**Fax** (513) 863-4391

#### OVERVIEW

Provides services to the entire community to promote health and prevent disease. Feel free to call us at 513-887-5253 or text us at 513-857-2115. We are happy to help you to promote good health and prevent disease.

#### VACCINE CLINICS

We are specialists in vaccines for the prevention of communicable diseases for both children and adults. We participate in the Vaccines for Children program that allows us to provide childhood vaccines at very low cost. We also offer international travel vaccines for anyone planning an overseas trip.

Arrangements can often be made to provide certain vaccines on site if needed (at schools, churches, public vaccines clinics).

#### CHILDREN VACCINE CLINIC

Vaccination throughout childhood is essential because it helps provide immunity before children are exposed to potentially life-threatening diseases.

Vaccines for children are available for those newborn - 18 years of age and receive health insurance from Medicaid or self-pay. No private insurance is accepted.

Appointments are required for all vaccines

**Mondays and Wednesdays**

**9 AM - 11 AM**

**and**

**1 PM - 3 PM**

Clinic is located at at 301 S. Third Street, Hamilton, OH 45011
