HOME OF THE KNIGHTS

Welcome to New River Elementary, home of the Knights. We have a focus on raising respectful, responsible, safe, and kind students who are lifelong learners and thinkers. We believe in educating the whole child through participation in monthly lessons in our Art Studio and daily SEL activities. All classrooms use Cognitively Guided Instruction, or CGI, to provide opportunities for children to build on their own mathematical thinking and understanding. We look forward to having you join our New River family.
