

Welcome to SCA Early College – Where Excellence Meets Opportunity!

Are you a parent seeking an extraordinary educational journey for your student? Look no further than the SCA Early College program. SCA is a pioneer in early college education located right here in Pueblo West.

Read on to discover the SCA Advantage - where early college mindsets lead to personalized learning!

The SCA Promise

SCA believes that every student has the ability to succeed at learning and we have a shared responsibility between our faculty, the student, and the parent to identify learning styles, explore educational concepts and adopt learning ideas that are progressive and proven.

Join us today and embark on a transformative educational journey with SCA Early College at CSUP or PCC.

REASONS WHY STUDENT LEADERS CHOOSE SCA EARLY COLLEGE

Customized Learning

Early College is an educational mind shift that creates a competitive edge for SCA students allowing coursework and scheduling to be personalized to the student. It's the difference between a good school and a great school. A great opportunity, and one that changes the course of your life.

Debt-Free Degrees

Graduating high school is important, but imagine pairing a high school diploma with a NO-COST Associate's Degree or a lower-cost Bachelor's Degree. Students double their opportunity for success in half the time! The power of education without student loans, that's SCA success!

High School Life-College Perks

Blending the traditional high school experience with tuition-free college classes allows SCA students to level up on their own terms. SCA offers a turnkey program that helps students blend interests in high school activities and sports with college level ambitions. Earn your high school diploma and your degree while making the memories that matter most to you.

College-Smart Coaching

Blending college courses smoothly into a high school curriculum requires an experienced advocate to help students navigate the transition from high school to college. Our college coach connects one-on-one with students to help them reach their potential, create study habits, and work directly with professors. It's college, simplified.

OUR MISSION

At SCA, our mission is clear. We encourage academic excellence while nurturing character development and creative expression in a safe and respectful environment. We're dedicated to providing your student with a content-rich and rigorous curriculum that prepares them for a brighter future.
