CENTENNIAL
SCHOOL DISTRICT 12

CONNECTING. ACHIEVING. PREPARING.

FALL 2025
ACTIVITY GUIDE
September-December 2025

Making connections within the community to provide learners
of all ages with accessible and enriching opportunities

Welcome to Community Education

Centennial Schools is proud to offer community education programs for all ages and abilities. We provide true life-long learning to our residents and beyond in Blaine, Centerville, Circle Pines, Lexington and Lino Lakes.

Welcome to our Fall Activity Guide A collection of offerings occurring September through December.

Before I talk about the Fall offerings, there is one thing I would like to repeat over and over again, it's this: Thank you for supporting Community Education!

Because I have the pleasure of directing our Centennial Community Ed Department, of course, I'm happy you are signing up for classes and partaking in what we are doing. But even if I didn't have this role, I'd still tell everyone I know all about Community Education because I believe so strongly in its purpose.

Sure, we put together classes and activities and things for people to do and learn and that is amazing, but it is also the bigger picture, the idea of making connections, utilizing those around us, to create opportunities. When you sign up for a Community Ed class you are learning, connecting with others and spending and supporting locally!

Back to the Fall Activity Guide... yes, fall is coming! But, make no mistake: SUMMER is FAR from over! Squeeze the most out of your summer and check out offerings available yet in August. Make a final summer memory by registering for the Centennial Kids Obstacle/Mud Run and watch your kids laugh and play. Or delight in their wonder as they shine on stage at Cinderella Musical Theater and much more! **Summer, fall, winter and spring, we're here to help you explore, delight, enjoy and learn locally!**

Cori Sandle Director, Community Education

4 Strategies for a Smarter College Search Online Designed for families with students in grades 9-11

The college search continues to become more complex, making it harder for families to identify the right fit for schools. Challenges include:

- ◆ Substantial changes to FAFSA and financial aid may make college more expensive
- ◆ Admission trends have changed around how colleges admit students
- ◆ Testing - some require it now and some don't - what path makes sense?

Join us to learn how these changes may impact your family, and new strategies to consider giving your child the best opportunity to be admitted and maximize scholarships and financial aid. So, You're Thinking About Leaving Minnesota An Attorney's Perspective on How to Do It

A vital part of every retirement or resettlement discussion involves the roadmap of issues that help us decide where we want to call home. Is it taxes, the political landscape, the weather, the location of family assets, debt or income concerns in retirement, cost of living, health concerns, or our friends are already there. When should we start this conversation? Did you know how many states do not tax Social Security, pensions or other qualified retirement income sources? Which are the worst states for estate taxes? How do we establish a domicile? How about the quality of medical resources and retirement facilities, who is good, who is not so good? All these issues will be raised and discussed in an open and friendly manner with questions encouraged.

Trust and Long-Term Estate Planning

Why You Can't Always Trust Your Trust

A Trust is a very popular component and tool to be used in our estate planning. However, there are a variety of vastly different Trust options to be used, and the question arises: "Am I using the right Trust for my needs and goals?" Trusts often used include: Living Trusts, Testamentary Trusts and Irrevocable Trusts, each serves a different purpose, each has a different result. One common problem that often needs addressing is the over-utilization of the Living Trust for goals or problems that it does not resolve. For example, "Does my Living Trust protect my assets against Medicaid and the nursing home?" The answer is probably no. The Irrevocable Trust and the Testamentary Trust each have their strengths and weaknesses as well. We will clearly define the strengths and weaknesses of these different types of Trusts and when to use them. Explore your goals and wishes to see where they fall in the realm of Trusts. Class encourages questions and we hope to provide answers that will set your mind at ease or assist you in the decision making in this area.

St Paul Gangster Bus Tour Wed, Sept 24

NEW

Join our entertaining Gangster bus tour through historic Saint Paul, which will feature exterior views of its many famous attractions. Infamous sites will also be highlighted where bootleggers, bank robbers and gangsters operated while "hiding in plain sight" from the FBI. Learn why St. Paul became a haven for the nation's most notorious gangsters during the first decades of the 20th Century, and the impact of that legacy. This unique tour winds through neighborhoods that welcomed both the city's wealthiest citizens as well as its crooked hoodlums. After the tour, we will enjoy lunch at DeGidio's Restaurant where we will enjoy Chicken Parmesan - Parmesan crusted chicken breast served over spaghetti with classic tomato sauce and baked mozzarella, garlic bread, and a non-alcoholic beverage.

9 to 5 Paramount Center Show & Lunch Thurs, Oct 30

NEW

We begin with an included buffet lunch at Coyote Moon Grill. The lunch buffet will have three chef-made entrées, potato and vegetable, salad bar with Caesar salad, popovers with honey butter and soup. A light dessert will also be included with the buffet. Then we'll proceed to the Paramount Center for the Arts for Great Theatre Presents 9 to 5. In the corporate world of the late 1970s, Violet, Judy, and Doralee are fed up with their arrogant, misogynistic boss. When a wild turn of events gives them the chance to take matters into their own hands, they set out to change the office - and their lives - for the better. With music and lyrics by Dolly Parton, 9 to 5 is a laugh-out-loud story of empowerment and unlikely friendship. Full of catchy songs, hilarious antics, and a message about challenging the status quo, this high-energy show celebrates perseverance, camaraderie, and standing up for what's right.

White Christmas Chanhasen Dinner Theatre Wed, Nov 5

NEW

Come along with us to see Irving Berlin's White Christmas. Veterans Bob Wallace and Phil Davis have a successful song-and-dance act after World War II. With romance in mind, the two follow a duo of beautiful singing sisters enroute to their Christmas show at a Vermont lodge, which just happens to be owned by Bob and Phil's former army commander. With a dazzling score featuring well-known standards including "Blue Skies," "I Love a Piano," "How Deep Is the Ocean" and the perennial title song, White Christmas is an uplifting, wholesome musical that will delight audiences of all ages.

MS Speech Team

Do you like to talk? Or maybe you want to improve your confidence in yourself? Then you want to be on the Centennial Middle School Speech Team! Speech Team competes in four meets a season against other MS speech teams from the Twin Cities metro area. The Speech Team student researches and writes their own speech OR finds a speech already written depending on the category chosen. Students should try and pick the category you wish to compete in and have a rough draft of your category before the first rehearsal/session. If you want help deciding on your category and how to put together your rough draft, the speech coaches will help in the first scheduled meeting. You will be required to have your category picked and a rough draft by the second meeting/rehearsal session. The list of categories and more details about how Speech Team works can be found at Centennialtheatre.org. For questions contact ewebster@isd12.org. Cost includes bussing for away meets.

Meets will be in January on a Tuesday or a Thursday. Meets held at Minnetonka Middle School West & East, Eden Prairie (Finals Meet), and a Centennial home meet. Meets are after school leaving around 2:30 or 3 pm and returning to Centennial around 7:30-9 pm. The Meet schedule with exact dates and times will be announced in the fall of 2025.

MS Improv

The middle school improv team is entering its 23rd year! Improvisation is likely to be known as a performance form that allows audience participation, is based in comedy, and is only for the very quick-witted. Improvisation, however, is a truly adaptable art form that has proven to be an effective tool onstage and off for many different age groups and levels of experience. In other words, while it can be highly entertaining, improvisation is much more than "being funny." The tenets of improvisation – namely saying yes or accepting ideas without judgment, creating a safe atmosphere and listening – have made this form important to actors and non-actors alike. For actors, improvisation is crucial to being in the moment and learning to trust your instincts onstage, particularly in auditions. For non-actors, improvisation is an effective tool for sharpening focus, evolving creative ideas, improving communication skills, and teamwork. Students who participate in Improv greatly improve their listening skills, focus, and schoolwork. For more information CentennialTheatre.org

Ultimate Outdoor Cooking

Impress your friends and family by earning the title of Cast Iron Chef! Join Centennial area scouting units as they teach a wide variety of outdoor cooking skills, tips, and tricks. Those who camp or spend time outdoors know that eating is a necessity. Meals should be fun to prepare and the highlight of a trek. Food will brighten a stretch of stormy weather, energize trekkers striving toward a destination, and revive many a weary soul. You'll learn about the gear and how to plan and cook meals for a variety of outdoor activities. This hands-on series of classes will allow youth (with adult guidance and supervision) to do actual food prep and cooking over wood fires, camp stoves, Dutch ovens, and lightweight backpacking stoves, and get to enjoy the results when the food is done.

MS Cross Country

No experience required Do you enjoy being outdoors? Do you want to meet new people? If the answer is yes, please consider joining the middle school Cross Country Running team. This activity is for everyone. Best of all no experience is required. The season consists of after school practices and meets. We have 5 away meets, and 1 home meet. The race distance is 1.2 miles over varying terrain including grass, dirt, gravel, and pavement. Practices will include stretching, running games, and distance runs. The goals of the program are to introduce kids to running, and to provide a venue for kids to meet and interact with other kids in a team setting. We have found that our athletes gain self-confidence and improve their ability to compete against themselves and others in their own age group. As a team, we celebrate individual improvements and achievements throughout the season. Sports physicals are highly recommended for 7th and 8th grade students. Sixth grade students currently do not need a physical. Physicals are good for 3 years unless restrictions exist.

Practices are mandatory M-Th. There is no activity bus on Friday, for this reason, Friday practices are not mandatory, if transportation is an issue. A shirt/uniform to wear for meets is included in the cost of the program. Practices may get canceled for inclement weather.

6th grade begins September 3.
7th/8th grade begins September 4.

Driver Education

Learn to drive safely and with confidence in preparation for your Minnesota provisional driver's license.

Participants begin with 30 hours of classroom instruction to prepare for the knowledge test. Next step is to enroll for behind-the-wheel instruction. Participants who are at least 15 years of age, have completed classroom, and signed up for BTW instruction are issued a certificate of enrollment and classroom completion card (aka blue card) allowing them to take the knowledge test.

Pass the test, apply for the instructional permit, and finish the process by completing 6 hours of behind-the-wheel instruction. All instructors are licensed teachers and licensed driver education teachers.

There will be very limited Fall Behind-the-Wheel instruction & no Driver Education Classroom options for Fall

(September-December timeframe). Our Driver Education program is a small program with notably limited classroom and BTW options, so we thought it best to share some details about what we expect to arrange in the coming year.

We anticipate offering a 30-Hour Driver Education Classroom option in the Winter/Early Spring Activity Guide timeframe (January-April) and two summer options (one in the early summer and one later in the summer).

By reducing slightly our Driver Education Classroom options from what we have been providing this will allow our instructors to provide additional BTW options to better balance the selection in both the BTW and classroom components of our Driver Education program.

We are proud of the highly skilled, long-serving licensed instructors who have prepared thousands of Centennial and area young people for this significant life skill. We will continue to work our best to optimize the options available in our program. Thank you so much for your support of this important in-district program.

Kids Club School Age Child Care

Kids Club – where we build, we tinker, we paint, we work together, and we create friendships in Centennial Community Education’s choice-based, school-age care program.

Centennial Kids Club is a fee-based school-age child care program serving families and their children in our district. We offer care before and after school at all five elementary schools, as well as on non-school days and throughout the summer at convenient locations. We are certified by the Department of Children, Youth and Families. We accept county assistance.

Enrollment is limited and contracts can only be accepted based on space availability. At the time of print, we were on a waitlist for before- and after-school care at Blue Heron, Golden Lake, and Rice Lake, with limited space available for before- and after-school care at Centennial and Centerville elementaries.

If you would like to register your child for Kids Club childcare, please register through Eleyo: <https://isd12.ce.eleyo.com/>. After you register, we will either accept your child(ren)’s contract or place them on the waitlist. The account user will be notified either way.

For more information, visit isd12.org and click on Community Education and then Kids Club, or contact our Billing, Information & Registration Administrative Assistant at 763-792-6193 or kidsclub@isd12.org.

This is what our current families are saying about our Kids Club program:

“Kids Club has given my child a safe place to be before and after school when I have to be at work. It has helped connect her with other children of various ages which I am learning is very important to the development of a child. She has also been able to foster creativity with all the various art projects she gets to do.”

“It’s a great time for our kid to socialize, play outside, and be creative with friends. And to move!”

“The kids love going, there is a good variety of things for them to do. I love that you actually do some social emotional learning and group times with the kids and cater it to the different grade levels. I also love the Seesaw pictures and updates!”

Employment Opportunities

Kids Club is hiring quality morning staff and substitutes for our before- and after-school programs at all five elementary schools.

We offer competitive pay, with additional quarterly compensation based on hours worked.

Applicants must be at least 16 years old.

Apply online at isd12.org/join-our-team.

Gymnastics

Gymnasts of all ages and abilities will learn the basics of gymnastics while improving strength, coordination, flexibility, balance, agility, confidence, and social skills for children of all ages and abilities.

Lead Instructor Kelly Border. All classes are held at the Centennial High School East Building in the gymnastics room across from the pool locker room, use entrance N52 located at the back of the building off 103rd Lane NE (stadium lot).

With the exception of Wiggle Time, parents/guardians asked to wait for children near the gymnastics room.

You may want to bring a chair.

Wiggle Time-Parent/Child Age 2-3

Children will use mats, parachutes, trampoline, and other equipment to explore and discover the world around them developing fundamental movement and problem solving skills. This is a great opportunity to get in the gym with your child and play in a safe, fun, semi-structured environment. Children run, tumble, and spend time with you, while developing their gross motor skills. Class consists of 10 minutes of group time, 30 minutes of open (semi-structured free time) and five minutes of group time at the end of class.

Little Tumblers Age 3-4

Must be potty trained, able to follow basic instructions and be comfortable in a group without parent

Developing gymnasts will learn basic and fundamental gymnastics skills in a safe, fun, age appropriate, structured environment. No tights. Socks or bare feet only.

Tumblers Age 5-7

Gymnasts will learn basic tumbling skills (forward and backward rolls, cartwheels, handstands, basic jumps and locomotor skills) and discover the basics on bars, balance beam, and vault. More advanced Tumblers will work on: Intermediate skill progressions on floor, bars, balance beam and vault. New skills introduced include: back bends, front and back handsprings on floor, back hip circles, and stride circles on bars and cartwheels on low beam.

Twisters Age 8+ All Gymnastic levels

Gymnasts will work on skills according to ability. After initial group warm-up, gymnasts will be divided each session according to skill level from Beginner I to Intermediate.

Advanced Gymnastics Invitation only

Contact us if you believe you may be eligible. Gymnasts invited to this class will be required to have advanced skills on most events, have a strong work ethic, and desire to excel at a faster pace.

Tenicity Beginner Group Tennis Lessons

Age 5-14

Join our group lessons and build your child's journey in the lifelong game of tennis! Tenicity's trained coaches will teach the fundamentals while inspiring a love for the game. Each lesson follows a structured plan that progressively guides players through Tenicity's Beginner Development Path. Our programs are designed to not only develop tennis skills but also to promote positive youth development through sports.

Program Skill Levels:

Participants will be grouped according to their skill level

◆ Beginner Stage 1:

New players with little or no prior tennis experience.

◆ Stage 2 or 3:

Players with previous training, placed according to their current abilities as assessed by our coaches.

The above structure ensures that each player receives appropriate training tailored to their level of development.

Contact: For questions, please contact Harsh Mankad at harsh@tenicity.com or at 651-285-7280. Visit Tenicity.com to learn more about our program.

Aquatics

Lessons, training and recreational opportunities for people of all ages

When registering your children for swim classes, please remember to do so based on their current skill level and their ability to be appropriately challenged.

A class level too difficult or too easy will hinder the progress of the swimmer and possibly distract others in the class as well. Your child will benefit most being in the appropriate class level, based on their ability. We're here to guide your swimmers to confidence and success. Don't put your children in the same swim class for convenience. **The Centennial Community Pool is in the high school east building.**

Enter through door N52 accessible from stadium parking lot from 103rd Lane NE.

Our Aquatics program provides swim lessons aimed at teaching relaxation and comfort in the water, stroke skill development, diving, lifeguard training, open swim and more to area youth and adults. Programs run year round with limited class time in the fall and winter due to swim team use of pool.

Cancellation & Makeup Classes

Make-up swim lessons are not available when participants are unable to attend their scheduled group lessons. In case of emergency closure, lessons will be extended at the end of the session.

If your child has special needs or you have concerns

If your child has special needs or you have concerns about your child, talk to the instructor on the first night to help the instructor better adapt and/or understand the needs of your child with the focus on continued growth in developing their swimming skills.

Diaper-aged children or participants experiencing habitual accidents are required to wear a swim diaper covered by a swimsuit, as recommended by the Minnesota Department of Health.

Registration questions, call 763-792-6100 or email cceonline@isd12.org
General swim questions call 763-792-5240

Learn to swim in progressive classes

When choosing lesson skill levels, choose the one that most closely fits, making note of any prerequisites.

It is common for some children to repeat a level several times before mastering all skills and advancing to the next level. Help your child's progress by making sure they attend each class, as each new skill builds on those learned in previous classes. All instructors are American Red Cross certified in water safety instruction and/or lifeguarding.

Unsure of what level you should register your child?

Call the pool at 763-792-5240 to arrange an appointment for testing.

Pool Temperatures

Centennial Community Pool is a multi-purpose pool serving all ages. It's impossible to maintain a temperature suitable for all swimming activities. Some may find it too warm, and others too cold. Size, depth of facility and required chemical treatment impact the overall temperature. The water temperature cannot be raised beyond a certain degree as chlorine-based disinfectants become less effective and increase the possible multiplication of bacteria and other microorganisms.

Pool Temperatures

**84 degrees - End of February
to the 1st week of August**

**80-82 degrees - 1st week of
August to end of February**

During high school competitive swim season, Minnesota State High School League requires all pools to be 82 or below. In comparison, surrounding community pools are set at the same temperatures; hotel pools, 80-83 degrees; college competitive pools, 78-80 degrees; and therapeutic pools, 94-96 degrees.

Parents of children up to five years old may want to add a T-shirt or a wet suit to increase body insulation. Increased movement will also increase body temperature.

Private or Semi-Private Lessons

Personalized high-quality swim instruction for those with special needs where class settings are challenging or if your child cannot be independent in a group setting. These lessons offer 1-on-1 for private lessons or 2-1 for semi-private swim instruction. These classes are to help you improve your skills and be successful and safe in and around the water. Participants receive eight, 30-minutes lessons. Cost \$300

Cougar Adaptive Lessons

Our Cougar Adaptive Swim Lessons program is for children who are challenged to participate independently in a standard group lesson. The program uses techniques that place emphasis on swimming skills modified or adapted to accommodate individual abilities, needs, and goals. Lessons are created for, but not limited to, those with anxiety, physical, sensory, communication or behavior challenges. This will be a 1:1 ratio of student to instructor. 4 lessons for \$80 or 8 lessons for \$160

Our swim coordinator will work with you to determine the dates and times of each lesson. Call 763-792-5240 and leave a day and evening phone number and you will be called after the registration deadline. Please note: Notice of any cancellation must be given 24 hours in advance, or you will forfeit the lesson with no option to make up.

Water Aerobics is Back!

There are so many benefits to exercising in water. Lose inches and improve your cardiovascular and joint health while reducing stress on muscles, tendons and ligaments. A low impact way to ease into exercising while providing massaging action beneficial to muscle toning through resistance. No swim ability needed. Limit 26.

Open Swim and Lap Swim

Sundays 1-2 pm Sept 7-Oct 19 \$2 per person

Children under 12 must have passed our level 3 or be able to swim 25 yards of front crawl with rhythmic breathing to swim on their own during open swim. All others must have a parent or adult guardian in the water with them. All children 6 years and under must have an adult guardian in the water with them regardless of swimming ability. Half of the pool will be used for lap swimming and the other half and diving well will be for Open Swim Participants.

Pool Party! Plan your Birthday or Special Day with Us!

Up to 15 children, Age 4-12 1½ hours Sat Afternoons

Swim, relax and enjoy your child's birthday or special occasion in our indoor pool that is especially reserved for your child. Certified lifeguard on duty but parents/guardians must accompany swimmers who cannot swim the width of the pool with front crawl, non-stop with rhythmic breathing. Call 763-792-5240 for availability.

Spend the first hour playing in the pool. The last half hour is reserved for refreshments you would like to provide or a gift opening. Chairs and tables provided with decorative table coverings.

Gymnastics parties are also available. See page 37 for party options and details.

All participants must have a signed waiver to participate. Party host must remain on site for duration of your party.

Centennial Preschool

2025-26 School Year Registration is open for remaining seats Age 3 & 4 by September 1

Centennial Preschool is available for children who are three and four years of age by September 1. Fees are income based, but tuition discounts and scholarships may be available.

Part-day and full-day spots are still available for the 2025-26 school year! Visit earlychildhood.isd12.org for information and registration link, or call 763-792-6120. Classes begin September 3.

Centennial Outdoor Explorers Preschool

New for 25-26! Must be 3 ½ years old by Sept 1, 2025

This 4-day, Monday-Thursday afternoon class will use the wealth of natural resources surrounding the Early Childhood Center to move learning outside! Students will have the same academic, social-emotional, and physical learning goals as a standard preschool class, but activities will incorporate the natural environment. "Wargo Wednesdays" will take place twice each month, bringing students and their parents/caregivers together with naturalists at Wargo Nature Center. (Sibling care will be available.)

Space is still available! Visit earlychildhood.isd12.org to register.

Pre-K Kids Club

Full-day Centennial Preschool classes may be combined with before and/or after school care through Pre-K Kids Club. Care is available from 6:30-9:15 am and 3:15-6 pm and on Kids Club Non-School Days. Space is limited.

Note that Pre-K Kids Club fees are in addition to preschool tuition. For more information, visit communityed.isd12.org/kids-club/pre-k-kids-club.

For questions about Pre-K Kids Club, contact the Kids Club office at 763-792-6193 or email kidsclub@isd12.org.

Gearing Up for Kindergarten

Students entering Kindergarten in Fall 2025

Entering kindergarten is a major transition in the life of a child and their parents. Kids need to be ready for school, and schools need to be ready for kids. That's why our "Gearing Up for Kindergarten" class, taught by a licensed Centennial teacher, prepares parents and their children for success in school. Students will get experience learning with peers in a structured classroom environment, and parents will receive support through parent education resources.

ECFE Classes Starting Soon

Registration is open now for the following short-term classes, as well as any remaining spots in our year-long classes.

Visit earlychildhood.isd12.org for class information or registration link. Call 763-793-6120 to inquire about class openings.

The ECFE school year begins September 8.

Young Explorers

2½ to 5 years Tuesdays 1-2:30 pm

\$30 per child with parent per 3-week class

The Young Explorers series allows for play and learning focused on a different theme for each class. Classes meet Tuesdays for 3 weeks from 1-2:30pm. Sign up for one, two, or take the entire series! Parents go to a separate room for some of the class period for discussions of theme-related topics as well as general joys and concerns. Sibling care is available for an additional \$10 per child.

Young Farmers

Sept 16, 23, 30

We'll learn about farms, farmers, crops, and animals. A visit to Autumnwood Farms will bring it all to life!

Young Bakers

Oct 21, 28, Nov 4

We will explore age-appropriate baking recipes without using an oven.

Young Scientists

Nov 25, Dec 2, 9

Opportunities for children to use their minds and hands to play, explore, and learn. What fun things will we create?

Friday Specialty Classes

18 months-4 years 11 am-12:30 pm

\$10 per child with parent. Join us for a one-time class on a special theme. Take one or more in addition to your weekly ECFE class or on their own!

Grandparents Class

Oct 3

It's a day to celebrate the extra-special people in our lives. Invite your pop-pop or gamma to school with you!

Stories Come Alive

Oct 10

We'll learn how to make a story jump off the page. Activities, art projects, songs, and finger plays will be based on favorite families stories, and new ones, too!

All About Art

Oct 24

Come dressed for mess as we explore our artistic side using several mediums - paint, collage, glue, fabric, and playdough. We'll also include circle time with some music and movement.

Music & Movement

Nov 7

Songs, dancing, making/playing musical instruments, painting to music, a parachute game, and an obstacle course are planned for this day of fun!

Fantasy & Pretend

Nov 14

Come play in our fantasy land with castles, pirates, unicorns, and dinosaurs. We'll create whimsical creatures and glittering crowns. Circle time will include discussion and stories that are "real" and "just pretend."

Bakery Shop

Dec 5

Our classroom will be transformed into a (playdough) bakery shop, and we will decorate a treat to take home. A mischievous gingerbread friend may lead us on a hunt to find him!

Early Childhood Screening

Minnesota law requires Early Childhood Screening before a child can enter kindergarten. This FREE screening checks hearing and vision, weight and height, health history, immunizations, speech and language, general development, and motor skills. Screening is NOT a readiness test for kindergarten.

A child can be screened anytime after age 3, but the district recommends screening your child before their fourth birthday.

Screenings take place the first Thursday or Friday of the month, October - May.

For more information
or to make an appointment, call 763-792-6120
or visit earlychildhood.isd12.org.

Parent Advisory Council

The Parent Advisory Council (PAC) is a group of Early Childhood parents who meet monthly to provide input for programming, help plan fun family events, and assist with program fundraising.

Interested in joining PAC?

New members are always welcome! Our first meeting of the year will be Friday, September 12, 9:30-10:30 am at the Early Childhood Center. Brunch starts at 9:15 am. Child care is provided. Please call the office at 763-792-6120 for more information.

No News is Good News!

Assume the class is a go

Unless we contact you, assume that you are enrolled and the course will be held at the time and place indicated. We do not mail out confirmations, but an automated email receipt will be sent if you provide your email address upon registration.

Cancellations

Community Education reserves the right to cancel a class due to insufficient enrollment. Classes are filled on a first-come, first-serve basis. Some class sizes are limited, so early sign-up is suggested. If a class is canceled or full, you will be notified and your fee will be refunded.

Inclement Weather & Emergencies

When the regular school day is canceled because of inclement weather or emergencies, Community Education classes and activities may also be canceled. You may receive an emergency messenger system message. Also watch or listen to local TV stations, or visit the district website at isd12.org.

Refunds

A refund, minus a \$10 administrative fee, will be made if you cancel at least five business days prior to the start of an activity unless otherwise noted such as with sport leagues, adult trips and driver education classes. No refunds thereafter.

Registration Deadlines

Deadline for most activities is one week before they begin

Classes are filled on a first-come, first-serve basis. Many classes fill quickly and instructors may need to order supplies. Some classes cancel due to low enrollment, so please don't hesitate to register.

Make-Ups

There are no make-ups for a missed class (*with the exception of Driver Ed classroom*). Check your schedule prior to registration for potential conflicts.

Discounts

Financial assistance is available to those who qualify. For an application please call 763-792-6100.

As of January 1st, 2025, the UCare Community Education Discount moved to the Healthy Benefits+ Visa Card as an allowance program for members. Eligible UCare members may receive an allowance to spend toward community education classes. Members must have UCare insurance at the time of registration. Limits and restrictions may apply.

Special Needs

Individuals with special needs are welcome in any activity they qualify for and may bring a helper at no extra charge if needed. Indicate needs on registration form. Contact Community Education with questions or if you need assistance in an activity.

Check Collection Service

Centennial School District uses PayTek Solution's services when a check is returned due to insufficient funds. If collection is made electronically, the district receives the face value of the check plus a \$3 per check rebate. PayTek charges an NSF fee to the party that issued the bad check. The use of a check for payment is the check writer's acknowledgment and acceptance of this policy and its terms. After two NSFs, fees must be paid using a money order.

Photo Policy

There are occasions when representatives of District 12 and/or the media photograph or videotape students while attending/participating in school sponsored functions. Parent/guardians not wanting their child to be identified in photographs or on videotape, should notify, in writing, the Community Education office.

Minnesota Starwatch Program with Mike Lynch **Mon, Oct 27**

Make the stars your old friends as we watch the great celestial show in the skies over Rice Lake Elementary. Get to know the constellations like The Big Bear, Cygnus the Swan, Pegasus the Winged Horse, and others. Great constellation mythological stories will also be featured. We'll have giant telescopes aimed at Saturn, Jupiter, star clusters, galaxies, and more. An astronomical camera system will also capture breathtaking images. Mike will have books, photos, and cool glow-in-the dark shirts available for purchase.
