This notice contains a description of your and your child's rights concerning school student records.

A *school student record* is any writing or other recorded information concerning a student and by which a student may be individually identified that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings that are created in part for law enforcement, security, or safety reasons or purposes; and electronic recordings made on school buses. The District maintains two types of school records for each student: *permanent* records and *temporary* records.

The Family Educational Rights and Privacy Act (FERPA) and the Ill. School Student Records Act (ISSRA) afford parents/guardians and students over 18 years of age (*eligible students*) certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days after the date the District receives a request for access.**

   The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. Parents/guardians or students should submit to the Building Principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent(s)/guardian(s) or student of the time and place where the records may be inspected. The District shall make the records available to inspect and copy within 10 business days, unless the District extends the response timeline to 15 business days in accordance with ISSRA. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

   These rights are denied to any person against whom an order of protection has been entered concerning a student. 105 ILCS 5/10-22.3c and 10/5(a); 750 ILCS 60/214(b)(15).

2. **The right to request the amendment of the student's education records that the parent(s)/ guardian(s) or eligible student believes are inaccurate, irrelevant, or improper.**

   Parents/guardians or eligible students may ask the District to amend a record that they believe is inaccurate, irrelevant, or improper. They should write the Building Principal or the Official Records Custodian, clearly identify the record they want changed, and specify the reason.

   If the District decides not to amend the record as requested by the parents/guardians or eligible student, the District will notify the parents/guardians or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

3. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or ISSRA authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board. A school official may also include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist, or educational technology vendor); or any parents/guardians or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. Individual board members do not have a right to see student records merely by virtue of their office unless they have a current demonstrable educational or administrative interest in the student and seeing his or her record(s) would be in furtherance of the interest.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligations with the District.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

When a challenge is made at the time the student's records are being forwarded to another school to which the student is transferring, there is no right to challenge: (1) academic grades, or (2) references to expulsions or out-of-school suspensions.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent(s)/guardian(s) can be identified; to another school district that overlaps attendance boundaries with the District, if the District has entered into an intergovernmental agreement that allows for sharing of student records and information with the other district; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

   The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least five years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after five years, be transferred to the parent(s)/guardian(s) or to the student, if the student has succeeded to the rights of the parent(s)/guardian(s). Student temporary records are reviewed every four years or upon a student's change in attendance centers, whichever occurs first.

5. **The right to prohibit the release of directory information concerning the parent's/ guardian's child.**

   Throughout the school year, the District may release directory information regarding its students, limited to:

   Name
   Address
   Grade level
   Birth date and place

Parent(s)'/guardian(s)' names, addresses, electronic mail addresses, and telephone numbers
Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the Building Principal within 30 days of the date of this notice. No directory information will be released within this time period, unless the parent/guardian or eligible student is specifically informed otherwise.

No photograph highlighting individual faces is allowed for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security video recording shall be designated as directory information.

6. **The right to request that military recruiters or institutions of higher learning not be granted access to your secondary school student's name, address, and telephone numbers without your prior written consent.**

   Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students' names, addresses, and telephone numbers, unless the student's parent/guardian, or a student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the Building Principal where your student is enrolled for further instructions.

7. **The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.**

8. **The right to file a complaint with the U.S. Dept. of Education concerning alleged failures by the District to comply with the requirements of FERPA.**

   The name and address of the Office that administers FERPA is:

   U.S. Department of Education
   Student Privacy Policy Office
