 Wingate University

## OHS Grad Accepted to West Point

**K**aylin Harrington has become the first young woman from Oceanside High School in recent years to be accepted to the United States Military Academy at West Point. She will be the first in her immediate family to serve.

It was a conversation with NCAA coordinator, Frank Luisi, that helped guide Kaylin's decision to apply to West Point. The two-year application process, which included multiple tests, interviews, and extensive paperwork, is notoriously challenging. Only 10 to 12 percent of applicants are accepted. Teachers, including AP Calculus instructor Yves Jean Pierre, provided crucial sup-

port, meeting with Kaylin daily during off periods to help strengthen her application.

As an athlete who played varsity soccer and lacrosse for four years, and ran track as a junior, Kaylin also maintained strong grades, and was active in Key Club and DECA. Outside of school, she trained in karate and jiu-jitsu.

Kaylin is already off to basic training. She knows that she wants to help people and is interested in a career in medicine. She is pictured above with teachers, counselors, her parents, and siblings.

# Celebrating The Next Chapter

Congratulations to all of our students moving upward and onward!

Left to right, from top: School #2, School #3, School #4, School #5, School #8, School #9E, School #6, OMS. Right, OHS Castleton seniors and their families gathered for the annual senior bbq.

# OHS Grad Wins Competitive Scholarship

**J**ake Strianese faced odds of 20-to-1 when he applied for the Dante Scholarship, but his high grades and SAT score, leadership, and athletic performance on the wrestling team, placed him among just 10 winners across more than 120 Long Island schools. The \$10,000 scholarship recognizes high performing students of Italian-American descent.

Jake's great-grandfather emigrated from Italy and established a multi-generational construction business now run by Jake's father and uncle. Jake represents the fourth generation, though he's chosen a different path.

That path leads to Williams College this fall, where Jake will study accounting or economics while continuing his wrestling career. The prestigious college recruited him as a scholar-athlete, drawn by both his academic performance and athletic accomplishments that include multiple All-County wrestling honors and competition at the state tournament. NCAA coordinator Frank Luisi, who helped Jake to

navigate the college application process, said that Jake has "done everything...wrestling, academics, and service, and he never quit."

## Students Earn STEM Scholarship

**S**amantha Friedman and Jami Michak were selected as recipients of the \$1,250 Energia STEM Scholarship for Women. The students were selected based on their academic performance, leadership in extracurriculars, service to the community and interest in science, technology, engineering, and math.

Energia works with the school district on its energy performance contract, which provides recommendations for energy-saving upgrades that have led to significant savings. The company's career exploration program engages students in the process with lessons that are based on the district's own energy improvement project.

Jami is headed to Rensselaer Polytechnic Institute where she plans to study civil engineering and business administration. Samantha is pursuing her interest in biology at SUNY Binghamton where she is part of the Scholar Program.
