHOOTER EVENTS

When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation.

You have three options:

- Have an escape route and plan in mind
- Leave your belongings behind
- Evacuate regardless of whether others agree to follow
- Help others escape, if possible
- Do not attempt to move the wounded
- Prevent others from entering an area where the active shooter may be
- Keep your hands visible
- Call 911 when you are safe

- Hide in an area out of the shooter's view
- Lock door or block entry to your hiding place
- Silence your cell phone (including vibrate mode) and remain quiet

- Fight as a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with as much physical aggression as possible
- Improvise weapons or throw items at the active shooter
- Commit to your actions . . . your life depends on it

The first officers to arrive on scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove injured.

Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.

EASY AS ABC

THREE STEPS TO PROTECT YOUR CHILD DURING EMERGENCIES IN THE SCHOOL DAY

ASK how you would be reunited with your child in an emergency or evacuation

BRING extra medications, special food, or supplies your child would need if you were separated overnight

COMPLETE a backpack card and tuck one in your child's backpack and your wallet

ASK how you would be reunited with your child in an emergency or evacuation

How would you find your child if an emergency happened during the school day?

If students had to evacuate, where should parents/guardians go for pick up?

Parents and guardians will go to Hidden Valley Park and look for staff coordinating the release of students. Adults picking up students must have a current ID. Adults will be asked for the Car Tag # for each student for release to an adult.

How would the school notify you in the event of emergency?

The school will use the ParentSquare App to communicate with parents/guardians in case of emergency. For access to ParentSquare, download the free app and enter in your email and cell phone number that we have on file.

BRING extra medications, special food, or supplies your child would need if you were separated overnight

An emergency might require a sudden sleepover. Tell school administrators about any extra supplies your child may need to safely make it through a night away from home.

What essential supplies would your child need if separated from you overnight? (Medications? Inhaler? Milk? Diapers? Battery pack for special equipment?)

Does the school have an emergency stockpile of these items? **Yes NoX**

If your child has special medications, can extras be kept at the school? **YesX No**

What is the school policy for how and when medicine can be administered to your child?

A medication administration form must be completed by the doctor in order for medication to be stored and administered at school. Medication cannot be left in a student's backpack.

COMPLETE a backpack card and tuck one in your child's backpack and your wallet

Emergencies are chaotic! Make sure your child or their school knows how to reach you, and who should be called if your phone isn't working.

Complete an emergency contact card to make sure you and your child know how to get in touch quickly.

Appendix D: Notice of Public Hearing Letter

Mayor:

MDEA:

MT. DIABLO
UNIFIED SCHOOL DISTRICT

MT. DIABLO UNIFIED SCHOOL DISTRICT
JAMES W. DENT EDUCATION CENTER
1936 Carlotia Drive
Concord, California 94519-1358
(925) 682-8000, ext. 4220

Dear MDEA, MDSPA, CST, CSEA, and Teamsters representatives:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.

Attached please find a schedule of all MDUSD school site Safety Plan public hearings. You can also access this schedule through this link: <https://bit.ly/MDUSDPublicHearings2324>

You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan coordinator (contact information is included in the attached schedule) if you are planning to attend a meeting or if you have questions regarding this matter.

Sincerely,

Christina Filios Yiannakopoulos
