Welcome to Sanchez Elementary School, home of the Dragons. We have a focus on AVID and Student Leadership. At Sanchez Elementary we focus on providing a safe and engaging environment to ensure high levels of academic achievement for all students. Meeting the social/emotional needs of our students is critical to our work at Sanchez. We believe that students thrive best when they feel safe, are happy, can demonstrate their leadership and are engaged in new learning while being in an environment of kindness and collaboration.
