2025-2026 Immunization Information

Your child must be immunized against Diphtheria, Pertussis (whooping cough), Tetanus (DPT), Poliomyelitis (IPV/OPV), Measles (Rubeola), Mumps, Rubella (MMR), Hepatitis B, Chicken Pox (Varicella), and Hepatitis A. Preschool students must also have Pneumococcal, Rotavirus, and Hepatitis A vaccine series. Seventh graders and twelfth graders are required to have the Meningococcal vaccine. The following are required of all students:

- Four doses of DTaP, with one dose after the fourth birthday
- Four doses of IPV/OPV, with one dose after the fourth birthday
- Two doses of Measles and Mumps vaccine, and one dose of Rubella vaccine (usually given as MMR), first dose given at 12 months and second dose after the 4th birthday
- Three doses of Hepatitis B following the recommended schedule
- Two doses of Varicella vaccine
- A Tdap (Tetanus, Diphtheria and Pertussis) booster is required of students grades 7-12
- A two dose series of HPV(Human Papillomavirus) vaccine is required for students entering 7th grade. After reviewing the educational materials provided by the Board of Health, the parent or guardian, at the parent's or guardian's sole discretion, may elect for the child not to receive the HPV vaccine.
- A Pneumococcal vaccine (PCV) booster is required of all students aged 24 to 60 months.
- Two doses of Hepatitis A series
- Two doses of Meningococcal Vaccine series. First dose is required for 7th grade. The Final dose is required after the age of 16 and prior to the start of 12th grade.

Immunization records must show the month, day, and year of vaccines received as well as the signature of the health care provider.

Students who do not have the necessary immunizations and/or a physical examination are not allowed to attend school. However, students may be conditionally enrolled if their health records indicate that they have had a current dose of the vaccines and parents present a written schedule from a physician for completing the immunizations within 90 days of enrollment.

Virginia Code Related to Immunizations

- § 22.1-271.2 – Immunization Requirements
- § 32.1-46 – Immunization of Children Against Certain Diseases

Families may complete this form to indicate a religious exemption from immunizations.
The form must be notarized and returned to your school nurse.
