

District Live-Stream Instruction Participation Agreement

Virtual Learning and Student Privacy Notification

If virtual learning becomes necessary, the District will make every effort to protect the privacy of all students participating in live (synchronous) instruction. However, complete privacy cannot be guaranteed. For example, a student may be seen or heard when asking a question, walking in view of the camera, or interacting during the lesson. In some cases, parents, guardians, or caregivers may also briefly see or hear parts of the session.

To reduce exposure of student information, the District will implement measures such as limiting camera use to the teacher and sharing only the teacher's computer screen when appropriate. At times, the teacher may appear on camera for direct instruction.

If a teacher needs to address a behavioral issue or speak privately with a student, the live stream will be muted. For individual student support, one-on-one assistance will be arranged outside of the live session as needed.

Your consent is required for your child to participate in live-stream instruction. Please indicate your decision by checking the appropriate box. If you choose not to authorize participation, alternate learning arrangements will be made.

Thank you for your support as we work to provide every student with meaningful and accessible instruction.

Dr. Joyce Boley
Assistant Superintendent of Academics
East Brunswick Public Schools
